Company Information

Director	Thyregod Jakob
Auditors	Deloitte LLP Statutory Auditor Saltire Court 20 Castle Terrace Edinburgh EH1 2DB United Kingdom
Bankers	Barclays Bank Level 11 One Churchill Place London E14 5HP United Kingdom
Registered office	Honeywell House Skimped Hill Lane Bracknell Berkshire RG12 1EB United Kingdom

Strategic Report for the Year Ended 31 December 2021

The director presents his report for the year ended 31 December 2021.

Principal activity

The principal activity of the company is to act as the holding company for its subsidiaries.

Review of the business and future developments

The loss for the financial year, after taxation, is £160,000 (2020: profit of £137,501,000). The loss of the financial year is driven by interest payable expenses above interest receivable income and the fact that in 2021 the company did not receive dividends compared with financial year 2020.

The company holds financial instruments measured at amortised cost and as such the impact of the COVID-19 was limited to the effect on the trading activity of the its subsidiaries. The company has reviewed its investment for indicators of impairment and has concluded that no impairment is necessary as a result of the COVID-19 pandemic.

The EU-UK Trade and Cooperation Agreement (Brexit deal) was signed on 30 December 2020 and is effective from 1 January 2021. As a holding company, the Brexit deal is not expected to have a significant impact on the future activities of the company however it will affect the principal risks and uncertainties as detailed in following paragraphs.

Further, there are no key performance indicators as the company did not trade during the financial year and is a holding company.

The director intends that the company will continue to operate as a holding company for its subsidiaries for the foreseeable future.

The company is in a net asset position and expects to remain so for the foreseeable future.

Financial risk management, objectives and policies

Interest rate risks

The company is exposed to interest rate risk arising out of amounts owed to/from group undertakings respectively. The exposures to interest rate risks have not been hedged as there is no net interest rate risk at group level on account of intra group loan balances.

Foreign currency risks

The impact of COVID-19 has resulted in increased volatility in foreign exchange rates thus exposing the company to increased foreign currency risks. This has been compounded by the effect of the Brexit deal on British Pound Sterling.

The company monitors and manages the foreign currency risk relating to the operations of the company, with the assistance of the treasury department of Honeywell International Inc.

Credit risks

The company does not have exposure to credit risk as there is no credit risk at the group level on account of intra group loans. Considering that we are receiving a guarantee letter from Honeywell International Inc. to support Inter-company balances, we do not foresee any credit risk.

Principal risks and uncertainties

As a holding company, the company is exposed to the value of its investments and the ability of its subsidiaries to generate surplus funds and pay dividends. The ultimate parent company actively manages the performance of its subsidiaries.

Strategic Report for the Year Ended 31 December 2021 (continued)

In December 2019, a novel strain of coronavirus ("COVID-19") was identified in Asia. Over the next several months, COVID-19 quickly spread across the world. In March 2020, the World Health Organization declared COVID-19 a worldwide pandemic. The outbreak of the COVID-19 has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown which could negatively impact the company's operations and adversely affect its business. As of December 31, 2021, the virus continues to spread and many countries are experiencing a resurgence in infection rates. Although vaccines have recently been made available, the availability and distribution of the vaccines continues to provide challenges. We remain cautious as many factors remain unpredictable, including the increasing rate of COVID-19 infections. We continue to monitor COVID-19 infection rates and acknowledge the risk of new surges in COVID-19 infections.

The global spread of COVID-19 creates significant volatility, uncertainty and economic disruption, which impacts our business, operations and financial results and may continue to do so. Honeywell's capabilities adapted towards addressing the COVID-19 challenges of our customers around the world. The enduring impact of the COVID-19 pandemic on business, operations and financial results will depend on numerous evolving factors that we may not be able to accurately predict, including: the duration, scope and severity of the pandemic; as well as the timing and availability of effective medical treatments and vaccines; governmental, business and individual decisions and actions; the impact of the pandemic on economic activity; and the extent to which we or our business partners may be prevented from conducting normal business activities due to shutdowns or other restrictive measures that may be requested or mandated by governmental authorities.

