NOTES TO THE UNAUDITED FINANCIAL STATEMENTS

1 ACCOUNTING POLICIES

Basis of accounting

The unaudited financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007)

Fixed assets

All fixed assets are initially recorded at cost

Depreciation

Depreciation is calculated to write down the cost, less estimated residual value of all tangible fixed assets, other than freehold land, over their expected useful lives. The rates generally applicable are

Freehold buildings – 2% straight line

There is no charge in the profit and loss account for depreciation on freehold buildings as the directors consider that the estimated residual value is in excess of cost

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities

2 PROFIT AND LOSS ACCOUNT

The company did not trade during the year and has made neither a profit nor a loss. No Profit and Loss Account has therefore been prepared
