#### 1. Accounting policies

#### 1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

#### 1.2. Turnover

Turnover comprises the total value of rents receivable by the company.

#### 1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Land and buildings

Straight line over thirty three years

Motor vehicles

25% straight line basis

#### 1.4. Leasing

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

#### 1.5. Deferred taxation

Full provision is made for taxation deferred as a result of material timing differences between the incidence of income and expenditure for accounting and taxation purposes.
