DIRECTORS' REPORT

The Directors present their report and the audited accounts for the year ended 31 March 2000.

PRINCIPAL ACTIVITIES, REVIEW OF THE BUSINESS AND FUTURE DEVELOPMENTS

The principal activity of the Company is the provision of cable television and telecommunications services under licences awarded to it for the Greater Manchester area.

The Directors expect the operations of the Company to continue to expand in the forthcoming year.

On 26 July 1999, Cable and Wireless plc, NTL Inc and ntl (CWC) Limited (formerly Cable & Wireless Communications Limited) announced that they had agreed to propose a restructuring of ntl (CWC) Limited to the shareholders of ntl (CWC) Limited.

As part of the restructuring, ntl (CWC) Limited, previously a 52.8% owned subsidiary of Cable and Wireless plc, was separated into its residential cable, business cable, indirect residential telephony, residential internet and digital television development and services businesses, referred to as CWC ConsumerCo, (which includes the Company) and its corporate, business, internet protocol and wholesale operations, referred to as CWC DataCo.

On 30 May 2000, the restructuring was completed and NTL Inc indirectly acquired all of CWC ConsumerCo and Cable and Wireless plc indirectly acquired the interest in CWC DataCo which was not already attributable to it, thereby achieving 100% ownership of CWC DataCo.

Following completion, NTL Inc, a company incorporated in the USA, became the ultimate parent undertaking of the Company.

On 13 June 2000, the company changed its name to ntl CableComms Greater Manchester.

RESULTS AND DIVIDENDS

The Company made a loss for the year of £15,550,000 (year ended 31 March 1999: loss of £7,536,000) and this has been transferred to reserves. The directors do not recommend payment of a dividend (year ended 31 March 1999 £nil.)

Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the accounts and of whether the accounting policies are appropriate to the circumstances of the Company, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the accounts.

NOTES TO THE ACCOUNTS

Year ended 31 March 2000

1. STATEMENT OF ACCOUNTING POLICIES

The principal accounting policies, which have been applied consistently in the preparation of the accounts, for the current year and preceding year, are as follows:

(a) Basis of preparation

The accounts are prepared in accordance with applicable Accounting Standards in the United Kingdom on the historical cost basis.

(b) Turnover and revenue recognition

Turnover, which excludes value added tax, is accounted for on the accruals basis. Revenue is recognised in the period in which the service is provided. Turnover derives from local, national and international telecommunications and cable television services.

(c) Tangible fixed assets and depreciation

Tangible fixed assets are recorded at cost which includes materials, direct labour and general administrative expenses directly attributable to the design, construction and connection of the telecommunications and cable television networks and equipment.

General administrative expenses to be capitalised include all overheads of those departments responsible solely for design (including feasibility studies), construction and connection. Where departments spend only part of their time on functions directly connected with design, construction and connection, the relevant proportion of total overheads is capitalised. Costs which are initially capitalised on projects under construction where the projects do not become operational are written off to the profit and loss account, once it is determined that the project will not become operational.

Costs of departments relating to revenue related operations, such as direct selling, marketing and other customer related departments, are not capitalised.

(i) Capitalisation of interest

Interest is capitalised as part of the cost of separately identifiable major capital projects, up to the time that such projects are substantially complete. The amount of interest capitalised is calculated as the capitalisation rate multiplied by the weighted average carrying amount of major capital projects under construction. During the period to 31 March 1999, the capitalisation rate was the company's weighted average cost of 8%. The net book value of capitalised interest in this company relates to amounts capitalised up to 31 March 1999. For each of the following financial years, capitalised interest will be presented within the balance sheet of ntl Communications Services Limited.

(ii) Depreciation

Depreciation is provided on the difference between the cost of tangible fixed assets and their estimated residual value in equal annual instalments over the estimated useful lives of the assets.

