Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022

The directors present their strategic report for the year ended 28 February 2022.

For the purposes of this report and the financial statements, Specsavers shall mean the company's ultimate parent Specsavers International Healthcare Limited (SIHL) and its subsidiaries, the SIHL board shall mean the board of directors of the company's ultimate parent, the group board shall mean the board of directors of Specsavers Optical Superstores Limited, and the group shall mean Specsavers Optical Superstores Limited and its subsidiaries.

Principal activity

The principal activity of the group is to act as a retailer of optical and audiology products and provider of related support services in the main retail territories in which Specsavers operates being UK, ROI, Australia, New Zealand, Denmark, Finland, the Netherlands, Norway, Sweden and Canada; and as a manufacturer, distributor and wholesaler of optical products for Specsavers in the UK.

Review of the business

The directors continue to view the key financial performance indicators as being turnover and operating profit. As shown in the company's consolidated profit and loss account on page 31, turnover has increased by 22.5% (2021: 6.6% decrease) as trading conditions have normalised, in contrast to the prior year when government enforced lockdowns severely restricted the group's ability to trade. Operating profit marginally increased to £449.5m from £444.6m, resulting in a lower operating margin than the prior year of 13.4% (2021: 16.2%) as costs have increased due to discretionary spending being reinstated.

This is as a consequence of the SIHL Board's decision to re-instate the Specsavers Long-Term Framework (LTF) to invest in its People, Customers and the Growth of the business to ensure the business continues to evolve and thrive, resulting in an increase in discretionary spend. The previous LTF was stopped at the start of the pandemic to minimise cash outflows and to ensure all business activities were short-term focused to enable the business to survive.

The impact of COVID-19 continued to be felt during the year with the group experiencing operational restrictions to some degree in all of the stores, support offices and supply chain sites in each of the markets in which we operate. These restrictions were adhered to in order to enable all our businesses to continue to comply with all of the government restrictions that were in place at any point in each individual market.

During the year group net assets increased by £73.3m to £439.4m (2021: £366.1m). This is largely in line with the controlling shareholders' share of net profit.

The net cash flow from operations was an inflow of £477.7m (2021: £482.1), £28.2m higher than the £449.5m operating profit (2021: £444.6m). Net cash used in investing activities (primarily acquiring property, plant and equipment, as well as intangible assets) was £114.8m (2021: £46.1m). Net cash outflows from financing activities increased by £71.1m to £303.1m as favourable trading conditions led to increased distributions to store partners and repayment of Group Treasury debt.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

The SIHL and group boards are optimistic that we will continue to see a return to pre-pandemic normalised operating performance in the coming year in our core markets. We are also confident in the plans that we have in place to grow and develop our presence in Canada, our newest optics market that was entered early in the financial year.

The SIHL board is closely monitoring the wider macro-economic environment and linking this back to the business plans in place in each of our territories to ensure that they are being factored in to our decision making. The SIHL board recognises that it is essential that the business responds appropriately to the economic challenges that we are facing. The combination of inflationary pressures in all parts of the business, coupled with global market uncertainty caused by the conflict in the Ukraine is already impacting on our cost base and consumer confidence in all markets. The group board monitors a variety of KPIs as described above to ensure that these pressures are not unduly adversely impacting business performance; and the board is satisfied that the right measures are being taken to continue to mitigate any further financial impacts that may arise.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

Principal risks and uncertainties

The group board is responsible for the management of the risk profile of the group and has considered the requirements of Section 414C of the Companies Act 2006 (as amended). The below list is not a comprehensive list of all risks facing the group nor are they positioned in order of importance. This summary is to illustrate only those significant risks and uncertainties facing the group.

Specsavers has established a risk and financial management framework whose primary objectives are to protect the companies in the group from events that hinder the achievement of their performance objectives. The SIHL board and the group board have, in all respects, a cautious appetite for risk and as a result, the objectives of the risk management framework are to manage exposure to risk; ensure sufficient working capital exists to fund Specsavers Optical Superstores' continuing operations; and to support the management of risk at a business unit level.

