Directors' report for the year ended 31 December 2012

The directors present their report and the audited financial statements for the year ended 31 December 2012

Principal activities

The principal activity of the company during the year was the operation of bus and coach services

Business review

The directors consider the state of the company's affairs to be satisfactory. On 1 January 2013 the trade and certain of the assets of the company were transferred to Arriva Durham County Limited, a fellow subsidiary company.

The trade and certain assets of the company were transferred to a fellow subsidiary company on 1 January 2013, and therefore the financial statements have been prepared on a break up basis rather than a going concern basis, as the company ceased to trade from this date. No adjustment to the carrying value of assets and liabilities is deemed necessary. As the tangible assets of the company will continue to be used in the business, the classification of these on the balance sheet remains within fixed assets.

Results and dividends

The profit for the year, after taxation, amounted to £46,000 (2011 - £405,000)

The company did not pay a dividend during the year (2011 - £Nil)

Directors

The directors who served during the year, and up to the date of signing the financial statements, were

R A Bowler
J Greaves
N P Featham
D Cocker (appointed 14 December 2012)

Principal risks and uncertainties

The management of the business and the execution of the company's strategy are subject to a number of risks. The key business risks and uncertainties affecting the company are considered to relate to local and national competition and factors which would cause a decline in the market. Further discussion of these risks and uncertainties in the context of the group as a whole, is provided in the annual report of the intermediate parent company, Arriva plc, which does not form part of this report.

Financial risk management objectives and policies

Details of financial risk management objectives and policies are shown in the annual report of the UK intermediate parent company, Arriva Plc, which does not form part of this report.

Key performance indicators

The directors of Deutsche Bahn AG manage the group's operations on a divisional basis. For this reason, the company's directors believe that analysis using key performance indicators for the company is not necessary or appropriate for an understanding of the development, performance or position of the business of Arriva Tees & District Limited. The development, performance and position of the group, including this company, is discussed in the group's annual report which does not form part of this report.

Directors' responsibilities statement

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Provision of information to auditors

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that

- so far as that director is aware, there is no relevant audit information of which the company's auditors are unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any information needed by the company's auditors in connection with preparing their report and to establish that the company's auditors are aware of that information.

This report was approved by the board on 5 July 2013 and signed on its behalf

Independent auditors' report to the members of Arriva Tees & District Limited

We have audited the financial statements of Arriva Tees & District Limited for the year ended 31 December 2012 which comprise the profit and loss account, the balance sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of directors and auditors

As explained more fully in the directors' responsibilities statement set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Directors' report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2012 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Notes to the financial statements for the year ended 31 December 2012

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

These financial statements are prepared under the historical cost convention, and in accordance with the Companies Act 2006 applicable to companies reporting under UK GAAP, and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year, are set out below.

The trade and certain assets of the company were transferred to a fellow subsidiary company on 1 January 2013, and therefore the financial statements have been prepared on a break up basis rather than a going concern basis, as the company ceased to trade from this date. No adjustment to the carrying value of assets and liabilities is deemed necessary. As the tangible assets of the company will continue to be used in the business, the classification of these on the balance sheet remains within fixed assets.

1.2 Cash flow statement

The company, being a subsidiary undertaking where 90% or more of the voting rights are controlled within the group whose consolidated financial statements are publicly available, is exempt from the requirement to draw up a cash flow statement in accordance with FRS 1.

1.3 Turnover

Turnover consists of the gross revenue for road passenger transport together with the aggregate amounts receivable for other goods and services supplied in the ordinary course of the business, excluding value added tax. Income is accrued where it is earned in an earlier period to that in which it is billed or received in cash. Income is deferred where it is received in an earlier period than that to which it relates.

1.4 Intangible fixed assets and amortisation

Intangible fixed assets, which relate to licences for the use of the Arriva brand name, are being amortised through the profit and loss account over the licence period of 15 years.

