## **Statement of directors' responsibilities in respect of the directors' report and the financial statements**

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

## Notes

*(forming part of the financial statements)*

### 1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements

#### *Basis of preparation*

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules

The financial statements have been prepared on a going concern basis as the company has the support of their parent company, Barchester Healthcare Limited

The company is exempt from the requirement of FRS 1 (revised 1996) to prepare a cash flow statement as it is ultimately a wholly owned subsidiary undertaking of Barchester Healthcare Limited and its cash flows are included within the consolidated cash flow statement of that company

As the company is a wholly owned subsidiary of Barchester Healthcare Limited the company has taken advantage of the exemption contained in FRS 8 and has therefore not disclosed transactions or balances with entities which form part of the group (or investees of the group qualifying as related parties). The consolidated financial statements of Barchester Healthcare Limited, within which this company is included can be obtained from the address given in note 12

#### *Going Concern*

The company has considerable financial resources together with long term support from Group. As a consequence, the directors believe that the company is well placed to manage its business risks successfully despite the current uncertain economic outlook

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements

#### *Investments*

Fixed asset investments are stated at cost less provision for any impairment in value

#### *Dividends*

Equity dividends unpaid at the balance sheet date are only recognised as a liability at that date due to the extent that they are appropriately authorised and are no longer at the discretion of the company. Unpaid dividends that do not meet these criteria are disclosed in the notes to the financial statements

### 2 Profit on ordinary activities before taxation

#### *Auditors' remuneration*

	2009	2008
	£	£
Audit	500	500
	=	=

The remuneration of the auditors in the current and prior financial years was borne by another group company. The amount above is management's best estimate of the proportion relating to this company
