Compass Group Holdings PLC

Strategic Report

The directors, in preparing this Strategic Report, have complied with section 414C of the Companies Act 2006 (CA 2006).

Business review and principal activities

Compass Group Holdings PLC (the Company) manages and licences trademarks to its subsidiary undertakings. Hospitality Holdings Limited holds 99.938% and Compass Group PLC holds 0.062% of the Ordinary shares of the Company.

The results for the Company show a pre-tax profit for the year of £892,100,000 (2021: £189,400,000) and net assets at 30 September 2022 of £4,768,300,000 (2021: £4,698,600,000). During the year, the Company received dividends from its investment holdings totalling £584,300,000 (2021: £nil) and paid an interim dividend of £787,214,000 (2021: £nil).

The future prospects of the Company remain in line with current results and the directors do not anticipate any material changes to the activities of the Company.

The Company's directors believe that analysis using key performance indicators is not necessary for an understanding of the position of the business. The performance of Compass Group PLC (the Group) is discussed in its Annual Report which does not form part of this Report. A copy of the Compass Group PLC Annual Report 2022 (annual report) can be found on the Compass Group PLC website at www.compass-group.com or from the Company Secretarial Department at Compass House, Guildford Street, Chertsey, Surrey, KT16 9BQ. The Company will continue to act as a management company in the future.

Principal risks and uncertainties

The pandemic risk continues to represent a principal risk to the Group. Lessons have been learned from the business' response to COVID-19 and these have been incorporated into risk management processes and procedures to mitigate the impact of this risk as far as possible in the event of further outbreaks of COVID-19, or another pandemic. The Group will continue to monitor recurrences of COVID and retains the ability to adapt its service offering, apply relevant health and safety precautions and deploy resources as necessary.

The Company has intra-group investments and balances, no third party debt and hence no external interest rate exposure. Certain investments in subsidiary undertakings and intra-group balances are denominated in foreign currency and so there is a gain/loss associated with the translation taken to the profit and loss account.

From the perspective of the Company, the principal risks and uncertainties are integrated with the principal risks of the Group and are not managed separately. The principal risks of the Group are discussed in Compass Group PLC's Annual Report 2022 which does not form part of this Report and can be viewed on the Compass Group PLC website www.compass-group.com.

Section 172(1) statement – Compass Group Holdings PLC

Section 172 of the Companies Act 2006 requires a director of a company to act in the way he or she considers, in good faith, would most likely promote the success of the company for the benefit of its members as a whole. In doing this section 172 requires a director to have regard, amongst other matters, to the:

- likely consequences of any decisions in the long term;
- interests of the company's employees;
- need to foster the company's business relationships with suppliers, customers and others;
- impact of the company's operations on the community and environment;
- desirability of the company maintaining a reputation for high standards of business conduct, and
- need to act fairly as between members of the company.

Compass Group Holdings PLC

Strategic Report (continued)

Section 172(1) statement – Compass Group Holdings PLC (continued)

In discharging their duties under section 172 the directors have regards to both the factors set out above and others that may be considered relevant to the decisions being made. The directors acknowledge that every decision made will not necessarily result in a positive outcome for all of the Company's stakeholders. By considering the Company's purpose, vision and values together with its strategic priorities and having a process in place for decision-making, the directors aim to ensure that Board decisions are consistent and predictable.

As is normal for large companies, the directors delegate authority for day-to-day management of the Company to executives engaged in setting, approving and overseeing the execution of the business strategy and related policies of the Group. While there are cases where the board itself judges that it should engage directly with certain stakeholder groups or on certain issues, the size and spread of both our stakeholders and the Group means that generally stakeholder engagement best takes place at an operational or Group level. The directors consider that as well as being a more efficient and effective approach, this also helps achieve a greater positive impact on environmental, social and other issues than by working alone as an individual company. How the Group engages with its stakeholders is described on pages 68 to 73 of the Compass Group PLC Annual Report 2022 (the ARA).

The principal activity of the Company is to act as a holding company for other entities in the Group, and to manage and licence trademarks to its subsidiary undertakings. In this context the Company's main stakeholders are other companies within the Group, and the Company's employees. The views of and the impact of the Company's activities on those stakeholders are an important consideration for the directors when making relevant decisions. More information on how the directors engage with the Company's employees and take account of their interests, and how directors have engaged with suppliers, customers and others in a business relationship with the Company are described in the Directors' Report.

