The Council of Management, who are also directors of the Depaul Trust for the purposes of the Companies Act, submit their annual report and the audited financial statements for the year ended 31 March 2001.

The accounts have been prepared in accordance with the accounting policies set out on pages 18 to 20 of the attached accounts and comply with the charitable company's memorandum and articles of association, applicable laws, and the requirements of the Statement of Recommended Practice on "Accounting and Reporting by Charities" issued in October 2000.

The Depaul Trust is a charity and a company limited by guarantee and was set up on 6 November 1989. In the event of the company being wound up during the period of membership or within the year following, members would be required to contribute an amount not exceeding  $\pounds 1$ . It is governed by a memorandum and articles of association which were last amended on 2 November 1998.

### Principal aims and activities

The principal activity of the Trust in the year under review was to offer disadvantaged young people opportunities to fulfil their potential and move towards an independent and positive future.

#### Mission and values

The Depaul Trust derives its name and mission from the work of St Vincent de Paul who was a major social reformer in 17th century Europe. His work was extremely innovative and challenged the perceptions held by both Church and state by reaching out to the most poor and marginalised of his day. Vincent believed in actions rather than words and as a result, his work is still making an impact globally 400 years later involving Vincentian groups with over a million active members.

The Depaul Trust was founded, at the initiative of the late Cardinal Basil Hume, as a response to the growing numbers of young people sleeping rough on the streets of London. As the Trust has grown to meet the needs of disadvantaged young people, its work has become much more diverse and is now also concerned to prevent the exclusion that leads to homelessness and as a consequence the activities of the Trust are now more varied. Like all Vincent de Paul projects, it is driven by need and works in a practical and non-judgemental way with people who have fallen through the safety net in society.

Youth, Community, Opportunity were words chosen by the young people we work with, to best describe the work of the Trust. Young people are our clients. Communities are what we aim to build and support. Opportunities are what we seek to provide.

#### Review of results

The Trust raised £4.4 million for the year ended 31 March 2002 (2001: £2.8 million). Continuing the growth of previous years, expenditure on charitable activities increased by 80% to £4.2 million. Direct support costs have increased in order to manage the growth and range of projects effectively. Expenditure on fundraising and administration amounted to 6% of total income, down from 10% in 2001. The final out-turn, with net outgoing resources of £49,456 includes restricted income of £164,062 which will be expended in the next financial year.

The results for the year are set out in the Statement of Financial Activities on page 14 and the financial position at the end of the year is shown in the Balance Sheet on page 16.

#### Review of operations

The Depaul Trust has remained committed in its drive to provide a safe refuge and support for disadvantaged, homeless and vulnerable young people. Over the past 12 months The Depaul Trust worked with over 2000 young people, who were helped with accommodation needs or training, advice or support.

The Trust aims to give holistic support to every young person with whom it comes into contact by offering assistance in dealing with personal problems, health issues, employment and training issues as well as housing needs.

#### Accommodation and resettlement

At the core of our work, is the aim to provide safe housing for those most in need. Depaul Trust runs a variety of hostels and housing that are accessible to young people who for a wide variety of reasons are homeless. The projects range from emergency nightshelters to more permanent and independent houses. Each is distinctive in what it offers, but all are committed to working with young people on the margins of society in a non-judgemental way. To ensure we meet our commitments to the young people, who live in the projects, we have a range of quality standards and procedures adapted to meet the specific needs of each client group.

At each of our projects, young people will receive one-to-one keywork sessions and advice on a range of subjects from cooking and budgeting to literacy and numeracy. We will also encourage them to enrol on a variety of training and general interest courses, some run by Depaul Trust and others by partner organisations. The total numbers of young people accommodated at our shelter and hostels were 494 and 575 respectively.

We also run a resettlement service at our hostels, where we were able to work with young people to help them find more suitable permanent solutions to their housing needs. The resettlement workers will assess when someone is ready to move forward and then work with them to source accommodation that matches their level of support need. Once they are settled, the team will also continue to be on hand, either visiting the young person in their new home or for meetings at the hostels to support them to make sure that they maintain their tenancies.

