This report has been prepared by Mark James Tobias Banfield and Zelf Hussain as Joint Administrators of the Companies, solely to comply with the Joint Administrators' statutory duty to report to creditors under IR16 on the progress of the administrations, and for no other purpose. It is not suitable to be relied upon by any other person, or for any other purpose, or in any other context.

This report has not been prepared in contemplation of it being used, and it is not suitable to be used, to inform any investment decision in relation to the debt of or any financial investment in the Companies.

Any estimated outcomes for creditors included in this report are illustrative only and cannot be relied upon as guidance as to the actual outcome for creditors. Any persons choosing to rely on this report for any purpose or in any context other than under IR16 do so at their own risk. To the fullest extent permitted by law, the joint administrators do not assume any liability in respect of this report to any such person. Please note you should read this report in conjunction with the joint administrators' previous reports issued to the Companies creditors, which can be found at

Mark James Tobias Banfield and Zelf Hussain have been appointed as joint administrators of the Companies to manage their affairs, business and property as its agents and act without personal liability. Both are licensed in the United Kingdom to act as insolvency practitioners by the Institute of Chartered Accountants in England and Wales. The Joint Administrators are bound by the Insolvency Code of Ethics which can be found at: <https://www.gov.uk/government/publications/insolvency-practitioner-code-of-ethics>

The Joint Administrators may act as controllers of personal data as defined by UK data protection law depending upon the specific processing activities undertaken. PricewaterhouseCoopers LLP may act as a processor on the instructions of the Joint Administrators. Personal data will be kept secure and processed only for matters relating to the Joint Administrators' appointment. Further details are available in the privacy statement on the PwC.co.uk website or by contacting the Joint Administrators.

Secured creditors

On appointment, the total value of the secured lending was £253.5m. The amount owing across the Group to the secured creditors continued to increase as a result of the ongoing interest accruals.

The debt due to the ABLs on appointment was £187.4m, secured by way of fixed and floating charges over the Group's assets. The ABLs held first ranking security (except in 1925) and following our appointment their debt plus interest was repaid in full by way of distributions from the companies in the P&H Group.

The Tobacco Companies held second ranking security over the Group's assets (subject to the security in 1925) and were owed £66.1m on appointment. To date distributions totalling £63.3m, from the companies in the P&H Group, have been made to the Tobacco Companies under the terms of their security.

While no further distributions will be made from the Companies, further distributions may be made from the remaining P&H Group companies, as such the anticipate the ultimate return to the Tobacco Companies is 92-100%.

Preferential creditors

The dividend paid to preferential creditors in each of the Companies was as follows:

- Snacksdirect – Dividend of 100 pence in £ paid on 21 December 2018.
- Sweetdirect – Dividend of 100 pence in £ paid on 21 December 2018.
- DVS – Dividend of 100 pence in £ paid on 21 December 2018.
- Holdings – There are no known preferential creditors.

Unsecured creditors

Snacksdirect, Sweetdirect and DVS - Payment of the prescribed part dividends to the unsecured creditors of DVS, Sweetdirect, and Snacksdirect were made as follows:

- Snacksdirect – Prescribed part dividend of 0.713 pence in the £ paid on 23 October 2020
- Sweetdirect – Prescribed part dividend of 1.336 pence in the £ paid on 23 October 2020
- DVS – Prescribed part dividend of 1.854 pence in the £ paid on 23 October 2020.

Holdings - There were no funds available to enable a distribution to its unsecured creditors.

What you need to do

This report is for your information and you don't need to do anything.

What happens next

The administration for each Company ends on 27 November 2020. In line with our proposals approved by creditors, on 23 November 2020 we filed notice of move from administration to dissolution. The Company will be dissolved three months after the notice has been registered by the Registrar of Companies. There being no further assets to realise or funds available for distribution to creditors this was considered the most appropriate way to bring the administration of the Companies to an end in the circumstances.

As resolved by the secured creditors and (where applicable) the preferential creditors, we will be discharged from liability in respect of any of our actions as Joint Administrators after we cease to act.

Why we were appointed

The Palmer & Harvey Group was the UK's largest wholesaler and distributor of grocery products, offering a range of chilled, frozen, ambient, alcohol, non-food, confectionery and tobacco products to retail multiples, convenience stores and petrol station forecourts.

The trading activity in the Palmer & Harvey Group was split into three divisions:

Wholesale (PHML): At the time of our appointment, PHML was the UK's largest delivered wholesaler to the UK convenience market. It had around 90,000 customers ranging from small local corner stores to the UK's largest supermarkets. It operated from a head office in Hove and a delivery network of 16 regional distribution centres which supplied up to 12,000 product lines.