Examples of how the directors have had regard to the matters set out in section 172(1)(a)-(f) when discharging their section 172 duties, and the effect of those decisions, include the consideration of the adoption by the Company of the Compass Subsidiary Governance Code (the Code), and the Compass Group PLC Modern Slavery and Human Trafficking Statement (the MSA). In deciding whether to adopt the Code the directors considered whether its adoption would be in the best interests of its stakeholders, including its shareholders, employees and other group companies. It was concluded that formalising the governance arrangements of the Company, particularly with regard to the consideration of stakeholder views when taking decisions would be in the best interest of stakeholders as a whole. In adopting the MSA the directors considered whether appropriate controls and procedures were in place to mitigate the risk of human trafficking within the Company's supply chains. It was concluded that adoption of the MSA statement and the Company's continued efforts in this area was in the best interests of the Company's employees and its wider stakeholder community.

Going concern

After making enquiries and receiving a letter of support from the ultimate parent company, Compass Group PLC, the directors have a reasonable expectation that the Company, as part of the Compass Group, has adequate resources to continue in existence for the 12 months from the date of approval of this Report. For this reason, the directors continue to adopt the going concern basis in preparing the accounts.

Directors' Report

The directors present their Annual Report and the audited financial statements for the year ended 30 September 2022.

Directors

The following served as directors during the year and were in office at the date of signing the Report and Financial Statements unless otherwise indicated:

D W Blakemore
C P Brown (appointed 1 November 2021)
K Witts (resigned 31 October 2021)
A R Yapp

Dividends

On 30 August 2022, the Company paid an interim dividend to the parent company of £787,214,000 (2021: £nil). The directors do not recommend the payment of a final dividend in respect of the financial year ended 30 September 2022 (2021: £nil).

Branches outside the UK

The Company has a branch in France with offices in Paris and Marseille.

Employees

The Company and the Group place importance on employee engagement, keeping employees regularly informed on matters of concern to them as employees, issues affecting their performance, and promoting a common awareness of the financial and economic factors affecting the performance of the Company. For the Company's employees, engagement is achieved through management briefings, team meetings and town halls, bulletins and other in house publications and through the Group's internal communications channels. Employees are also represented on the Group's European Works Council, which provides a forum for exchanging information and engaging in consultation on the Group's performance and plans, and relevant transnational issues affecting those countries in the EEA and in the UK. Feedback from employee engagement informs the directors' decision making processes, and those decisions taken and policies made on a wider Group basis. For further information on how the Group engages with employees globally see pages 30 to 35 of the ARA.

Employees are offered a range of benefits, such as private medical cover, depending on the local environment. Priority is given to the training of employees and the development of their skills is of prime importance. Employment of people with disabilities is considered on merit with regard only to the ability of any applicant to carry out the role. Arrangements to enable people with disabilities to carry out the duties required will be made if it is reasonable to do so. An employee becoming disabled would, where appropriate, be offered retraining.

Employee diversity and human rights

The Group's Code of Ethics was developed in consultation with the EWC and the Institute of Business Ethics and sets out clear standards of behaviour that we expect all of our people to demonstrate and adhere to. The Code of Ethics, part of the Group's Code of Business Conduct, underpins our social, ethical and environmental commitments and sends a clear message to our stakeholders of our commitment to responsible business practice. The 10 principles of the United Nations (UN) Global Compact, to which Compass Group PLC is a signatory, underpin the Group's Code of Ethics. This UN initiative encourages companies to make human rights, labour standards, environmental responsibility and anti-corruption part of their business agenda. Our people are instrumental to the success of the Group. The individuality and diversity that every employee brings to the Group are respected and valued, and relationships with employees are based on respect for the dignity of the individual and fair treatment for all. Compass seeks to create a positive and open working environment. Employee policies are set locally to comply with local law within an overall Group framework and employee satisfaction and engagement is monitored through a number of key performance indicators set at Group level. Consideration is given to the concerns of the wider communities in which the Group's businesses operate, including national and local interests, and utilising relevant expertise to help contribute to the wellbeing of communities in ways which are appropriate to the Group's business objectives. Furthermore, the Group supports the rights of all people as set out in the UN Universal Declaration of Human Rights (UN Declaration) and considers carefully before doing any business in countries that do not adhere to the UN Declaration.

Compass Group Holdings PLC

Directors' Report

Business relationships

The Company has limited engagement with external parties such as suppliers, clients, consumers and others. In the limited circumstances where the Company does interact with external business partners, in line with the Group's policies and procedures the directors promote and ensure the highest standards of ethical behaviour and probity in the Company's business dealings. For further information on how the Group fosters business relationships with its business partners see pages 68 to 73 of the ARA.

