REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2014 (continued)

Structure, Governance and Management

Governing document

The organisation is a charitable company limited by guarantee not having a share capital. The company was incorporated on 22 June 1989 and registered as a charity on 7 July 1989. The company was established under a Memorandum of Association which establishes the objects and powers of the charitable company and is governed under its Articles of Association. The trustees of the company are liable to contribute £1 each should the company be wound up insolvent.

Recruitment and Appointment of Trustees

The directors of the company are also charity trustees for the purposes of Charity law.

Much of the charity's fundraising work consists of the staging of prestigious fundraising events and trustees are often people who are able to use their contacts to encourage corporate attendance at such events. A wide range of business and occupations are represented in the Board of trustees, reflecting the diverse nature of the people whom the charity seeks to benefit.

Many trustees are also company directors and are familiar with the duties and responsibilities under Company Law. They are also encouraged to attend relevant courses held by the Charity Commission and remain appraised of Charity Law in relation to trustees' duties.

Risk Management

Following the merger with The Lawlor Foundation with effect from 1 July 2005 the Charity acquired an investment portfolio with a value in excess of £2 million. The portfolio is under the management of an investment management company. The charity has an investment committee to oversee the performance of the investment managers and to consider the charity's investment strategy, balancing the need for income with the desire for capital appreciation.

Public Liability Insurance is purchased in respect of certain events where the potential for liability exists.

Appropriate financial controls have been in place for many years to minimise the risk of misappropriation of charity assets.

Organisation structure

The charity's trustees meet quarterly and are responsible for the strategic direction and policy of the charity.

Strategy days are held periodically, with the purpose of focusing on high level direction and policy.

The company secretary is also the charity's Administrator but has no voting rights. The Administrator's time is divided between the organisation of events, the organisation of the grant application programme, processing grants awarded to applicant bodies, as well as the duties of running the office and liaising with trustees and third parties.

Grants are recommended to the Board of Trustees by an independent Advisory Committee. The sum available to be awarded by the Advisory Committee is advised by the Board of Trustees.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2014 (continued)

Objectives and Activities

For the year under review, the objectives of the charity were to raise funds and make grants available for:

- (a) Projects in the UK that assist young Irish people and their families
- (b) The advancement of education in Northern Ireland for example by making available grants for individual students and support for organisations

Public Benefit Statement

The trustees confirm that they have complied with the duty in Section 17 of the Charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission in determining the activities undertaken by the charity.

This report makes clear that Irish Youth Foundation (UK) Limited complies with the principles set out in the Charity Commission public benefit guidance.

The work of Irish Youth Foundation (UK) Limited advances many identifiable benefits. They include:

- (a) The promotion of projects in the UK that assist young Irish people and their families within the Irish community.
- (b) The advancement of education in Northern Ireland for example by making available grants for individual students and support for organisations.

The benefits provided are related to the aims of Irish Youth Foundation (UK) Limited as listed in section 3 of the Memorandum of Association.

There is no harm or detriment being incurred by pursuit of these aims and benefits.

Beneficiaries include women, men and children, society in general irrespective of faith. The beneficiaries are therefore appropriate to the aims.

The benefits are for the public and the opportunities for benefit are not unreasonably restricted by geographical or other restrictions or by the ability to pay any fees charged.

People in poverty and low incomes are included in the opportunity to benefit.

There are no private benefits being enjoyed. Further evidence of public benefit is described elsewhere in this report, in particular in the section for Achievements and Performance.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2014 (continued)

Achievements and Performance

Summary of the main achievements during the year

The charity continues to organise well-attended and prestigious fundraising events that it hopes are seen as highly enjoyable.

During 2014 the following events were staged:

Thursday 27th February, Poker Event Friday 31th October, Halloween Party Friday 7th November, 25th Anniversary Ball

Performance achieved in charitable activities against objectives set:

The Irish Youth Foundation (UK) continued its programme of support for a wide range of welfare organisations and community groups whose work aimed to improve the lives of young Irish people and children in the UK who are socially, economically or culturally disadvantaged. Grants ranging from £500 to £10,000 were awarded to projects including help for the homeless, employment and training schemes, support for women and children escaping violence, help for young offenders, drug rehabilitation, cross-community initiatives as well and social and cultural activities. Support for community and welfare organisations spreads throughout the United Kingdom, not only financially, but also recognising the work, commitment and needs of all those involved. Special annual awards are made over and above the grant recommendations from applications received where certain criteria are satisfied. The work of the Lawlor Foundation towards the advancement of education in Northern Ireland continues with support for Irish students and educational organisations from all communities.

The Irish Youth Foundation (Ireland) contributed to the fund, jointly established in 2001, to support welfare organisations and community groups based in Northern Ireland.

The fund raising activities during the year continued to enhance the reputation of the charity for organising successful and enjoyable events and to expand its network of Irish and British friends and supporters. Funds raised through these well-attended events and from voluntary corporate and individual donations have enabled the charity to make a difference to the lives of young Irish people in need in the UK and help them toward a more integrated and fulfilling future.

