CUMMINS POWER GENERATION (UK) LIMITED

THE DIRECTORS' REPORT

YEAR ENDED 31 DECEMBER 2011

The directors have pleasure in presenting their report and the audited financial statements of the company for the year ended 31 December 2011

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The principal activity of the company continued to be that of the sale of AC generating sets into the marine and commercial vehicle sectors

In 2011 overall revenue was £12.5m which was a 4% increase over the previous year. The business is expected to continue to grow in 2012

KEY PERFORMANCE INDICATORS

	2011 £000	2010 £000
Sales per geographical location		
Europe	7,338	6,768
UK	4,081	3,505
Middle East & Africa	1,065	1,679

FUTURE DEVELOPMENTS

We are optimistic that opportunities for long-term growth and profitability will continue in the future. Future growth is expected by the development of new product ranges and new applications for existing products

PRINCIPAL RISKS AND UNCERTAINTIES

The largest group in which the results of the company are consolidated is Cummins Inc, which is the ultimate controlling party. From the perspective of the company, the principal risks and uncertainties are integrated with the principal risks of the Cummins worldwide group. Some of the principal risks and uncertainties, which may affect future business results, are discussed below

1 Our business is affected by the cyclical nature of the markets we serve

Our financial performance depends, in large part, on varying conditions in the markets and geographies that we serve. Demand in these markets and geographies fluctuates in response to overall economic conditions and is particularly sensitive to changes in interest rate levels. Economic downturns in the markets we serve generally result in reductions in sales and pricing of our products, which could reduce future earnings and cash flow

2 Our products are subject to substantial government regulation

Our products are subject to extensive statutory and regulatory requirements governing emissions and noise, including standards imposed by the regulatory agencies around the world. In some cases, we may be required to develop new products to comply with new regulations, particularly those relating to air emissions. We have made, and will be required to continue to make, significant capital and research expenditures to comply with these regulatory standards

3 Our manufacturing operations are dependent upon third-party suppliers

We obtain materials and manufactured components from third-party suppliers. A significant number of our suppliers are the sole source for a particular supply item, although the majority of these materials and components can be obtained from other suppliers. Any delay in our suppliers' abilities to provide us with necessary materials and components may affect our manufacturing capabilities, or may require us to seek alternative supply sources

4 Our operations are subject to extensive environmental laws and regulations

Our plants and operations are subject to increasingly stringent environmental laws, including laws and regulations governing emissions to air, discharges to water and the generation, handling, storage, transportation, treatment and disposal of waste materials. We believe that we are in compliance in all material respects with these environmental laws and regulations, but we cannot ensure that we will not be adversely impacted by costs of complying with new environmental laws and regulations

RESULTS AND DIVIDENDS

The profit for the year amounted to £1,917,000. The directors have not recommended a dividend

CUMMINS POWER GENERATION (UK) LIMITED

THE DIRECTORS' REPORT *(continued)*

YEAR ENDED 31 DECEMBER 2011

FINANCIAL RISK MANAGEMENT

The company's operations expose it to a variety of financial risks that include foreign exchange risk, credit risk and price risk. The company has in place a risk management programme that seeks to limit adverse effects on its financial performance. The policies set by the directors are implemented by the company's management team.

There is little exposure to interest rate risk and the company does not have any financial liabilities other than short term creditors and amounts owed to group undertakings.

Foreign exchange risk

Financial assets are held in sterling, US dollar and euro denominated currencies and hence there is a foreign currency rate exposure. This exposure is hedged on a general basis through forward exchange contracts, which are managed by its ultimate parent company, Cummins Inc.

Credit risk

The company has implemented policies that require appropriate credit checks on potential customers before sales are made. Where potential risk has been identified, advanced payment is required. The amount of exposure to any individual counterparty is subject to a limit, which is reassessed annually by the management of the company.

Price risk

We are a significant user of steel and many other commodities are required for the manufacture of our products. Therefore increases in the prices of such commodities would potentially increase costs and impact on margins.

We rely on our suppliers to secure component products particularly steel and copper, required for the manufacture of our products. All our engines and alternators are purchased from related parties, many other components are also sourced from related suppliers. Therefore, exposure to commodity price risk is managed by our related suppliers and on a global basis through our ultimate parent company Cummins Inc.