These factors are expected to impact the profitability of the company's subsidiaries. This may lead to a further decline in the fair value of its investments, owing to such reduction in its subsidiaries' profitability.

The COVID-19 pandemic continues to impact our business operations, and our customers' and suppliers' ability to operate at normal levels. Disruptions in normal operating levels continue to create supply chain disruptions and inflationary cost pressures within our end-markets. We anticipate supply chain constraints, and the inflationary environment will continue during 2022. As such, we implemented short-term and long term strategies to reduce the impact of current and future effects. During the first quarter of 2022, governments around the world removed many restrictions on businesses and the general public. We continue to operate our manufacturing sites at normal production levels. As of May 31, 2022, we have returned 100% of our non-manufacturing employees to the workplace on a flexible schedule (3 – 2). We continue to actively monitor regional COVID-19 outbreaks, and the related government restrictions and lockdown activities in the areas we operate. To date, the impacts of these actions have not been material.

On 23 June 2016, the UK held a referendum on the UK's continuing membership of the EU, the outcome of which was a decision for the UK to leave the EU (Brexit). The UK left the EU on 31 January 2020 and was in a transition period until 31 December 2020. The EU-UK Trade and Cooperation Agreement (Brexit deal) was signed on 30 December 2020 and is effective from 1 January 2021. The deal imposes additional rules and regulations to govern the transfer of goods and services between the United Kingdom and European Union. This may lead in future years to an increase in costs and administrative requirements and procedures of trading with the European Union. The implementation of the deal is also expected to impact macroeconomic factors such as exchange rates. A working group has been established by Honeywell International Inc. to monitor the trade deal and regulation and implement mitigating actions to respond to any changes.

The impact on the company, as a holding company, is limited to the effect on the company's subsidiaries and their ability to declare and pay dividends as well as macroeconomic factors, such as exchange rate and interest rate fluctuations, that are influenced by the deal and affect the environment in which the company operates.

The following statement describes how the director has had regard to the matters set out in section 172(1)(a) to (f) when performing his duty under section 172 of the Companies Act 2006.

When making decisions, the director ensures that they act in a way that they consider, in good faith, would most likely promote the company's success for the benefit of its members as a whole, and in doing so have regard (among other matters) to:

Strategic Report for the Year Ended 31 December 2021 (continued)

Section 172(1)		Overview of performance of statutory duties
(A)	The likely consequences of any decision in the long term	The director understands the business and the evolving environment in which we operate. The strategy followed by the board, and decisions taken to implement it, is intended to strengthen our position in the market place over the longer term.
(B)	The interests of the company's employees	Given the company is a holding company, there are no employees.
(C)	The need to foster the company's business relationships with suppliers, customers and others	The director recognises the importance of clear communication and proactive engagement with stakeholders. Comprehensive engagement enables informed decision making and is integral to the long-term success of the company. The director factors the implications of decisions on stakeholders, where relevant and feasible. Given the company is a holding company, there are no external suppliers or customers.
(D)	The impact of the company's operations on the community and the environment	<p>The director applies Honeywell International Inc's Sustainable Opportunity Policy which is based on the principle that by integrating health, safety and environmental considerations into all aspects of our business, Honeywell protects its people, communities and the environment; achieves sustainable growth and accelerated productivity; drives compliance with all applicable regulations; and develops technologies that expand the sustainable capacity of our world.</p> <p>This policy is deliberately and directly embedded into the group-wide operating system, a blueprint for continuous operational improvement. Endorsed annually by the Honeywell International Inc CEO and senior leadership, the policy is posted in every facility and communicated to all employees and contractors.</p>
(E)	The desirability of the company maintaining a reputation for high standards of business conduct	The director applies Honeywell International Inc's Code of Business Conduct which is designed to provide guidance on the Group's standards of Integrity and Compliance. By doing so the director helps to ensure that high standards are maintained both within the business and the business relationships we maintain.
(F)	The need to act fairly as between members of the company	By weighing up all relevant factors, the director considers which course of action best enables delivery of strategy through the long-term, taking into consideration the impact on stakeholders. The company had one shareholder in the current and prior year.

