**1. Accounting policies****(a) Basis of accounting**

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

The company has taken advantage of the exemption from preparing a cash flow statement as conferred by Financial Reporting Standard No. 1 (Revised 1996) on the grounds that it qualifies as a small company under the Companies Act 1985.

**Going Concern**

The company is not only financed by bank overdrafts but also through loans from a group company, director's loan and loans from persons associated with the directors. Each of the above related parties have indicated that they will not seek repayment in the short term. On this basis, the directors consider it appropriate to prepare the financial statements on a going concern basis and the financial statements do not include any adjustments that would result from a withdrawal of loans from related parties.

**(b) Turnover**

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

**(c) Amortisation**

Amortisation is calculated so as to write off the cost of an asset over the useful economic life of that asset as follows:

Research & Development      - Over 5 years

**(d) Fixed assets**

All fixed assets are initially recorded at cost.

**(e) Depreciation**

Depreciation is calculated so as to write off the cost of an asset over the useful economic life of that asset as follows:

Fixtures & Fittings              - Over 6 years

**(f) Work in progress**

Work in progress is valued on the basis of direct costs plus attributable overheads based on normal level of activity. Provision is made for any foreseeable losses where appropriate. No element of profit is included in the valuation of work in progress.

**(g) Operating lease agreements**

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.
