Johnson Controls (UK) Limited

Directors' report for the year ended 30 September 2001

The directors present their report and the audited financial statements of the company for the year ended 30 September 2001.

Principal activity

The principal activity of the company continued to be that of a holding company.

Change in accounting reference date

On 2 October 2000 the accounting reference date was changed from 27 February to 30 September. Therefore these financial statements are for the twelve month period to 30 September 2001, whereas the comparatives are for the seven month period to 30 September 2000.

Review of business and future developments

Both the level of business and the period end financial position were satisfactory, and the directors expect that the present level of activity will be sustained for the foreseeable future.

Results and dividend

The company's retained profit for the year is £1,120,000 (7 months to September 2000: £162,000). The directors do not recommend payment of a dividend (7 months to September 2000: £Nil).

Directors and their interests

The following served as directors during the year and to the date of this report:

J P Kennedy
S Roell
K Wooden
M Powell

None of the directors have any interest, direct or indirect, in any contract entered into by the company, nor any beneficial interest in the shares of the company, or its parent or its subsidiaries, which are required to be disclosed in these financial statements.

Euro

The Euro has no material impact on the company at present and no material impact is expected in the future.

Johnson Controls (UK) Limited

Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. The directors are required to prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

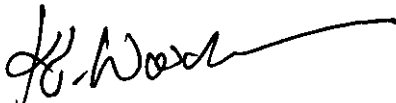

The directors confirm that suitable accounting policies have been used and applied consistently. They also confirm that reasonable and prudent judgements and estimates have been made in preparing the financial statements for the year ended 30 September 2001 and that applicable accounting standards have been followed.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors

PricewaterhouseCoopers have indicated their willingness to continue in office, and a resolution concerning their reappointment will be proposed at the Annual General Meeting.

Johnson Controls (UK) Limited

Independent auditors' report to the members of Johnson Controls (UK) Limited

We have audited the financial statements which comprise the profit and loss account, the balance sheet and the related notes.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the Directors' report and financial statements in accordance with applicable United Kingdom law and accounting standards are set out in the statement of directors' responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom auditing standards issued by the Auditing Practices Board.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the United Kingdom Companies Act. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

Basis of audit opinion

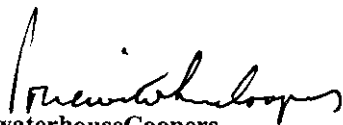

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Qualified opinion arising from non-consolidation of subsidiaries

As stated in note 9 the directors have used the exemption under section 229(3)(b) of the Companies Act 1985 not to prepare consolidated financial statements for the company and its subsidiary undertakings ("the Group") on the basis that the information necessary to do so cannot be obtained without disproportionate expense or undue delay. Financial Reporting Standard 2 "Accounting for Subsidiary Undertakings" does not permit the use of this exemption to justify excluding from consolidation subsidiary undertakings that were individually or collectively material in the context of the Group during the period for which the financial statements were prepared. In our opinion consolidated financial statements for the Group should have been prepared in accordance with the requirements of Financial Reporting Standard 2.

Except for the omission of consolidated financial statements for the Group, in our opinion the financial statements give a true and fair view of the state of the company's affairs at 30 September 2001 and of the profit of the company for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes to the financial statements for the year ended 30 September 2001

1 Accounting policies

The financial statements are prepared in accordance with Accounting Standards applicable in the United Kingdom, other than the non-preparation of consolidated financial statements, as explained in note 9. A summary of the more important accounting policies, which have been applied consistently, are set out below.

Basis of accounting

The financial statements are prepared under the historical cost convention.

Investments

Shares

Investments are normally stated at cost. Investments in certain subsidiaries were acquired as consideration for the issue of shares to group companies and advantage has been taken of the provisions of section 132 of the Companies Act 1985 to reduce the amount required to be transferred to the share premium account.

Investments in subsidiaries are stated in the company's balance sheet at the sum of the nominal value of shares issued and the amounts required to be transferred to the share premium account as permitted by section 132 of the Companies Act 1985, less any provisions to reduce the carrying value of investments to the directors' assessment of the net realisable value of the investment to the company.

Convertible security

The investment in a convertible security is stated at a principal amount of £88m. It is convertible on or after 1 December 2002 into 13.25% Preference shares in the issuer, having a par value of £88m.

Cash flow statement

The company has taken advantage of the provisions of Financial Reporting Standard ("FRS") 1: Cash Flow Statements and not presented a cash flow statement, as the company is included in consolidated financial statements which are publicly available.

Depreciation

Fixed assets are stated at cost less accumulated depreciation. Depreciation is calculated on the straight line method by reference to the expected useful life of each category of fixed asset. The depreciation period on office equipment is three years.

Deferred taxation

Provision is made for deferred taxation under the liability method only where it is considered probable that timing differences will reverse and give rise to a taxation liability in the foreseeable future.

At 30 September 2000 and 2001	36,788	88,000	(14,524)	110,264

The company holds an investment in a convertible security issued by a group undertaking, stated at a principal amount of £88,000,333. The instrument confers on the company the right to convert the security, on or after 1 December 2002, at par into Preference shares in the issuer, carrying the right to a cumulative preferential dividend at the rate of 13.25%. At any time until 1 December 2002, the company may require the instrument to be redeemed at par.

During the year the company disposed of its 100% holding in Cardkey European Holdings Limited to Johnson Control Systems Limited, another subsidiary of the company, at cost. The consideration for the shares was in the form of shares in Johnson Control Systems Limited and as a result there has been no change in the overall cost of investments in shares of subsidiaries.