The principal risks and uncertainties facing the group are broadly categorised as pandemic, strategic, technology, operational, people and legal & regulatory risks.

Pandemic risk

The COVID-19 pandemic and the actions taken by governments around the world have impacted and continue to impact all Specsavers' colleagues, operations, suppliers and customers. The extent of the impact has varied by market and is dependent on factors including, but not limited to, length of lockdowns, levels of colleague absence, virus recurrence, unemployment levels, nature and extent of any government interventions, severity of economic effects and the speed and nature of the recovery.

Whilst COVID-19 clearly still represents a global health threat, the SIHL board consider that the uncertainty caused by the pandemic over the previous two years will cause less impact to the group in the coming year. Management's focus therefore has been, and continues to be, to ensure the health and wellbeing of our customers and colleagues by continuing to follow government guidance in all our markets.

At the same time, the board continues to focus on ensuring that costs in all parts of the business are well controlled with detailed business cases being required to support any proposed investment activity.

The board believe that a combination of focusing on customer service, customer and colleague health and wellbeing, and a diligent approach to cost management will continue to be the best way to manage the risks associated with the global health threat for the business.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

Strategic risk (including competitive and reputational risks)

Market position eroded by competition

The markets in which the group operates are highly competitive and as such action taken by competitors, both existing and emerging, could threaten the future market position of the group. This is mitigated by the group's focus on delivering the best service and value to its customers.

The SIHL board also monitors and identifies opportunities to expand our global offering through new service lines or the creation of new optics and audiology markets in new territories in order to widen our operations and provide further protection from competitors through increased scale.

The board considers the likelihood and impact of competitors taking action to challenge the group's market position to be high, however it believes the strategies it has in place to manage these risks will minimise the impact of any competitor action.

Uncertainties in the wider economy

The board is expecting the group to face significant cost headwinds in both the supply chain and the retail stores due to the effect of inflation on energy prices, materials and employment costs.

The group seeks to manage these risks by ensuring that its retail operations have a wide geographical spread and through leveraging the buying power of the Specsavers organisation's supply chain, which in turn enables the group to deliver a competitive pricing strategy to maintain its position in the market and deliver unmatched value to its customers. In response to increasing cost headwinds the group will redouble its efforts to manage costs effectively.

The board considers the likelihood and impact of changes in the wider global economy to be high.

Reputational damage to brand

Specsavers' reputation and brand are integral to its success and, as such, any major incident, whether related to service, product, third parties or internal matters, which is not effectively managed could have a significant impact on trading and profitability.

Specsavers continually monitors any incidents that may adversely impact the brand and the way that they are managed and reported. Dedicated teams are in place to manage and protect our brand proactively, and deal with incidents that are likely to attract media attention.

The group board considers that the likelihood of an incident resulting in reputational damage is moderate and the impact likely to be high.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

Technology risk

Failure to deliver on technology improvement and change

As part of maintaining a leading market position, the group must change and adapt by investing in new technologies, systems and infrastructure.

The board believe the likelihood of technology changes impacting market position remains high, and this will become increasingly important over time. As the impact of the pandemic has declined, the SIHL board has developed a new technology roadmap to support the organisation's new LTF. There are now significant programmes of work underway to support the delivery of this roadmap.

Cyber and data security

The group are aware of the increasing number and more sophisticated nature of cyber attacks and data security breaches. The protection of any data held, either our own or that held on behalf of others, is an issue that the group board takes seriously.

Specsavers faces compliance risk in Europe with the General Data Protection Regulation (GDPR). The SIHL board has taken steps to ensure compliance with the regulations, having undertaken a significant program of review to support the business with the impact from the regulations, including, but not limited to, process updates, control review and colleague training.

Specsavers has deployed and maintains information governance, controls, processes and tools for management of information security and data protection.

The group board considers the likelihood of an attack to be high and recognises that the impact of any such instance occurring could be high.

Operational risk

Supply chain disruption

The group's position in the market is predicated on providing products to its customers in a timely and reliable manner through the Specsavers organisation supply chain. There are events and conditions that can have an adverse impact on the group's supply chain - such as loss of a key supplier, trade restrictions, physical and environmental events.