## New accommodation projects in the year

The Manchester 'Safe-Stop' hostel provides both short and long stay accommodation for young people who are sleeping rough or at risk of sleeping rough in the city of Manchester. The Manchester team started to work with young people at risk in January 2001 and the 10 bed hostel opened in April 2001.

The Manchester 'The Beeches' hostel provides temporary accommodation for up to two years for young people aged 16 to 25 who are homeless or in immediate housing need. Staff and volunteers are available at the hostel 24 hours a day to help the residents with personal development, life skills training, education and employment advice. The residents also have help on permanent resettlement when it is felt ready that they can live independently.

The Depaul Trust acquired *New to London* on 30 March 2001. New to London is a charity with one supported housing scheme and this has been incorporated into the London hostels team. The hostel will continue to provide supported accommodation to 13 young men and women who have just arrived in London and have nowhere to stay.

The *Gravesend* project provides supported housing accommodation for six young people between the ages of 16-21 from the Gravesend area that are homeless or at risk of becoming homeless. A supported housing worker helps the young people with general housing issues, the teaching of life skills and resettlement advice with practical support. This project saw its first residents in December 2001.

The Euston Square rolling shelter is a temporary hostel that was opened in September 2001, to provide accommodation and related support services for referrals from the Rough Sleepers Unit funded Contact and Assessment Teams. The hostel is fully funded by the RSU and provides bed spaces for 42 single males and females of all ages, and couples. The project provides an essential respite from the streets and it is hoped that during the time at the project the fully trained staff would be able to move the people onto more suitable accommodation for their needs.

The *Dublin Cold Weather Shelter* provides a low threshold emergency accommodation provision for three months for 18-35 year old street homeless people. The project works with up to 22 street homeless people, both single and couples. It provides a night stay between the hours of 8pm and 8am.

### Ongoing accommodation projects

The Beeches, Manchester	10 bedspaces
Callcott Road, London	6 bedspaces
Freston Road, London	8 bedspaces
Gravelly Hill, Birmingham	12 bedspaces
The Grove, Gravesend	6 bedspaces
Lord Clyde Nightshelter, London	26 bedspaces
New to London	13 bedspaces
Safestop, Manchester	10 bedspaces
Simonside House, Newcastle	8 bedspaces.
Willesden, London	14 bedspaces

## • Employment and Training projects

The work of the Depaul Trust's Employment & Training sector in the past year has continued to respond to the needs of the young people we work with. In the past year our training projects have worked with 135 young people. The delivery of the 'Off the Streets and into Work,' (OSW) and Oak Foundation funded, Step Ahead and Drive Ahead, pre-employment training courses, has given 82 young people the basics of a platform towards employment. Step Ahead has now established Basic Skills support for the clients through a new initiative from Dependency 2 Work, which supports young offenders and those at risk of offending. Our supported employment project, Next Step, has established itself as a flagship training project within the OSW partnership and is now providing a new furniture resettlement service to a diverse range of organisations across London, working with the homeless. Each client through employment & training is given the opportunity to receive support from a Mentor through the Working Out Project, a London wide OSW Mentoring scheme lead by the Trust in partnership with another training organisation, 'Training for Life'.

The summer of 2001, saw the development of the 'Safe in the City' scheme, *BrentLinx*, which provides three elements of support to young people aged 13-18 within Brent. The project aims to bring out the key factors behind youth homelessness as well as preventing those who access its services from becoming one of the statistics themselves.

#### Prison Work and Mentoring

The One to One mentoring project has been the main area of growth this year taking on three new members of staff. "One to One" mentoring work is now available in Feltham, Brinsford, Castington, Northallerton and Highdown prisons. We have also set up new partnerships with community based mentoring projects such as the central government funded Mentor Point, and from the "Dependency 2 Work" offending initiative. This enables us to work with more clients as the project becomes more successful.

