Strategic report

For the year ended 31 December 2019

The Directors present their Strategic report and audited financial statements of Bank of Scotland Structured Asset Finance Limited (the "Company") for the year ended 31 December 2019.

Business overview

The Company is part of the Commercial Banking division of the Lloyds Banking Group plc group of companies ("the Group"), principally focused on meeting the needs of commercial clients through the provision of asset finance. Strategic direction is set by the Board, to ensure that the Company's interests and other charges fully reflect the risks associated with its principal activities, while remaining profitable.

The principal activity of the Company was the provision of asset finance to third parties through finance lease transactions and the holding of investments in subsidiary undertakings. The Company's business has remained consistent during the year and there have been no material changes to its operations.

The Company has one finance lease with a net book value of £102,596,000. Finance lease income of £4,565,000 was received in the year.

The investment in subsidiary undertakings did not change materially during the year. Three of the Company's subsidiary undertakings were dissolved during 2019. The carrying value of the subsidiaries dissolved in the year was £3.

Dividend income of £12,102,000 was received from the Company's subsidiary undertakings during the year through intercompany settlement. This is significantly less than the dividend income of £126,027,000 from the prior year and the Company's profit has decreased accordingly.

The financial performance of the Company is detailed in the Statement of comprehensive income on page 5.

Section 172(1) statement and statement of engagement with other stakeholders

In accordance with the Companies Act 2006 (the 'Act'), for the year ended 31 December 2019, the Directors provide the following statement describing how they have had regard to the matters set out in section 172(1) of the Act, when performing their duty to promote the success of the Company under section 172. Further details on key actions in this regard are also contained within the Directors' Report on pages 3 and 4.

In accordance with the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008, the following statement also provides details on how the Directors have engaged with, and had regard to, the interest of key stakeholders only as the Company has no direct employees. The Company is a subsidiary of Lloyds Banking Group plc ("LBG"), and as such follows many of the processes and practices of Lloyds Banking Group plc, which are further referred to in this statement where relevant.

- Customers

The Directors ensure the Company, as part of Lloyds Banking Group plc, actively manages customer products and in line with Lloyds Banking Group plc has a focus on treating customers fairly. The Directors have also worked to agree customer plans, regularly reviewing customer behaviour, customer pricing and repayment of customer loans, to understand areas where improvements can be made. Lloyds Banking Group plc regularly benchmarks amongst its customers the performance of itself and its subsidiaries, and uses this insight along with a range of internal and external research to ensure ongoing improvement in customer experience.

- Shareholders

The Company is a wholly owned subsidiary of Lloyds Banking Group plc, forming part of Lloyds Banking Group plc's Commercial Banking division. As a wholly owned subsidiary, the Directors ensure that the strategy, priorities, processes and practices of the Company are fully aligned where required to those of Lloyds Banking Group plc, ensuring that the interests of Lloyds Banking Group plc as the Company's sole shareholder are duly acknowledged. Further information in respect of the relationship of Lloyds Banking Group plc with its shareholders is included within the Strategic Report within the Lloyds Banking Group plc Annual Report and Accounts for 2019, which does not form part of this report, available on the Lloyds Banking Group plc website.

The Board receives updates on regulatory interaction as required. The approach of LBG, including that of the Company, to managing regulatory change is discussed further on page 11 of the LBG Annual Report and Accounts for 2019 available on the LBG website.

- Communities and the Environment

Due to its limited physical presence, the Company has a minimal direct impact on the community and the environment, it does however continue to support Lloyds Banking Group plc's related initiatives, including Helping Britain Prosper by actively managing its current leasing book. Further information in respect of Lloyds Banking Group plc's overall approach to engaging with and contributing to the communities in which it operates is included within the Strategic Report within the Lloyds Banking Group plc Annual Report and Accounts for 2019, which does not form part of this report. Additional information on Lloyds Banking Group plc's Helping Britain Prosper Plan is available on the Lloyds Banking Group plc website.

Strategic report (continued)

For the year ended 31 December 2019

Section 172(1) statement and statement of engagement with other stakeholders (continued)

- Suppliers

The Company's approach to external supplier management makes use of that of LBG, which works with around 3,100 active suppliers of varying sizes, most in professional services sectors such as IT, cyber, operations, management consultancy, legal, HR, marketing and communication. The supply chain is crucial to the way the Company and LBG serves its customers, and through it the reach is considerable.

LBG seek to improve the experience of suppliers, with feedback regularly sought on related assurance processes to ensure continued improvement in the process. Suppliers are also encouraged to express their satisfaction or otherwise, and have access to the LBG whistleblowing service.

In 2019 LBG's supplier expenditure was £5.9 billion, with 95.5 per cent of third party suppliers being located in the UK. Importance is placed on having the right supplier framework to operate responsibly. LBG's Sourcing & Supply Chain Management Policy applies to all businesses, divisions, and subsidiaries of LBG, including the Company. This Policy has been designed to assist in managing the inherent risk in outsourcing services, and in dealing with third party suppliers. Suppliers are required to adhere to relevant LBG policies and comply with LBG's Code of Supplier Responsibility which can be found on the LBG website. This defines expectations for responsible business behaviour, underpinning the efforts of the Company and LBG to share and extend good practice. All material contracts are subject to rigorous cost management governance with regular review of key supplier risks.

Principal risks and uncertainties

From the perspective of the Company, the principal risks and uncertainties are managed within the framework established for the Group and are not managed separately for the Company. Further details of the Company's and Group's risk management policy are contained in note 20 to the financial statements.

In the context of operational resilience, the Company has assessed the risks associated with the current global health issue Covid-19 and will continue to monitor the impacts. However, it is difficult at this stage to quantify risks and the degree to which they might crystallise. In addition, Covid-19 could have an adverse impact across risks including our credit portfolio, operational risk, capital, funding and liquidity.