Whilst risk from Covid 19 disruption still remains with the potential to impact supply, operationally the group has in place rigorous quality control and oversight processes and procedures as well as risk management and mitigation solutions to enable the group to deliver its products to its retail partners to drive revenue growth.

The board considers the likelihood of an instance of such a disruption in its supply chain to be moderate but recognises that the impact of any such instance occurring could be high.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

People risk

Inability to attract, develop and retain talent

The group faces challenges and risks in relation to the attraction and retention of colleagues. As a provider of quality products and professional services, the group is exposed to the risk that it does not have access to talent with the requisite skills, capabilities and experience to support the group's operations and to achieve its strategic ambitions.

In order to manage this risk, Specsavers has created a dedicated recruitment function to attract the best talent. The group has also significantly invested in colleague welfare and training programmes, to ensure the core values at the heart of the Specsavers brand are instilled in the organisation, in order to retain the best talent.

The board has also ensured that People are a core component of the new LTF, recognising the need to create a working environment that colleagues are proud to be part of through a number of programmes designed to ensure that colleagues are remunerated, developed and supported throughout all stages of their career.

The group board considers the likelihood of being unable to recruit colleagues with the requisite skills and experience to be high, and considers the impact of being unable to do so to be high.

Legal and regulatory risk

Non-compliance with high profile laws and regulations

The group is subject to a broad range of regulatory requirements and as such could be negatively impacted by changes to existing regulation or new laws and regulations and failing to comply. This risk is mitigated through the use of external experts where required; through the use of Specsavers' internal expertise; and through the education and training of colleagues to ensure compliance with regulations.

The group board considers the likelihood of significant non-compliance with legislation and regulatory requirements to be moderate, but recognises that the impact of any such instance occurring could be high.

Other risks

Further to the above significant risks, the board of directors has considered the exposure of the group to financial, price, credit, liquidity and cash flow risk. The group board has determined that the exposure of the group relating to these risks is such that they are not considered principal risks for the purposes of this strategic report.

The main financial risks faced by the group relate to fluctuations in interest and foreign exchange rates, the risk of default by counterparties to financial transactions and the availability of funds to meet business needs. Interest rate risk and foreign exchange risk are not significant and therefore not hedged by the group, as the cost of hedging is considered to exceed any potential benefit. The group has no external debt and the majority of debtors are with fellow Specsavers organisation companies and government organisations, and so credit risk is considered minimal. Cash is managed by Specsavers Finance (Guernsey) Limited which has an investment policy of only investing in secure and liquid funds and therefore liquidity risk is considered minimal. The group has £477.8m of cash and cash equivalents (including Group Treasury balances, see note 18) at year end, and continues to be cash generative; therefore cash flow risk is also not considered to be significant.

The risks and uncertainties listed above have not had a significant impact during the past financial year. Consequently, the directors are satisfied with the current risk management infrastructure.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

Section 172(1) statement

The Companies Act 2006 requires company directors to state how they have had regard to the matters set out in section 172(1)(a) to (f) of the Companies Act 2006 when performing their duties under section 172. These are as follows:

- (a) the likely consequences of any decision in the long term,
- (b) the interests of the company's employees,
- (c) the need to foster the company's business relationships with suppliers, customers and others,
- (d) the impact of the company's operations on the community and the environment,
- (e) the desirability of the company maintaining a reputation for high standards of business conduct, and
- (f) the need to act fairly as between members of the company.

The consideration given to each of these matters is set out below. For more information, please refer to the community and corporate responsibility section of our website at:

www.specsavers.co.uk/news-and-information/community.

This statement is published on our website at www.specsavers.co.uk/news-and-information/section-172-1-statement.

Long term decision making

The Specsavers Long Term Framework (LTF) was established prior to the pandemic to underpin all strategic decisions taken by the SIHL board and had provided a framework to deliver the success seen in previous financial years. The pandemic had a significant impact on this and resulted in the LTF being stopped in April 2020. As trading conditions returned to more normal levels, the SIHL board took the decision during the current year to revise and relaunch the LTF to focus on our people, customers and growth and this will be used to set the direction for the business for the next five years.