Outside Link is now operating in Feltham and Brinsford with the end of year outcomes showing very positive results. This year we helped 58 young offenders access education, employment or training and offered 100% of clients a bed for the first night of their release. We have also recorded a 16% known re-conviction rate across the project, 59% below the national rate.

The aim of both projects is to assist and enable young offenders in the smooth transition from custody to community. This is achieved by assisting with issues such as accommodation, Employment, Training and Education health, family mediation and life skills.

### • Work in the Community

This year has seen the launch of:

Manchester Family Mediation which works with residents at both hostels in Manchester with referrals from other local agencies. The aim is to improve the understanding and communication between young people and their parents in order to develop an ongoing relationship. A variety of methods are used, including one on one meetings and group sessions to look at behaviour and how it can affect the relationships around them.

The Community Centre in Birmingham is on the same site as the hostel, providing essential services to the young people staying at the hostel and also for the local community. The centre has been equipped with a suite of computers and provides access for a wide range of local agencies, without which they would have no way to reach the local community.

Newcastle, Information Communication Technology provides computer access for groups of people who currently have limited or no access to such technology. In partnership with the St Vincent de Paul Society, Stepping Stones, YMCA, Mental Health Concern and the Newcastle Literacy Trust the project provides 7 centres throughout the Newcastle region to reach those people most excluded and gives access at no cost and in a flexible environment.

Zero Plus, Doncaster is a community-based project providing supported volunteering opportunities for young people at risk of social exclusion, enabling them to make an impact in their local community. The project runs a weekly programme of arts-based sessions at venues across two coalfields communities near Doncaster, leading to a visible difference in the community and public recognition of the young people's achievements. High levels of personal support and opportunities for development are built into the sessions, and additional personal development programmes designed to increase young people's self-esteem are also run in local schools.

#### Other Projects

Substantial growth in the North East region reflected the need to establish the *Newcastle Regional Office*, based in the centre of Newcastle.

### **Future developments**

In the next year, we will be opening a new accommodation project in the North East.

A capital grant of £230,000 has been secured for the development of a site in London to accommodate Employment and Training activities.

We have entered into a partnership with the Society of St Vincent De Paul (Eire) and are considering a number of accommodation based projects in the Republic of Ireland.

We are in the process of establishing Depaul Trust in Ireland. In the current year our work in Ireland is included in these accounts. We will review this in the coming year, as we are in the process of establishing a separate charitable company.

#### Reserves

The Depaul Trust's aim is to establish sufficient reserves to meet the requirements of the Trust's working capital and to meet any temporary shortfall in funds so as to enable the Trust to meet its charitable objectives.

The Council of Management has agreed that an appropriate level of free reserves represents 12% of total annual expenditure. This will be sufficient to cover working capital for ongoing projects.

The current level of reserves is given in notes 15 and 16. The level of free reserves currently represents 6% of the budgeted expenditure for 2002-03, compared with the Reserves policy target of 12%. The budget has been prepared so as to build reserves to the target level.

Designated funds have been established; one to cover unforeseen one-off non budgeted expenditure, such as major repairs.

A further designated fund for fixed assets represents the net book value of the Trust's fixed assets, excluding those funded from restricted income. These assets are used in the day to day running of the charity's work and therefore cannot be easily realisable to fund general expenditure.

Restricted funds represent receipts (not yet expensed) from donors who have specified certain conditions for its use. These funds are fully covered by matched assets (see the Balance sheet on page 16).

The Reserves policy and amount of reserves are considered annually by the Council of Management as part of the budget setting process.

The Council of Management considers that there are sufficient reserves held at the year end to avoid an unacceptable level of disruption to the organisation in the event of a downturn in future income. For this reason, the Council of Management continues to adopt the going concern basis in preparing the accounts.

## Risk Management

The Council of Management has assessed the major risks to which the charity is exposed relating to the operations and finances of the Trust. The Council of Management is satisfied that systems are in place to mitigate exposure to the major risks.

A formal risk assessment was undertaken during the year. Consequently, policy, procedure and internal audit is under review with a view to strengthening the systems in place to mitigate identified potential risk.