Directors' qualifying third party indemnity

A qualifying third party indemnity provision as defined in section 234(2) - (6) of the CA 2006 is and was in full force and effect for the benefit of each of the directors of the Company, both at the date of this Report and throughout the financial year to which this Report relates.

Modern Slavery Act Statement

The Company falls within the scope of Section 54 (Transparency in Supply Chain requirements) of the Modern Slavery Act 2015 (the "Act") and consequently is obliged to prepare and publish a slavery and human trafficking statement for each financial year of the organisation.

In accordance with the Home Office guidance to the Act it is permissible for a parent company, where one or more subsidiaries in the same group are required to produce a statement, to produce one statement that subsidiaries can use to meet the requirements of the Act (provided that the statement fully covers the steps that each of the organisations required to produce a statement have taken in the relevant financial year).

In accordance with the requirements of the Act, the Company's ultimate parent, Compass Group PLC, prepared and published a slavery and human trafficking statement for the financial year ended 30 September 2022 (the Statement) which contemplated the steps that the Company, as part of the Compass Group of companies, had taken during the financial year to ensure that slavery and human trafficking is not taking place in any of its supply chains, or in any part of its own business and consequently, it was considered by the directors, that the steps contemplated by the Statements continued to be relevant to the Company and it remained appropriate that the Company continue to automatically adopt the statements of Compass Group PLC. A copy of the Statement can be found at www.compass-group.com.

Statement of Corporate Governance Arrangements

In compliance with the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 as amended by The Companies (Miscellaneous Reporting) Regulations 2018, the Company hereby discloses its Statement of Corporate Governance Arrangements.

The Company's ultimate parent, Compass Group PLC, is subject to and complies with the UK Corporate Governance Code 2018. As a subsidiary of Compass Group PLC, the Company, together with other companies within the Group, is subject to and adheres with certain governance arrangements, structures and policies that are common throughout the Compass Group PLC group of companies. The specific governance arrangements adopted by the Company are defined by the 'Compass Subsidiary Governance Code' (the Subsidiary Code), the principles of which, and how the Company has applied them during the financial year ended 30 September 2022, are detailed below.

Code Principle	How the Company has applied the Subsidiary Code
Purpose and Leadership - The board will promote the purpose of the company, and ensure that its values, strategy and culture align with that of Compass Group PLC.	During the year, in accordance with their duties as directors of the Company, the directors promoted the purpose of the Company ensuring that its activities and goals were aligned to those of the Compass Group.
Board Composition - The board will be chaired effectively and composed of individuals with the requisite balance of skills, backgrounds, experience and knowledge. Individual directors will have sufficient capacity to make a valuable contribution.	The Board of the Company comprised the Group Chief Executive Officer, Group Chief Finance Officer and the Group General Counsel and Company Secretary of the Company's ultimate parent, Compass Group PLC. Each director demonstrated the capacity to make a valuable contribution during the year.

Compass Group Holdings PLC

Directors' Report (continued)

Director Responsibilities - The board and individual directors will have a clear understanding of their accountability and responsibilities. Board procedures will support effective decision-making and independent challenge.	A review of governance arrangements and directors' duties was undertaken during the year which refreshed the directors' knowledge of their responsibilities with respect to the Company. Board procedures were supported by the Compass Group Secretariat.
Opportunity and Risk - The board will promote the long-term sustainable success of the company by identifying opportunities to create and preserve value, and will establish and maintain oversight of the identification and mitigation of risks.	Opportunities and existing and emerging risks were managed in line with the strategy and risk profile of Compass Group PLC which prepares consolidated accounts for the Compass Group, further details of which can be found on pages 22 to 28 of the Compass Group PLC Annual Report 2022.
Stakeholder Relationships and Engagement - The board will be responsible for ensuring the maintenance of stakeholder relationships and the oversight of engagement with stakeholders, including the workforce. The board will have regard to stakeholder views when taking decisions.	The Board ensured that stakeholder relationships as were relevant to the status and purpose of the Company were maintained in line with Compass Group PLC policies and procedures. Details of how the directors considered stakeholders in the decision making process can be found in the S172 statement on pages 2 to 3.

Directors' disclosure of information to the auditor

Each of the persons who is a director at the date of approval of this Report confirms that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware
- the director has taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information

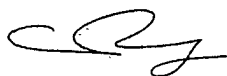

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the CA 2006.

