**Statement of directors' responsibilities in respect of the directors' report and the financial statements**

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

**Notes**

*(forming part of the financial statements)*

**1. Principal accounting policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial information.

**Basis of accounting**

The financial statements have been prepared under the historical cost convention and in accordance with applicable UK accounting standards.

**Going concern**

The company's business activities, together with the factors likely to affect its future development and position, are set out in the Business Review section of the Directors' report.

The company participates in the Carillion plc group's centralised treasury arrangements and so shares banking arrangements with its parent and fellow subsidiaries. The directors, having assessed the responses of the directors of the company's ultimate parent Carillion plc to their enquiries have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the Carillion group to continue as a going concern or its ability to continue with the current banking arrangements. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue, although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Based on this undertaking the directors believe that it remains appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustments that would result in the basis of preparation being inappropriate.

**Cash flow statement**

Under FRS 1 the company is exempt from the requirement to prepare a cash flow statement on the grounds that Carillion plc, the company's ultimate parent undertaking, includes the company's cash flows in its own published consolidated cash flow statement.

**Taxation**

The charge for taxation is based on the result for each year and takes into account deferred taxation. Deferred tax assets or liabilities arise from timing differences between the recognition of gains and losses in the financial statements and their recognition in the tax computation which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19. Liabilities are calculated on a non-discounted full provision basis. Assets are calculated on the same basis, but are recognised only to the extent that it is probable that they will be recovered.

Notes (continued)

**2. Operating result**

The audit fee for the year ended 31 December 2014 was borne by Carillion Construction Limited, a fellow group subsidiary.

Fees paid to the company's auditor, KPMG LLP and its associates, for services other than the statutory audit of the company are not disclosed in these financial statements since the consolidated financial statements of the company's parent, Carillion plc, are required to disclose non-audit fees on a consolidated basis.

**3. Directors' remuneration**

The directors, who are the only employees of the company, have neither received nor waived any remuneration during the year (2013: £nil).

**4. Interest receivable and similar income**