DIRECTORS

The directors of the company who were in office during the year and up to the date of signing the financial statements were:

L L Satterthwaite

R Eyres

J M Perkins

S Patch

(Appointed 19 April 2011)

S Philips

(Resigned 19 April 2011)

DIRECTORS' INDEMNITIES

The company's ultimate parent company Cummins Inc, maintains liability insurance for its directors and officers. Cummins Inc has also provided an indemnity for its directors and the company secretary, which is a qualifying third party indemnity provision for the purposes of the Companies Act 2006 and was in force during the financial year and also at the date of approval of the financial statements.

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,

CUMMINS POWER GENERATION (UK) LIMITED

THE DIRECTORS' REPORT *(continued)*

YEAR ENDED 31 DECEMBER 2011

- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

DISCLOSURE OF INFORMATION TO AUDITORS

In so far as the directors are aware

- there is no relevant audit information of which the company's auditor is unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

CUMMINS POWER GENERATION (UK) LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CUMMINS POWER GENERATION (UK) LIMITED

YEAR ENDED 31 DECEMBER 2011

We have audited the financial statements of Cummins Power Generation (UK) Limited for the year ended 31 December 2011 which comprise the Profit and Loss Account, the Statement of Total Recognised Gains and Losses, the Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

As explained more fully in the Directors' Responsibilities Statement set out on pages 3 to 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

CUMMINS POWER GENERATION (UK) LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CUMMINS POWER GENERATION (UK) LIMITED *(continued)*

YEAR ENDED 31 DECEMBER 2011

OPINION ON FINANCIAL STATEMENTS

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2011 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

OPINION ON OTHER MATTERS PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

CUMMINS POWER GENERATION (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2011

1 ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards in the United Kingdom

The financial statements have also been prepared on the going concern basis and in accordance with the Companies Act 2006. The principal accounting policies adopted and consistently applied are set out below

Cash flow statement

The directors have taken advantage of the exemption in Financial Reporting Standard No 1 (Revised 1996) from including a cash flow statement in the financial statements on the grounds that the company is a wholly owned subsidiary undertaking of Cummins Inc (incorporated in the state of Indiana) which prepares consolidated financial statements that are publicly available

Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts

Fixed assets

Tangible fixed assets are stated at cost, less depreciation

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows

Leasehold improvements	-	Over the length of the lease
Plant & machinery	-	20% straight line
Fixtures & fittings	-	15% & 20% straight line
Computer equipment	-	20% & 30% straight line

Stock

Stock is valued at the lower of cost and net realisable value

Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term

Pension costs and other post-retirement benefits

The company is a participating company of a group pension scheme called the Cummins UK Pension Plan. The pension plan has a defined contribution and defined benefit sections

For the defined benefit section, the operating cost of providing pensions and other post retirement benefits, as calculated periodically by independent actuaries, is charged to the company's operating profit and loss in the year that those benefits are earned by employees. The financial return expected on the scheme's assets is recognised in the year in which they arise as part of finance (expense)/income and the effect of the unwinding of the discounted value of the scheme's liabilities is treated as part of finance (expense)/income. Pension scheme assets are measured using market value. Pension scheme liabilities are measured using the projected unit actuarial method and are discounted at the current rate of return on a high quality corporate bond of equivalent terms and currency to the liability. The changes in value of the schemes' assets and liabilities are reported as actuarial gains or losses as they arise in the statement of total recognised gains and losses. The pension scheme's surpluses, to the extent they are considered recoverable, or deficits are recognised in full and presented in the balance sheet net of any related deferred tax.

For the defined contribution section, the contributions are charged to the profit and loss account in the accounting year in which they arise

Deferred taxation

Deferred tax is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted

CUMMINS POWER GENERATION (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2011

1 ACCOUNTING POLICIES *(continued)*

Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling of the transaction. All differences are taken to the profit and loss account.

2 TURNOVER

The turnover and profit before tax are attributable to the one principal activity of the company.

An analysis of turnover is given below:

	2011 £000	2010 £000
United Kingdom	4,081	3,505
Europe	7,338	6,768
Rest of the world	1,065	1,679
	<u>12,484</u>	<u>11,952</u>

3. OPERATING PROFIT

Operating profit is stated after charging/(crediting):

	2011 £000	2010 £000
Depreciation of owned fixed assets	12	12
Auditor's remuneration		
- as auditor	14	14
Operating lease costs		
- Plant and equipment	28	24
- Other	55	55
Net (profit)/loss on foreign currency translation	(70)	24

4 PARTICULARS OF EMPLOYEES

The average number of staff employed by the company during the financial year amounted to:

	2011 No	2010 No
Administration	2	2
Production and sales	5	5
	<u>7</u>	<u>7</u>

The aggregate payroll costs of the above were:

	2011 £000	2010 £000
Wages and salaries	270	292
Social security costs	26	24
Other pension costs (note 12)	40	31
	<u>336</u>	<u>347</u>

Other pension costs are amounts charged to operating profit and do not include amounts credited to finance income (see note 5) and amounts recognised in the statement of recognised gains and losses.