Auditor

In accordance with the provisions of section 485(2) of the CA 2006, the current appointment of KPMG LLP as the Company's auditor will end at the conclusion of the current period for appointing auditors.

Pursuant to Section 487 of the CA 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Directors' Responsibilities Statement

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 *Reduced Disclosure Framework*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable, relevant, reliable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that its financial statements comply with the CA 2006. They have a general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Independent Auditor's Report to the Members of Compass Group Holdings PLC

Opinion

We have audited the financial statements of Compass Group Holdings PLC ("the company") for the year ended 30 September 2022 which comprise the Profit and loss account, Statement of other comprehensive income, Balance sheet, Statement of changes in equity, and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 30 September 2022 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 101 *Reduced Disclosure Framework*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the company in accordance with, UK ethical requirements including the FRC Ethical Standard as applied to other entities of public interest. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or to cease its operations, and as they have concluded that the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We used our knowledge of the Company, its industry, and the general economic environment to identify the inherent risks to its business model and analysed how those risks might affect the Company's financial resources or ability to continue operations over the going concern period. The risks that we considered most likely to adversely affect the Company's available financial resources over this period were those impacting Compass Group PLC (the Group), on which the company places reliance for financial support. These were:

- The impact of cost inflation on the Group's performance and the ability of the Group to mitigate and recover the medium-term impact of persistent inflation; and
- The ability of the Group to sustain significant short-term volume reductions due to a resurgence of COVID-19.

We also considered less predictable but realistic second-order impacts, such as a significant decline in volumes as a consequence of a global economic downturn.

We considered whether these risks could plausibly affect the liquidity or covenant compliance in the going concern period by comparing severe, but plausible, downside scenarios that could arise from these risks individually and collectively against the level of available financial resources and covenants indicated by the Group's financial forecasts.

We considered whether the going concern disclosure in note 1 to the financial statements gives a full and accurate description of the directors' assessment of going concern. We assessed the completeness of the going concern disclosure. Our conclusions based on this work:

- we consider that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified and concur with the directors' assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for the going concern period

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Company will continue in operation.

Independent Auditor's Report to the Members of Compass Group Holdings PLC (continued)

Fraud and breaches of laws and regulations – ability to detect

Identifying and responding to risks of material misstatement due to fraud

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included enquiring of directors and inspection of policy documentation as to the Compass Group PLC's group policies and procedures to prevent and detect fraud that apply to this group company as well as enquiring whether the directors have knowledge of any actual, suspected, or alleged fraud.

As required by auditing standards we perform procedures to address the risk of management override of controls, in particular the risk that management may be in a position to make inappropriate accounting entries. On this audit we do not believe there is a fraud risk related to revenue recognition because of the simple nature of revenue, which is earned solely from franchise and management fees charged to related parties.

We did not identify any additional fraud risks.

Identifying and responding to risks of material misstatement due to non-compliance with laws and regulations

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience and through discussion with the directors and other management (as required by auditing standards), and from inspection of the Company's regulatory and legal correspondence and discussed with the directors and other management the policies and procedures regarding compliance with laws and regulations.

We communicated identified laws and regulations throughout our team and remained alert to any indications of non-compliance throughout the audit.

The potential effect of these laws and regulations on the financial statements varies considerably.

The Company is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related companies legislation), distributable profits legislation, and taxation legislation, and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

This Company, as a holding company, is not subject to other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements.

Context of the ability of the audit to detect fraud or breaches of law or regulation

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

Strategic report and directors' report

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the strategic report and the directors' report;

Independent Auditor's Report to the Members of Compass Group Holdings PLC (continued)

- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 7, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Compass Group Holdings PLC

Notes to the accounts For the year ended 30 September 2022

1. Accounting policies

The significant accounting policies adopted in the preparation of the financial statements of the Company are set out below.

Basis of preparation

The Company has prepared its financial statements in accordance with *Financial Reporting Standard 101 Reduced Disclosure Framework* (FRS 101) and in conformity with the requirements of the Companies Act 2006. The financial statements have been prepared under the historical cost convention. In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of UK-adopted International Accounting Standards, but makes amendments where necessary to comply with the Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

The financial statements present information about the Company as an individual undertaking, not as a Group undertaking. The Company is exempt from the requirement to prepare consolidated financial statements as a subsidiary of Compass Group PLC, a company registered in the United Kingdom and the ultimate parent which prepares consolidated financial statements (section 400 Companies Act 2006).