Key performance indicators ("KPIs")

Given the straightforward nature of the business, the Company's directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the business.

Approved by the board of directors and signed on its behalf by:

C G Dowsett
Director

Directors' report

For the year ended 31 December 2019

The Directors present their Annual report and the audited financial statements of Bank of Scotland Structured Asset Finance Limited ("the Company") for the year ended 31 December 2019.

General information

The Company is a private company limited by shares, incorporated and domiciled in England and Wales, United Kingdom (registered number: 02279167).

Business review

During the year, the principal activity of the Company was the leasing of assets through finance lease transactions and the holding of investments in subsidiary undertakings, this is likely to continue for the foreseeable future.

The results of the Company show a profit before taxation of £12,821,000 (2018: £126,493,000) for the year as set out in the Statement of comprehensive income on page 5.

The Company has shareholder's equity of £126,655,000 (2018: £185,177,000).

The Company is funded entirely by other companies within the Group.

Future outlook

The Company is part of the wider Lloyds Banking Group, and, at that level, consideration of many of the potential implications following the UK's vote to leave the European Union ("EU") has been undertaken. Work continues to assess the impact of EU exit at the level of the Lloyds Banking Group, as well as for the Company, upon customers, colleagues and products. This assessment includes all legal, regulatory, tax, finance and capital implications.

Employees

The Company has no direct employees (2018: nil). All staff are employed by other group undertakings and no staff costs are recharged to the Company.

Dividends

In December 2019 a dividend of £71,200,000 was paid to the Company's parent (2018: £nil).

Directors

The current directors of the Company are shown on the front cover.

There have been no changes to directors between the beginning of the reporting year and the approval of the Annual report and financial statements.

No director had any interest in any material contract or arrangement with the Company during or at the end of the year.

Going Concern

The financial statements have been prepared on a going concern basis. There is a net asset position of £126,655,000 (2018: £185,177,000).

The Company is covered by the letter of support from the Group dated 19 February 2020 that covers Bank of Scotland plc, and all its subsidiaries, which confirms that any additional liabilities will be borne by the ultimate parent company if required.

As a result, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly they continue to adopt the going concern basis in preparing the Annual report and financial statements.

Information included in the Strategic report

The disclosures for Principal risks and uncertainties and Key performance indicators that would otherwise be required to be disclosed in the Directors' report can be found in the Strategic report on pages 1 and 2.

Directors' report (continued)

Directors' indemnities

Lloyds Banking Group plc has granted to the Directors of the Company, a deed of indemnity through deed poll which constituted 'qualifying third party indemnity provisions' for the purposes of the Companies Act 2006. The deed was in force during the whole of the financial year and at the date of approval of the financial statements. The indemnity remains in force for the duration of a Director's period of office. The deed indemnifies the Directors to the maximum extent permitted by law. The Deed for existing Directors is available for inspection at the registered office of Lloyds Banking Group plc. In addition, the Group has in place appropriate directors and officers liability insurance cover which was in place throughout the financial year.

Statement of directors' responsibilities

The Directors are responsible for preparing the Annual report and financial statements in accordance with applicable law and regulation.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have prepared the financial statements in accordance with International Financial Reporting Standards ("IFRSs") as adopted by the European Union. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
 - state whether applicable IFRSs as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements;
 - make judgements and accounting estimates that are reasonable and prudent; and
 - prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the Company will continue in business.
- The Directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006.

Statement of disclosure of information to auditors

In accordance with Section 418 of the Companies Act 2006, in the case of each director in office at the date the Directors' report is approved:

- so far as the director is aware, there is no relevant audit information of which the Company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Independent auditors

PricewaterhouseCoopers LLP are deemed to be re-appointed as auditors under section 487(2) of the Companies Act 2006.

Notes to the financial statements

For the year ended 31 December 2019

1. Basis of preparation

These financial statements have been prepared in accordance with applicable IFRSs as adopted by the European Union and the Companies Act 2006 applicable to companies reporting under IFRSs. IFRSs comprise accounting standards prefixed IFRS issued by the International Accounting Standards Board ("IASB") and those prefixed IAS issued by the IASB's predecessor body, as well as interpretations issued by the IFRS Interpretations Committee ("IFRS IC") and its predecessor body.

The financial information has been prepared under the historical cost convention. As stated below, the directors consider that it is appropriate to adopt the going concern basis in preparing the financial statements.

In preparation of these financial statements the Balance sheet has been arranged in order of liquidity.

The following new IFRS pronouncement relevant to the Company has been adopted in these financial statements:

- (i) IFRS 16 'Leases' replaces IAS 17 'Leases' and addresses the classification and measurement of all leases. The Company's accounting as a lessor under IFRS 16 is substantially unchanged from its approach under IAS 17; however for lessee accounting there is no longer a distinction between finance and operating leases.

For all assets the lessee recognises a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use. Assets and liabilities arising from a lease are initially measured on a present value basis. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be determined, or the lessee's incremental borrowing rate. Lease payments are allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. Payments associated with leases with a lease term of 12 months or less and leases of low-value assets are recognised as an expense in profit or loss on a straight-line basis.

Details of those pronouncements which will be relevant to the Company but which were not effective at 31 December 2019 and which have not been applied in preparing these financial statements are given in note 21. No standards have been early adopted.

The financial statements have been prepared on a going concern basis. There is a net asset position of £126,655,000 (2018: £185,177,000).

The Company is covered by the letter of support from the Group dated 19 February 2020 that covers Bank of Scotland plc, and all its subsidiaries, which confirms that any additional liabilities will be borne by the ultimate parent company if required.

As a result, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly they continue to adopt the going concern basis in preparing the Annual report and financial statements.

