## NOTES TO THE ACCOUNTS

For the year ended 31 December 2011

### 1. ACCOUNTING POLICIES

#### ***Basis of preparation***

The financial statements are prepared under the historical cost convention and in accordance with applicable accounting standards

#### ***Cash flow statement***

The company is exempted from preparing a cash flow statement as it is a small company within the limits prescribed by the Companies Act

#### ***Deferred taxation***

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax, with the following exceptions

- Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, or gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled into replacement assets and charged to tax only when the replacement assets are sold
- Provision is made for deferred tax that would arise on remittance of the retained earnings of overseas subsidiaries, associates and joint ventures only to the extent that, at the balance sheet date, dividends have been accrued as receivable
- Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

#### ***Dormant status***

The company was dormant (within the meaning of Section 480 of the Companies Act 2006) throughout the year. The company has not traded

#### ***Foreign currencies***

Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date

All differences are taken to the profit and loss account

#### ***Research and development***

Research expenditure and the expenses of establishing and protecting patent rights in respect of inventions derived there from are wholly written off as incurred. Development expenditure is capitalised and amortised over three years