In these financial statements, the Company has applied the exemptions under FRS 101 in respect of the following disclosures:

- cash flow statement and related notes;
- transactions with wholly-owned subsidiaries;
- compensation of key management personnel; and
- the effect of new but not yet effective accounting standards.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Going concern

The financial statements have been prepared on a going concern basis which the directors consider to be appropriate for the following reason:

- Compass Group PLC has indicated its intention to continue to make available funds as needed by the Company for a period of twelve months from the date of approval of the financial statements.

Consequently, the directors are confident that the Company will have sufficient funds to continue to meet its liabilities as they fall due for at least twelve months from the date of approval of the financial statements and therefore have prepared the financial statements on a going concern basis.

As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

1. Accounting policies (continued)

Taxation

Current tax is the expected tax payable on the taxable income for the period, using tax rates that have been enacted or substantively enacted in respect of that period at the balance sheet date.

Deferred tax is provided at the anticipated tax rates on temporary differences arising from the inclusion of items of income and expenditure in tax computations in periods different from those in which they are included in the financial statements. Deferred tax assets and liabilities are not discounted. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered.

Dividends

Dividends paid are recognised in the Company's financial statements in the year in which they are approved in a general meeting by the Company's shareholders. Interim dividends are recognised when paid.

Foreign currencies

Transactions in foreign currencies are translated to the Company's functional currency (sterling) at the foreign exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to sterling at the foreign exchange rates ruling at that date. Foreign exchange differences arising on translation are recognised in the profit and loss account. Non-monetary assets and liabilities that are measured in terms of the historical cost in foreign currency are translated using the exchange rate at the date of the transaction.

The results of foreign branches are translated into sterling at the average rates of exchange for the accounting year. The assets and liabilities of foreign branches are translated into sterling at the rates of exchange ruling at the year end. Gains and losses resulting from the translation of the results from average rates to year end rates and the realignment of the opening assets and liabilities of foreign branches to the year end rates are treated as movements on reserves.

Intangible assets

Intangible assets are carried at cost less amortisation, which is provided on their book values at rates calculated to write down each asset to its residual value on a straight-line basis over the expected useful economic lives, within the following range:

- Brands: 3% to 20% per annum;
- Computer software: 10% to 33% per annum

Tangible fixed assets

Tangible fixed assets are carried at cost less depreciation, which is provided on their book values at rates calculated to write down each asset to its residual value over its estimated remaining useful life on a straight-line basis, within the following ranges:

- Equipment, fixtures and fittings: 8% to 33% per annum

Investments

Investments held by the Company are stated at historical currency cost, less provision for any impairment in value, and translated into sterling in accordance with the policy set out above.

1. Accounting policies (continued)

Pension costs and other post-retirement benefits

The costs of the defined contribution scheme, the Compass Retirement Income Savings Plan, are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

The Company is the principal employer of the Compass Group Pension Plan (the Plan) which is a defined benefit scheme closed to new entrants. No employees of the Company have accrued any benefits under this scheme since 5 April 2010. Under the rules of the Plan, the Company does not have any liability to pay ongoing contributions, including deficit recovery contributions. The assets and liabilities of the Plan are reflected within the financial statements of another group subsidiary which is the main participating employer.

The Company has entered into commitments to pay ex-gratia pensions to a number of former employees. The liability in respect of these pensions is included within the Company's balance sheet under the caption pension liabilities.

Share-based payments

The parent company, Compass Group PLC, issues equity-settled share-based payments to certain employees which are measured at fair value (excluding the effect of non-market-based vesting conditions) at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on Compass Group PLC's estimate of the shares that will eventually vest and adjusted for the effect of non-market-based vesting conditions. Fair value is measured using the Black-Scholes pricing model. The expected life used in the model is adjusted, based on management's best estimate, for the effects of exercise restrictions and behavioural considerations.

Leases

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the Company has both the right to direct the identified asset's use and to obtain substantially all the economic benefits from that use. The Company allocates the consideration in the contract to each lease and non-lease component. The non-lease component, where it is separately identifiable, is not included in the right-of-use asset.

When a lease is recognised in a contract, the Company recognises a right of use asset and a lease liability at the lease commencement date. The Company recognises a right of use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for leases of low value assets with an initial fair value less than approximately £5,000 and short term leases of 12 months or less. For these leases, the lease payments are charged to the income statement as an operating expense on a straight line basis over the period of the lease.