#### Voluntary help and donations in kind

The Council of Management recognises the significant contribution made by volunteers, who give freely of their time, or in the case of full time volunteers make a significant contribution in return for a modest reimbursement for travel and subsistence.

	Hours
Volunteer time	
Accommodation	
Birmingham	4,410
Lord Clyde Night Shelter	999
New to London	3,080
Newcastle	5,460
Willesden	5,720
Other	
Cramlington Volunteer centre	5,460
Mentors	2,865
Fundraising	705
Administration	500
Excluded from the Statement of Financial Activities	29,199

Five of our hostels and the volunteer centre in Cramlington belong to housing associations and we manage these hostels on their behalf. Effectively we enjoy the rent free use of these hostels to carry out our activities including the right to collect rent from our clients, mainly in the form of housing benefit, without any requirement to pass this income to the owner of the buildings. The Council of Management has valued this benefit on the basis of the rental value of similar private housing in the locality.

In addition we receive donations in kind in the form of clothing, toiletries, tinned food and household furniture which we are able to pass on to the young people we help. The Council of Management has not attributed a value to donated goods that provide welfare to the beneficiaries of the Trust, which the Trust would not otherwise provide.

The value of other donated goods and services, excluding volunteer time, has been included in the Statement of Financial Activities. The Council of Management has estimated the value of these as:

	Value (£)
Donated goods	
All sites	6,547
Use of Hostel	
Simonside, Newcastle	24,000
Gravelly Hill, Birmingham	19,800
Freston Road, Kensington & Chelsea	14,000
Callcott Road, Kilburn	12,000
Palatine Road, Manchester	20,800
Cramlington, Newcastle	5,200
Included in the Statement of Financial Activities	102,347

## Governance and the Council of Management

The members of the Council of Management in office during the year are set out on page 1.

The members of the Council are appointed in the following manner. The Trust members in general meeting may appoint up to nine ordinary members of the Council of Management, each for a term of two years. The Council itself may appoint up to four additional members of the Council of Management, subject to their confirmation in post at each annual general meeting of the Trust. In addition to this the three charities which gave financial assistance in setting up The Depaul Trust may each appoint a member of the Council. The present membership is made up as follows:

#### Ordinary members

Lady Elizabeth Arnold Clare Gardner Tim Haigh Michael Kenny Charles Leeming Margaret Pitt Patrick Revans Leslie Truman

Rev Jonathan Wilkes

#### Additional members

Margaret-Ann Fisken Patrick Murray Rev Terence Phipps James O'Connor

### Charity appointed

Sr Ellen Flynn Sr Josephine O'Mahony David Hughes

Sr Ellen Flynn is appointed by The Passage (charity number 287207), Sr Josephine O'Mahony is appointed by the Sisters of Charity of St Vincent de Paul (charity number 236804) and David Hughes is appointed by the Society of St Vincent de Paul in England and Wales (charity number 231863).

The Council of Management meets seven times a year; this includes a weekend meeting to review the strategy and performance of the Trust. The Finance and Fundraising and Development Executive Committee and Project Management Executive Committee are made up of Trustees and Executive Officers. Each committee operates under specific terms of reference which delegate certain functions from the Council of Management. Each committee has its decisions ratified by the full board.

# Council of Management responsibilities statement

Company and charity law requires the Council of Management to prepare accounts for each financial year that give a true and fair view of the state of affairs of the Trust and of the surplus or deficit of the charity for that period. In preparing those financial statements, the Council members have followed best practice and have:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that are reasonable and prudent;
- followed applicable accounting standards, subject to any material departures disclosed and explained in the accounts; and

• prepared the financial statements on the going concern basis, unless it is inappropriate to presume that the Trust will continue in operation.

The Council members have overall responsibility for ensuring that the charity has an appropriate system of controls, financial and otherwise. They are responsible for keeping accounting records which disclose with reasonable accuracy at any time the financial position of the Trust and which enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Trust and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## Related party transactions

None of the members of the Council of Management had any beneficial interest in any contract with the Trust during the year. Travelling and accommodation expenses of  $\pounds794$  for three members of the Council of Management (2001 -  $\pounds913$  for 3 members) was borne by the Trust this financial year.

