The financial statements have been prepared in accordance with FRS 102, the Financial Reporting Standard applicable in the United Kingdom.

1.3 Fixed asset investments

Investment in a subsidiary company is held at cost less accumulated impairment losses. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of the fair value less costs to sell and value in use.

1.4 Critical estimates and judgements

Impairment of investment in subsidiary