The right-of-use asset is initially measured at cost, comprising the initial lease liability adjusted for any lease payments already made, plus any initial direct costs incurred and an estimate of restoration costs, less any lease incentives received. The right-of-use asset is subsequently depreciated on a straight line basis over the shorter of the lease term or the useful life of the underlying asset. The estimated useful lives of right of use assets are determined on the same basis as those of property, plant and equipment. The right of use asset is tested for impairment if there are any indicators of impairment.

The lease liability is measured at the present value of the lease payments that are reasonably certain and not paid at the commencement date, discounted at the Group's incremental borrowing rate specific to the term, country and start date of the lease. The lease liability is subsequently measured at amortised cost using the effective interest rate method. The lease liability is remeasured, with a corresponding adjustment to the right of use asset, by discounting the revised lease payments as follows:

Compass Group Holdings PLC

Notes to the accounts

For the year ended 30 September 2022 (continued)

1. Accounting policies (continued)

Leases (continued)

- using the initial discount rate at the inception of the lease when lease payments change as a result of changes to residual value guarantees and changes in an index other than a floating interest rate
- using a revised discount rate when lease payments change as a result of the Company's reassessment of whether it is reasonably certain to exercise a purchase, extension or termination option, changes in the lease term or as a result of a change in floating interest rates

The lease term is the non-cancellable period beginning at the contract commencement date plus periods covered by an option to extend the lease, if it is reasonably certain that the Company will exercise the option, and periods covered by an option to terminate the lease, if it is reasonably certain that the Company will not exercise this option.

Variable lease payments that are not included in the measurement of the lease liability are recognised in the consolidated income statement in the period in which the event or condition that triggers payment occurs.

Financial assets and liabilities

Financial assets and liabilities are recognised on the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument and derecognised when it ceases to be party to such provisions. Financial assets are classified as current if they are expected to be received within 12 months of the balance sheet date. Financial liabilities are classified as current if they are legally due to be paid within 12 months of the balance sheet date.

Financial assets and liabilities are initially recorded at fair value including, where permitted by IFRS 9, any directly attributable transaction costs. For those financial assets that are not subsequently held at fair value, the carrying amounts are reduced by a provision equal to the lifetime expected credit losses using historic and forward-looking data on credit risk.

The Company classifies its financial assets and liabilities into the following categories:

- financial assets and liabilities at amortised cost,
- financial assets and liabilities at fair value through profit or loss.

Where financial assets or liabilities are eligible to be carried at either amortised cost or fair value, the Company does not apply the fair value option.

Amounts owed by Group undertakings are initially measured at fair value and are subsequently reported at amortised cost. Provisions on intra-group receivables are calculated at an amount equal to the lifetime expected credit losses using historic and forward-looking data on credit risk.

Amounts owed to Group undertakings are initially measured at fair value and are subsequently reported at amortised cost. Non-interest-bearing payables are stated at their nominal value as they are due on demand.

Financial guarantees

Financial guarantee contract liabilities are measured initially at their fair values. These liabilities are subsequently measured at the higher of the expected credit loss determined under IFRS 9 Financial Instruments and the initial fair value.

Turnover

Turnover represents income derived from contracts for the provision of services to third parties in exchange for consideration in the normal course of business. Turnover is recognised at an amount that reflects the consideration to which the Company expects to be entitled in exchange for these services and at a point when the performance obligations associated with these services have been satisfied.

The Ordinary 'A' share does not entitle the holder of the share to the payment of any dividends. On winding up or any other return of capital, the Ordinary 'A' share entitles the holder only to payment of the amount paid up on the share, after repayment to the holders of the Ordinary shares of the nominal amount paid up on the Ordinary shares held by them respectively and the payment of £100 on each Ordinary share. The Ordinary 'A' share entitles the holder to receive notice of and attend and speak at any general meeting of the Company. It also entitles the holder on a show of hands to cast one vote and on a poll to cast one more vote than the aggregate number of votes which can be cast on any resolution proposed thereat by the holders of the Ordinary shares in issue at the time of such meeting.

18. Post-employment benefit obligations

The Company operates a number of defined contribution and defined benefit plans relating to both the employees and Executive Directors, in which other UK subsidiaries also participate. The schemes are self-administered and the schemes' assets are held independently of the UK Group's assets. Pension costs are assessed in accordance with the advice of independent, professionally qualified actuaries.

