1 ACCOUNTING POLICIES

(a) Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

(b) Going concern

The company balance sheet shows that liabilities exceed assets by A\$2,553,515 (2013: A\$2,553,515) including a liability of A\$2,567,286 (2013: A\$2,567,286) to the ultimate parent undertaking, Takoradi Limited. This company is therefore dependent on Takoradi Limited's ability to continue as a going concern. Takoradi Limited has confirmed that it will not seek repayment of the amounts outstanding for a period of at least one year from the date of approval of these financial statements. Takoradi Limited has also confirmed its intention to maintain its financial support for the foreseeable future to enable the company to meet its commitments as these fall due. Takoradi Limited will raise additional working capital to fund an active mineral exploration program to add value to its Ghanaian mineral tenements. The financial statements have been drawn up on a going concern basis and do not include the adjustments that would result if the company was unable to continue as a going concern.

(c) Foreign currencies

Amounts payable and cash at bank of the company in foreign currencies have been translated to Australian currency at the rates ruling at year end. Transactions during the year have been accounted for at the ruling rates at date of payment.

(d) Intangible fixed assets

Mineral Tenements

The costs are only carried forward to the extent that they are expected to be recouped through the successful development of the area, or where activities have not reached a stage which permits reasonable assessment of the existence of economically recoverable reserves. Regular review of the carrying value of tenements is undertaken by Directors to determine whether any revaluation is appropriate.
