Notes

(forming part of the financial statements)

1 Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the period and the preceding period.

Basis of accounting and preparation

The financial statements are prepared under the historical cost convention and in accordance with applicable United Kingdom accounting standards.

The Company is also exempt from the requirement of FRS1 to include a cash flow statement as part of its financial statements because the Company is a wholly owned subsidiary and the consolidated financial statements in which the subsidiary undertaking is included are publicly available.

Classification of financial instruments issued by the company

Financial instruments issued by the company are treated as equity (i.e., forming part of shareholders' funds) only to the extent that they meet the following two conditions:

- a) they include no contractual obligations upon the Company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the Company; and
- b) where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the Company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the Company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges. Finance payments associated with financial instruments that are classified as part of shareholders' funds (see dividends policy) are dealt with as appropriations in the reconciliation of movements in shareholders' funds.

4 Ultimate parent company

The directors regard ARAMARK, a company incorporated in the state of Delaware, USA, as the ultimate parent company and the ultimate controlling party.

The largest and smallest Group in which the Company is a member and for which financial statements are drawn up is that headed by ARAMARK. Copies of the financial statements for ARAMARK may be obtained from ARAMARK Tower, 1101 Market Street, Philadelphia, PA 19107, USA.

As a subsidiary undertaking of ARAMARK, the Company has taken advantage of the exemption in FRS8 "Related party disclosures" from disclosing transactions with other members of the Group headed by ARAMARK.
