STRUCTURE GOVERNANCE AND MANAGEMENT

The Charity is constituted as a company limited by guarantee and is therefore governed by a memorandum and articles of association and on the winding up of the Charity each member will contribute £1

Ariel Trust Limited has a Committee of Trustees, which normally meets every six weeks. The Board sets out and approves the policies to be adopted to achieve the Charity's objectives. The policies and the day to day management of the Charity are implemented by the Executive Director. The Charity has a Development Plan, which it is using to focus on immediate, medium and long term aims. The work programme as detailed in the plan is developed and delivered by the director and the staff team and up to 5 Professional Support Workers.

Recruitment of Trustees is based upon diversity and equal opportunities. As a Board the Trustees represent the voluntary, public and private sectors. The Trustees are from wide ranging professional backgrounds including education, human resources, administration, legal, actuarial, writing, journalism and marketing. The Charity has access to the Business in the Arts Board Bank and Adviser scheme from which it can identify potential Trustees.

Induction of new Trustees involves a detailed introductory programme where the new Trustee receives copies of Strategic and Business Planning documents, the financial statements and all other relevant policies and issues of the organisation and has time to discuss these with the Board and Executive Management. Board Away Days are normally held at least once per year when strategy is on the agenda. The Away Day is also an opportunity for training and updating Trustees on important matters. When training needs are identified an action plan is put in place and appropriate training delivered.

The staff team has grown significantly during the last year. The Executive Director works with two full time administrators, 2 full time Schools Project Officers, a full time Post 16 Coordinator and a full time Development Officer.

This core team works alongside 3 freelance support staff that deliver the adult training courses

Statement of Trustees' responsibilities

The trustees are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the trustees to prepare financial statements for each financial year Under that law the trustees have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) The financial statements are required by law to give a true and fair view of the state of affairs of the charity at the end of the financial year and of its surplus or deficit for the financial year. In preparing these financial statements, the trustees are required to

- · select suitable accounting policies and then apply them consistently,
- · make judgements and estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business

The trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure of information to auditors

The trustees of the charity who held office at the date of approval of this annual report confirm that

- So far as they are aware, there is no relevant audit information, information needed by the charity's auditors in connection with preparing their report, of which the charity's auditors are unaware, and
- They have taken all the steps that they ought to have taken as trustees in order to make themselves aware of any relevant audit information and to establish that the charity's auditors are aware of that information

TRUSTEES' ANNUAL REPORT/DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2007

The Board confirms that the day to day reporting systems and controls operated and regularly monitored by the organisation are designed to mitigate those risks. The Charity regularly reviews and updates a schedule of risks.

OBJECTIVES AND ACTIVITIES

Ariel Trust offers services to members of the public, with the emphasis on the members of the public who are young or disadvantaged to promote their knowledge and understanding of broadcasting in order to increase their chances of becoming economically active. The organisation does this by -

- iii) Making equipment, studio space and resources available to unemployed people and others
- Liaising with broadcasters and others in order to increase opportunities for unemployed people

In delivering the activities the Charity is supported by a voluntary Board of Trustees The Charity does not have any other volunteer programme

ARIEL TRUST LIMITED TRUSTEES' ANNUAL REPORT/DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2007 CONTINUED ACHIEVEMENTS AND PERFORMANCE Key Developments during 2006/7

Ariel has continued to deliver face-to-face radio training for two important client groups this year

- Young people at risk of exclusion from school
- Young adults currently outside the labour market

Both areas of work have been funded through the European Social Fund and have been delivered in a way that meets our contractual targets during the year. A new project has also been funded and delivered in partnership with the local schools in Sefton

Merseyside Social Enterprise Initiative also supported the expansion of our schools project Their investment supported the salary costs of the School Project Worker for 9 months

During the year we have worked with a total of 373 young and excluded people in a range of face-to-face projects. This is an increase of 15% on the previous year and includes an initiative supported by Wired, a Wirral Carers organisation, working with a new client group, Carers. The project enabled participants to produce audio about their lives and about services for other carers that could be used to communicate with others in similar positions.

During 2006 Ariel moved to new, self-contained premises. Our new premises have a dedicated training room, linked to a fully equipped radio studio. These improved facilities have enabled us to offer more and improved provision to clients.

