Amshold Group Limited

Strategic report

The directors present their Strategic report of Amshold Group Limited (the Group and Company) for the year ended 30 June 2014

This strategic report has been prepared for the Group as a whole and therefore gives greater emphasis to those matters which are significant to Amshold Group Limited and its subsidiary undertakings when viewed as a whole

Change of name

On 19 July 2013 the Company changed its name from Amshold Holdings Limited to Amshold Group Limited. The Company is incorporated and domiciled in the United Kingdom.

Principal activities

The principal activity of the Group is property trading and investment together with the provision of management services.

Reorganisation of business

During the previous financial year the groups of companies ultimately controlled by Lord Sugar were restructured to form three new separate groups. As a result of this restructuring Amshold Group Limited became the new ultimate parent company of one of these three new groups, "the property group".

The discontinued operations sold in the previous financial year were Amscreen PLC, Viglen Technology Limited, Amsair Limited, and Amstar Media Limited together with their respective subsidiaries. These are disclosed as discontinued operations in the financial statements.

Business review

The Group continues to advance and develop its portfolio of properties.

After completing the sale of a property in Oxford Street and the subsidiary Amsprop Southbank Limited, the Group generated close to £200m of cash from which it has invested £94.5m in properties during the year. Since 30 June 2014 the Group has invested a further £57.1m on two properties in Central London which it believes will offer mid to long term growth opportunities.

From existing cash reserves the Group has committed to spend £32m to fund and complete the refurbishment, conversion and redevelopment of three prime iconic freehold sites that it has historically owned in Central London. This capital investment injection into these properties will significantly lift both the revenue streams and net asset value of the Group. It is expected the first of these projects will complete in November 2014 and the others around June 2015 and August 2016 respectively.

With a strong and stable management team and with its internal cash resources the Group is very well positioned to continue to actively acquire viable real estate propositions that it feels will further enhance its portfolio.

The Group considers its key performance indicator of the business to be net assets. The Group had a very strong performance in this year growing its net assets from £448.9m to £551.9m. This reflects a 23% increase on the previous year. This growth in net assets is due to a significant uplift in property valuations and retained profits in the financial year.

At 30 June 2014 the Group has only £16.5m of debt which equates to less than 3.0% of net assets. This debt was repaid on 4 July 2014. Due to the strength of the Group's property portfolio and balance sheet, the management team consider the Group to be in a healthy position should it require to raise any further funds.

Amshold Group Limited

Strategic report (continued)

Principal risks and uncertainties

Financial risks

The directors considered the risks attached to the Group's and Company's financial instruments and have taken a prudent approach in their consideration of the various risks attached to the financial instruments of the Group and Company. The Group's and Company's exposure to price risk, credit risk, liquidity risk and cash flow risk is not material for the assessment of assets, liabilities and the financial statements, as a whole.

The director's policy on hedging is to hedge all financial risks where it is feasible and cost effective to do so.

Uncertainties

The property market has shown great strength in recent years. This has provided opportunities for growth especially whilst interest rates remain at historic lows. Any increases in interest rates in the future will generate pressure on this growth.

Future developments and subsequent events

The Group remains committed to enhancing its current portfolio of real estate assets by means of diligent active management of stock whilst at the same time aggressively endeavouring to acquire new quality real estate asset opportunities that would complement our existing Real Estate portfolio strategy. We are financially extremely well placed to do this but of course continue to be mindful of the current extremely buoyant market conditions.

Approved by the Board and signed on its behalf by

M E Ray
Director

11 November 2014

Amshold Group Limited

Directors' report

The directors present their annual report and the audited financial statements for the year ended 30 June 2014

Dividends

The directors do not propose the payment of a dividend (2013 £nil)

Going concern

As disclosed in the accounting policies, the directors have reviewed the current and projected financial position of the Company, making reasonable assumptions about future trading prospects

On the basis of this review, and after making due enquiries, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the report and financial statements

Post balance sheet events

Since 30 June 2014 the Group has been active in the property market. This activity is detailed in note 29 to the financial statements

Employees

Details of the number of employees and related costs can be found in note 3 to the financial statements

It is the Group's policy to promote equal opportunities in employment for both existing employees and applicants for employment. Every effort is made to ensure that applications for employment from disabled persons are fully and fairly considered having regard to their particular aptitudes and abilities and that disabled employees have equal opportunities in career development. In the event of an existing employee becoming disabled, every effort is made to ensure that their employment by the Group continues and that appropriate adjustments are made to their work environment.