The Wholesale business accounted for around 96% of Palmer & Harvey Group's revenue, with tobacco sales accounting for 74% of Wholesale sales in the year ended March 2017. However, non-tobacco sales generated 85% of Wholesale gross profit.

Vans (Direct, DVS, Sweetdirect and Snacksdirect): The Vans business was a distributor and seller of snacks, confectionery and soft drinks via a nationwide network of 42 depots serviced by c.320 vans and employing 416 people, with a head office in Sheffield. Its customer base consisted of c.23,000 convenience stores, group accounts and cash and carry stores, spread nationally and serviced by the depot and van network.

Retail (WS Retail Limited). WS Retail Limited operated a chain of over 100 convenience stores in the South and South West of England, trading under the 'Central Convenience' brand. WS Retail Limited (with around 1,300 employees) did not enter administration at the same time as the other group companies; instead an accelerated sale process was conducted in an attempt to rescue the business. WS Retail Limited was subsequently placed into administration on 15 December 2017.

The Vans business was linked to the Wholesale division of the Group as a number of its depots were based within larger properties which were also occupied by Wholesale, a number of supplier contracts were in the name of other Group companies and it was largely reliant on the Group's distribution network to replenish its stock levels.

In the year ended March 2017, the Vans business achieved a combined turnover of c.£100m with a marginally positive EBITDA.

Plc and Holdings were the ultimate and intermediate holding companies in the Group respectively. Their only known assets were investments in subsidiary companies and intercompany receivable balances. Both of these companies were included within the ABLs' security net. In addition, Plc had provided guarantees on certain operating contracts.

1925 was primarily a property holding company for the Palmer & Harvey Group. It owns the freehold to 10 sites. This company is also included in the ABLs' security net, although we understand that this security ranks behind other fixed charge security in favour of the pension scheme in respect of certain of these properties.

As detailed in our proposals, the Palmer & Harvey Group had failed to deliver budget for a number of years. Following poor financial performance and cash management challenges, the Group faced increasing financial pressure in early 2017.

In April 2017 the Palmer & Harvey Group agreed terms with its existing lenders, as well as its two significant suppliers to support the business and agreed to a revised financial arrangement. This allowed the Group to meet a debt repayment in April 2017 as well as making amendments to future debt repayments, covenants and other obligations. In conjunction with this agreement the Palmer & Harvey Group undertook several other actions, including starting a sales process in July 2017. A number of interested parties were approached and following indicative offers and initial due diligence, the Group's stakeholders entered negotiations with two parties.

On 27 October 2017, a non-binding memorandum of understanding was agreed between the Tobacco Companies and the prospective purchaser which would introduce significant funding into the Group. A period of exclusivity was granted by the Group during which, it was hoped, the transaction could be completed.

Unfortunately, the Group continued to face challenging trading conditions and uncertainty around the transaction, as well as associated adverse publicity during the autumn, which resulted in a number of the Group's suppliers applying standard payment terms to reduce their credit exposure. This created additional cash needs which were both sizable

and unsustainable. Despite lengthy and constructive discussions with stakeholders, efforts to restructure the Group and mitigate the significant cash flow pressures ultimately proved unsuccessful.

The Group faced an immediate liquidity need, which the Group's stakeholders were not prepared to fund. As such, the Companies were no longer able to meet their liabilities as and when they fell due. In the absence of securing additional committed ongoing funding or a sale to a third party, and in light of the ongoing poor financial performance, the directors of the Companies had no reasonable prospects of delivering a solvent solution for the Group. With no reasonable prospects of a solvent solution and the immediate cash need, the directors had no alternative but to appoint administrators to protect the interests of creditors. As a result, we were appointed as joint administrators of the Companies on 28 November 2017.

Asset realisation

After an initial review, we decided the most appropriate strategy was principally to mitigate the losses to the various classes of creditors, by:

- Collecting debts owed by customers;
- Securing and safeguarding large volumes of stock and facilitating its return to suppliers based on a commercial assessment of RoT claims;
- Seeking a purchaser for the Vans business;
- Locating, securing and arranging for the return of leased vehicles and other third party assets to their owners;
- Supporting redundant employees with processing claims against the RPS and engaging with JobCentre Plus and alternative employers looking to hire former employees;
- Selling any assets that were identified to be owned by the Companies, the proceeds of which would firstly be used to discharge the expenses of the administrations, with any amounts remaining being available to the creditors of the Companies in accordance with the statutory order of priority;
- Quickly assessing the likelihood of any premium value in the leasehold estate and returning leasehold properties to their landlords as soon as possible where no premium value is expected; and
- Securing the various sites and instructing agents to begin valuing and marketing the freehold properties.

