DIRECTORS REPORT FOR THE YEAR ENDED 31 OCTOBER 2004 (Continued)

Policy and practice on payment of creditors

It is the Company policy that payments to suppliers, whether in advance or after the provision of the goods and services, are made on the basis of the terms that have been agreed with them. Due to the nature of the Company's operations and common to the industry as a whole, payments are often made in advance of the provision of goods and services. At the year end, the number of creditor days outstanding was 12 days (2003: 17 days).

Directors' insurance

The ultimate parent company maintains insurance policies on behalf of all the Directors of the Company against liability arising from negligence, breach of duty and breach of trust in relation to the Company.

Auditors

The Company has elected to dispense with the holding of Annual General Meetings; the laying of accounts before the members in General Meeting; and the appointment of auditors annually.

Accordingly KPMG Audit Plc will continue in office as auditors.

By Order of the Board

DIRECTORS' RESPONSIBILITES

Company Law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Report of the independent auditors to the members of SkiBound Limited

We have audited the financial statements on pages 6 to 16.

This report is made solely to the Company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 4, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the Company is not disclosed.

Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the Company's affairs as at 31 October 2004 and of its loss for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

SKI BOUND LIMITED NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 October 2004

1. Accounting policies

Basis of Preparation

The following accounting policies have been consistently applied, in dealing with items considered material in relation to the Accounts.

Accounting convention

The accounts have been prepared in accordance with applicable accounting standards and under the historical cost convention.

Company undertaking

The Company is exempt from preparing consolidated financial statements under S228 of the Companies Act 1985 as it is part of a larger company, registered in England and Wales, which is preparing consolidated financial statements drawn up to the same date. These financial statements therefore present information about the Company as an individual undertaking and not about its group.

Tangible fixed assets and depreciation

Tangible fixed assets are depreciated on a straight-line basis at rates calculated to write off the cost, less estimated residual value, of each asset over its expected useful life on the following annual bases:

Fixtures, fittings, equipment and skis 20% or 33 1/3%

Motor vehicles 25% Computer equipment 33 1/3%

Investments

Investments in subsidiary undertakings are stated at cost less any diminution in value.

Current asset investments

Current asset investments are stated at the lower of cost and net realisable value.

Marketing costs

Third party brochure and other marketing costs are charged to the profit and loss account in the season to which they relate.

Client money received in advance

Client money received at the balance sheet date relating to holidays commencing and travel departing after the year end is included in creditors.

Stock

Stock is valued at the lower of cost or net realisable value.

Deferred taxation

Except as otherwise required by accounting standards, full provision without discounting is made for all timing differences which have arisen but not reversed at the balance sheet date. Timing differences arise when items of income and expenditure are included in tax computations in periods different from their inclusion in the financial statements.

Pension costs

The Company provides pensions to employees through a defined contribution scheme. Pension contributions payable are charged to the profit and loss account in the year in which they are due and payable.

Foreign currency

Transactions in overseas currencies are translated at the exchange rate ruling at the date of the transaction or, where forward cover has been arranged, at the contractual rate. Monetary assets and liabilities denominated in foreign currencies are retranslated at the exchange rates ruling at the balance sheet date or at a contractual rate if applicable and any exchange differences arising are taken to the profit and loss account in the season to which the contract relates.

Turnover

Turnover represents the aggregate amount of revenue receivable in the ordinary course of business principally from the activity of tour operating in the UK. Turnover excludes intra-company transactions and is stated net of commission and discounts. Revenue is recognised on the date of departure and the related costs of holidays and flights are charged to the profit and loss account on the same basis. Travel Agency commissions, together with related costs, are recognised on receipt of final payment. Turnover by destination is not materially different from such turnover by origin.

Operating leases

Rentals payable under operating leases are charged to the profit and loss account on a straight-line basis over the period of the lease.

Related parties

The Company has taken advantage of the exemption contained in Financial Reporting Standard No. 8 "Related Party Disclosure" as it is a wholly-owned subsidiary of First Choice Holidays PLC. Therefore the Company has not disclosed transactions or balances with entities which form part of the group headed by First Choice Holidays PLC.

The Directors confirm that no other related party transactions have been undertaken which require disclosure in these financial statements.

Cash flow statement

The Company is exempt under Financial Reporting Standard No 1 (Revised) from the requirement to prepare a cashflow statement as it is a wholly owned subsidiary of First Choice Holidays PLC and First Choice Holidays PLC includes the Company's cashflow in its own published consolidated financial statements.

2. Profit on ordinary activities before taxation