The Group has continued its practice of keeping employees informed of matters affecting them as employees and the financial and economic factors affecting the performance of the Group.

Directors

The directors who held office for the Company since the date of incorporation to the end of the financial year are listed on page 1

Political and charitable donations

During the year the Group made political donations of £56,586 (2013 £47,446)

Amshold Group Limited

Directors' report (continued)

Disclosure of information to the auditor

Each of the persons who is a director at the date of approval of this report confirms that

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information

This confirmation is given and should be interpreted in accordance with the provisions of S418 of the Companies Act 2006

Auditor

A resolution to re-appoint Deloitte LLP as the Company's auditor will be proposed at the forthcoming Annual General Meeting

Each of the persons who is a director at the date of approval of this report confirms that

Amshold Group Limited

Directors' responsibilities statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditor's report to the members of Amshold Group Limited

We have audited the Group and parent company financial statements of Amshold Group Limited for the year ended 30 June 2014 which comprise the consolidated profit and loss account, the consolidated statement of total recognised gains and losses, the consolidated note of historical cost profits and losses, the consolidated and parent company balance sheets, the consolidated cash flow statement and the related notes 1 to 29. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Group's and parent company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the Group's and parent company's affairs as at 30 June 2014 and of the Group's profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' report and Strategic report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Independent auditor's report to the members of Amshold Group Limited (continued)

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- the parent company's financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Amshold Group Limited

Notes to the financial statements For the year ended 30 June 2014

1. Accounting policies

The financial statements are prepared in accordance with applicable United Kingdom accounting standards. Compliance with the Statement of Standard Accounting Practice 19 "Accounting for investment properties" requires departure from the requirements of the Companies Act 2006 relating to depreciation and an explanation of the departure is given below. The particular accounting policies adopted by the directors are described below, and have been applied consistently in the current and preceding years.

Accounting convention

The financial statements are prepared under the historical cost convention, as modified by the revaluation of certain freehold properties.

Going concern

The Group's business activities, together with the factors likely to affect its future development, performance and financial position are set out in the director's report. This describes the financial position of the Group, its cash flows, liquidity position and borrowing facilities, and its exposure to credit risk and liquidity risk.

The Group's forecasts and projections, taking account of reasonably possible changes in trading performance, show that the Group should be able to operate within the level of its current facility.

After making enquiries, the directors have a reasonable expectation that the Company and the Group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and financial statements.

Consolidation

The Group financial statements consolidate those of the parent company and all its subsidiary undertakings drawn up to 30 June each year. Investments in associates and joint ventures are accounted for using the equity method. The consolidated profit and loss account includes the Group's share of the joint ventures' profits less losses while the Group's share of net assets of the joint ventures is shown in the consolidated balance sheet. The results of associates sold in the period are equity accounted for the period up to disposal.

Merger accounting

During June 2013 the groups of companies ultimately controlled by Lord Sugar were restructured to form three new separate groups. As a result of this restructuring Amshold Group Limited became the new ultimate parent company of one of these three new groups, "the property group".

As a result of this group restructuring this new property group adopted merger accounting. The results of the Group for the prior year as reported in the financial statements include the full year's results of each subsidiary of the Company irrespective of the period for which they were a subsidiary in the Group. Those subsidiaries that were not part of the new property group at 30 June 2013 are disclosed as discontinued operations in the financial statements and are accounted for as if they had been owned throughout the prior year but disposed before the year end.

Goodwill

Purchased goodwill arising on acquisition is capitalised and amortised through the profit and loss account on a straight line basis over its estimated useful life. In respect of all existing goodwill, this is estimated to be 20 years. Provision is made for any impairment. Negative goodwill arising on acquisition is credited to the balance sheet and released through the profit and loss account as the underlying assets are realised.