2. Accounting policies

The Company's accounting policies are set out below. These accounting policies have been applied consistently.

2.1 Investments

Investment in subsidiary undertakings

Investment in subsidiary undertakings is stated in the Balance sheet at cost less any provision for impairment.

Investment in subsidiary undertakings is reviewed for impairment losses at the end of each period and whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised in the Statement of comprehensive income for the amount by which the carrying amount of the asset exceeds its recoverable amount, which is the higher of an asset's net realisable value and value in use. For the purposes of assessing impairment, investments are grouped at the lowest level at which cash flows are separately monitored by management.

Notes to the financial statements (continued)

For the year ended 31 December 2019

2. Accounting policies (continued)

2.1 Investments (continued)

These separate financial statements contain information about Bank of Scotland Structured Asset Finance Limited as an individual company and do not contain consolidated financial information as the parent of a group. The Company has taken advantage of the exemption under IAS 27 (revised), 'Consolidated and separate financial statements', from the requirement to prepare consolidated financial statements as it and its subsidiaries are included by full consolidation in the consolidated financial statements of its parent, Lloyds Banking Group plc.

2.2 Income recognition

Income and expense from financial instruments

Interest income and expense are recognised in the Statement of comprehensive income for all interest bearing financial instruments using the effective interest rate method. The effective interest rate method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or interest expense to a period of account. The effective interest rate is the rate that discounts the estimated future cash payments or receipts over the expected life of the instrument to the net carrying amount of the financial asset or financial liability.

Once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is recognised on the net lending balance using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

Lease classification

Lease agreements are classified as finance leases if the lease agreements transfer substantially all of the risks and rewards of ownership to the lessee; all other leases are classified as operating leases.

When assets are leased under a finance lease, the net present value of the lease payments plus any guaranteed residual value payments, where applicable, is recognised as a receivable within finance lease receivable. The difference between the gross receivable and the present value of the receivable is recognised as unearned finance lease income.

Finance lease income

Finance lease income is recognised over the lease term using the net investment method so as to reflect a constant periodic rate of return on the Company's net investment in the lease. Initial direct incremental costs attributed to negotiating and arranging the lease are included in the initial measurement of the finance lease receivable thus reducing the amount of income recognised over the lease term.

When calculating the effective interest rate, the future cash flows are estimated after considering all the contractual terms of the agreement but not future credit losses. The calculation includes all amounts received or paid by the Company that are an integral part of the overall return such as acceptance and, where relevant, early settlement fees as well as direct incremental transaction costs related to the acquisition, issue or disposal of a financial instrument and all other premiums or discounts.

Finance costs

Interest expense for all interest bearing financial instruments is recognised in the Statement of comprehensive income as it accrues, within finance costs.

2.3 Financial assets and liabilities

Financial assets comprise Amounts due from group undertakings. Financial liabilities comprise Amounts due to group undertakings.

On initial recognition, financial assets are measured at fair value. These are subsequently classified as measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss, depending on the Company's business model for managing the financial assets and whether the cash flows represent solely payments of principal and interest. The Company assesses its business models at a portfolio level based on its objectives for the relevant portfolio, how the performance of the portfolio is managed and reported, and the frequency of asset sales. The Company reclassifies financial assets when and only when its business model for managing those assets changes.

Notes to the financial statements (continued)

For the year ended 31 December 2019

2. Accounting policies (continued)

2.3 Financial assets and liabilities (continued)

A reclassification will only take place when the change is significant to the Company's operations and will occur at a portfolio level and not for individual instruments; reclassifications are expected to be rare.

Financial assets are derecognised when the contractual right to receive cash flows from those assets has expired or when the Company has transferred its contractual right to receive the cash flows from the assets and either: substantially all of the risks and rewards of ownership have been transferred; or the Company has neither retained nor transferred substantially all of the risks and rewards, but has transferred control.

Financial liabilities are derecognised when the obligation is discharged, cancelled or expires.

2.4 Impairment of financial assets and lease receivables

The impairment charge in the Statement of comprehensive income includes the change in expected credit losses. Expected credit losses are recognised for financial assets and finance lease receivables. Expected credit losses are calculated as an unbiased and probability-weighted estimate using an appropriate probability of default, adjusted to take into account a range of possible future economic scenarios, and applying this to the estimated exposure of the Company at the point of default after taking into account the value of any collateral held, repayments, or other mitigants of loss and including the impact of discounting using the effective interest rate.

At initial recognition, allowance is made for expected credit losses resulting from default events that are possible within the next 12 months (12-month expected credit losses). In the event of a significant increase in credit risk, allowance is made for expected credit losses resulting from all possible default events over the expected life of the financial instrument (lifetime expected credit losses). Financial assets where 12-month expected credit losses are recognised are considered to be Stage 1; financial assets which are considered to have experienced a significant increase in credit risk are in Stage 2; and financial assets which have defaulted or are otherwise considered to be credit impaired are allocated to Stage 3.

An assessment of whether credit risk has increased significantly since initial recognition considers the change in the risk of default occurring over the remaining expected life of the financial instrument. The assessment is unbiased, probability-weighted and uses forward-looking information consistent with that used in the measurement of expected credit losses. In determining whether there has been a significant increase in credit risk, the Company uses quantitative tests based on relative and absolute probability of default (PD) movements linked to internal credit ratings together with qualitative indicators such as watch lists and other indicators of historical delinquency, credit weakness or financial difficulty. However, unless identified at an earlier stage, the credit risk of financial assets is deemed to have increased significantly when more than 30 days past due. Where the credit risk subsequently improves such that it no longer represents a significant increase in credit risk since initial recognition, the asset is transferred back to Stage 1.