Throughout the year, the overall organisation vision to change lives through better sight and hearing has remained unchanged.

Consideration of employee interests

We place much focus on helping everyone to feel valued, cared for, and supported in achieving their full potential.

We are passionate about supporting our people to be the best they can be, helping them to maintain positive mental and physical health. Through our wellbeing offer, our colleagues have access to a wide range of services including an employee assistance programme and access to various wellbeing services.

To continue being recognised as a great place to work and achieve our long-term goals, our focus must be on our people and their development, providing a safe space to learn, fail, stretch and prosper. Creating and investing in opportunities for everyone to realise their full potential while feeling valued and inspired will ensure we attract and retain the best people to meet the needs of our business today and in the future.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

Nurturing business relationships with suppliers, customers and partners

Customers

Our success lies in our unrelenting passion to make a difference for our millions of customers worldwide. Offering the best possible experience, value and choice in eyecare and hearing care ultimately enables us to help our customers live a better quality of life. Hearing directly from our customers continues to be an invaluable part of our business. Over the past year, our global customer feedback system provided us with 1.4 million responses – all of which are used by our teams to improve every day. The scores we received were fantastic across our regions.

The Covid-19 pandemic prompted us to accelerate some of our innovation activity to support customers outside of the traditional retail environment. For example, RemoteCare our free virtual consultation service enables our clinical experts to be available by video call or over the phone to provide essential health advice for eyes and ears. We also improved our online chat capability, giving customers quick and easy access to answer their queries.

Partners

Our success is undoubtedly down to the strength of our partnership. Providing exceptional support to our partners enables them to focus on what they do best - changing lives by inspiring their teams and caring for our customers.

Across each of our regions, our Retail Support Teams (RST) work with our partners to put in place plans to develop their businesses. We have continued to invest heavily in this critical area, with specialisms in HR, change management, audiology, contact lenses, customer service, and clinical advancement to support every partner and enable the sharing of ideas and best practice across all stores. Our results, particularly from a recent survey in Australia and New Zealand, indicate how well this is working with the majority of partners stating that the support they receive from their RST is among the most important, valued, and effective services of the business model.

Suppliers

Wherever possible, we develop strong, long-term relationships with our suppliers so that we can work together towards our mission of passionately providing best value optometry, audiology and other healthcare services to change lives through better sight and hearing.

Specsavers will identify opportunities to share best practice and collaborate with our key supply partnerships to drive improvements.

We discuss our supplier relationships in more depth in the 'Trading ethically' section of the Strategic Report.

Community and environmental impact

Community

At Specsavers, we are passionate about giving back to and working with our local communities, wherever in the world we operate. We support many local, national and international causes, and are committed to supporting eyecare and hearing care projects in developing countries. We also want to help those in our communities who might not otherwise be able to access sight and hearing care services. This includes providing broader access, increasing awareness of prevention, and early detection support.

Environment

Specsavers is committed to taking responsibility for the impact our business has on the environment and has adopted a risk-based approach to understanding, minimising and mitigating this impact. This is conducted in line with our values and the responsibilities we have to our customers and our people, as well as our obligations in the countries in which we operate.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

Sustainability is a key component of our new LTF, and our environmental programme is an important element within it. Both global and local environmental issues can have a wide-reaching and long-term effect on our society, now and in the future and the SIHL board is committed to helping the planet.

We aim to be carbon net zero, starting with achieving climate positive status (taking out more carbon dioxide from the atmosphere than we put in) by 2035.

We plan to do this by:

- Reviewing our product offer and manufacturing processes - looking at the materials we use, the way they are produced, where they come from, and how they get to us. Our aim is to ensure all the plastics we use are sustainable by eliminating problematic materials or, where that is not possible, substituting or reducing their use.
- Reducing our carbon emissions - those we directly control through our operations as well as those in our supply chain. During 2022/23, we will focus on better understanding our carbon baseline and where we need to make necessary changes, setting out detailed carbon targets and planning our journey towards a net zero future.
- Reducing our packaging - not only on our products, but also the materials used to transit our products across the world, without compromising the quality.
- Understanding the types of waste we create - identifying where we can reuse or recycle by changing how we operate and eliminating materials that typically end up in landfill.
- Introducing water efficient technologies - to limit the amount of waste water we produce.
- We also require our suppliers to take the necessary steps to protect the environment.