Turnover

Turnover comprises the invoiced value of goods and services supplied by the Group, rental income and the value of property sales, dilapidation receipts, insurance recoveries, media activities and management charges, all excluding sales taxes, value added tax and trade discounts.

Amshold Group Limited

Notes to the financial statements (continued) For the year ended 30 June 2014

1. Accounting policies (continued)

Revenue

Income is recognised as it accrues and sales of properties held for resale are recognised on completion. Rent increases arising from rent reviews are taken into account when such reviews have been agreed with tenants. Rent free periods are similarly spread on a straight-line basis over the lease term.

Investment properties

In accordance with SSAP 19, investment properties are revalued annually and the aggregate surplus or deficit is transferred to revaluation reserve. No depreciation is provided in respect of investment properties.

The Companies Act 2006 requires all properties to be depreciated. However, this requirement conflicts with the generally accepted accounting principles set out in SSAP 19. The directors consider that, as these properties are held not for consumption but for their investment potential, to depreciate them would not give a true and fair view, and that it is necessary to adopt SSAP 19 in order to give a true and fair view.

If this departure from the Act had not been made, the profit for the financial year and the preceding financial year would have been reduced by depreciation. However, the amount of depreciation cannot reasonably be quantified because depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified. Sales of investment properties are recognised on exchange of contract.

Investment property under development

Development properties are revalued annually and the aggregate surplus or deficit is transferred to revaluation reserve. No depreciation is provided in respect of investment properties.

Other tangible fixed assets

Other tangible fixed assets are stated at cost, net of depreciation and any provision for impairment. Depreciation is calculated to write off the cost, less estimated residual values, of tangible fixed assets over their estimated useful lives. The annual depreciation rates generally applicable are as follows:

Motor Vehicles	25% on a reducing balance basis
Leasehold improvements	Over the shorter of the life of the lease and the useful life
Aircraft	Straight-line basis over 10 years
Office equipment	20% - 33% on a straight line basis

Investments

Investments held as fixed assets by the Company are stated at cost, less any provision for impairment in value. Investments in associated undertakings and joint ventures are accounted for under the equity method. Current asset investments are included in the balance sheet at the lower of cost and net realisable value.

Properties held for resale

Properties held as dealing stocks and other stocks and work in progress are included in the balance sheet at the lower of cost and net realisable value. Cost includes appropriate property purchase expenses.

Operating leases

Rentals payable under operating lease rentals are charged to the profit and loss account on a straight-line basis over the lease term.

Amshold Group Limited

Notes to the financial statements (continued)

For the year ended 30 June 2014

1. Accounting policies (continued)

Taxation

The Finance Act 2013, which provides for a reduction in the main rate of corporation tax from 23% to 21% effective from 1 April 2014 and from 21% to 20% effective from 1 April 2015, was substantively enacted on 2 July 2013

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements

A net deferred tax asset is regarded as recoverable and therefore recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements. Neither is deferred tax recognised when fixed assets are sold and it is more likely than not that the taxable gain will be rolled over, being charged to tax only if and when the replacement assets are sold

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is not discounted

Foreign currencies

Transactions in foreign currencies are translated at the exchange rates ruling at the dates of the transactions. Monetary assets and liabilities are translated at the rates of exchange ruling at the balance sheet date. All exchange differences are dealt with through the profit and loss account

Finance Costs

Finance costs of financial liabilities are recognised in the profit and loss account over the term of such instruments at a constant rate on the carrying amount. Finance costs which are directly attributable to the construction of tangible fixed assets are capitalised as part of the costs and expenditure of the asset. Capitalisation ceases when substantially all the activities that are necessary to get the asset ready for use are complete

Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into

Bank borrowings

Interest bearing bank loans are recorded as the proceeds received, net of direct issue costs. Finance charges, including premiums payable on settlement or redemption and direct issue costs, are accounted for on an accruals basis in profit and loss account using the effective rate of interest method and are added to the carrying amount of the instrument to the extent that they are not settled in the period which they arise