Strategic Report for the Year Ended 31 December 2021 (continued)

Principal decisions

Principal decisions, within the context of Section 172, are made within the context of the ultimate parent company Honeywell International Inc's group strategy and in accordance with policies and procedures set by Honeywell International Inc. During the year there were no principal decisions, within the context of Section 172 reporting, for the company to disclose.

Director

Director's Report for the Year Ended 31 December 2021

The director presents his report and the financial statements for the year ended 31 December 2021.

Business review and future developments

A review of the business of the company and future developments is included in the strategic report on page 2.

Results and dividends

The company's loss for the financial year, after taxation was £160,000 (2020: profit of £137,501,000) which will be transferred to reserves. The results for the financial year are shown on page 13.

Financial risk management, objectives and policies

The details of the financial risk management of the company are included in the strategic report on page 2.

Director of the company

The directors, who held office during the year, and up to the date of signing these financial statements, were as follows:

Thyregod Jakob (appointed 29 April 2021)

Turner Jonathan Michael (resigned 29 April 2021)

Director's indemnities

Pursuant to the company's articles of association, the directors were throughout the financial year ended 31 December 2021 and are at the date of this report entitled to a qualifying indemnity provision as defined in section 234 of the Companies Act 2006.

Disclosures concerning greenhouse gas emissions, energy consumption and energy efficiency

The company is exempt from the requirement to include Streamlined Energy and Carbon Reporting disclosures as it has consumed less than 40,000 kWh of energy from its activities during the year.

Going concern

The company's business activities, together with the factors likely to affect its future development and position, are set out in the strategic report.

The ultimate parent company, Honeywell International Inc. has indicated that it will provide financial support to the company for at least one year from the date of signing these financial statements. While considering the ability of the ultimate parent company to provide financial support, the director, has reviewed the 2021 and Q1 2022 operating results and financial performance of Honeywell International Inc. as well as representations and initiatives of Honeywell Executive Leadership. The director has further relied on forward looking assessments provided by Honeywell International Inc. under various possible COVID-19 scenarios, including rollout of the vaccine, and are satisfied that the ultimate parent company is in a position to provide the necessary financial support. As part of their consideration, the director has acknowledged the cost control measures already taken across Honeywell International Inc., the group's cash, cash equivalents and short term investments balance at 31 March 2022 of \$9.8 billion.

The director has a reasonable expectation that the company has adequate resources, including support from Honeywell International Inc. to continue in operational existence for the foreseeable future being a period of at least 12 months from the date of signing these financial statements.

The ongoing military conflict in Ukraine and the related sanctions targeted against the Russian Federation may have an impact on the European and global economy. The entity does not have any significant direct exposure to Ukraine, Russia or Belarus. At the date of these financial statements, the Company continues to meet its obligations as they fall due and therefore continues to apply the going concern basis of preparation.

Novar Limited
Registration number: 02262172

Director's Report for the Year Ended 31 December 2021 (continued)

Based on the circumstances described above, the financial statements are prepared on the assumption that the entity is a going concern.

Disclosure of information to the auditors

In the case of each of the persons who is a director at the time this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware; and
- the director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Events since the balance sheet date

There have been no material adjusting or disclosable events since the financial year end.

Independent auditor

Deloitte LLP have expressed their willingness to be reappointed for another term and appropriate arrangements have been put in place for them to be deemed reappointed as auditor in the absence of an Annual General Meeting.

Statement of Director's Responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 'Reduced Disclosure Framework'.

Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the director is required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable him to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Independent Auditor's Report to the Members of Novar Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Novar Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 December 2021 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice including Financial Reporting Standard 101 'Reduced Disclosure Framework'; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- profit and loss account;
- balance sheet;
- statement of changes in equity; and
- the related notes from 1 to 19.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 'Reduced Disclosure Framework' (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Independent Auditor's Report to the Members of Novar Limited (continued)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the company's industry and its control environment, and reviewed the company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management and internal audit about their own identification and assessment of the risks of irregularities.

We obtained an understanding of the legal and regulatory framework that the company operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included UK Companies Act 2006 and relevant tax legislation; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the company ability to operate or to avoid a material penalty.

We discussed among the audit engagement team regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

Independent Auditor's Report to the Members of Novar Limited (continued)

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud; and
- enquiring of management and external legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations.

Report on other legal and regulatory requirements**Opinion on other matter prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Director's Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and Director's Report have been prepared in accordance with applicable legal requirements.

In the light of our knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Director's Report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Novar Limited
Registration number: 02262172

Independent Auditor's Report to the Members of Novar Limited (continued)

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements for the Year Ended 31 December 2021

1 General information

Novar Limited is a private company limited by shares which is incorporated in United Kingdom under the Companies Act 2006 and is registered in England and Wales. The nature of the company's operations and its principal activities are set out in the strategic report on page 2.

The address of its registered office is:

Honeywell House
Skimped Hill Lane
Bracknell
Berkshire
RG12 1EB
United Kingdom

The immediate parent undertaking Honeywell Acquisitions Limited, a company incorporated in United Kingdom. The registered address of the parent is Honeywell House, Skimped Hill Lane, Bracknell, Berkshire, RG12 1EB, England, United Kingdom.

The financial statements contain information about the company as an individual company and do not contain consolidated financial information as parent of a group.

The company is exempt under section 401 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the financial statements of Honeywell International Inc., a company registered in the USA. Honeywell International Inc. is the company's ultimate parent company and controlling party, heading up the smallest and largest group to consolidate these financial statements. The registered office of the ultimate parent company is located at 300 South Tryon Street, Charlotte, NC 28202, USA. The financial statements of Honeywell International Inc. are publicly available and can be obtained from the internet at www.honeywell.com.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of preparation

The company meets the definition of a qualifying entity under FRS 100 'Application of Financial Reporting Requirements' issued by the FRC. Accordingly, these financial statements were prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

In preparing these financial statements, the company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

These financial statements are prepared on a going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006.

The company's financial statements are presented in Sterling and all values are rounded to the nearest thousand pounds (£000) except when otherwise indicated.

**Notes to the Financial Statements for the Year Ended 31 December 2021
(continued)**

2 Accounting policies (continued)**Summary of disclosure exemptions**

In these financial statements, as a qualifying entity, the company has taken advantage of the exemptions available under FRS 101 in respect of the following disclosures:

- IFRS 7 - 'Financial instruments: Disclosures';
- Paragraphs 91 to 99 of IFRS 13 - 'Fair value measurement' (disclosure of valuation techniques and inputs used for fair value measurement of assets and liabilities);
- Paragraph 38 of IAS 1 - 'Presentation of financial statements' (comparative information requirements in respect of):
 - paragraph 79(a)(iv) of IAS 1 (reconciliation of number of shares at the beginning and end of the period),
 - paragraph 17 of IAS 24 Related Party Disclosures (key management compensation)
- The following paragraphs of IAS 1 - 'Presentation of financial statements' (removing the requirement to present):
 - 10(d) (statement of cash flows),
 - 10(f) (a statement of financial position as at the beginning of the preceding period when an entity applies an accounting policy retrospectively or makes a retrospective restatement of items in its financial statements, or when it reclassifies items in its financial statements and 16 (statement of compliance with all IFRS),
 - 38A to 38D (requirement for minimum of two primary statements, including cash flow statements and additional comparative information), and
 - 40A to 40D, 111 (statement of cash flows information) and 134-136 (capital management disclosures) of IAS 1;
- IAS 7 - 'Statement of cash flows';
- Paragraphs 30 and 31 of IAS 8 - 'Accounting policies, changes in accounting estimates and errors' (requirement for the disclosure of information when an entity has not applied a new IFRS that has been issued but is not yet effective);
- The requirements in IAS 24, 'Related party disclosures' (to disclose related party transactions entered into between two or more members of a group);

Going concern

The company's business activities, together with the factors likely to affect its future development and position, are set out in the strategic report.