Trading ethically

Specsavers has in place a Global Ethical Trading Policy, which enshrines the key requirements of obeying all applicable laws, treating people with dignity and respect, protecting the environment and complying with anti-bribery and corruption policies.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

We develop strong, long-term relationships with our suppliers so that we can work together towards our vision of providing best value eyecare and hearing care to everyone.

We are focused on increasing transparency across our supply chain. We work with over 70 suppliers and 200 factories in 20 countries to deliver the highest standard of products to our customers. Therefore, understanding where our products are sourced and made, and the risks inherent across our operations, is an essential part of our due diligence.

Primarily our products come from globally recognised regulatory environments or factories situated in low- and medium-risk countries. We continue to monitor activity in these countries to ensure that slavery and human trafficking does not exist in our supply chain.

We ensure regular, independent audits of all our major suppliers who do not operate in globally recognised regulatory environments. However, we recognise a need to continuously evolve and enhance how we manage ethical and sustainability risks in our supply chain. As such, in 2022 we launched our new Sourcing Responsibly Framework. This will make sure we are fully equipped to make positive impact on the lives of the people we work with, the communities we serve, and the planet we share.

Broadening our understanding of modern slavery risks, strengthening our due diligence processes, and increasing transparency of reporting continues to be a focus for us while also embedding knowledge and awareness of human rights across our teams.

Full details of our Modern Slavery Statement can be found on our website at:
<https://www.specsavers.co.uk/news-and-information/modern-slavery-act>

Treating all shareholders fairly

The company is 100% owned by Specsavers Optical Group Limited, and Specsavers is beneficially owned by DJD and ML Perkins, both of whom are members of the SEC and SIHL board, as well as the board of the company.

Engagement with colleagues

The measures undertaken by the group to ensure appropriate colleague engagement are discussed in the directors' report.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2022 (continued)

Key performance indicators

The board utilises a number of financial and non-financial key performance indicators to enable a consistent method of analysing performance. Performance has been assessed with reference to the continuing operations of the business. The key performance indicators utilised by the board are as follows:

Financial key performance indicators

Turnover on wholesale and support services

The directors consider turnover in relation to product sales and retail support services to be a key metric for reflecting the overall success of Specsavers' retail operations. This metric has been discussed in the 'Review of the business' section above.

Operating profit margin

Operating profit measures the profit achieved on the group's profit-generating activities, after taking account of the total operating costs incurred, before finance costs and taxation. The margin is calculated by taking operating profit and dividing it by turnover. This metric has been discussed in the 'Review of the business' section above.

Current ratio

Current ratio measures the liquidity of the group and is a key indicator of its ability to meet its ongoing commitments. It is calculated by dividing current assets by current liabilities.

The group achieved a current ratio of 1.3 (2021: 1.3) which is in line with the board's expectations, which are that this KPI should maintain a minimum level of 1. This demonstrates that the group continues to have the ability to meet its commitments as they fall due.

Approved by the board on 28 October 2022 and signed on its behalf by:

.....
DJD Perkins
Director

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022

The directors present their report, and the consolidated financial statements for the year ended 28 February 2022. Financial risk, price risk, credit risk, liquidity risk and cash flow risk are discussed in the Strategic Report.

Directors of the group

The directors who held office during the year were as follows:

Specsavers Optical Group Limited - Company secretary and director

DJD Perkins

ML Perkins

JD Perkins

PB Fussey

JP Marshall

AG Thompson

SD Moore

TM Buller

Dividends and transfers to reserves

During the year the company paid an interim dividend of £Nil (2021: £Nil). The profit for the financial year of £349,566k (2021: £339,775k) has been transferred in accordance with share ownership to retained earnings £65,983k (2021: £47,332k) and non-controlling interests £283,583k (2021: £292,443k). The directors do not recommend payment of a final dividend (2021: £Nil).

