Keighley Laboratories Group Limited

Notes to the financial statements

year ended 31st March 2020

1. General information

The principal activity of the company during the year was a dormant company. The company is a private company limited by shares, registered in England and Wales (no 02165899). The address of the registered office is Croft House, South Street, Keighley, West Yorkshire, BD21 1EG.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Income statement

The company is dormant as defined by section 1169 of the Companies Act 2006. The company received no income and incurred no expenditure during the current year or prior year and therefore no income statement is presented within these financial statements. There have been no movements in shareholders funds during the current year or prior year.

Investments

Fixed asset investments in subsidiary undertakings are initially recorded at cost. Provisions are only made against the cost of these investments when the directors believe there to be a permanent diminution in value.

Financial instruments

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

4. Employee numbers

The company has no employees other than the directors.