Within the UK there are three main arrangements, the Compass Retirement Income Savings Plan (CRISP), the Compass Group Pension Plan (the Plan) and the National Employment Savings Trust (NEST).

CRISP was launched on 1 February 2003 and has been the main vehicle for pension provision for eligible new joiners in the UK since that date. CRISP is a defined contribution (money purchase) arrangement whereby the Company will match employee contributions up to 6% of pay (minimum 5%). Within CRISP a new defined contribution section was established from April 2006 known as the Compass Higher Income Plan (CHIP). Senior employees who contribute to CRISP are offered an additional employer-only contribution into CHIP. The amount of contribution and eligibility for CHIP are decided annually at the Company's discretion. A CHIP payment may be taken in part, or in whole, as a cash allowance instead of a pension contribution.

CRISP has a corporate trustee. The Chairman is a former employee of the Group. The other five trustee directors are UK based employees of the Group, two of whom have been nominated by CRISP members. There is a vacancy for a trustee director to be nominated by CRISP members and applications are being sought for the position.

The Plan is a defined benefit arrangement of which the Company is the principal employer. However, all active members of the Plan are employed by other UK subsidiaries and so the Company has no liability for payment of contributions, including deficit recovery payments, other than in relation to a guarantee described in note 20. Full details of the financial position of the Plan may be found in the financial statements of Compass Group PLC.

The Company is subject to the Pension Automatic Enrolment Regulations for its workforce in the UK. All new UK employees who meet the statutory eligibility criteria, and who do not join CRISP or the Plan, are automatically enrolled into the NEST. Responsibility for the Group's ongoing compliance with the Pension Automatic Enrolment Regulations and for ensuring that the administration and investment of funds relating to automatic enrolment remain appropriate lies with the Group's Pension Automatic Enrolment Governance Committee.

Compass Group Holdings PLC

Notes to the accounts

For the year ended 30 September 2022 (continued)

18. Post-employment benefit obligations (continued)

The pension cost for the Company in the year was £3.2 million (2021: £3.1 million). The Company receives pension contributions from other UK companies in the Group which it pays to the pension schemes. At 30 September 2022 in the accounts of the Company there were no accrued liabilities for payment of contributions (2021: £nil).

Unapproved pension liabilities

The Company has agreed to pay unapproved pensions to a number of former employees. The obligations for these pensions are included in the Company's balance sheet.

FRS 101 disclosures - Unapproved pension liabilities

Disclosures for the unapproved pension liabilities are set out below. These have been calculated on the following assumptions:

	At 30 September 2022	At 30 September 2021
Discount rate	5.4%	2.0%
RPI Inflation	3.9%	3.7%
CPI inflation	3.4%	3.2%
Rate of increase for pensions in payment	3.5%	3.5%
Rate of increase for deferred pensions	3.6%	3.4%

The mortality assumptions used to value the current year unapproved pension liabilities are derived from the S3PA generational mortality tables (S3 "Middle" tables for females) (2021: S3PA generational mortality tables), with improvements in line with the projection model prepared by the 2021 Continuous Mortality Investigation of the UK actuarial profession (2021: 2020 model), with an S-kappa of 7.5, with 119% weighting for male non-pensioners, 113% for male pensioners (2021: 115% weighting for male non-pensioners, 111% for male pensioners), 106% weighting for female non-pensioners, 102% weighting for female pensioners (2021: 102% weighting for all females), with a long-term improvement rate of 1.5% per annum (2021: 1.5% per annum). These mortality assumptions take account of experience to date and assumptions for further improvements in the life expectancy of scheme members. The Company estimates the duration of the unapproved pension liabilities to be 12 years (2021: 12 years).

Examples of the resulting life expectancies are as follows:

Life expectancy at age 65

	2022		2021	
	Male years	Female years	Male years	Female years
Member aged 65 in 2022 (2021)	21.4	24.0	21.5	24.4
Member aged 65 in 2047 (2046)	23.1	25.9	23.4	26.6

Compass Group Holdings PLC

Notes to the accounts

For the year ended 30 September 2022 (continued)

18. Post-employment benefit obligations (continued)

Movements in the present value of unapproved pension liabilities have been assessed with the advice of independent, professionally qualified actuaries.

