Rider Holdings Limited

Strategic report

The directors have pleasure in submitting their strategic report for the 52 week period ended 26 March 2022.

Principal activity

The company's principal activity is as a property holding company. The company receives rental income from other group companies.

Business review

As shown in the company's profit and loss account, the company has generated £1.1 million operating profit in the current period (2021: £1.1 million). Profit after tax was £0.7 million (2021: £0.8 million).

The balance sheet shows the company's financial position at the period end. Net assets have increased from £18.9 million to £19.6 million, due to the profit made in the period.

The key performance indicators for the company are net assets and operating profit, which have been discussed above. The company's directors believe that further key performance indicators for the company are not necessary or appropriate for an understanding of the development, performance or position of the business. FirstGroup plc ("the group") manages its operations on a divisional basis. The performance of the UK Bus Division of FirstGroup plc, which includes the company, and the key performance indicators for the group are discussed in the group's Annual Report which does not form part of this report. Details of where the group's Annual Report can be found are set out in note 15.

Future developments

The trading environment for the next 12 months is set to continue to be positive. The directors have no plans to change the *strategy of the company going forwards and remain confident that the company's activities will generate a satisfactory result in the coming period.*

Going concern

The company utilises working capital provided by the ultimate parent company, FirstGroup plc, which has provided the directors of the company with a letter confirming that it has the intention to make available such funds as may be required to enable the company to meet its obligations for a period of at least 12 months from signing the financial statements. The directors have made enquiries and understand that the ultimate parent company has adequate resources to be able to provide this financial support. This letter of support is conditional upon FirstGroup plc continuing to own the company.

The directors have prepared the financial statements on a going concern basis as they expect that adequate financing will be in place and that the company will continue to operate for the foreseeable future.

Principal risks and uncertainties

There are a number of potential risks and uncertainties that could have an impact on the company's long-term performance. The directors have established an ongoing process for identifying, evaluating and managing the significant risks and uncertainties faced by the company and continue to assess these on a regular basis in the light of internal and external events.

Specific business risks faced by the company include the following:

Legal and regulatory risk

The directors are aware of the continual change in laws and other regulations and the increasing costs of compliance. The directors conduct regular reviews of safety procedures, equipment specifications, employment requirements, environmental procedures, insurance coverage and other areas to ensure they are appropriate and operating effectively.

Directors' report

The directors have pleasure in submitting their annual report and financial statements for the 52 week period ended 26 March 2022.

Results and dividends

The results for the financial period are given in the profit and loss account.

No ordinary dividends were paid during the period (2021: £nil). The directors do not recommend the payment of a final dividend (2021: £nil).

Directors

The directors who held office throughout the period, and up to the date of this report, are as follows:

C Brown	
A S Jarvis	(Appointed 21 November 2022)
S D Pearson	(Resigned 21 November 2022)
D B Alexander	(Resigned 21 May 2021)

Directors' and officers' liability insurance

Directors' and officers' liability insurance is taken out by FirstGroup plc, the company's ultimate parent undertaking, for the benefit of the directors and officers of the company.

Strategic report

In accordance with the Companies Act 2006, section 414C(11) the directors have chosen to include details of future developments in the strategic report, rather than the directors' report.

Financial risk management objectives and policies

Credit risk

The company's principal financial assets are intercompany debtors. The directors do not consider there to be any risk associated with intercompany balances, as these are managed for the group as a whole by FirstGroup plc.

Due to the nature of the company's operations the directors do not consider there to be any other significant financial risks.

Directors' responsibilities statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Rider Holdings Limited

Notes to the financial statements

For the 52 week period ended 26 March 2022

1. Principal accounting policies

The accounting policies have been applied consistently throughout the current and preceding period.

General information and basis of preparation

Rider Holdings Limited is a private company limited by shares, incorporated in the United Kingdom under the Companies Act and registered in England and Wales. The company's registered office is Hunslet Park Depot, Donisthorpe Street, Leeds, West Yorkshire, LS10 1PL. The nature of the company's operations and its principal activities are set out in the strategic report.

The financial statements for the period ended 26 March 2022 include the results and financial position of the company for 52 weeks ended 26 March 2022.

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council.

The functional currency of Rider Holdings Limited is pounds sterling because that is the currency of the primary economic environment in which the company operates.

The company meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to it in respect of its financial statements. The company is consolidated in the financial statements of its ultimate parent, FirstGroup plc, which may be obtained at 395 King Street, Aberdeen, AB24 5RP. Exemptions have been taken in relation to share-based payments, presentation of a cash flow statement, intra-group transactions, key management personnel and financial instrument disclosures.

