### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2018

#### 1. General information

The Company is a private company limited by shares. It is both incorporated and domiciled in England and Wales. The address of its registered office is The Accommodation Centre, Holt Road, Fakenham, Norfolk, NR21 8JH.

The company's principal activity during the year continued to be dealing in and hiring out portable accommodation.

### 2. Accounting policies

#### 2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

#### 2.2 Turnover

Turnover comprises revenue recognised by the company in respect of the dealing in and hiring out of portable accommodation, exclusive of Value Added Tax and trade discounts. Revenue is recognised at the point of sale or hire.

#### 2.3 Exceptional items

Exceptional items are transactions that fall within the ordinary activities of the Company but are presented separately due to their size or incidence.

# 2.4 Intangible assets

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

### 2.5 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2018

#### 2. Accounting policies (continued)

### 2.5 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line and reducing balance methods.

Depreciation is provided on the following basis:

L/Term Leasehold Property - over the period of the lease
Plant & Machinery - 25% reducing balance
Motor Vehicles - 25% reducing balance
Office Equipment - 33% straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Profit and loss account.

#### 2.6 Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks.

#### 2.7 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors.

Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured at the undiscounted amount of the cash or other consideration expected to be paid or received.

### 3. Employees

The average monthly number of employees, including directors, during the year was 6 (2017 - 7).