**Notes to the Financial Statements for the Year Ended 31 December 2021
(continued)****2 Accounting policies (continued)**

The ultimate parent company, Honeywell International Inc. has indicated that it will provide financial support to the company for at least one year from the date of signing these financial statements. While considering the ability of the ultimate parent company to provide financial support, the director has reviewed the 2021 and Q1 2022 operating results and financial performance of Honeywell International Inc. as well as representations and initiatives of Honeywell Executive Leadership. The director has further relied on forward looking assessments provided by Honeywell International Inc under various possible COVID 19 scenarios, including rollout of the vaccine and are satisfied that the ultimate parent company is in a position to provide the necessary financial support. As part of their consideration, the director has acknowledged the cost control measures already taken across Honeywell International Inc, the group's cash, cash equivalents and short term investments balance at 31 December 2021 of \$11.5 billion and 31 March 2022 of \$9.8 billion.

The director has a reasonable expectation that the company has adequate resources, including support from Honeywell International Inc. to continue in operational existence for the foreseeable future being a period of at least 12 months from the date of signing these financial statements.

The ongoing military conflict in Ukraine and the related sanctions targeted against the Russian Federation may have an impact on the European and global economy. The entity does not have any significant direct exposure to Ukraine, Russia or Belarus. At the date of these financial statements, the Company continues to meet its obligations as they fall due and therefore continues to apply the going concern basis of preparation.

The financial statements have been prepared on a going concern basis.

Based on the circumstances described above, the financial statements are prepared on the assumption that the entity is a going concern.

Changes in accounting policy**New standards, interpretations and amendments that are effective for the current year**

The following IFRS standards have been applied for the first time from 1 January 2021:

Amendments to IFRS 9 Financial Instruments, IAS 39 Financial Instruments: Recognition and Measurement, IFRS 7 Financial Instruments: Disclosures, IFRS 4 Insurance Contracts and IFRS 16 Leases – Interest Rate Benchmark Reform (Phase 2)

The amendments in Interest Rate Benchmark Reform — Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16) introduce a practical expedient for modifications required by the reform, clarify that hedge accounting is not discontinued solely because of the IBOR reform, and introduce disclosures that allow users to understand the nature and extent of risks arising from the IBOR reform to which the entity is exposed to and how the entity manages those risks as well as the entity's progress in transitioning from IBORs to alternative benchmark rates, and how the entity is managing this transition. These amendments had no impact on the financial statements of the company, which will apply the guidance to impacted transactions during the transition period. The company does not expect the adoption of this standard to have a material impact on the company's future financial statements.

**Notes to the Financial Statements for the Year Ended 31 December 2021
(continued)**

2 Accounting policies (continued)**Amendments to IFRS 16 Covid-19 Related Rent Concessions**

On 28 May 2020, the IASB issued Covid-19-Related Rent Concessions - amendment to IFRS 16 Leases. The amendments provide relief to lessees from applying IFRS 16 guidance on lease modification accounting for rent concessions arising as a direct consequence of the Covid-19 pandemic. As a practical expedient, a lessee may elect not to assess whether a Covid-19 related rent concession from a lessor is a lease modification. A lessee that makes this election accounts for any change in lease payments resulting from the Covid-19 related rent concession the same way it would account for the change under IFRS 16, if the change were not a lease modification.

The amendment applies to annual reporting periods beginning on or after 1 June 2020. Earlier application is permitted. This amendment had no impact on the financial statements of the company.

None of the other standards, interpretations and amendments effective for the first time from 1 January 2021 have had a material effect on the financial statements.