In 2013 a dynamic fundraising group of young professional volunteers committed to raise a target of £25,000 by undertaking various individual challenges such as running marathons and hosting events. This funding was to be separate from the charity's annual grant awards programme and grant applications submitted for general funding would not be affected. They were keen to fundraise for a specific project which would have positive, measurable benefits for young Irish people and their families and where they could see the difference made by their efforts. The Brent Centre for Young People's initiative to employ a Mental Health Support and Liaison Officer to work with young Irish people in London was chosen from a shortlist of proposals as the most resonant with the group. In 2014 the team's target was achieved and, as a result, the Brent Centre for Young People were able to establish the Mental Health Support and Liaison Project which has made a big impact on the Centre's ability to help the most vulnerable and marginalised young Irish people in the community.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2014 (continued)

Achievements and Performance (continued)

In July 2013, a Discussion Day was held with organisations the charity regularly supports to review the changing needs of the young Irish community and their continued need for funding. The following issues were highlighted:

- Young Irish people continued to arrive in the UK unprepared for life, often in a chaotic state and in dire need, with no access to funds.
- Agencies supporting young people in need were themselves struggling to cope with demand and changes in the welfare system (and reductions in statutory core funding).
- Food and shelter were immediate and urgent priorities, and emergency repatriation where appropriate.

Following this consultation a new initiative was launched, "Immediate Youth Focus", to kick-start a life-line for young people caught in a changing climate and who were living in abject poverty. The aim was to provide an emergency safety net over the difficult winter months and beyond for destitute young individuals up to the age of 30. Funding was provided to 5 agencies supporting young people of Irish descent, but not exclusively, in London and other inner-City or deprived areas around the country, and which were well-equipped to address these needs. This initiative has been welcomed as a truly beneficial and essential resource by the organisations involved and it is envisaged that funding will continue to be allocated in future to continue the programme.

The Irish Youth Foundation (UK) was honoured on Thursday 10th April 2014, as it entered its 25th anniversary year, to be a beneficiary of 'Ceiliúradh' (Celebration) at the Royal Albert Hall, the special evening of music, spoken word and dance held on the historic occasion of the first State Visit to the United kingdom by the President of Ireland, President Michael D. Higgins. The donation of proceeds will support Irish cultural projects in Britain.

The Irish Youth Foundation celebrated the important milestone of its 25th Anniversary with a Gala Ball at The Dorchester in November attended by many longstanding friends and supporters.

Grants were awarded in the sum of £167,100 (2013: £196,990).

Investment performance achieved against objectives set:

The performance of the charity's investments during the year provided income to support the requirements of grant commitments continuing the work of The Lawlor Foundation whilst aiming to preserve and increase the capital value of the portfolio.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2014 (continued)

Financial Review

Review of the Charity's financial position

The surplus from events was £95,515 (2013: £152,941) and other donations totalled £76,821 (2013: £33,214).

The balances of Women's Irish Network, which raises money solely for the Irish Youth Foundation (UK) Limited, have been included within these financial statements.

Fundraising services totalling £16,200 (2013: £44,283) consisted of an appropriate proportion of the costs of the Charity's administrator and other costs incurred in generating income from events.

Governance costs were £29,306 (2013: £32,268), and include the Administrator's costs in managing the day-to-day business of the Charity, rental and office operating costs, audit fees and other sundry items.

Grants awarded totalled £167,100 after adjusting for awards not fulfilled, including previous years (2013: £196,990).

Income from the charity's investment portfolio was £79,386 (2013: £85,029).

Net incoming resources on the general fund before transfers were £18,183 (2013: outgoing £22,942).

Other recognised gains and losses comprised unrealised gains on the quoted and unquoted investment portfolio totalling £23,379 (2013: £126,230) and realised gains of £6,119 (2013: £16,795 losses).

Total funds at the end of the year were £2,530,007 (2013: £2,482,326).

The net movement in funds was an increase of £47,681 (2013: £86,493).

Principal financial management policies

The charity exists to award grants out of the income it generates. The level of grants that can be awarded is determined by reference to the balance in the General fund, and also by reference to income from investments that can reasonably be expected to arise in the forthcoming year. Overhead costs are kept as low as realistically possible and are hoped to be covered by donations or covenants, so that funds raised at events are available for grants.

Investment policy

The charity's investment policy is to achieve sufficient income to meet grant commitments, whilst providing the prospect of capital appreciation. Investment managers are appointed who advise on specific investments suitable for Charity Trustees.

Plans for future periods

Aims, objectives and activities planned to achieve them

To further the charity's well-established reputation for organising enjoyable events with the minimum of formality, and to expand the network of supporters, with the aim of raising funds to help projects in the UK that benefit young Irish people and their families. An annual calendar of fundraising events will continue to be organised.

To continue to address the changing needs of the young disadvantaged Irish community, with particular reference to the requirements of the young second and third generation Irish people born in the UK.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

Plans for future periods (continued)

It is anticipated that grants of approximately £180,000 will be awarded in Spring/Summer 2015.

- so far as we are aware, there is no relevant audit information of which the company's auditors are unaware; and
- * as the directors of the company we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the charity's auditors are aware of that information.
