### **Principal activities and business review**

The principal activity of the company during the year was, and will continue to be, the provision of digital cable, fixed-line telephony, broadband internet and other telecommunication services as well as running some of the telecommunication services over which they are provided

At 31 December 2013 the company was a wholly owned subsidiary undertaking of Virgin Media Inc (Virgin Media) Virgin Media became a wholly-owned subsidiary of Liberty Global plc (Liberty Global) as a result of a series of mergers that were completed on 7 June 2013 (the LG/VM Transaction) This is referred to in more detail in the consolidated financial statements of Virgin Media Inc which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP

The Virgin Media Inc consolidated group (the group) operates under the Virgin Media brand in the United Kingdom (U K )

The group provides digital cable, broadband internet, fixed-line telephony and mobile services in the U K to both residential and business-to-business (B2B) customers The group is one of the U K 's largest providers of residential digital cable, broadband internet and fixed-line telephony services in terms of customers The group believes its advanced, deep-fibre cable access network enables it to offer faster and higher quality broadband internet services than our digital subscriber line, or DSL competitors As a result, it provides our customers with a leading next generation broadband service and one of the most advanced interactive digital cable services available in the U K market

As of 31 December 2013, the group provided services to approximately 4.9 million residential cable customers on its network The group is also one of the UK's largest mobile virtual network operators by number of customers, providing mobile telephony services to 1.9 million contract mobile customers and 1.1 million prepay mobile customers over third party networks As of 31 December 2013, 84% of residential customers on the group's cable network received multiple services from the group, and 66% were "triple play" customers, receiving broadband internet, digital cable and fixed-line telephony services from the group

In addition the group provides broadband internet, fixed-line and mobile telephony and other connectivity services to businesses, public sector organisations and service providers

## Strategic Report *(continued)*

Year ended 31 December 2013

### Key performance indicators (KPI's)

The company's key financial and other performance indicators for the year are considered below

	2013	2012	Comments
Turnover (£000)	26,038	24,643	Turnover has increased by 5.7% primarily due to an increased uptake of broadband internet, digital cable and telephony services, and selective price increases
Operating profit before exceptional items (£000)	3,430	3,789	Operating profit before exceptional items has decreased by 9.5%, primarily due to an increase in administrative expenses, driven by share based compensation recharges associated with the LG/VM transaction, partially offset by an increase in gross profit resulting from increased turnover

Selected statistics for residential cable customers served by the company at 31 December 2013 and 31 December 2012 are shown in the table below

	2013	2012
Products		
Digital cable	32,200	31,800
Fixed-line telephone	35,300	35,000
Broadband internet	35,800	35,600
Total	103,300	102,400
Total customers	39,400	38,800
Products per customer	2.62	2.64

Each digital cable, fixed-line telephone and broadband internet subscriber directly connected to the company's network counts as one product. Accordingly, a subscriber who receives both telephone and digital cable services counts as two products. Products may include subscribers receiving some services for free or at a reduced rate in connection with promotional offers.

## Notes to the Financial Statements

Year ended 31 December 2013

---

### 1. Accounting policies

A summary of the principal accounting policies is set out below. All accounting policies have been applied consistently, unless noted below.

#### Basis of accounting

The financial statements have been prepared under the historical cost convention in accordance with the Companies Act 2006, and applicable UK accounting standards.

#### Fundamental accounting concept

After making suitable enquiries and obtaining the necessary assurances from Virgin Media Inc, a wholly owned subsidiary of Liberty Global plc and the intermediate holding company which heads the Virgin Media group, that sufficient resources will be made available to meet any liabilities as they fall due should the company's income not be sufficient, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although at the date of approval of these financial statements they have no reason to believe that it will not do so. On this basis the directors believe that it remains appropriate to prepare the financial statements on a going concern basis.

#### Cash flow statement

The company is exempt from publishing a cash flow statement as permitted by FRS 1 "Cash flow statements (revised 1996)", as it is a wholly owned subsidiary of its ultimate parent company.

#### Turnover

Turnover represents the value of services provided, stated net of value added tax and discounts, and is attributable to continuing activities, being the provision of digital cable, fixed-line telephony, broadband internet and other telecommunication services and to run certain of the telecommunication systems over which they are provided. Turnover is all derived from operations in the United Kingdom and is recognised as the services are provided to customers. The directors consider this to be a single class of business.

#### Tangible fixed assets

Depreciation is provided on all tangible fixed assets, other than land, so as to write off the cost of a tangible fixed asset on a straight line basis over the expected useful economic life of that asset as follows:

Network assets	3 - 30 years
Other fixed assets	
- Freehold property	30 years
- Leasehold property	period of lease
- Other	3 - 12 years

The carrying values of tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

## Notes to the Financial Statements

Year ended 31 December 2013

### 1. Accounting policies *(continued)*

#### Deferred tax

Deferred tax is recognised, as appropriate, in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions

- provision is made for deferred tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold, and

- deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

#### Classification of shares as debt or equity

The company has financial instruments in the form of preference shares. As a condition of the shares there is a contractual obligation to accrue for dividends, regardless of performance. As this condition is potentially unfavourable the preference shares have been classified in the Balance Sheet as financial liabilities, rather than equity, in accordance with FRS 25 "Financial Instruments: Disclosure and Presentation".

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges.

#### Trade and other debtors

Trade and other debtors are stated at their recoverable amount. Provision is made when the amount receivable is not considered recoverable and the amount is fully written off when the probability for recovery of a balance is assessed as being remote.

### 2. Operating profit

Operating profit is stated after charging

### 2. Operating profit *(continued)*

The group's inter-company funding arrangements are managed centrally. Recoverability of inter-company receivables is assessed annually. The provision for non-recoverability may increase or decrease as a result of that review. The impairment review of inter-company indebtedness as at 31 December 2013 concluded that a release of provision against amounts due from group undertakings totalling £91,000 should be made (2012 - £nil)

Auditor's remuneration of £nil (2012 - £2,543) represents costs allocated to the company by fellow group undertakings that pay all auditor's remuneration on behalf of the group

The directors received remuneration for the year of £4,686 (2012 - £2,397) in relation to qualifying services as directors of this company, all of which was paid by, and is disclosed in the financial accounts of Virgin Media Limited. In 2013 this included an element relating to compensation for loss of office

Certain expenses are specifically attributable to the company. Where costs are incurred by other group companies on behalf of the company, expenses are allocated to the company on a basis that, in the opinion of the directors, is reasonable

### 3. Staff costs

The company does not have any directly employed staff but is charged an allocation of staff costs by the group. Details of staff numbers and staff costs of the group are disclosed in the group accounts of Virgin Media Finance PLC