Assets are transferred to Stage 3 when they have defaulted or are otherwise considered to be credit impaired. Default is considered to have occurred when there is evidence that the customer is experiencing financial difficulty which is likely to affect significantly the ability to repay the amount due. IFRS 9 contains a rebuttable presumption that default occurs no later than when a payment is 90 days past due. The Company uses this 90 day backstop for all its products.

The Company has not adopted the simplified expected credit loss model for its lease receivables, as allowed by IFRS 9, paragraph 5.5.15. Instead, the general expected credit loss model has been applied to financial assets and lease receivables.

2.5 Cash and cash equivalents

For the purposes of the Cash flow statement, cash and cash equivalents comprise cash and amounts due from banks with original maturities of less than three months.

2.6 Foreign currency translation

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in pounds sterling, which is the Company's functional and presentation currency.

2.7 Taxation, including deferred income taxes

Tax expense comprises current and deferred tax. Current and deferred tax are charged or credited in the Statement of comprehensive income except to the extent that the tax arises from a transaction or event which is recognised, in the same or a different period, outside the Statement of comprehensive income (either in other comprehensive income, directly in equity, or through a business combination), in which case the tax appears in the same statement as the transaction that gave rise to it.

Current tax is the amount of corporate income taxes expected to be payable or recoverable based on the profit for the period as adjusted for items that are not taxable or not deductible, and is calculated using tax rates and laws that were enacted or substantively enacted at the Balance sheet date.

Notes to the financial statements (continued)

For the year ended 31 December 2019

2. Accounting policies (continued)

2.7 Taxation, including deferred income taxes (continued)

Current tax includes amounts provided in respect of uncertain tax positions when management expects that, upon examination of the uncertainty by Her Majesty's Revenue and Customs (HMRC) or another tax authority, it is more likely than not that an economic outflow will occur. Provisions reflect management's best estimate of the ultimate liability based on their interpretation of tax law, precedent and guidance, informed by external tax advice as necessary. Changes in facts and circumstances underlying these provisions are reassessed at each Balance sheet date, and the provisions are re-measured as required to reflect current information.

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Balance sheet. Deferred tax is calculated using tax rates and laws that have been enacted or substantively enacted at the Balance sheet date, and which are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax liabilities are generally recognised for all taxable temporary differences but not recognised for taxable temporary differences arising on investments in subsidiaries, associates and joint arrangements where the reversal of the temporary difference can be controlled and it is probable that the difference will not reverse in the foreseeable future. Deferred tax liabilities are not recognised on temporary differences that arise from goodwill which is not deductible for tax purposes.

Deferred tax assets are recognised to the extent it is probable that taxable profits will be available against which the deductible temporary differences can be utilised, and are reviewed at each Balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are not recognised in respect of temporary differences that arise on initial recognition of assets and liabilities acquired other than in a business combination. Deferred tax is not discounted.

2.8 Share capital

Shares are classified as equity when there is no obligation to transfer cash or other assets. Incremental costs directly attributable to the issue of equity instruments are shown in equity as a deduction from the proceeds, net of tax. Dividends on ordinary shares are recognised as a reduction in equity in the period in which they are paid.

3. Critical accounting estimates and judgements

The preparation of the Company's financial statements in accordance with IFRS requires management to make judgements, estimates and assumptions in applying the accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Due to the inherent uncertainty in making estimates, actual results reported in future periods may be based upon amounts which differ from those estimates. Estimates, judgements and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

In the course of preparing the financial statements, no critical judgements have been made in the process of applying the Company's accounting policies, other than those involving estimations which are disclosed separately below.

The following are critical accounting estimates that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

Deferred tax

Estimation of income taxes includes the assessment of recoverability of deferred tax assets. Deferred tax assets are only recognised to the extent they are considered more likely than not to be recoverable based on existing tax laws and forecasts of future taxable profits against which the underlying tax deductions can be utilised.

Allowance for impairment losses

The Company recognises an allowance for expected credit losses for finance lease receivables. At 31 December 2019 the Company's expected credit loss allowance was £21,000 (31 December 2018: £18,000), of which £21,000 (31 December 2018: £18,000) was in respect of drawn balances.

The calculation of the Company's expected credit loss (ECL) allowances under IFRS 9 requires the Company to make a number of judgements, assumptions and estimates. The most significant are set out below.

Notes to the financial statements (continued)

For the year ended 31 December 2019

3. Critical accounting estimates and judgements (continued)

Allowance for impairment losses (continued)

- Definition of default

The probability of default ("PD") of an exposure, both over a 12 month period and over its lifetime, is a key input to the measurement of the ECL allowance. Default has occurred when there is evidence that the customer is experiencing significant financial difficulty which is likely to affect the ability to repay amounts due.

- Lifetime of an exposure

The PD of a financial asset is dependent on its expected life. A range of approaches, segmented by product type, has been adopted by the Company to estimate a product's expected life. These include using the full contractual life and taking into account behavioural factors such as early repayments and lease extensions. Changes to the assumed expected lives of the Company's assets could have a material effect on the ECL allowance recognised by the Company.

- Significant increase in credit risk

Performing assets are classified as either Stage 1 or Stage 2. An ECL allowance equivalent to 12 months expected losses is established against assets in Stage 1; assets classified as Stage 2 carry an ECL allowance equivalent to lifetime expected losses. Assets are transferred from Stage 1 to Stage 2 when there has been a significant increase in credit risk (SICR) since initial recognition.

The Company uses a quantitative test together with qualitative indicators to determine whether there has been a SICR for an asset. Financial assets and lease receivables are assumed to have suffered a SICR if they are more than 30 days past due.

4. Investment income	2019	2018
	£'000	£'000
Dividend income	12,102	126,027
Investment income	12,102	126,027

A dividend of £12,102,000 (£6,051,000 per share) was received during the year from subsidiary undertaking Nordic Leasing Limited.