#### **Auditors**

The auditors, Buzzacott, will be proposed for re-appointment in accordance with Section 385 of the Companies Act 1985.

Signed on behalf of the Council of Management:

Tim Haigh, Chairman

Approved by the board on: 22/7/2002

TMP Haigh

# Independent auditors' report 31 March 2002

### Report of the independent auditors to the members of The Depaul Trust

We have audited the accounts on pages 14 to 32 which have been prepared under the historical cost convention, as modified by the inclusion of certain tangible fixed assets at a valuation, and the accounting policies set out on pages 18 to 20.

## Respective responsibilities of directors and auditors

As described on pages 10 and 11 the Council of Management (the members of which act as trustees of the charity under charity law and as directors for the purposes of company law) are responsible for the preparation of the Council of Management report and accounts in accordance with applicable law and United Kingdom Accounting Standards. Our responsibility is to audit the accounts in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards.

We report to you our opinion as to whether the accounts give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Council of Management report is not consistent with the accounts, if the charity has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding trustees' remuneration and transactions with the charitable company is not disclosed.

We are not required to consider whether the statement in the trustees' report concerning the major risks to which the charity is exposed covers all existing risks and controls, or to form an opinion on the effectiveness of the charity's risk management and control procedures.

We read other information contained in the Council of Management report and consider whether it is consistent with the audited accounts. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the accounts. Our responsibilities do not extend to any other information.

## Basis of opinion

We conducted our audit in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgements made by the Council of Management in the preparation of the accounts, and of whether the accounting policies are appropriate to the charitable company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance as to whether the accounts are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the accounts.

# Independent auditors' report 31 March 2002

### Opinion

In our opinion the accounts give a true and fair view of the charitable company's state of affairs as at 31 March 2002 and of its incoming resources and application of resources, including its income and expenditure, in the year then ended and have been properly prepared in accordance with the Companies Act 1985.

# Statement of financial activities for the year ended 31 March 2002

#### Historical cost net movement in funds

	2002	2001
	£	£
Net movement in funds	(49,456)	200,696
Difference between the historical cost depreciation		
and depreciation calculated on the revalued amount	5,113	5,113
Historical cost net movement in funds	(44,343)	205,809

All of the Trust's activities are derived from continuing operations within the overall aims of the Trust during the above two financial periods.

# Balance sheet as at 31 March 2002

Net cash (outflow) inflow from operating activities	(113,166)	190,469

# **Principal accounting policies 31 March 2002**

## **Accounting convention**

The accounts have been prepared under the historical cost convention, as modified by the inclusion of certain fixed assets at a valuation, and in accordance with applicable Accounting Standards and the Statement of Recommended Practice (SORP) on Accounting and Reporting by Charities issued by the Charity Commission in October 2000, and the requirements of the Companies Act 1985.

## Incoming resources

Income is recognised in the period in which the Trust is entitled to receipt and when the amount can be measured with reasonable certainty. Income is deferred only when the Trust has to fulfil conditions before becoming entitled to it or where the donor has specified that the income is to be expended in a future period.

Rents and charges to residents are included at amounts recoverable from agencies and clients.

Gift aid income is included gross of attributable tax recoverable.

Donated investments and property are included at their probate value or their market value on the date of receipt.

Other donated goods and services, excluding volunteer time, are included in the statement of financial activities at their estimated market value. The value of donated goods and services and the total of volunteer time have been noted in the report of the Council of Management. The Council of Management has not attributed a value to donated goods that provide welfare to the beneficiaries of the Trust, which the Trust would not otherwise provide.

Grants receivable are credited to the statement of financial activities in the period in which they fall due. Grants from the government and other agencies have been included as income from activities in furtherance of the Trust's objects where these amount to a contract for services, but as donations where the money is given in response to a fundraising appeal or with greater freedom of use.

Legacies, notified to the trustees before the year end, are accounted for when it becomes reasonably certain that the legacy will be received and its value can be measured with sufficient reliability.