Dividend income

Dividend income is recognised when the shareholder's right to receive payment is established, that is on declaration of the dividend by the subsidiary.

Interest receivable

Interest receivable is recognised as interest accrues using the effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to its net carrying amount.

Interest payable

Interest payable is recognised using the effective interest rate method. In calculating interest payable, the effective interest rate is applied to the amortised cost of the liability.

Foreign currency transactions and balances

The company's financial statements are presented in Sterling, which is also the company's functional currency.

Transactions in foreign currencies are initially recorded in the entity's functional currency by applying the spot exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Taxation

The tax expense for the period comprises current tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

**Notes to the Financial Statements for the Year Ended 31 December 2021
(continued)**

2 Accounting policies (continued)

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements and on unused tax losses or tax credits in the company. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

Income tax is charged or credited to other comprehensive income if it relates to items that are charged or credited to other comprehensive income. Similarly, income tax is charged or credited directly to equity if it relates to items that are credited or charged directly to equity. Otherwise income tax is recognised in the profit and loss account.

Investments

Investments in subsidiaries are accounted for at cost less any provision for impairment. The value of investments is reviewed annually by the director or more frequently if there is a triggering event and provision made where the investment's carrying amount exceeds its recoverable amount. Impairment losses are recognised in the profit and loss account. Where an impairment loss subsequently reverses, the carrying amount of the investment is increased to the revised estimate of its recoverable amount, not to exceed the carrying amount that would have been determined had no impairment losses been recognised for the investment in prior years. A reversal of impairment loss is recognised immediately in the profit and loss account.

Financial instruments

A financial instrument is any contract that gives rise to a financial asset in one entity and a financial liability or equity instrument in another entity.

Initial recognition

Financial assets and financial liabilities comprise all assets and liabilities reflected in the balance sheet, although excluding tangible assets, investment properties, intangible assets, deferred tax assets, prepayments, deferred tax liabilities and employee benefits plan.

The company recognises financial assets and financial liabilities in the statement of financial position when, and only when, the company becomes party to the contractual provisions of the financial instrument.

Financial assets are initially recognised at fair value. Financial liabilities are initially recognised at fair value, representing the proceeds received net of premiums, discounts and transaction costs that are directly attributable to the financial liability.

All regular way purchases and sales of financial assets and financial liabilities classified as fair value through profit or loss ("FVTPL") are recognised on the trade date, i.e. the date on which the company commits to purchase or sell the financial assets or financial liabilities. All regular way purchases and sales of other financial assets and financial liabilities are recognised on the settlement date, i.e. the date on which the asset or liability is received from or delivered to the counterparty. Regular way purchases or sales are purchases or sales of financial assets that require delivery within the time frame generally established by regulation or convention in the market place.

Subsequent to initial measurement, financial assets and financial liabilities are measured at either amortised cost or fair value.

Notes to the Financial Statements for the Year Ended 31 December 2021 (continued)

2 Accounting policies (continued)

Classification and measurement

Financial instruments are classified at inception into one of the following categories, which then determine the subsequent measurement methodology:

Financial assets are classified into one of the following three categories:

- financial assets at amortised cost;
- financial assets at fair value through other comprehensive income (FVTOCI); or
- financial assets at fair value through the profit or loss (FVTPL).

Financial liabilities are classified into one of the following two categories:

- financial liabilities at amortised cost; or
- financial liabilities at fair value through the profit or loss (FVTPL).

The classification and the basis for measurement are subject to the company's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets, as detailed below:

Financial assets

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

If either of the above two criteria is not met, the financial assets are classified and measured at fair value through the profit or loss (FVTPL).

If a financial asset meets the amortised cost criteria, the company may choose to designate the financial asset at FVTPL. Such an election is irrevocable and applicable only if the FVTPL classification significantly reduces a measurement or recognition inconsistency.

Financial liabilities

All financial liabilities, other than those classified as financial liabilities at FVTPL, are measured at amortised cost using the effective interest rate method.