CUMMINS POWER GENERATION (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2011

4 PARTICULARS OF EMPLOYEES *(continued)*

The directors did not receive any emoluments in respect of their services to the company

5 INTEREST RECEIVABLE AND SIMILAR INCOME

	2011 £000	2010 £000
Net finance income in respect of defined benefit pension schemes	<u>13</u>	<u>8</u>

6 TAX ON PROFIT ON ORDINARY ACTIVITIES

(a) Analysis of (credit)/charge in the year

	2011 £000	2010 £000
Current tax		
UK Corporation tax based on the results for the year at 26.50% (2010 - 28%)	-	93
Adjustments in respect of prior years	(93)	(33)
Total current tax	<u>(93)</u>	<u>60</u>
Deferred tax		
Origination and reversal of timing differences	2	63
Effect of changed tax rate	<u>(5)</u>	<u>(5)</u>
Total deferred tax	<u>(3)</u>	<u>58</u>
Tax on profit on ordinary activities	<u>(96)</u>	<u>118</u>

(b) Factors affecting current tax (credit)/charge

The tax assessed on the profit on ordinary activities for the year is lower than the standard rate of corporation tax in the UK of 26.50% (2010 - 28%)

	2011 £000	2010 £000
Profit on ordinary activities before taxation	<u>1,821</u>	<u>329</u>
Profit on ordinary activities by rate of tax	483	92
Expenses not deductible for tax purposes	3	4
Fixed asset timing differences	1	-
Adjustments in respect of prior years	(93)	(33)
Pensions timing differences	(4)	(3)
Group losses not paid for	(483)	-
Total current tax (note 6(a))	<u>(93)</u>	<u>60</u>

(c) Factors that may affect future tax charges

The standard rate of corporation tax in the UK will change to 24% with effect from 1 April 2012 and is expected to drop to 22% by 1 April 2014

CUMMINS POWER GENERATION (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS

Accruals and deferred income	87	84
	<u>1,906</u>	<u>944</u>

12 PENSIONS AND OTHER POST RETIREMENT BENEFITS

DEFINED BENEFIT SECTION

The company participates in a final salary defined benefit scheme for employees, which is contracted-out of the state scheme and with assets held in a separate trustee-administered fund. Under an informal practice, certain pensions within the Plan are subject to discretionary increases on top of those provided as a Plan entitlement, and these increases are allowed for within the calculation of the scheme liabilities in these financial statements under FRS 17.

The approach of accounting under FRS 17 on a defined benefit basis was first adopted in these financial statements as at 31 December 2008. In previous financial statements, disclosures were prepared on a defined contribution basis, due to the difficulty in attributing liabilities and costs to the different companies participating within the scheme. For the purpose of allocating liabilities and costs to the Company more detailed calculations based on individual liability assessments are now performed, and assets are divided on a pragmatic basis. It should be stressed that the Plan is not operated on a sectionalised basis and these divisions are, therefore, purely notional for reporting purposes under FRS 17. The assets and costs relating to defined contribution benefits within the Plan are not included within these FRS 17 disclosures and are accounted for separately.

During the year to 31 December 2011 the participating companies paid contributions at an average rate of around 20.3% of pensionable pay to the Plan plus member contributions (at an average rate of around 7.7% pa of pensionable pay) for those employees participating in SMART pensions (an arrangement whereby the Company pays what would have been the member's contribution in lieu of a corresponding reduction in pay). These contribution rates were based on the actuarial valuation carried out as at 1 January 2009.

In December 2011, Cummins Ltd also paid an additional £45 million into the Plan, part of which was an early payment of the deficit contributions due in 2012, with the rest being in respect of part of the 2013 deficit contributions.

CUMMINS POWER GENERATION (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2011

12 PENSIONS AND OTHER POST RETIREMENT BENEFITS *(continued)*

The latest actuarial valuation of the Plan for funding purposes was carried out as at 1 January 2009 by an independent professionally qualified actuary using the projected unit method, with a new rate of contributions subsequently coming into force from 2010. The value of the assets at the valuation date represented 79% of the value of members' accrued benefits, after allowing for projected future increases in pensionable remuneration in respect of members in service. In order to eliminate the shortfall the principal company of the Plan has agreed that overall contributions of £40 million a year will be paid into the Plan by all the employers collectively from 1 January 2010 until 31 December 2015. This is inclusive of contributions in respect of future benefit accrual and to meet the costs of Pension Protection Fund levies, but exclusive of the contributions in respect of SMART pensions payable by the employers on behalf of members. In addition, participating employers meet the cost of life assurance premiums directly. Cummins EMEA Holdings Ltd took over from Cummins UK Holdings Ltd as the principal company of the Cummins UK Pension Plan.