Amshold Group Limited

Notes to the financial statements (continued) For the year ended 30 June 2014

2. Turnover & segmental analysis

The turnover, operating profit/(loss) and net assets attributable to the different classes of the Group's business are

8 Tax charge on profit on ordinary activities

(i) Analysis of tax charge on profit on ordinary activities

	2014 £'000	2013 £'000
United Kingdom corporation tax at 22.50% (2013: 23.75%) based on the profit for the year	2,421	7,424
Adjustments in respect of prior years	(5)	(282)
Total current tax charge	2,416	7,142
Origination and reversal of timing differences	(178)	207
Capital allowances in excess of depreciation	-	(97)
Adjustment in respect of prior years	5	244
Effects of decrease in tax rates on opening liability	(88)	(1,766)
Total deferred tax credit	(261)	(1,412)
Total tax charge on profit on ordinary activities	2,155	5,730

(ii) Factors affecting tax charge for the current year

The standard rate of tax for the year, based on the UK standard rate of corporation tax is 22.50% (2013: 23.75%). The actual tax charge for the current and the previous year differs from the standard rate for the reasons set out in the following reconciliation:

	2014 £'000	2013 £'000
Profit on ordinary activities before taxation	16,641	30,729
Tax charge at 22.50% (2013: 23.75%)	3,744	7,284
Factors affecting charge		
Expenses not deductible for tax purposes	156	1,053
Income not taxable	(1,735)	(5,385)
Capital allowances in excess of depreciation	(228)	(185)
Other timing differences	485	-
Effect of taxable profit on disposal	-	4,670
R&D tax credits	-	41
Permanent differences	-	146
Adjustments in respect of prior years	(5)	(282)
Utilisation of tax losses	(1)	(200)
Total current tax charge for year	2,416	7,142

The majority of the investment properties were valued by the directors at 30 June 2014 on a valuation prepared internally by a qualified chartered surveyor, on an open market basis. The remaining properties were valued externally at 30 June 2014. All valuations are at market value and conform to RICS Valuation Professional Standards and was arrived at by reference to market evidence of the transaction prices for similar properties. The external valuers were qualified, independent and held a recognised and relevant professional qualification together with recent experience in the relevant location and type of property being valued.

Amshold Group Limited

Notes to the financial statements (continued) For the year ended 30 June 2014

10. Investment properties (continued)

The investment properties were valued at £430,979,432 as at 30 June 2014 (2013 £366,918,782) The revaluation surplus at 30 June 2014 was £154,289,224 (2013 £73,982,484)

During the year the Group sold an investment property for a total value of £7,500,000 and after deducting the valuation brought forward totalling £495,000 and selling costs of £97,601, it derived a profit of £6,907,399

On 7 October 2013 the Group completed the sale of Amsprop Southbank Limited, a 100% subsidiary undertaking As a result the Group disposed of property valued at £120,000,000 In the financial statements this disposal is being treated as an asset sale

Credit to the profit and loss account	-	-	261	1,412
	<u>-</u>	<u>-</u>	<u>261</u>	<u>1,412</u>
At 30 June	-	-	(13,143)	(11,685)
	<u>-</u>	<u>-</u>	<u>(13,143)</u>	<u>(11,685)</u>
Analysis of deferred tax provision:				
	2014	2013	2014	2013
	£'000	£'000	£'000	£'000
Capital allowances that are less than depreciation	-	-	(1,422)	(1,452)
Other timing differences	-	-	(1,478)	-
Potential gain on fixed asset investment	-	-	(10,243)	(10,233)
	<u>-</u>	<u>-</u>	<u>(13,143)</u>	<u>(11,685)</u>

The Group's freehold property has been revalued in accordance with SSAP19, Accounting for investment properties. It is the Group's intention to retain the freehold property for the foreseeable future. No deferred tax has been provided on the net surplus arising on revaluation as the capital gain would only crystallise if the property were sold. The value of the associated unrecognised deferred liability at 30 June 2014 is estimated to be £25,000,000 (2013: £17,000,000).

The Company had a deferred tax liability at 30 June 2014 of £4,444 representing capital allowances in excess of depreciation.