Colleague involvement

The group updates its colleagues via Specsavers' global intranet site, which provides information on Specsavers as a whole, its activities, its performance and future plans.

The group has established listening groups for the various departments to allow colleagues to communicate suggestions to senior management, and has recently created 'communications champions' to drive this process. Pulse surveys are regularly carried out to gauge colleagues' feelings on a range of issues.

The group encourages the involvement of support office colleagues in the performance of the group through a colleague profit share scheme. Our stores have various schemes in place to encourage the involvement of store colleagues in performance of individual stores.

The group believes in a policy of equal opportunities. Recruitment and promotion are undertaken on the basis of merit, regardless of gender, race, age, marital status, sexual orientation, religion, nationality, colour and disability. Broadening and strengthening our approach to diversity and inclusion involves working to cultivate an environment that respects and values difference, and where our people feel they can be themselves at work.

Employment of disabled persons

Specsavers is committed to its equality and diversity policy which seeks to ensure that, from recruitment and selection, through to training and development, appraisal and promotion, all persons, including those with disability, are treated fairly and have an equal chance to contribute and achieve their maximum potential.

Directors' qualifying indemnity provision

Qualifying indemnity provision was in place for each of the directors during the year.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Future developments

The group is committed to providing high quality, affordable optical and audiology products and support for the Specsavers organisation and its customers.

A key strategic focus in the short to medium term is expanding our new retail operations in Canada.

The group will continue to invest in its people and its products to deliver on its commitment.

Nurturing business relationships with suppliers, customers and partners

The Strategic Report Section 172(1) Statement section 'Nurturing business relationships with suppliers, customers and partners' on page 9 discusses this issue in depth.

Research and development

No significant research and development projects were undertaken by the group during the year.

Speak up and whistleblowing policies

Specsavers is committed to maintaining an open culture with high standards of honesty and accountability. Every colleague within the organisation has an important role to play to achieve this and Specsavers takes all unprofessional conduct very seriously, whoever commits it.

Specsavers through its written policy reassures its colleagues that issues they raise will be properly considered. Whistle-blower confidentiality is maintained wherever reasonably possible. In all cases, Specsavers will handle the matter fairly and properly.

Corporate governance

The group has adopted the Wates principles which are designed for large private companies in the United Kingdom. No companies within the group are currently large enough to meet the thresholds requiring the disclosure of corporate governance arrangements. The Wates framework recommends that companies consider six key principles of corporate governance:

- purpose and leadership;
- board composition;
- director responsibilities;
- opportunity and risk;
- remuneration; and
- stakeholder relationships and engagement.

Their application to the group is explained in the following sections.

Purpose and leadership

The group's purpose is to change lives through better sight and hearing. This helps guide the way in which we do business and our ambitions are as follows:

- Customer – Deliver outstanding value and be loved by every customer.
- People – Be the place we are all proud to belong.
- Growth – Be the clear market leader in every region, caring for 60 million customers

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Board composition

The board of the company is responsible for fulfilling the company's legal and fiduciary responsibilities. It achieves this in conjunction with two other bodies: the Specsavers Executive Committee (SEC) as described in the strategic report; and the territory operating boards. The territory operating boards are internal committees, not linked to any one specific company within the organisation, but are responsible for the delivery of the Specsavers strategy within the context of each territory. The SEC directs the overall strategic development of Specsavers globally; determines risk appetite and control measures; promotes professional standards, corporate responsibility and regulatory compliance; and upholds high customer service standards.

The board believes that its composition includes an appropriate combination of skills, backgrounds, experience and knowledge, in line with the size and complexity of the group. Its size is also proportionate to its responsibilities.

SEC members come from a variety of backgrounds and are committed to promoting diversity and inclusion, at SEC level and throughout the whole organisation. The SEC acknowledges the importance of diversity among its members, and among other boards within the organisation, and the role this plays in helping the business achieve its long-term goals; ensuring we have the right people in the right place, at the right time. The SEC has approved a range of activities to promote diversity and inclusion at Specsavers.