Immediately on our appointment, we deployed a team across the c.60 locations to ensure that assets were secured and within our control, assets included:

- Outstanding debtor balances;
- Stock held on site;
- Companies' vehicles;
- Intellectual property and licenses;
- Plant machinery and equipment;
- Fixtures and fittings; and
- Cash held at the bank / on site.

The Vans business

At the time of our appointment, the Companies' vans (both owned and leased) were spread across the nationwide network of depots. There was a large amount of cash held that had been collected from customers prior to our appointment. A small number of owned vans and company cars with limited value were held by employees, along with mobile phones and other equipment, all with nil value, and we spent some time dealing with these assets.

Whilst the benefits of continuing to trade would be outweighed by the costs and risks, we were aware that the Vans business could be of interest to certain third parties, albeit for a nominal value, and we quickly explored this interest to see if any sale could be possible.

Employees of the Vans business were not made redundant immediately and were instead asked to temporarily stay at home whilst discussions with interested parties could be conducted. Staff had been paid up to the end of the month. Depot staff also ensured that cash and other assets were secured such that normal trading could be resumed at a later date, if possible.

Given the temporary suspension of trade, a rapid sale of the Vans business in its entirety was the primary objective of this team in the days following our appointment. This was considered to be the best strategy as it would generate value for creditors from the business itself, but also maximise the recovery of book debts with the potential assistance of an ongoing trading business, mitigate creditor claims by preserving jobs and could reduce the cost of the administrations (compared to a closure scenario) as there would be less depots, employees and assets to deal with.

A number of parties were contacted to discuss their intentions and there were 17 expressions of interest in some or all of the business. Some 13 non-disclosure agreements were signed by interested parties, three probable buyers were identified and within three days of our appointment, one party had made a firm offer for the Vans business.

As a condition of continuing the sale process and to protect the Vans administrations from the costs of keeping the business in a temporary holding position, the prospective purchaser agreed to make non-refundable payments of £60k per day, from the date of their offer until completion, or otherwise, of a sale. Unfortunately, the sale could not be completed as the prospective purchaser chose not to proceed and on 8 December 2017 we received formal confirmation that no deal would be agreed. A total of £300k was received in non-refundable deposits, and was used to discharge the ongoing liabilities of the administrations while trading was suspended.

Due to the lack of any funding being available and there being no alternative /credible purchaser for the business it was necessary to make all depot-based employees redundant on 8 December 2017. The strategy for the Vans companies then focussing on the clearance of premises, handing back third party assets and realising value from any owned assets.

Debtors

In accordance with the terms of the ABLs' security, following our appointment the Companies' book debts were assigned to the Security Agent. On appointment, book debts outstanding for the Vans business totalled £7.8m, including £3.3m in accrued income relating to commission and rebates from suppliers. During the administration debt collections of £3.58m were achieved, which included amounts recovered in respect of accrued supplier income. The remaining debts were subject to valid set off claims or were deemed irrecoverable.

Property

The Vans business operated from 44 sites throughout England, Wales and Scotland, with the property estate comprising:

- 29 leasehold properties registered to the Vans business;
- 5 depots held under short term licence arrangements; and
- 10 depots within properties occupied by the Wholesale division.

All of the leasehold Vans properties had been vacated and the keys returned to the landlord by the end of January 2018.

Owned vehicles, fixed assets, equipment & chattels

The Companies' assets (other than non-RoT stock, debtors and property) can be categorised into vehicle fleet, fixed assets, materials handling equipment and chattels. Most of the assets were leased but a proportion of the older assets were owned.

We agreed the sale of all the owned vans, IT software, equipment and other fixtures and fittings for a total consideration of £250k, this is shown on the receipts and payments account at Appendix B for Snacksdirect split between £160k in Motor Vehicles and £90k in Sale of IT equipment.

We appointed Hilco as agents to provide a valuation and assist with the sales strategy for c.220 owned vehicles.

The majority of the fleet of owned vehicles were HGVs. Hilco worked with FLAG (auctioneers) to manage the collection of the vehicles and their subsequent sale through an auction process in January 2018. The total realisations from the sale of vehicles at auction was £1.3m. This was split between PHML and Snacksdirect, with c£1.2m received into the administration of PHML and c£28k received into the administration of Snacksdirect.