The development of our capacity to deliver e-learning took another step forward through the launch of a new distance learning pack 'Street Heat' This is the second in a series of resources developed with support from Liverpool Culture Company. We have made significant progress in developing the Culture Company as a customer securing £38k of delivery contracts during 2006/07

Key Issues in next period

Ariel will continue to deliver face-to-face programmes in both schools and for young adults with support from the European Social Fund (ESF). ESF provides for only part of the cost of these programmes and at the current time, as unemployment rates fall, securing investment for vocational training is challenging. We therefore feel it is prudent to designate a significant proportion of our reserves as match funding for these programmes. We are therefore designating £15,000 for our work in schools and £30,600 for our Post 16 programme.

Ariel has now launched two learning resources, 'Plastered' and 'Street Heat' in the Merseyside area. A key challenge in the next period will be marketing these resources and the related Continuing Professional Development training to a wider geographical market. In view of this we intend to update and re-launch our website during 2007/08. We have also promoted a key member of staff who now has responsibility to drive this forward.

We will also publish a number of new learning resources during the coming year. The next will be called 'senseless' and deal with issues associated with racism and racial harassment. A further pack is planned that deals with bullying and a third that deals with gun crime. The development of these new packs has a central role to play in our strategy to build partnerships with new customers including Merseyside Police, Merseyside fire service and Merseyside PCT.

TRUSTEES' ANNUAL REPORT/DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2007 CONTINUED

Strategy for long-term sustainability

Ariel recognises that providing vocational training programmes of the type we have previously delivered is not sustainable in isolation. We are committed, in the short-term, to continuing this provision because there is dramatic growth in the radio industry at this time. However we recognise that in order to remain sustainable as an organisation we need to develop additional sources of income to support this work.

The investment from Future Builders is a major step forward in this area and this investment will be used to increase our staff team and actively market new services. This will particularly include the development of distance learning and e-learning resources and the marketing of Continuing Professional Development training targeted at teachers, youth workers and other agencies. The successful launches of both 'Plastered' and 'Street Heat' point the way, demonstrating our ability to win contracts in this new market and providing a template for further development.

FINANCIAL REVIEW

Details of the Statement of Financial Activities appear on page 9. Total incoming resources were £255,805 (2006 £226,747) and total resources expended were £268,980 (2006 £215,822) giving rise to a net movement in funds of £13,175 excess expenditure (2006 £10,925 excess income). The net movement in funds for 2006/7 is split between excess income of £3,556 (2006 £14,850) on the unrestricted fund and £16,731 excess expenditure on the restricted funds (2006 £3,925). Details of the movements on individual designated funds within unrestricted funds are shown in the notes to the accounts.

The mix of income continued to change in 2006/7 in line with diversification and increase in activity. Post 16 income increased by 30% and school income by 44% as a result of business development. Ariel now has a wide variety of income streams from a more diverse range of organisations. Statutory investment particularly from the European Social Fund has been maintained but income includes funding from trusts and foundations, corporate donations and income from educational services. The development project monies increased 9% which includes the ERDF monies and the Esmee Fairburn monies together with a small amount of fees for services. This increase in funds and activities has enabled the Charity to further expand and develop.

At 31 March 2007 the position on the Funds on the Balance Sheet was a total of £72,063 (2006 £85,238) made up of £66,565 unrestricted funds (including £51,565 designated funds and a balance on general unrestricted funds of £15,000) and £5,498 restricted Funds

Political Contributions

During the year there were no political or charitable donations

Fixed Assets

The movements on fixed assets are shown in the notes to the accounts

ARIEL TRUST LIMITED TRUSTEES' ANNUAL REPORT/DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2007 CONTINUED

Reserves Policy:

The organisation is run on a not for profit basis but for prudent management and in accordance with the Statement of Recommended Practice "Accounting by Charities" the Board aims to maintain a level of free reserves (that is those funds not fied up in designated or restricted funds) to establish a sustainable entity and guard against contingencies. The actual free reserves at 31 March 2007 were £15,000 (2006 £12,009) representing a small planned increase. The Charity is working towards diversification and aims to increase the free reserves to £25,000, achieving target within the next 3 to 5 years. The business plan indicates that the level of reserves of £15,000 is sufficient to support current activities.

PLANS FOR FUTURE PERIODS

Our Business Plan has been used as the basis of an application for funding to Future Builders. This is a new Home Office initiative aimed at building the capacity of the voluntary sector to deliver public services. Our plans have been well received and the organisation is undertaking development.

We have conducted research, particularly around the Schools Project to ensure our plans fit with current educational priorities. This is essential in principle as we develop new products for our market
