The financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies regime and in accordance with the provisions of FRS 102 Section 1A - small entities.

The financial statements have been delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The Company has opted not to file the statement of income and retained earnings in accordance with provisions applicable to companies subject to the small companies' regime.

The financial statements were approved and authorised for issue by the board and were signed on its behalf by:

.....

D A Hards

Director

Date: 22 December 2022

The notes on pages 2 to 8 form part of these financial statements.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

#### 1. General information

Glympton Farms Limited is a private company, limited by shares, domiciled and incorporated in England and Wales (registered number: 02403785). The registered office address is Estate Office, Glympton, Woodstock, Oxfordshire, OX20 1AH.

The Company's functional and presentational currency is GBP.

## 2. Accounting policies

#### 2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

## 2.2 Going concern

The financial statements have been prepared on a going concern basis. The directors have confirmed that they consider that appropriate sources of funding are in place to enable the company to meet current and future expected liabilities for at least 12 months from the date of approval of the financial statements.

#### 2.3 Revenue

Revenue, which excludes value added tax, represents the invoiced value of goods supplied relating to the year, together with receipts due under the Basic Payment Scheme. Revenue is recognised as it arises.

### 2.4 Basic payment scheme

Basic payment is recognised on a calendar year basis, provided that the basis period ends prior to the year end.

### 2.5 Operating leases: the Company as lessee

Rentals paid under operating leases are charged to profit or loss on a straight-line basis over the lease term.

## 2.6 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

## 2. Accounting policies (continued)

#### 2.6 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Tenants improvements - 2-20 years
Plant and machinery - 6-20 years
Motor vehicles - 3-9 years
Fixtures, fittings and office equipment - 3 years

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

#### 2.7 Stock

Stocks comprise biological assets, agricultural produce and other inventory.

Biological assets comprise livestock and growing crops. Biological assets are recognised under the cost model as set out in Section 34 (Agriculture) of FRS 102 and are measured at the lower of cost and estimated selling price less costs to sell.

Where applicable the cost of growing crops is calculated by reference to the Central Association of Agricultural Valuers statistics. Cultivations are not depreciated as they are considered to have an useful economic life of less than one year.

Inventory of agricultural produce is measured at the lower of cost and estimated selling price less costs to sell. Agricultural produce harvested from biological assets is measured at the point of harvest at its fair value less any costs to sell. This amount then represents cost for the purpose of accounting for inventory.

The cost of purchased livestock, fertilisers, sprays, seeds, feed, fuel, oil and other stores is based on purchase price less any accumulated impairment losses.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

## 2. Accounting policies (continued)

#### 2.8 Financial instruments

Financial assets and financial liabilities are recognised in the Balance Sheet when the Company becomes a party to the contractual provisions of the instrument.

Trade and other debtors and creditors are classified as basic financial instruments and measured at initial recognition at transaction price. Debtors and creditors are subsequently measured at amortised cost using the effective interest rate method. A provision is established when there is objective evidence that the Company will not be able to collect all amounts due.

Cash and cash equivalents are classified as basic financial instruments and comprise cash in hand and at bank, short-term bank deposits with an original maturity of three months or less and bank overdrafts which are an integral part of the Company's cash management.

Financial liabilities and equity instruments issued by the Company are classified in accordance with the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

### 3. Employees

The average monthly number of employees, including directors, during the year was 10 (2021 - 8).