The company board, SEC and operating board members are each committed to ongoing professional development and consider that they have sufficient time to discharge their duties.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Director responsibilities

Certain matters are reserved for the SEC for its approval. These include:

- the review and approval of annual operating plans;
- budgets;
- *risk appetite*;
- performance targets;
- credit or market risk limits;
- acquisitions;
- disposals;
- investments;
- capital expenditure or realisation or creation of a new venture that exceed certain thresholds;
- specified senior appointments; and
- any substantial change in balance sheet management policy.

The SEC is responsible for maintaining and reviewing the effectiveness of risk management and internal control systems, and for determining the level and types of risks Specsavers is willing to take in achieving its strategic objectives. It is also responsible for matters relating to finance, corporate governance, remuneration and effective succession planning. These matters are determined by the SEC as a whole, rather than being delegated to subcommittees.

To meet internal control requirements, procedures have been designed for safeguarding assets against unauthorised use or disposal; for maintaining proper accounting records; and for ensuring the reliability and usefulness of financial information used within the business or for publication.

These procedures provide reasonable assurance against material mis-statement, errors, losses or fraud. They are designed to provide effective internal control within Specsavers and accord with the Financial Reporting Council's guidance for directors issued in 2014, regarding internal control and related financial and business reporting.

The SEC confirms that the system of internal control operated effectively for the 2022 financial year.

The operating boards use an extensive range of information sources to guide their decision-making, including financial information, key performance indicators, retail data, and colleague and consumer feedback. Comprehensive board packs are produced on a timely basis for each operating board meeting. They report regularly to the SEC.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Opportunity and risk

The group creates value by striving to provide exceptional customer service; excellent professional care; and high-quality products, delivered efficiently and in a great retail environment.

The SEC has put in place a clear risk management framework, and determines policies and procedures in relation to internal controls through clear interactions with senior management across Specsavers.

The key risk management and internal control procedures include the following:

- **Adherence to the organisation's values:** The Specsavers values laid out earlier outline the core principles within which the organisation must operate wherever we conduct business. The values overlay all other policies and procedures throughout the organisation. These values are mandatory, apply to and must be observed by all businesses within Specsavers, regardless of the nature or location of their activities.
- **Delegation of authority within limits set by the SEC:** Subject to certain matters reserved for the SEC, the group directors have been delegated authority limits and powers within which to manage the day-to-day affairs of the group, including the right to sub-delegate those limits and powers to the relevant operating board for effective management of the group's day to day activities.
- **Risk identification and monitoring:** Risk management occurs at different levels in Specsavers, with identification and assessment performed at the business unit, country, regional, corporate and Group levels to provide a 'top down' and 'bottom up' three-dimensional view of risk as set out in the risk management framework. A robust assessment of the Principal and Emerging risks facing the company, together with a description of how they are being mitigated has been reviewed and endorsed by the SEC. Each Principal and Emerging risk has SEC oversight.
- **Changes in market conditions/practices:** Processes are in place to identify new risks arising from changes in market conditions/practices or customer behaviours, which could expose the organisation to heightened risk of loss or reputational damage. Specsavers employs a top and emerging risks framework, which contains an aggregate of all current and forward-looking risks and enables it to take action that either prevents them materialising or limits their impact.
- **Responsibility for risk management:** All colleagues are responsible for identifying and managing risk within the scope of their role, with the ultimate accountability residing with the SEC.
- **Strategic plans:** Strategic plans are prepared for global businesses, global functions and geographical regions within the framework of Specsavers' overall strategy. Annual operating plans, informed by detailed analysis of risk appetite describing the types and quantum of risk that Specsavers is prepared to take in executing its strategy, are prepared and adopted by all major Specsavers operating companies, and set out the key business initiatives and the likely financial effects of those initiatives.

The effectiveness of Specsavers' system of risk management and internal control is reviewed regularly by the SEC.

Remuneration

During the year the directors received remuneration from Specsavers Optical Group Limited, the parent company, in respect of all of the services they provide to the Specsavers Group. The directors act in a similar capacity for multiple group companies and it is not possible to apportion their remuneration accurately between these group companies.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Stakeholder relationships and engagement

The board has given extensive consideration to the group's impact on stakeholders including colleagues, communities and the environment, as described earlier in the Strategic Report.