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Freehold property	-	2% per annum straight line
Plant, machinery, fixtures and motor vehicles	-	10% to 48% straight line
Public service vehicles	-	straight line over periods up to 15 years

ARRIVA TEES & DISTRICT LIMITED

Notes to the financial statements for the year ended 31 December 2012

1. ACCOUNTING POLICIES (continued)

1.6 Leasing and hire purchase commitments

Where assets are financed by leasing agreements ('finance leases') the assets are included in the balance sheet at cost less depreciation in accordance with the company's normal accounting policies. The present value of future rentals is shown as a liability. The interest element of rental obligations is charged to the profit and loss account over the period of the lease in proportion to the balance of capital repayments outstanding. Assets under finance leases are depreciated over their estimated useful life or the term of the lease, whichever is the shorter.

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term.

Where assets are leased out under a finance lease arrangement any amounts due from the lessee are recorded in the balance sheet as a debtor at the amount of the net investment in the lease. Finance lease income under the finance lease is allocated to accounting periods so as to give a constant periodic rate of return on the net cash investment in the lease over the lease term.

1.7 Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

1.8 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

1.9 Pensions

Arriva plc operates retirement benefit schemes, both defined benefit and defined contribution schemes, which cover employees of the company. The assets of the defined benefit scheme are held separately from those of the company in independently administered funds. As the company is unable to identify its share of the assets and liabilities of the group scheme, it accounts for contributions as if they were to a defined contribution pension scheme. Contributions payable by the company are charged to the profit and loss account in the period in which they fall due. Contributions payable under the defined contribution scheme are charged to the profit and loss account as they arise.

2. TURNOVER

The whole of the turnover is attributable to the company's principal activity.

All turnover arose within the United Kingdom.

16 PENSION COMMITMENTS

At 31 December 2012 the UK intermediate parent company, Arriva plc, operated both defined benefit and defined contribution retirement benefit schemes providing benefits to certain employees within Arriva Tees & District Limited. The schemes are financed through separate Trustee administered funds managed by independent professional fund managers on behalf of the Trustees.

Contributions to the defined benefit scheme, The Arriva Passenger Services Pension Plan, are based upon actuarial advice following the most recent actuarial valuation of the fund. The latest actuarial valuation was performed as at 5th April 2011, using the Projected Unit Method. The principal actuarial assumptions were that

(i) the annual rate of return on investment would be 7.0 per cent higher than the annual increase in total pensionable remuneration of nil per cent (frozen for 4 years from 1 December 2009, capped at 1% thereafter), and

(ii) there would be no variation from the scheme's rules to pensions in payment.

On the basis of these assumptions the actuarial value of the funds at 5th April 2011 was sufficient to cover 94.6 per cent of the benefits then accrued to members. The market value of the Scheme's assets at 5th April 2011 was £369.1 million.

The pensions cost for the year represents contributions payable by the company to both schemes and amounted to £46,000 (2011: £57,000).

FRS 17 'Retirement benefits'

The company makes contributions to a defined benefit scheme, the Arriva Passenger Services Pension Plan which is operated by the UK intermediate parent company, Arriva plc. Other companies within the Arriva group make contributions to the scheme, therefore it is not possible for the company to identify its share of the underlying assets and liabilities as at 31 December 2012. As the company is unable to identify its share of the assets and liabilities of the group scheme, it accounts for contributions as if they were to a defined contribution pension scheme. Contributions payable by the company are charged to the profit and loss account in the period in which they fall due.

17. OPERATING LEASE COMMITMENTS

The company had annual commitments under other non-cancellable operating leases as follows:

	Land and buildings		Other
	2012	2011	2011
	£000	£000	£000
Expiry date:

18. ULTIMATE PARENT UNDERTAKING AND CONTROLLING PARTY

The ultimate parent company and ultimate controlling party is Deutsche Bahn AG, a company registered in Germany, which has prepared group financial statements incorporating the results of Arriva Tees & District Limited. Copies of these financial statements can be obtained from Potsdamer Platz 2, 10785 Berlin.

Deutsche Bahn AG is the largest group to consolidate the financial statements and DB Mobility Logistics AG is the smallest.

Information on Arriva Tees & District Limited can be obtained from their registered address Admiral Way, Doxford International Business Park, Sunderland, Tyne and Wear, SR3 3XP.

Transactions with other companies in the Deutsche Bahn Group are not specifically disclosed as the company has taken advantage of the exemption available under FRS 8 'Related party disclosures' for wholly-owned subsidiaries.