In the prior year, dividends of £125,442,000 (£125,442,000 per share) and £585,000 (£585,000 per share) were received during the year from subsidiary undertakings Halifax Leasing (September) Limited and Halifax Leasing (June) Limited respectively.

5. Finance income	2019	2018
	£'000	£'000
Finance lease income	4,565	4,640
Interest receivable from other group undertakings	1,664	982
Finance income	6,229	5,622

Finance lease income represents the income component of finance lease receivables earned in the year, being finance lease rentals less capital repayment.

6. Finance costs	2019	2018
	£'000	£'000
Interest payable to other group undertakings	5,503	5,206
Finance costs	5,503	5,206

Notes to the financial statements (continued)

For the year ended 31 December 2019

7. Impairment (charge)/recovery

	2019 £'000	2018 £'000
Impairment (charge)/recovery of finance lease receivables	(3)	3
Impairment (charge)/recovery	(3)	3

8. Administration expenses

	2019 £'000	2018 £'000
Professional fees and other related expenses	30	17
Administration expenses	30	17

9. Other income

	2019 £'000	2018 £'000
Other income	26	-
	26	-

Amounts due to group undertakings of £26,000 (2018: £nil) were written back to Statement of comprehensive income in the current year.

10. Profit before tax

Fees payable to the Company's auditors for the audit of the financial statements of £7,500 (2018: £7,500) have been borne by the ultimate parent Company and are not recharged to the Company.

The Company has no employees (2018: nil).

The Directors, who are considered to be key management, received no remuneration in respect of their services to the Company. The emoluments of the Directors are paid by a fellow Group undertaking on behalf of the ultimate parent, Lloyds Banking Group plc, which makes no recharge to the Company. The Directors are also directors of a number of other subsidiaries of the Group and are also substantially engaged in managing their respective business areas within the Group. Given this, it is not possible to make an accurate apportionment of Directors' emoluments in respect of their services to each of the subsidiaries. Accordingly, these financial statements include no emoluments in respect of the Directors.

11. Taxation

	2019 £'000	2018 £'000
a) Analysis of charge for the year		
UK corporation tax:		
- Current tax payable on taxable profit for the year	(143)	(84)
Current tax charge	(143)	(84)
UK deferred tax:		
- Origination and reversal of timing differences	-	1
Deferred tax credit (see note 17)	-	1
Tax charge	(143)	(83)

Corporation tax is calculated at a rate of 19.00% (2018: 19.00%) of the taxable profit for the year.

Notes to the financial statements (continued)

For the year ended 31 December 2019

11. Taxation (continued)

b) Factors affecting the tax charge for the year

A reconciliation of the charge that would result from applying the standard UK corporation tax rate to the profit before tax to the actual tax charge for the year is given below:

	2019 £'000	2018 £'000
Profit before tax	12,821	126,493
Tax charge thereon at UK corporation tax rate of 19.00% (2018: 19.00%)	(2,436)	(24,034)
Factors affecting charge:		
- Disallowed items	(6)	6
- Non taxable items	2,299	23,945
Tax charge on profit on ordinary activities	(143)	(83)
Effective rate	(1.12%)	(0.07%)

12. Amounts due from group undertakings

	2019 £'000	2018 £'000
Cash at bank	899	1,844
Bank deposits	242,263	224,862
Interest receivable	352	250
Amounts due from fellow subsidiary undertakings	2,477	2,476
At 31 December	245,991	229,432

Bank deposits of £242,263,000 (2018: £224,862,000) are unsecured, interest bearing and payable on maturity. For further details please refer to note 19.

Interest receivable of £352,000 (2018: £250,000) is unsecured, non interest bearing and payable on maturity. For further details please refer to note 19.

All other balances within amounts due from group undertakings of £3,376,000 (2018: £4,320,000) are unsecured, non interest bearing and payable on demand. For further details please refer to note 19.

13. Finance lease receivables

	2019 £'000	2018 £'000
Gross investment in finance leases	102,617	104,389
Allowance for losses	(21)	(18)
Net investment in finance leases	102,596	104,371

Notes to the financial statements (continued)

For the year ended 31 December 2019

13. Finance lease receivables (continued)

	Stage 1 £'000	Stage 2 £'000	Stage 3 £'000	Total £'000
Balance at 1 January 2019	104,389	-	-	104,389
Exchange and other adjustments	-	-	-	-
Transfers to Stage 1	-	-	-	-
Transfers to Stage 2	-	-	-	-
Transfers to Stage 3	-	-	-	-
Net decrease in finance lease receivables	(1,772)	-	-	(1,772)
Gross investment in finance leases at 31 December 2019	102,617	-	-	102,617
Allowance for impairment losses	(21)	-	-	(21)
Net investment in finance leases at 31 December 2019	102,596	-	-	102,596

	Stage 1 £'000	Stage 2 £'000	Stage 3 £'000	Total £'000
Balance at 1 January 2018	105,651	-	-	105,651
Exchange and other adjustments	-	-	-	-
Transfers to Stage 1	-	-	-	-
Transfers to Stage 2	-	-	-	-
Transfers to Stage 3	-	-	-	-
Net decrease in finance lease receivables	(1,262)	-	-	(1,262)
Gross investment in finance leases at 31 December 2018	104,389	-	-	104,389
Allowance for impairment losses	(18)	-	-	(18)
Net investment in finance leases at 31 December 2018	104,371	-	-	104,371

The gross investment in finance leases represents amounts recoverable as follows:

	2019 £'000	2018 £'000
Gross investment in finance leases, receivable:		
Not later than 1 year	7,284	6,829
Later than 1 year and not later than 2 years	9,459	9,009
Later than 2 years and not later than 3 years	9,932	9,459
Later than 3 years and not later than 4 years	10,429	9,932
Later than 4 years and not later than 5 years	10,950	10,429
Later than 5 years	109,797	120,747

	157,851	166,405
Unearned future finance income on finance leases	(55,255)	(62,034)
Net investment in finance leases	102,596	104,371

The net investment in finance leases represents amounts recoverable as follows:

	2019 £'000	2018 £'000
Not later than 1 year	-	-
Later than 1 year and not later than 2 years	3,009	2,405
Later than 2 years and not later than 3 years	4,343	3,009
Later than 3 years and not later than 4 years	4,488	3,712
Later than 4 years and not later than 5 years	5,326	4,488
Later than 5 years	85,430	90,757
Net investment in finance leases	102,596	104,371

The fair value of the Company's finance lease receivables at 31 December 2019 is estimated at £97,251,000 (2018: £98,289,000).