NOTES TO THE ACCOUNTS**Year ended 31 March 2000****1. STATEMENT OF ACCOUNTING POLICIES (continued)**

The current estimated useful lives are as follows:

	Lives:
Land and buildings:	
- freehold buildings	to 40 years
- leasehold land and buildings	to 40 years or term of lease if less
- leasehold improvements	remaining term of lease or expected useful life of the improvements
Communications network plant and equipment:	
- ducting and network construction	10 to 40 years
- electronic equipment and cabling	10 to 20 years
- other network plant and equipment	6 to 25 years
Non-network plant and equipment	3 to 10 years

Freehold land, where the cost is distinguishable from the cost of the building thereon, is not depreciated.

After a portion of the network is fully constructed and released to operations, depreciation of the network commences when target rates of penetration are achieved or no later than one year after the release date.

(iii) Franchise applications and other start-up costs

Franchise application costs represent the acquisition costs of rights to operate a telecommunications network in a given territory. Costs of successful and unsuccessful cable television franchise applications are written off as incurred. Costs incurred between the award of a franchise licence and the connection of the first customer are written off over the period during which revenues are generated by the franchise.

(d) Leased assets

Operating lease costs are charged to operating loss on a straight line basis over the lease term.

(e) Deferred taxation

The charge for taxation is based on the results for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. The Company provides for deferred tax only when there is a reasonable probability that the liability will arise in the foreseeable future. Where deferred tax is provided, the liability method is used. No deferred tax assets are recognised in respect of accumulated tax losses except where necessary to reduce a deferred tax liability to nil.

(f) Provisions

The Company accounts for provisions in accordance with Financial Reporting Standard No. 12 'Provisions and Contingencies'. Consequently, provisions are only recognised when the Company has a legal or constructive obligation to transfer economic benefits as a result of past events. The amount recognised as a provision is a realistic and prudent estimate of the expenditure required to settle the obligation.

(g) Cash flow statement

Under the provisions of Financial Reporting Standard No. 1 (Revised), the Company has not prepared a cash flow statement because it is a wholly owned subsidiary of a Company of which consolidated accounts are publicly available (see Note 19)

NOTES TO THE ACCOUNTS**Year ended 31 March 2000****2. TURNOVER**

18. SUBSEQUENT EVENTS

Certain key steps have taken place subsequent to the balance sheet date in relation to the acquisition of CWC ConsumerCo by NTL Inc and the acquisition of CWC DataCo by Cable and Wireless plc ("the Transaction") as detailed below.

Following the announcement on 10 May 2000 by the UK Secretary of State of the clearance of France Telecom's investment in NTL Inc, all necessary conditions to the ntl (CWC) Ltd Scheme of Arrangement which forms part of the Transaction were satisfied.

On 24 May 2000, NTL Inc exercised the option granted to it by Cable and Wireless plc, required for completion of the Transaction, which took place on 30 May 2000. Following completion, NTL Inc, a company incorporated in the USA, became the ultimate parent undertaking of the company.

19. ULTIMATE PARENT COMPANY AND CONTROLLING UNDERTAKING

The largest Group in which the results of the Company are consolidated is that of which Cable and Wireless plc is the parent Company. The consolidated accounts of Cable and Wireless plc may be obtained from 124 Theobalds Road, London, WC1X 8RX.

The smallest Group in which the results of the Company are consolidated is that of which ntl UK Telephone & Cable TV Holding Company Limited (formerly ntl Telephone & Cable TV Holding Company Limited) (formerly Cable & Wireless Communications (N) UK Telephone & Cable TV Holding Company Limited) is the parent Company. The consolidated accounts of that Company may be obtained from Caxton Way, Watford Business Park, Watford, Hertfordshire, WD1 8XH.

The Company is dependent on the financial support of NTL Inc in order to meet its obligations as they fall due. NTL Inc has indicated that it will continue to support the Company, thereby enabling it to meet its obligations as they fall due, for a period of not less than one year from the date of this report.

Since 30 May 2000 the Directors regard NTL Inc, a company registered in USA, as the ultimate parent and controlling undertaking. Prior to that date the Directors regarded Cable and Wireless plc as the ultimate parent company and controlling undertaking.
