### DIRECTORS' REPORT FOR THE YEAR ENDED 31 MAY 2005

The directors present their report and financial statements for the year ended 31 May 2005.

#### Principal activities and review of the business

The principal activity of the company continued to be that of thermal engineers.

Turnover grew in the year. The company commenced the building of its new purpose built factory in September 2004. Costs associated with this new factory build caused a reduction in profits in the year. The directors expect significantly improved production efficiencies once the new facility is brought into use in the coming year. Overall the directors are satisfied with the company's progress and state of affairs.

#### Results and dividends

The results for the year are set out on page 5.

#### Market value of land and buildings

In the opinion of the directors the market value of land and buildings exceeds the current net book value.

#### Research and development

The company continues to monitor all pertinent developments within the industry and adds to its own product range whenever possible.

#### **Directors**

The following directors have held office since 1 June 2004:

J.G. Milton

S. Ireland

T.P. Milton

J.R. Jenkins

P. Knight

#### **Directors' interests**

The directors' interests in the shares of the company were as stated below:

	Ordinary shares of £ 1 each		
	31 May 2005	1 June 2004	
J.G. Milton	2,600	2,600	
T.P. Milton	1,000	1,000

S. Ireland	2,800	2,800	
J.R. Jenkins	4,400	4,400	
P. Knight	-	-	

### DIRECTORS' REPORT FOR THE YEAR ENDED 31 MAY 2005

#### Creditor payment policy

The company does not follow any specified code or standard on payment practice. However in the absence of dispute, amounts due to trade and other suppliers are settled as expeditiously as possible within their terms of payment. On average, trade creditors at the year end represented 87 days purchases (2004 97 days).

#### **Auditors**

In accordance with section 385 of the Companies Act 1985, a resolution proposing that Alliotts be reappointed as auditors of the company will be put to the Annual General Meeting.

#### **Directors' responsibilities**

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- -select suitable accounting policies and then apply them consistently;
- -make judgements and estimates that are reasonable and prudent;
- -state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- -prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

On behalf of the board

J.G. Milton

Director

21 Delember 2005

### INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF THERMAL ENGINEERING PLC

We have audited the financial statements of Thermal Engineering Plc on pages 5 to 20 for the year ended 31 May 2005. These financial statements have been prepared under the historical cost convention and the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### Respective responsibilities of the directors and auditors

As described in the statement of directors' responsibilities on page 2 the company's directors are responsible for the preparation of the financial statements in accordance with applicable law and United Kingdom Accounting Standards.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records or if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

We read the directors' report and consider the implications for our report if we become aware of any apparent misstatements within it.

#### Basis of audit opinion

We conducted our audit in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

# INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF THERMAL ENGINEERING PLC

#### Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 May 2005 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MAY 2005

#### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention. These accounts are the individual company accounts. The group's subsidiary company Raymond Harrison Limited was non-trading when it went into creditors voluntary liquidation on 13 July 2004. The other subsidiary company Micro Sheet Metals Limited was dormant when it was struck from the companies register on 6 July 2004. Group accounts have not been prepared for the year ended 31 May 2005 on the grounds that the results and balance sheet carrying values of the subsidiary companies were immaterial at the point at which they were effectively disposed.

#### 1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable accounting standards.

#### 1.3 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

#### 1.4 Tangible fixed assets and depreciation

Tangible fixed assets other than freehold land are stated at cost less depreciation. Finance costs are capitalised into the cost of new freehold buildings in so far as they relate specifically to the costs of a bank loan facility used to finance the construction. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Land and buildings Freehold 2% on cost on freehold buildings
Land and buildings Leasehold 2% on cost and over the lease term

Plant and machinery 20% on net book value

Office Equipment 15% on net book value and 25% or 33% on cost

Motor vehicles 33% on net book value

No depreciation is provided in respect of freehold land. The estimated residual value of the freehold land is such that any depreciation charge would be immaterial.

#### 1.5 Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

#### 1.6 Stock and work in progress

Stock and work in progress are valued at the lower of cost and net realisable value.

#### 1.7 Pensions

The pension costs charged in the financial statements represent the contributions payable by the company during the year in accordance with FRS 17.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MAY 2005

#### 1 Accounting policies

#### 1.8 Deferred taxation

Deferred tax is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

No provision has been made for deferred tax on gains recognised on revaluing property to its market value as the company intends to roll over the gains into the cost of the new factory that is under construction.