Sundry debts and refunds, including a refund of £73k into Snacksdirect for a credit card facility, were received into the administrations totalling £102k, the split of this is shown on the receipts and payments account at Appendix B.

Retention of Title

Where RoT claims were submitted, a commercial assessment was made and suppliers were contacted by members of the operations team to arrange collection of their goods from the various distribution centres.

On 19 December 2017 we contacted RoT claimants advising of the location of their stock, according to company records, and asked them to collect it. In cases where collection was not going to be possible before depots were handed back to landlords, a further letter was sent on 22 December 2017 where we provided contact details for landlords so that suppliers could liaise directly in relation to collection of stock.

Bank interest

During the administrations, bank interest totalling £8k was received, a breakdown by company can be found on the receipts and payments account at Appendix B.

Holdings

As mentioned, Holdings was an intermediate holding company in the Group, its only known assets were investments in subsidiary companies and intercompany receivable balances. No realisations were achieved.

Creditors

Secured Creditors - Since our last progress report of May 2020, we paid distributions to the TCs under the terms of their floating charge security from Snacksdirect of £504k, Sweetdirect of £398k and DVS of £628k

Unsecured Creditors - We declared and paid the first and final prescribed part distributions on 23 October 2020 to unsecured creditors as follows:

Snacksdirect - Prescribed part dividend of 0.713 pence in the £, equating to a total distribution of £114k;

Sweetdirect - Prescribed part dividend of 1.336 pence in the £, equating to a total distribution of £103k; and

DVS - Prescribed part dividend of 1.854 pence in the £, equating to a total distribution of £160k.

For any creditor who has not yet cashed their dividend cheque, we will arranged for all unclaimed dividends to be paid over to the unclaimed dividend account, and those creditors will need to contact The Insolvency Services to claim their dividend. This can be done by emailing customerservices.EAS@insolvency.gov.uk or alternatively writing to The Insolvency Service, Estate Accounts and Scanning (EAS), Unclaimed Monies Team, Cannon House, PO Box 16652, Birmingham B2 2HR. Please note that The Insolvency Service may require creditors to provide proof of ID/confirm their details to claim any amount due to them held in the Unclaimed Monies Account.

No distributions were made to creditors of Holdings.

Approval of our proposals

We issued to creditors our proposals for achieving the purpose of administration dated 18 January 2018.

We said in our proposals that we thought the Companies did not have enough assets to pay a dividend to unsecured creditors other than, in certain circumstances from the prescribed part. This meant that we did not have to seek a decision from creditors regarding the approval of our proposals and our proposals would be treated as approved if creditors did not request a decision in the required manner. As creditors did not request a decision to be sought, our proposals were treated as approved on 1 February 2018. We attach a summary of our proposals at Appendix A.

Connected party transactions

We have a duty (under SIP13) to disclose any disposal of assets in the administrations to a director or other connected party, regardless of the nature or value of the assets concerned. We can confirm that no such transactions occurred during the administrations.

Investigations and actions

Nothing came to our attention during the administration to suggest that we needed to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and SIP 2.

Other matters

We fulfilled our duties as proper officers for tax during the administration and filed VAT and corporation tax returns for all relevant accounting periods and accounted for PAYE/NL. HMRC raised no queries on our returns and has confirmed that it has no objection to the administrations ending.

Our final receipts and payments account

We set out in Appendix B an account of our final receipts and payments in the administrations from 28 November 2017 to 23 November 2020.

Our expenses

We set out in Appendix C a statement of the final expenses that we incurred to the date covered by this report.

Our fees

We set out in Appendix D an update on our remuneration which covers our fees, disbursements and other related matters.

Pre-administration costs

As previously reported, we decided not to seek approval for payment of the unpaid pre-appointment costs detailed in our proposals.

Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 18.9 IR16. Any request must be in writing. Creditors can also challenge fees and expenses within eight weeks of receiving this report as set out in Rule 18.34 IR16. This information can also be found in the guide to fees at:

Yours faithfully

Zelf Hussain
Joint administrator

The Administrators made the following proposals for achieving the purpose of administration.

