## **DIRECTOR'S REPORT**

The director presents his unaudited report and the accounts for the year ended 31 July 2014.

### **BUSINESS REVIEW AND PRINCIPAL ACTIVITIES**

The Company did not trade during the year ended 31 July 2014.

No dividend was paid in the year ended 31 July 2014 (2013: £nil) and no dividend was authorised and proposed in the year ended 31 July 2014 (2013: £nil).

### **FUTURE OUTLOOK**

It is not envisaged that the Company will initiate any new activities in the forthcoming period.

### **PRINCIPAL RISKS AND UNCERTAINTIES**

The directors of Smiths Group plc manage the Smiths Group risks at a Group level, rather than at an individual business unit level. For this reason, the Company's director believes that a disclosure of the Company's risk would not be appropriate for an understanding of the activities of Smiths Aerospace Components-Burnley Limited. The principal risks and uncertainties of Smiths Group plc are disclosed in its annual report.

### **FINANCIAL RISK MANAGEMENT**

Financial risks are managed on a Group basis. See the financial instruments note in the annual report of Smiths Group plc for details of how the Group manages foreign exchange rate risks, interest rate risks, credit risks and liquidity risks.

### **KEY PERFORMANCE INDICATORS**

The directors of Smiths Group plc manage the Group's operations on a consolidated basis using divisional KPIs. For this reason, the Company's director believes that analysis using key performance indicators for the Company is not necessary or appropriate. The development, performance and position of Smiths Group plc is discussed in the Business Review section of the Group's Annual report which does not form part of this report.

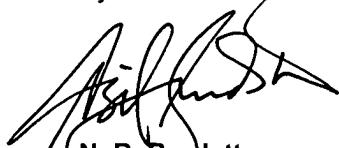

### **DIRECTOR**

The director who held office during the year is given below:

N. R. Burdett

The Company Secretary at 31 July 2014 was F. M. Gillespie.

By order of the Board

N. R. Burdett  
Director

27 April 2015

### **STATEMENT OF DIRECTOR'S RESPONSIBILITIES**

The director is responsible for preparing the Director's Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the director is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable him to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## **NOTES TO THE UNAUDITED ACCOUNTS FOR THE YEAR ENDED 31 JULY 2014**

### **1 ACCOUNTING POLICIES**

#### **Basis of preparation**

The accounts have been prepared in accordance with the Companies Act 2006 and all applicable accounting standards in the United Kingdom (UK GAAP).

These accounts have been prepared on a going concern basis and under the historical cost convention.

These accounts are presented in pounds sterling because that is the currency of the primary economic environment in which the Company operates.

#### **Financial assets**

Financial assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price used includes transaction costs unless the asset is being fair valued through the profit and loss account.

The classification of financial assets depends on the purpose for which the assets were acquired. Management determines the classification of an asset at initial recognition and re-evaluates their designation at each reporting date. Assets are classified as: loans and receivables; held to maturity investments; available-for-sale financial assets; or financial assets where changes in fair value are charged (or credited) to the profit and loss account.

The subsequent measurement of financial assets depends on their classification. Loans and receivables and held-to-maturity investments are measured at amortised cost using the effective interest method. Available-for-sale financial assets and financial assets where changes in fair value are charged (or credited) to the profit and loss account are subsequently measured at fair value. Realised and unrealised gains and losses arising from changes in the fair value of the 'financial assets at fair value through profit and loss' category are included in the profit and loss account in the period in which they arise. Unrealised gains and losses arising from changes in the fair value of non-monetary securities classified as available-for-sale are recognised in equity. When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments previously taken to reserves are included in the profit and loss account.

Financial assets are derecognised when the right to receive cash-flows from the assets has expired or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership.

#### **Current taxation**

Any tax arising on ordinary activities represents the amount received/paid for group relief in respect of tax losses surrendered/claimed in the current period.

#### **Deferred taxation**

Deferred tax is recognised in respect of timing differences that have originated but not reversed at the balance sheet date. Timing differences are the difference between the Company's taxable profits and its results as disclosed in the financial statements, arising from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax assets are recognised only when their recovery is considered probable.

Deferred tax is not discounted.