Work is currently in progress on the next actuarial valuation, with effective date 1 January 2012.

In addition, Cummins Ltd and Cummins Generator Technologies Limited have made a commitment for Pension Protection Fund purposes that they will meet any contributions not met by the other employers up to the point the Cummins UK Pension Plan would be funded to 105% on the S179 basis.

Pension costs in these financial statements are recognised in accordance with FRS 17, taking into account the amendment to the standard published in December 2006 as set out below.

Actuarial assumptions

The financial assumptions used to calculate scheme liabilities under FRS 17 are as follows:

	2011	2010	2009
	% pa	% pa	% pa
RPI inflation	3.25	3.50	3.50
CPI inflation	2.35	2.80	N/A
Salary increases	4.25	4.50	4.50
Increases to pensions in payment increasing with RPI			
- subject to a 5% maximum each year	3.00	3.25	3.25
- subject to a 2.5% maximum each year	N/A	2.50	2.50
Increases to pensions in payment increasing with CPI			
- subject to a 5% maximum each year	2.35	2.80	N/A
- subject to a 2.5% maximum each year	2.15	2.50	N/A
Increases to deferred pensions subject to statutory revaluation	2.35	2.80	3.50
Discount rate	5.00	5.50	5.80
Expected return on assets	6.50	7.00	7.25

Many of the benefit increases in the Plan are affected by the Government's change to linking future increases to CPI, rather than RPI, inflation, as detailed in the table above.

The mortality assumptions as at 31 December 2010 were based on one third of the 2006 valuation assumptions and two thirds of the 2009 valuation assumptions.

However, post retirement mortality rates for the year ended 31 December 2011 are based on the SAPS tables, multiplied by 105% (reducing life expectancy), as projected from 2002 using CMI 2011 Core Projection improvements with a 1.50% per annum long term trend.

The mortality rates imply future life expectancies of:

	2011	2010
	Years	Years
Longevity at age 65 for current pensioners		
- Men	22	20
- Women	24	23
Longevity at age 65 for future pensioners		
- Men	24	22
- Women	27	25

CUMMINS POWER GENERATION (UK) LIMITED

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2011

12. PENSIONS AND OTHER POST RETIREMENT BENEFITS *(continued)*

Scheme assets

The total Plan assets for the purpose of the overall FRS 17 assessment are set out below:

	2011	2010	2009
	%	%	%
Equities	41.6	57.0	58.5
Bonds	50.0	40.0	38.2
Property	3.5	3.0	3.3
Cash	4.9	-	-
Fair value of total Plan assets (£000)	771,865	696,511	571,016

The overall expected return has been derived by looking at the assets held at the balance sheet and considering expected returns for each of the main asset classes. The expected return for each asset class reflects a combination of historical performance analysis, the forward looking views of the financial markets (as suggested by the yields available), and the views of investment organisations. The Plan does not hold any direct financial instruments relating to the company or property occupied by it.

The amounts recognised in the profit and loss account are as follows:

	Figures for whole plan		Figures for company	
	2011	2010	2011	2010
	£000	£000	£000	£000
Amounts charged to operating profit				
Current service cost	13,633	12,005	23	20
Total operating charge	<u>13,633</u>	<u>12,005</u>	<u>23</u>	<u>20</u>
Amounts included in other finance income				
Expected return on scheme assets	(48,500)	(42,078)	(69)	(66)
Interest on scheme liabilities	35,874	37,701	56	58
Other finance income	<u>(12,626)</u>	<u>(4,377)</u>	<u>(13)</u>	<u>(8)</u>
Total charge to the profit and loss account	<u>1,007</u>	<u>7,628</u>	<u>10</u>	<u>12</u>

Other finance income is included in the profit and loss account within interest receivable and similar income.

Experience adjustments on scheme assets (£000)	<u>(20)</u>	<u>51</u>	<u>153</u>	<u>(197)</u>	

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the balance sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

The actual return on scheme assets in the year for the company was £49,000 (2010 - £117,000)

DEFINED CONTRIBUTION SECTION

The cost of contributions to the defined contribution section amounts to £17,000 (2010 - £9,000)