1. The Administrators will continue to manage and finance the Company's business, affairs and assets from the ABL funding. We may also investigate and, if appropriate, pursue any claims the Companies might have. We'll also do anything else we think appropriate to achieve the purpose of the administration or to protect and preserve the Companies' assets or to maximise realisations or for any other purpose incidental to these proposals.
2. In any case where a dividend may be likely, if we think the costs of agreeing claims and paying a prescribed part dividend will be disproportionate to the benefits, we can apply for a court order not to pay the prescribed part to unsecured creditors.
3. If necessary to achieve the objective of the administrations and complete our work, we may seek an extension to the period of some or all of the administrations (beyond the statutory period one year), by consent of the appropriate class(es) of creditor - most likely to be the secured (and preferential creditors where appropriate) - or by an order of the court.
4. The administrations may end at different times and in different ways, depending on when the objectives are achieved, when our work is complete and what the outcomes for creditors are:
 - a. As we don't think there will be any dividend to unsecured creditors we are expecting to file notices with the Registrar of Companies to end the administrations at the appropriate time, with the respective Companies being dissolved three months later. If there were any prescribed part dividends, these would be distributed before ending that administration.
 - b. In the very unlikely event that a dividend does become available in any of the Companies other than from the prescribed parts, we may put the relevant company into creditors' voluntary liquidation so that the liquidator can pay the dividend. If this happens, we propose that Matthew Boyd Callaghan, Ian David Green and Zelf Hussain are appointed as joint liquidators and that any act required or authorised to be done by the joint liquidators can be done by any or all of them. Creditors may, before these proposals are approved, nominate a different person or persons as liquidator(s), in accordance with Paragraph 83(7)(a) Sch B1 IA86 and Rule 3.60(6) IR16.
 - c. In any case, if we think that there are matters that should be conducted or investigated in a liquidation rather than in the administration, we may instead apply for a court order ending the administration and for the company to be wound up.
5. The Administrators shall be discharged from liability in respect of any action of theirs as Administrators at a time resolved by the secured creditors, or if a distribution has been or may be made to the preferential creditors, at a time set by the secured and preferential creditors, or at a time set by the court.
6. In accordance with legislation and obtaining formal approval in due course, it will be up to the creditors' committee to formally fix the basis of our fees and certain categories of disbursements. But if there's no committee, as the Administrators have stated that they think that the Company has insufficient property to enable a distribution to be made to non-preferential unsecured creditors other than by virtue of Section 176A IA86], it will be for the secured creditors and preferential creditors to determine these instead. If these classes of creditors or any committee do not fix the basis of our fees and disbursements, we may apply to the court to fix them not later than 18 months after the date of our appointment.

Our work since our last progress report

In the following table we provide more detail on the key areas of work completed in the period since our last progress report to 27 May 2020.

Strategy & planning	- Six monthly manager and appointee case progression reviews - Internal meetings & updates	To ensure case progression and monitoring costs	Ensures orderly progression of case and cost management
Creditors	- Liaising with creditors to provide updates and respond to queries - Adjudicating claims received from unsecured creditors - Declaring and paying the dividends to the unsecured creditors - Liaising with the secured creditors and paying a distribution.	To keep the creditors informed	Work done in anticipation of returning funds to creditors
Accounting & treasury	- Accounting for payments and receipts from the administration account - Bank reconciliations - Bank account closure	To manage the bank account	Ensures proper management of the funds held
Statutory & compliance	- Filing documents - Preparing and circulating the fifth progress report to creditors	To comply with statutory obligations	Required by statute / regulation
Employees & Pensions	- Responding to queries from employees - Adjudicating the unsecured employee claims of Snacksdirect, Sweetdirect and DVS	To keep employees informed	Required by statute
Tax & VAT	- Preparing and submitting the tax returns for Holdings - Preparing and submitting quarterly VAT returns - Deregistering the Companies for VAT & finalising the VAT position.	To comply with statutory obligations, pay tax and recover VAT which maximises realisations to creditors	Required by statute and ensures the maximum recovery of input VAT and appropriate payment of corporation tax, for the benefit of creditors

Payments to associates

We have not made any payments to associates in the period covered by this report.

Disbursements

We don't need to get approval to draw expenses or disbursements unless they are for shared or allocated services provided by our own firm, inc room hire, document storage, photocopying, communication facilities. These types of expenses are called "Category 2" disbursements and they must be directly incurred on the case, subject to a reasonable method of calculation and allocation and approved by the same party who approves our fees.

Our expenses policy allows for all properly incurred expenses to be recharged to the administration. Below is a summary of the disbursements incurred during the administration.

2	Photocopying - at up to 10 pence per sheet copied, only charged for circulars to creditors and other bulk copying	715.54	171.34	705.98	98.33