#### Expenditure

Where members of staff carry out duties which fall into more than one category, costs, including related overhead costs, have been allocated on the basis of estimates of time spent on their various duties.

Charitable expenditure comprises direct expenditure, incurred on the defined charitable purposes of the Trust and includes direct staff costs attributable to those activities, support costs and the costs of managing and administering the charity in line with SORP 2000.

# Principal accounting policies 31 March 2002

Grants are only made when the Trust receives funds as a result of working with a partner organisation or client. Grants payable are charged in the year when the conditions attached to the funding are fulfilled.

Support costs comprise an allocation of management and overhead costs incurred directly in support of expenditure on running the charitable activities of the Trust. They include costs such as recruitment and quality assurance.

Costs of managing and administering the charity represent costs attributable to the management of the Trust's assets, organisational administration and compliance with constitutional and statutory requirements.

Fundraising costs represent the cost of fundraising for incoming resources including donations, gifts, contracts and statutory grants.

## Foreign currency transactions

Transactions in foreign currencies are translated at rates prevailing at the date of the transaction. Balances denominated in foreign currencies are translated at the rate of exchange prevailing at the year end.

#### Pensions scheme

The Trust operates a group personal pension scheme. Contributions payable for the year are expensed as incurred.

### Tangible fixed assets

Property purchased by the Trust for use in its charitable activities is included in the accounts at cost or, where previously revalued, the revalued amount has been adapted as the historical cost under transitional provisions of FRS15. Property is written off over a period of 50 years. The cost of improvements and refurbishments is written off over the lesser of the life of the lease or their useful life. The cost of fixtures, fittings and equipment is written off over the lesser of the life of the project and the estimated useful life of the asset ranging from 2 years to 4 years.

## **Fund accounting**

Restricted funds can only be used for particular restricted purposes within the objects of the Trust. Restrictions arise when specified by the donor or when funds are raised for specific purposes. Designated funds are funds set aside by the Council of Management out of unrestricted general funds for specific future purposes or projects. Unrestricted general funds are those funds which can be used in accordance with the charitable objectives of the Trust at the discretion of the Council of Management.

# **Principal accounting policies 31 March 2002**

## Leased assets

Rentals applicable to operating leases, where substantially all of the benefits and risks of ownership remain with the lessor, are charged to the SOFA on a straight line basis over the lease term.

Assets held under finance leases and hire purchase contracts are capitalised and depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability. The interest element of rental obligations is charged to the statement of financial activities over the period of the lease at a constant proportion of the outstanding balance of capital repayments.

Interest receivable	(26,976)	(38,516)

## 9 Staff and volunteer costs and Council of Management members' remuneration

	2002	2001
	£	£
Staff costs during the year were as follows:		
Wages and salaries	2,193,710	1,244,792
Social security costs	201,747	117,817
Pension costs	46,428	34,176
	2,441,885	1,396,785
Volunteers expenses	80,337	42,286
Specialist and agency staff	137,302	75,728
Training, Travel, insurance and recruitment	261,301	145,583
	2,920,825	1,660,382

The Depaul Trust pension scheme operates as a contracted in, non-occupational, group personal pension scheme. The scheme uses Scottish Widows and Scottish Equitable insurance companies and is administered by Alexander Forbes Limited (formerly Johnstone Douglas Limited). The assets of the schemes are not held by the Trust. The scheme is open to all employees and has been adapted to meet Stakeholder Pension rules.

The employer contribution is 5% of pensionable earnings. The amount paid by the Trust by way of contributions in the year amounted to  $\mathcal{L}46,428$  (2001 -  $\mathcal{L}34,176$ ). There were contributions payable at the year end of  $\mathcal{L}8,614$ .

The average number of employees, analysed by project and activity is as follows:

	2002	2001
	£	£
Accommodation & Resettlement	58	31
Employment & Training	11	5
Prison Work and Mentoring	6	2
Work in the community	4	1
Other Projects	2	2
Support	4	4
Fundraising	6	5
Management and administration	6	3
	97	53

The above numbers are permanent staff, and exclude 46 locums who covered project staff during holidays, training or sickness. In addition some 238 volunteers, of whom 22 are full time, supported the paid staff.