Notes to the financial statements (continued)

For the year ended 31 December 2019

14. Allowance for impairment losses

Analysis of movement in the allowance for impairment losses by stage:

	Stage 1 £'000	Stage 2 £'000	Stage 3 £'000	Total £'000
Year ended 31 December 2019				
<i>In respect of drawn balances</i>				
At 1 January 2019	18	-	-	18

15. Investment in subsidiary undertakings

	2019 £'000	2018 £'000
At beginning of the year	3,610	3,610
Disposals during the year	-	-
At the end of the year	3,610	3,610

During the year, the Company's subsidiary undertakings; Kanto Leasing Limited, Seaspray Leasing Limited and Ocean Leasing (No. 2) Limited were dissolved. The Company's investment in subsidiary undertakings was reduced by the carrying value of £3.

The subsidiary undertakings of the Company for the year ended 31 December 2019, all of which are registered in England and Wales are listed below:

Company name	Ownership & Voting (%)	Class of shares	Accounting reference date	Nature of business
Barents Leasing Limited *	100	Ordinary	31/03/2019	Cash management
Halifax Leasing (March No. 2) Limited *	100	Ordinary	31/03/2019	Leasing
Halifax Leasing (June) Limited **	100	Ordinary	30/06/2019	In liquidation
Ocean Leasing (July) Limited **	100	Ordinary	31/07/2019	In liquidation
Tranquillity Leasing Limited *	100	Ordinary	22/08/2019	Cash management
Halifax Leasing (September) Limited *	100	Ordinary	30/09/2019	Cash management
Bank of Scotland LNG Leasing (No.1) Limited **	100	Ordinary	31/12/2019	In liquidation
BOSSAF Rail Limited *	100	Ordinary	31/12/2019	Cash management
Chariot Finance Limited **	100	Ordinary	31/12/2019	In liquidation
Nordic Leasing Limited *	100	Ordinary	31/12/2019	Leasing
Pacific Leasing Limited *	100	Ordinary	31/12/2019	Leasing
Seabreeze Leasing Limited *	100	Ordinary	31/12/2019	Cash management
Seaspirit Leasing Limited *	100	Ordinary	31/12/2019	Cash management

Notes to the financial statements (continued)

For the year ended 31 December 2019

15. Investment in subsidiary undertakings (continued)

The registered offices of the subsidiary undertakings are as noted below:

	Registered address
*	25 Gresham Street, London, EC2V 7HN
**	1 More London Place, London, SE1 2AF

16. Amounts due to group undertakings

	2019 £'000	2018 £'000
Bank borrowings	166,229	85,708
Interest payable	3,448	3,475
Amounts due to fellow subsidiary undertakings	32,450	32,534
Amounts due to parent undertakings	8,910	16,073
Tax payable	143	84
At 31 December	211,180	137,874

Bank borrowings of £166,229,000 (2018: £85,708,000) are unsecured, interest bearing and repayable on maturity. For further details please refer to note 19.

Interest payable of £3,448,000 (2018: £3,475,000) is unsecured, non interest bearing and repayable on maturity. For further details please refer to note 19.

All other balances within amounts due to group undertakings of £41,503,000 (2018: £48,619,000) are unsecured, non interest bearing and payable on demand.

17. Deferred tax liability

The movement in the Deferred taxation liability is as follows:

	2019 £'000	2018 £'000
At 1 January	14,362	14,366
Transition to IFRS 9	-	(3)
At 1 January under IFRS 9	14,362	14,363
Deferred taxation credit for the year	-	(1)
At 31 December	14,362	14,362

The deferred tax credit in the Statement of comprehensive income comprises the following temporary differences:

	2019 £'000	2018 £'000
Accelerated capital allowances	-	(1)
Deferred tax credit	-	(1)
Deferred taxation liabilities are comprised as follows:	2019 £'000	2018 £'000
Accelerated capital allowances	14,362	14,362
Total deferred taxation liabilities	14,362	14,362

Notes to the financial statements (continued)

For the year ended 31 December 2019

17. Deferred tax liability (continued)

The Finance Act 2016 reduced the main rate of corporation tax to 17% with effect from 1 April 2020. This reduction was superseded by The Finance Act 2020 which was enacted on 22 July 2020, and maintained the main rate of corporation tax at 19% with effect from 1 April 2020. Had this rate change been substantively enacted at 31 December 2019, the effect would have been to increase net deferred tax liabilities by £1,690,000.

18. Share capital

	2019 £	2018 £
Allotted, issued and fully paid		
2 ordinary shares of £1 each	2	2

The Company's objectives when managing capital are to safeguard the entity's ability to continue as a going concern, provide an adequate return to its shareholder through pricing products and services commensurately with the level of risk and, indirectly, to support the Group's regulatory capital requirements.

The Company's parent manages the Company's capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company's parent may adjust the amount of dividends to be paid to the shareholder, return capital to the shareholder, issue new shares, or enter into debt financing.

The Company's capital comprises all components of equity, movements in which appear in the Statement of changes in shareholder's equity.