Group financial statements

Under the provisions of section 401 of the Companies Act 2006, and in accordance with paragraph 1.12 of Financial Reporting Standard 102, the company is exempt from preparing consolidated financial statements by virtue of the fact that the company is a subsidiary of another company which prepares group financial statements. The financial statements therefore present information about the company as an individual undertaking and not as a group.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost, net of depreciation and any provision for impairment.

Depreciation is provided to write off the cost less residual value of tangible fixed assets over their estimated useful economic lives as follows:

Freehold buildings	-	50 years straight-line
Other plant and equipment	-	3 to 15 years straight-line

No depreciation is provided on freehold land or the land element of long leasehold properties.

The property held by this company is leased to other FirstGroup plc entities.

The company took advantage of the transitional provisions of FRS 102 and retained the book amounts of certain freehold properties which were revalued prior to implementation of that standard. On the subsequent disposal or recognition of a provision for impairment of a revalued fixed asset, the revaluation surplus relating to this asset is transferred to the profit and loss account reserve. The difference in depreciation arising from the revalued amount and the cost is transferred from the other reserve to the profit and loss reserve on an annual basis.

Impairment of assets

Assets are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss.

An asset is impaired where there is objective evidence that, as a result of one or more events that occurred after initial recognition, the estimated recoverable value of the asset has been reduced. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

Where indicators exist for a decrease in impairment loss previously recognised, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised.

Rider Holdings Limited

Notes to the financial statements (continued) For the 52 week period ended 26 March 2022

1. Principal accounting policies (continued)

Investments

Fixed asset investments are shown at cost less provision for impairment.

Taxation

UK corporation tax is provided at amounts expected to be paid (or recovered) using tax rates and laws that have been enacted or substantively enacted by the balance sheet date. The taxation liability is reduced wholly or in part by the surrender of losses by group undertakings. The tax benefits arising from group relief are recognised in the financial statements of the surrendering undertaking.

The charge for taxation is based on the profit for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Financial instruments

The company only enters into basic financial instrument transactions that result in the recognition of balances due to and from related parties.

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instrument.

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

2. Critical accounting judgements and key sources of estimation uncertainty

In the process of applying the accounting policies which are described above, management has made the following judgments and estimates that have the most significant effect on the amounts recognised in the financial statements.

Critical accounting judgements

Impairment of tangible fixed assets

The carrying values of the company's fixed assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. Management consider the future plans for the company and fellow subsidiaries in determining whether there is a use for the asset in the future. If any indication of impairment exists, the recoverable amount of the asset is estimated. An impairment is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

The carrying value of the company's fixed assets is £13.0 million (2021: £13.2 million).

The directors do not consider there to be any key sources of estimations uncertainty.

3. Turnover

Turnover represents the amounts receivable for services supplied to other group companies during the period, including rental income. Turnover is recognised in the period in which the service is provided. The whole of the turnover derives from the company's principal activities within the United Kingdom.

4. Employee numbers and costs

Employee costs were £nil (2021: £nil) as the company had no employees during the current or previous period.

Rider Holdings Limited

Notes to the financial statements (continued) For the 52 week period ended 26 March 2022

5. Directors' remuneration

All the directors (2021: all) are employed by other FirstGroup companies, for which their apportioned qualifying services to the company total £nil (2021: £nil, as restated). It was previously not considered practicable to allocate total remuneration between services provided to those companies and services provided in their capacity as directors of Rider Holdings Limited. Based on more recent information available, the directors have taken the decision to apportion their qualifying services from the current year, and have restated prior year.

6. Profit before taxation

Profit before taxation is stated after charging / (crediting):

	52 weeks ended 26 March 2022 £000	52 weeks ended 27 March 2021 £000
Depreciation	225	225
Recharge of depreciation to other group companies	(225)	(225)

The company's other reserves are as follows:

The other reserve represents the surplus created when assets were revalued.

The profit and loss reserve represents cumulative profits and losses net of dividends paid and other adjustments.

15. Ultimate parent company

The company's immediate parent and controlling party is FirstGroup Holdings Limited.

The directors regard FirstGroup plc, a company incorporated in the United Kingdom and registered in Scotland, as the ultimate parent and controlling company, which is the smallest and largest group that includes the company's results and for which group financial statements are prepared.

Copies of the financial statements of FirstGroup plc can be obtained on request from 395 King Street, Aberdeen, AB24 5RP, which is the registered office of FirstGroup plc.