**Notes to the Financial Statements for the Year Ended 31 December 2021
(continued)**

2 Accounting policies (continued)**Derecognition****Financial assets**

The company derecognises a financial asset when;

- the contractual rights to the cash flows from the financial asset expire,
- it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred; or
- the company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset and the sum of the consideration received is recognised as a gain or loss in the profit or loss.

Any cumulative gain or loss recognised in OCI in respect of equity investment securities designated as FVTOCI is not recognised in profit or loss on derecognition of such securities. Any interest in transferred financial assets that qualify for derecognition that is created or retained by the company is recognised as a separate asset or liability.

The company enters into transactions whereby it transfers assets recognised on its statement of financial position, but retains either all or substantially all of risks and rewards of the transferred assets or a portion of them. In such cases, the transferred assets are not derecognised.

When the company derecognises transferred financial assets in their entirety, but has continuing involvement in them then the entity should disclose for each type of continuing involvement at the reporting date:

(a) The carrying amount of the assets and liabilities that are recognised in the entity's statement of financial position and represent the entity's continuing involvement in the derecognised financial assets, and the line items in which those assets and liabilities are recognised.

(b) The fair value of the assets and liabilities that represent the entity's continuing involvement in the derecognised financial assets;

(c) The amount that best represents the entity's maximum exposure to loss from its continuing involvement in the derecognised financial assets, and how the maximum exposure to loss is determined;

(d) The undiscounted cash outflows that would or may be required to repurchase the derecognised financial assets or other amounts payable to the transferee for the transferred assets.

Financial liabilities

The company derecognises a financial liability when its contractual obligations are discharged, cancelled, or expire.

**Notes to the Financial Statements for the Year Ended 31 December 2021
(continued)****2 Accounting policies (continued)****Impairment of financial assets***Measurement of Expected Credit Losses*

The company recognises loss allowances for expected credit losses (ECL) on financial instruments that are not measured at FVTPL, namely:

- Financial assets that are debt instruments
- Accounts and other receivables
- Financial guarantee contracts issued; and
- Loan commitments issued.

The company classifies its financial instruments into stage 1, stage 2 and stage 3, based on the applied impairment methodology, as described below:

Stage 1: for financial instruments where there has not been a significant increase in credit risk since initial recognition and that are not credit-impaired on origination, the company recognises an allowance based on the 12-month ECL.

Stage 2: for financial instruments where there has been a significant increase in credit risk since initial recognition but they are not credit-impaired, the company recognises an allowance for the lifetime ECL.

Stage 3: for credit-impaired financial instruments, the company recognises the lifetime ECL.

The company measures loss allowances at an amount equal to the lifetime ECL, except for the following, for which they are measured as a 12-month ECL:

- debt securities that are determined to have a low credit risk (equivalent to investment grade rating) at the reporting date; and
- other financial instruments on which the credit risk has not increased significantly since their initial recognition.

The company considers a debt security to have low credit risk when their credit risk rating is equivalent to the globally understood definition of 'investment grade'.

A 12-month ECL is the portion of the ECL that results from default events on a financial instrument that are probable within 12 months from the reporting date.

Provisions for credit-impairment are recognised in the statement of income and are reflected in accumulated provision balances against each relevant financial instruments balance.

3 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, which are described in note 2, the director is required to make judgements (other than those involving estimations) that have a significant impact on the amounts recognised and to make estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

**Notes to the Financial Statements for the Year Ended 31 December 2021
(continued)****3 Judgements and key sources of estimation uncertainty (continued)****Judgements**

There are no judgements that have a significant effect on amounts recognised in the financial statements.