19. Related party transactions

The Company's immediate parent company is Bank of Scotland plc. The Company regarded by the Directors as the ultimate parent company and ultimate controlling party is Lloyds Banking Group plc, a limited liability company incorporated and domiciled in Scotland, which is also the parent undertaking of the largest group of undertakings for which group financial statements are drawn up and of which the Company is a member. Lloyds Bank plc is the parent company of the smallest such group of undertakings. Copies of the group financial statements may be downloaded via www.lloydsbankinggroup.com.

The Company's related parties include other companies in the Group and the Company's key management personnel. Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Company, which is determined to be the Company's directors, who are listed on the cover of these financial statements.

A summary of the outstanding balances at the year end and the related income and expense for the year are set out below.

				2019 £'000	2018 £'000
Amounts due from group undertakings					
Nature of transaction	Related party	Repayment	Interest		
Cash at bank	Bank of Scotland plc	No fixed date	N/A	899	1,844
Bank deposits	Bank of Scotland plc	15/01/2020	0.685%	242,263	224,862
Amounts due from subsidiary undertakings	Various	No fixed date	N/A	2,477	2,476
Interest receivable	Bank of Scotland plc	15/01/2020	N/A	352	250
Total amounts due from group undertakings (note 12)				245,991	229,432

Notes to the financial statements (continued)

For the year ended 31 December 2019

19. Related party transactions (continued)

				2019 £'000	2018 £'000
Amounts due to group undertakings					
Nature of transaction	Related party	Repayment	Interest		
Bank borrowings	Bank of Scotland plc	15/01/20 and 25/03/32	0.706% to 5.337%	166,229	85,708
Interest payable	Bank of Scotland plc	15/01/20 and 25/03/32	N/A	3,448	3,475
Amounts due to subsidiary undertakings	Various	No fixed date	N/A	32,450	32,534
Amounts due to parent undertakings	Bank of Scotland plc	No fixed date	N/A	8,910	16,073
Tax payable	Bank of Scotland plc	No fixed date	N/A	143	84
Total amounts due to group undertakings (note 16)				211,180	137,874
Finance income					
Interest receivable	Bank of Scotland plc			1,664	982
Dividend income	Nordic Leasing Limited			12,102	126,027
Finance costs					
Interest payable	Bank of Scotland plc			5,503	5,206

There were no doubtful debts relating to the above balances incurred during the year.

Amounts due to group undertakings of £26,000 (2018: £nil) were written back to Statement of comprehensive income in the current year.

Bank borrowings are interest bearing and during the year rates of interest of between 0.67% and 5.34% (2018: 0.38% and 5.34%) were charged.

The Company earned interest on bank deposits on which interest rates of between 0.59% and 0.83% (2018: between 0.28% and 0.71%) were received.

The Company paid taxation of £84,000 (2018: £68,000 received) during the year to fellow subsidiary undertakings.

The registered offices of related parties are noted below:

Related party	Registered address
Bank of Scotland plc	The Mound, Edinburgh, EH1 1YZ
Nordic Leasing Limited	25 Gresham Street, London, EC2V 7HN

20. Financial risk management

The Company's operations expose it to credit risk, liquidity risk, market risk and interest rate risk and foreign exchange risk. Responsibility for the control of overall risk lies with the Board of directors, operating within a management framework established by Lloyds Banking Group, and the ultimate parent, Lloyds Banking Group plc.

20.1 Credit risk

Credit risk is the risk that a counterparty will be unable to pay amounts in full when due. The credit risk associated with finance leases and trade receivables is managed through the application of strict underwriting criteria, determined by the Group's credit committee and credit functions. Significant credit exposures are measured and reported on a regular basis. Impairment provisions are provided for losses expected to be incurred at the Balance sheet date, using the basis of assessment discussed in note 1.

Notes to the financial statements (continued)

For the year ended 31 December 2019

20. Financial risk management (continued)

20.1 Credit risk (continued)

Credit risk mitigation

- Credit principles and policy: Group Risk sets out the group credit principles and policy according to which credit risk is managed, which in turn is the basis for divisional and business unit credit policy. Principles and policy are reviewed regularly and any changes are subject to a review and approval process. Business unit policy includes lending guidelines, which define the responsibilities of lending officers and provide a disciplined and focused benchmark for credit decisions.
- Concentration risk: Credit risk management includes portfolio controls on certain industries, sectors and product lines that reflect risk appetite and which operate at a divisional level. Credit policy is aligned to risk appetite and restricts exposure to certain high risk and more vulnerable sectors. At a divisional level, exposures are monitored to prevent excessive concentration of risk. These concentration risk controls are not necessarily in the form of a maximum limit on lending but may instead require new business in concentrated sectors to fulfil additional hurdle requirements.
- Stress testing and scenario analysis at a divisional level: The credit portfolio is also subjected to stress testing and scenario analysis, to simulate outcomes and calculate their associated impact.

Maximum credit exposure

The maximum exposure to credit risk arising on the Company's financial assets at the reporting date is disclosed in the table below and equates to carrying value.

	2019 £'000	2018 £'000
Amounts due from group undertakings	245,991	229,432
Finance lease receivables	102,617	104,389
	348,608	333,821

The credit risk associated with Amounts due from group undertakings is not considered to be significant.

Credit quality of finance lease receivables

The analysis of lending has been prepared based on the division in which the asset is held; with the business segment in which the exposure is recorded reflected in the ratings system applied. All probabilities of default (PDs) include forward-looking information and are based on 12 month values, with the exception of credit impaired.

