Directors' report

The directors present their report and the audited financial statements for the year ended 31 December 2000.

Principal activities and business review

The principal activity of the company is the sale of mechanical and electro-mechanical security devices.

Business review and future developments

The business has improved satisfactorily during the year and the forecast is to further increase sales and profits in the next twelve months.

Directors and directors' interests

The directors who held office during the period were as follows:

R C Rice
D R Horton
O Hansen

None of the directors had a disclosable interest in the shares of any other group company during the year.

Dividends

The directors have declared a dividend of £250,000 for the year (1999 : £250,000).

Charitable donations

During the year the company made charitable donations totalling £350 (1999: £125).

Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit or loss of the company for that period. In preparing those financial statements the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed;
- Prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the company will continue in business.

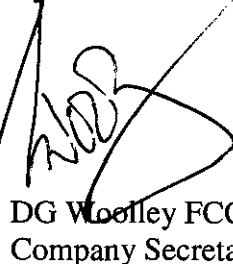

Abloy Security Limited

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors

In accordance with S386 of the Companies Act 1985 the company has elected to dispense with the annual appointment of auditors.

Report of the auditors to the members of Abloy Security Limited

We have audited the financial statements on pages 4 to 13.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the Annual Report. As described on pages 1 and 2, this includes responsibility for preparing the financial statements, in accordance with applicable United Kingdom accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the United Kingdom Companies Act. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

We read other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs at 31 December 2000 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes to the financial statements for the year ended 31 December 2000

1 Principal accounting policies

A summary of the more important accounting policies, which have been applied consistently is set out below.

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules, as modified by the revaluation of the long leasehold investment property.

Group accounts

The company is exempt by virtue of S228 of the Companies Act 1985 from the obligation to prepare group accounts. These financial statements present information about the company as an individual undertaking and not about its group.

Cash flow

The company is exempt from the requirement, of Financial Reporting Standard 1, to prepare a cash flow statement on the grounds that it is a wholly owned subsidiary undertaking of ASSA ABLOY AB, and its cash flows are included within the consolidated cash flow statement of that company.

Turnover

Turnover represents the total amount receivable in the ordinary course of business for goods sold, after deducting discounts given and credit notes issued, net of value added tax.

Depreciation

Depreciation is provided to write off the cost, less the estimated residual value, of assets on a straight line basis over their anticipated useful lives as follows:

	Annual rate
Plant, fixtures & fittings	15-25%

Short leasehold properties are amortised over the unexpired portion of the lease.

Abloy Security Limited

Investment property

In accordance with Statement of Standard Accounting Practice No.19 investment properties are stated at valuation. No depreciation is provided in respect of the long leasehold investment property.

This treatment is a departure from the requirements of the Companies Act concerning depreciation of fixed assets. However, these properties are not held for consumption but for investment and the directors consider that systematic annual depreciation would be inappropriate. The accounting policy adopted is therefore necessary for the financial statements to give a true and fair view. Depreciation is only one of the many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.

Stocks

Stocks are valued at the lower of cost and net realisable value. Net realisable value comprises anticipated proceeds of sales less anticipated costs relating thereto. Cost has been calculated on a weighted average basis.

Taxation

The charge for taxation is based on the profit for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. Provision is made for deferred tax only to the extent that it is probable that an actual liability will crystallise.

Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

Leases

Where the company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a 'finance lease'. The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated over its estimated useful life or the term of the lease whichever is shorter. Future instalments under such leases, net of finance charges, are included with creditors. Rentals payable are apportioned between the finance element, which is charged to the profit and loss account, and the capital element which reduces the outstanding obligation for future instalments.

All other leases are accounted for as 'operating leases' and the rental charges are charged to the profit and loss account on a straight line basis over the life of the lease.

Pension costs

The company operates two defined contribution (money purchase) pension schemes. The assets of the schemes are held separately from those of the company in independently administered funds. The pension charge in the profit and loss account represents contributions payable by the company to the funds.