	Year ended 30 September 2022 £m	Year ended 30 September 2021 £m
Unapproved pension liabilities		
At beginning of the year	49.4	51.3
Interest expense on benefit obligations	1.0	0.8
Benefits paid by the Company	(1.5)	(2.0)
Remeasurements – financial assumptions	(17.1)	(0.2)
Remeasurements – demographic assumptions	(0.4)	(0.2)
Remeasurements – experience	(1.1)	(0.3)
At 30 September	30.3	49.4

Measurement of the unapproved pension liabilities is particularly sensitive to changes in certain key assumptions, including discount rate, life expectancy and inflation. An increase or decrease of 0.5 percentage points in the UK discount rate would result in a £1.7 million decrease or £1.8 million increase in the unapproved pension liabilities, respectively. An increase by one year in the life expectancy of members from age 65 would result in a £1.1 million increase in the unapproved pension liabilities. An increase or decrease of 0.5 percentage points in inflation would result in a £0.9 million increase or £0.9 million decrease in the unapproved pension liabilities, respectively.

19. Share-based payments

Income statement expense

The Company recognised an expense of £10.6 million (2021: £4.0 million) in respect of share-based payment transactions. All share-based payment plans are equity-settled.

The expense is broken down by share-based payment scheme as follows:

	2022 £'m	2021 £'m
Long-term incentive plans	8.3	2.4
Other share-based payment plans	2.3	1.6
	10.6	4.0

Long-term incentive plans

Full details of the Compass Group PLC Long Term Incentive Plan 2018 can be found in the Directors' Remuneration Report on pages 86 to 113 of the Compass Group PLC Annual Report 2022.

19. Share-based payments (continued)

Long-term incentive plans (continued)

The following table shows the movement in share awards during the year:

	2022 Number of shares	2021 Number of shares
Long-term incentive plans		
Outstanding at 1 October	1,794,536	1,518,155
Awarded	1,127,703	857,751

Lapsed	(721,831)	(766,642)
Outstanding at 30 September	2,376,082	1,794,536

¹ In March 2022, it was announced that eligible awards granted under the 2018 LTIP will accrue dividends in the form of Notional Dividend Shares.

The vesting conditions of the LTIP awards is included in the Remuneration Report on pages 86 to 113 of the Compass Group PLC annual report.

Assumptions – long-term incentive plans	2022	2021
Expected volatility	39.3%	37.5%
Risk free interest rate	1.0%	0.4%
Dividend yield ¹	-	2.2%
Expected life	2.9 years	3.0 years
Weighted average share price at date of grant	1,533.40p	1,380.94p

¹ In March 2022, it was announced that eligible awards granted under the 2018 LTIP will accrue dividends in the form of Notional Dividend Shares. Accordingly, the dividend yield in the fair value calculation has been set to zero. The fair value of awards granted in 2021 has been recalculated to reflect this modification and the incremental fair value is being recognised over the period from the date of the modification to the vesting date.

Other share-based payment plans

The following table shows the movements in other smaller share-based payments plans during the year:

	2022 Number of shares	2021 Number of shares
Other share-based payment plans

Other share-based payment plans (continued)

The expense relating to these plans is not significant and no further disclosure is necessary except for the general details provided below:

Share options

Full details of The Compass Group Share Option Plan 2010 are set out in prior years' annual reports which are available on the Company's website. The last award under the plan was made in November 2013 and will expire in November 2023.

Restricted shares

The plan is designed to make occasional awards to certain employees in order to incentivise the achievement of particular business objectives under specific circumstances or where similar such shares have been forfeited by a new employee on joining the Company. The plan can take different forms such as an award of shares dependent on a service or achievement of specific performance conditions other than service.

20. Guarantees

Compass Group Holdings PLC has entered into a guarantee with the trustees of the Compass Group Pension Plan (the Plan). Should the participating employers (which are subsidiaries of Compass Group Holdings PLC) fail to pay contributions due to the Plan under the terms of the agreed Schedule of Contributions and Deficit Recovery Plan, then the Company has guaranteed that it will meet those obligations. As at 30 September 2022, the Plan had net assets of £581 million (2021: £353 million).

21. Ultimate parent company and controlling entity

The ultimate parent company and controlling entity, Compass Group PLC, is the parent undertaking of the largest and smallest group of undertakings for which Group accounts are drawn up. The immediate parent companies are Hospitality Holdings Limited and Compass Group PLC.

Hospitality Holdings Limited and Compass Group PLC are incorporated in the United Kingdom and registered in England and Wales.

Copies of the Compass Group PLC financial statements are available from its registered address: Compass House, Guildford Street, Chertsey, Surrey KT16 9BQ or from the Compass Group PLC website at www.compass-group.com