	Grade	IFRS 9 PD%
Good quality	1 - 10	0.00 - 0.50
Satisfactory quality	11 - 14	0.51 - 3.00
Lower quality	15 - 18	3.01 - 20.00
Below standard, but not impaired	19	20.01 - 99.99
Credit impaired	20 - 23	100
	2019 £'000	2018 £'000
Stage 1		
Good quality	102,617	104,389
Satisfactory quality	-	-
Lower quality	-	-
Below standard, but not impaired	-	-

Stage 2		
Good quality	-	-
Satisfactory quality	-	-
Lower quality	-	-
Below standard, but not impaired	-	-
	-	-

Notes to the financial statements (continued)

For the year ended 31 December 2019

20. Financial risk management (management)

20.1 Credit risk (continued)

Stage 3

Credit-impaired

	-	-
	-	-
Total	102,617	104,389

20.2 Liquidity risk

Liquidity risk is the risk that the Company is unable to meet its obligations as they fall due.

The Company is funded entirely by companies within the Group.

The liquidity profile of financial liabilities at the year end was as follows:

As at 31 December 2019

	On demand £'000	Up to 1 month £'000	1-3 months £'000	3-12 months £'000	1-5+ years £'000	Total £'000
Bank borrowings	-	83,268	-	-	82,960	166,228
Other payables	41,362	27	-	143	3,420	44,952
	41,362	83,295	-	143	86,380	211,180

As at 31 December 2018

	On demand £'000	Up to 1 month £'000	1-3 months £'000	3-12 months £'000	1-5+ years £'000	Total £'000
Bank borrowings	-	85,708	-	-	-	85,708
Other payables	48,691	3,475	-	-	-	52,166
	48,691	89,183	-	-	-	137,874

20.3 Interest rate risk

Interest rate risk is the risk that the future cash flows and fair values of a financial instrument may fluctuate because of changes in market interest rates.

Based on the Balance sheet carrying values a +/- 25 basis point change in interest rates will increase/reduce finance income by £606,000 (2018: £562,000) and finance costs by £208,000 (2018: £214,000).

20.4 Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Exposure to foreign currency fluctuations arises due to its financial assets and liabilities being denominated in foreign currencies.

At the year end, if the currency had fluctuated by +/- 25 basis points against the USD, with all other variables held constant, post tax profit would have changed by an insignificant amount primarily due to assets denominated in USD.

Notes to the financial statements (continued)

For the year ended 31 December 2019

20. Financial risk management (management)

20.4 Foreign currency risk

Foreign currency risk - carrying amount

	2019 \$'000	2018 \$'000
Amounts due from group undertakings	501	501
Financial assets	501	501

At the year end, if the currency had fluctuated by +/- 25 basis points against the EUR, with all other variables held constant, post tax profit would have changed by an insignificant amount primarily due to assets/liabilities denominated in EUR.

Foreign currency risk - carrying amount

	2019 €'000	2018 €'000
Amounts due from group undertakings	503	503
Financial assets	503	503

	2019 €'000	2018 €'000
Amounts due to group undertakings	789	789
Financial liabilities	789	789

21. Future developments

The following pronouncement is not applicable for the year ending 31 December 2019 and has not been applied in preparing these financial statements. Save as disclosed below, the impact of these accounting changes is still being assessed by the Company and reliable estimates cannot be made at this stage.

With the exception of certain minor amendments, as at the date of signing these financial statements these pronouncements have been endorsed by the EU.

Minor amendments to other accounting standards

The IASB has issued a number of minor amendments to IFRSs effective 1 January 2020 (including IAS 1 Presentation of Financial Statements). These amendments are not expected to have a significant impact on the Company.

22. Contingent Liability

The Company provides for potential tax liabilities that may arise on the basis of the amounts expected to be paid to tax authorities. This includes open matters where Her Majesty's Revenue and Customs (HMRC) adopt a different interpretation and application of tax law which might lead to additional tax. The Group has an open matter in relation to a claim for group relief of losses incurred in its former Irish banking subsidiary, which ceased trading on 31 December 2010. In 2013 HMRC informed the Group that their interpretation of the UK rules, permitting the offset of such losses, denies the claim; if HMRC's position is found to be correct management estimate that this would result in an increase in current tax liabilities for the Company of approximately £43,327,000 (including interest). The Group does not agree with HMRC's position and, having taken appropriate advice, does not consider that this is a case where additional tax will ultimately fall due.

Notes to the financial statements (continued)

For the year ended 31 December 2019

23. IFRS 16

IFRS 16 replaces the provisions of IAS 17 that relate to leases. IFRS 16 eliminates the distinction between leases as either operating leases or finance leases for a lessee. Instead all leases are treated in a similar way to finance leases applying IAS 17.

The Company has adopted IFRS 16 Leases from 1 January 2019 and elected to apply the standard retrospectively with the cumulative effect of initial application being recognised at that date; comparative information has therefore not been restated. Comparative information was prepared in accordance with IAS 17.

As at the Balance sheet dates 31 December 2018 and 31 December 2019 the Company is the lessor and as such there has been no impact on the presentation or disclosure of its leases.

The Company has conducted an analysis of the changes and does not consider there to be any significant impact of applying IFRS 16 to the financial statements.

24. Events since the Balance sheet date

Since the Balance sheet date there has been a global pandemic from the outbreak of Covid-19 which is causing widespread disruption to financial markets and normal patterns of business activity across the world, including the UK. The Directors assess this event to have no impact on the financial position of the Company.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF BANK OF SCOTLAND STRUCTURED ASSET FINANCE

Report on the audit of the financial statements

Opinion

In our opinion, Bank of Scotland Structured Asset Finance Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2019 and of its profit and cash flows for the year then ended;
- have been properly prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the balance sheet as at 31 December 2019; the statement of comprehensive income, the cash flow statement, the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 31 December 2019 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF BANK OF SCOTLAND STRUCTURED ASSET FINANCE LIMITED (CONTINUED)

Strategic Report and Directors' Report (continued)

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities set out on page 4, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.
