Directors' Report for the year ended 31 March 2015

The directors present their report together with the audited financial statements for the year ended 31 March 2015. The report of the directors has been prepared in accordance with the provisions applicable to the small companies' exemption.

Going concern

They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Duelguide (Bond Street) Limited

Independent auditor's report

TO THE MEMBERS OF DUELGUIDE (BOND STREET) LIMITED

We have audited the financial statements of Duelguide (Bond Street) Limited for the year ended 31 March 2015 which comprise the profit and loss account, the balance sheet and the related notes 1 to 11. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2015 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Emphasis of matter – Financial statements prepared other than on a going concern basis

In forming our opinion on the financial statements, which is not modified, we have considered the adequacy of the disclosure made in note 1 to the financial statements, which explains that the financial statements have been prepared on a basis other than that of a going concern.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or

Notes forming part of the financial statements for the year ended 31 March 2015

1 Accounting policies

The financial statements have been prepared under the historical cost convention and are in accordance with United Kingdom Generally Accepted Accounting Practice applicable accounting standards.

The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. However following the dividend paid on 30 September 2014 the Directors indicated that the company would be held as dormant until such time as the Directors would look to liquidate, strike off or dissolve the company. Therefore the financial statements have been prepared on a basis other than that of a going concern.

The following principal accounting policies have been applied:

Consolidation

The Company is a wholly-owned subsidiary of and is included in the consolidated financial statements of Global Switch Holdings Limited. Consequently, the Company has taken advantage of the exemption S.401 from preparing consolidated financial statements. These financial statements therefore present the results of the Company only.

Cash flow statement

The Company has taken advantage of the exemption available to small companies and has not prepared a cash flow statement.

Investments

Investments are held at cost less provision for impairment. Investments are subject to an impairment review when there are indications that the carrying value may not be recoverable. An impairment loss is recognised for the amount by which the asset exceeds its recoverable amount. The recoverable amount is the higher of the fair value less costs to sell and value in use. Interest income from investment is recognised when it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably.

Taxation and deferred taxation

The charge for taxation is based on the results for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Provision is made for deferred tax on all timing differences that have originated but not reversed at the balance sheet date, where an event has occurred that results in an obligation to pay more or less tax in the future, except that deferred tax assets are recognised only to the extent that it is more likely than not that there will be suitable taxable profit from which future reversal of the relevant timing differences can be deducted. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on an undiscounted basis.

Foreign currencies

Transactions recognised in foreign currencies are recorded at the rates of exchange at the dates of the transactions or, if hedged, at the forward contract rates. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date or, if appropriate, at the forward contract rates.