Estimates and assumptions

In the process of applying the company's accounting policies, management has made the following estimates and assumptions, which have the most significant effect on the amounts recognised in the financial statements:

Impairment of investments

The investment in subsidiary undertakings is carried at cost and tested for impairment when indicators of potential impairment exist. The assessment of impairment involves estimation in relation to the value of the unquoted investment based on the net assets of the underlying investment and projected cash flows, wherever applicable. At the year end, the value of the investment was £990,560,000 (2020: £990,560,000). There was no impairment charge during the year (2020: £25,233,000). The effect of COVID-19 on the profitability of the company's subsidiaries has been considered in assessing the impairment analysis and any adjustment has been properly recorded in the company's books.

Impairment of financial assets

A letter of guarantee has been provided by the ultimate parent company, Honeywell International Inc. over financial assets at amortised cost receivable from fellow group companies, indicating that support will be given in order to settle these amounts should it be necessary. Accordingly, the company has not recognised a provision for expected credit loss on those balances.

4 Dividend income

	2021 £000	2020 £000
From subsidiaries		
Dividend from subsidiaries	<u>-</u>	<u>163,474</u>

5 Operating loss

Arrived at after charging/(crediting)

	2021 £000	2020 £000
Foreign exchange losses	<u>64</u>	<u>84</u>

6 Auditors' remuneration

Fees payable to the auditor, Deloitte LLP, amounted to £2,710 (2020: £2,700) for the audit of the financial statements. This cost was incurred by Honeywell Control Systems Limited, a fellow UK subsidiary of Honeywell International Inc., and it is not recharged to the company.

There are no non-audit services fees payable to the auditor (2020: £nil).

**Notes to the Financial Statements for the Year Ended 31 December 2021
(continued)****7 Employees and directors**

In 2021, the director (2020: the director) was remunerated by other group companies for their services to the group as a whole.

The company has no employees (2020: no employees).

Effect of income exempt from taxation	(1,434)	(32,493)
Effect of expenses not deductible in determining taxable profit (tax loss)	-	5,317
Group relief surrendered	<u>1,464</u>	<u>1,076</u>
Total tax charge/(credit)	<u>-</u>	<u>-</u>

**Notes to the Financial Statements for the Year Ended 31 December 2021
(continued)****10 Tax on (loss)/profit (continued)****Factors affecting tax charge for the financial year**

The Finance (No.2) Act 2015 reduced the main rate of UK corporation tax to 19%, effective from 1 April 2017. A further reduction in the UK corporation tax rate to 17% was expected to come into effect from 1 April 2020 (as enacted by Finance Act 2016 on 15 September 2016). However, legislation introduced in the Finance Act 2020 (enacted on 22 July 2020) repealed the reduction of the corporation tax, thereby maintaining the current rate of 19%. Deferred taxes on the balance sheet have been measured at 25% (2020:19%) which represents the future corporation tax rate that was enacted at the balance sheet date.

The UK Budget 2021 announcements on 3 March 2021 included measures to support economic recovery as a result of the ongoing COVID-19 pandemic. These included an increase to the UK's main corporation tax rate to 25%. The Finance Act 2021 reading on 24 May 2021 substantively enacted the increase, and, therefore, is considered effective at the balance sheet date for deferred tax re-measurement purposes.

Deferred tax

	2021 £000	2020 £000
Unrecognised deferred tax asset at 25% (2020: 19%)

Capital contribution

The capital contribution covers the amount of capital contribution received by the company from the parent company in the nature of equity.

17 Dividends paid

In 2021, the director do not recommend the payment of a dividend. In 2020, the director recommended and paid a dividend of £8,000,000 at a rate of £8,000,000 per ordinary share of £1.

18 Contingent liabilities

The company, with other Honeywell group companies in the UK, has provided a bank guarantee under a composite accounting agreement. Under this agreement, bank interest is calculated on the net group position after setting off positive and overdrawn cash balances. The maximum contingent liability under this agreement is the total of overdrawn balances held by group companies, amounting to £792,016,000 (2020: £494,085,000).

Positive cash balances held by the group exceeded overdrawn balances in 2021 and 2020.

19 Events after the balance sheet date

There have been no material adjusting or disclosable events since the financial year end.