There was one member of staff with emoluments (including benefits in kind but excluding retirement benefits) over £50,000 (in the range £50,000 and £59,999). No members of staff received emoluments exceeding £50,000 in the year ended 31 March 2001.

No member of the Council of Management received any remuneration in respect of their services during the year. Travelling and accommodation expenses of £794 for three members of the Council of Management (2001 – £913 for three members) were borne by the Trust this financial year.

#### 10 Taxation

The Depaul Trust is a registered charity and therefore is not liable to income tax or corporation tax on income derived from its charitable activities, as it falls within the various exemptions available to registered charities.

### 11 Tangible fixed Assets

Total Assets				
At 31 March 2002	343,570	55,465	249,060	648,095
At 31 March 2001	352,380	46,066	42,985	441,431

The historical cost of the freehold property (the Lord Clyde Night Shelter) was £184,874 and the accumulated depreciation on an historical cost basis would have been £40,667 (2001 - £36,970). The cost of acquiring The Lord Clyde Night Shelter and renovating the building amounted to £584,874, £184,874 being borne by the Trust and £400,000 by government grant for which there is no claw back. On 31 March 1999, an independent Chartered Surveyor revalued the Lord Clyde building and in their opinion the property's open market value was £370,000. In respect of this freehold interest, the transitional provisions of FRS15, 'Tangible fixed assets' are being followed and therefore the valuation has not been updated.

The Trust has granted leases on the freehold property in favour of London & Quadrant Housing Association. The lease on the Lord Clyde property has been extended under its current terms until the government's new funding arrangements, which will replace RSI 3, are known. The property is managed by the Trust.

During the year ended 31 March 1999, the Trust paid for part of the refurbishment of properties (£47,000) in Newcastle owned by Home Housing for the project known as Simonside. The Trust manages and funds the project. The Trust has a legal charge on the building and, in the event of the termination of the project, will recover a proportion (20%) of the market value. The project is expected to be long term but, to be prudent, the Council of Management has decided to write off the cost of the assets over five years.

Fixtures, fittings and equipment includes assets with a net book value of £14,336 (2001 - £nil) held under finance leases. Depreciation of £10,594 has been charged on these assets in the year.

Owned and assets held under finance leases at projects were all used in direct charitable activities. Owned and leasehold assets at head office were used for direct project management, fundraising and management and administration of the Trust.

Total unrestricted funds	1,013,842	1,182,006	(1,395,524)		800,324

The designated funds for fixed assets represents the net book value of the Trust's fixed assets (less those assets funded from restricted funds) as these can not readily be converted to working capital for the Trust.

#### 17 Commitments

### Operating leases

The Trust holds a lease on 24 George Street, the base for Step Ahead, to 1 October 2009 and under the terms of the lease the Trust has an annual rental commitment of £9,000 (2001 - £9,000).

The Trust also holds two leases in respect of its principal office, one of which runs until 16 October 2004 and the other until 23 February 2005. Under the terms of the leases the Trust has an annual rental commitment of £6,000 and £12,500 respectively. (2001 - £6,000 and £12,500).

#### Finance leases

The charity leases certain fixed assets classified as finance leases. The future net obligations to which the charity was committed at 31 March 2002 were as follows:

	2002	2001
	£	£
Payable within:		
One year	8,310	_
Two to five years	5,096	
	13,406	-

Balance carried forward at 31 March 2002	1,229,488	1,278,944

The income and expenditure account has been prepared to comply with the Companies Act requirements. It differs from the statement of financial activities by virtue of excluding the value of donated goods and services. The income and expenditure derives from continuing activities during the above two financial periods. Included in the expenditure figures in the income and expenditure account are the following items:

Interest payable	161	
Equipment lease rentals	(4,298)	8,026
Property rentals	157,482	72,500
Depreciation	101,029	60,278
