Notes to the Abbreviated Accounts

for the year ended 31st December 2014

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

Fishing license

Fishing licenses held within fixed assets are stated at historical cost. Having no finite economical life, no systematic amortisation is applied, but provision is made for any permanent impairment in value. As permitted under FRS10, this represents a departure for the purposes of giving a true and fair value, from the requirements of the Companies Act 2006, which requires intangible assets to be amortised.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantially enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Grants

Sea Fish Authority grant is credited to the profit and loss account over the expected useful life of the relevant fixed asset.