The group seeks regular and wide-ranging feedback from its customers and adapts its activities accordingly.

Colleague feedback is obtained through regular surveys and interactions, which are generally provided on an ad hoc basis in relation to specific matters. The feedback received is then used to develop action plans to continue to strengthen the relationships between the business and its colleagues.

Environmental report

We have considered the recommendations of the Financial Stability Board's Task Force on Climate-related Financial Disclosures (TCFD) when preparing this report. These recommendations encourage businesses to increase disclosure of climate-related information, with an emphasis on financial disclosure. Specsavers Optical Superstores Limited supports these recommendations and is committed to disclosing the relevant information which can be found below. The group is compliant with the legislation currently in force (the Companies (Directors' Report) and Limited Liability Partnerships (Energy and Carbon Report) Regulations 2018) but not the Companies (Strategic Report) (Climate-related Financial Disclosure) Regulations 2022. These take effect for financial years starting on or after 6 April 2022; this means that they will first apply to the group for the February 2024 year end.

Governance

The formal governance of the Specsavers environmental program and the wider sustainability agenda is delivered through the Specsavers Corporate Social Responsibility (CSR) committee. The CSR committee will agree the material issues to be addressed and the corresponding overall objectives. These group objectives are then delivered through regional, country or function-based programs of activity.

Strategy

In 2021/22:

- The group CSR committee set and published the key group objectives for our environmental program and related metrics.
- Local environmental committees delivered group objectives and additional identified local objectives.
- We improved the quality and quantity of global group carbon data available and further progressed the roll out of smart meters (AMR) across our UK store portfolio.
- We continued to work on preparing for and mitigating the impact of the introduction of Extended Producer Responsibility (EPR) and UK plastic packaging tax.

In 2022/23 we will:

- Improve our carbon measurement and metrics and set a baseline for future anticipated reductions.
- Reduce the impact of our packaging.
- Understand the types of waste we create.
- Improve our data availability on water usage to help with possible future efficiencies.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Risk Management

Climate Change Related Risks

Physical risks

Extreme weather events and weather-related events such as storms, wildfires and flooding may lead both to localised trading disruption for stores, and potentially to wider disruption in supply chain production and logistics.

Specsavers has in place sufficient response and disaster recovery procedures to ensure affected store businesses can survive adverse incidents and recover and resume trading in the shortest time frame possible. Active risk management and duplication of capacity within the supply chain ensures sufficient options for continued product flow should any major supply sources be adversely impacted by physical events as shown by the ability to respond to the pandemic.

The group board considers the likelihood of some store level adverse physical events in any year to be low to moderate; however, under mitigation the impact should be low.

The group board considers the likelihood of impact on the supply chain from physical events in any given year to be low. If they were to occur, the impact should be low due to the extra capacity, emergency planning and disaster recovery procedures in place.

Transitional risks

It is generally recognised that the global ambition of moving towards a low carbon future creates a degree of risk and uncertainty for business.

Policy and legal requirements.

International governments' responses to the climate challenge, and individual country reduction pledges under the Paris climate agreement present the risk of increased business costs through additional legislative compliance activity and reporting, potential impact of non-compliance, upgrading buildings to higher energy efficiency standards, meeting landlords' efficiency standards, carbon taxation, and the potential risk of operational impact from moving to mandatory electric vehicles under local country initiatives. Public sector and B2B contracts also require increasing evidence of supplier carbon management and energy efficiency activity to meet national carbon reduction targets, again creating a risk of increasing costs to service. Climate-related legislation may also lead to increased logistics and travel costs.

As with other legal and regulatory risks, climate-related legislative compliance risk is managed through external experts and our own organisational expertise. The group board considers that there is a low risk of non-compliance with climate-related legislation, but recognises that the impact of non-compliance could be high.

As regards supplier contractual requirements, the risk of non-compliance is also considered low through our continual internal management of the contract requirements; however the group board recognises that the impact could be high if contractual requirements were not met.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Market risk / reputational risk

Consumer demand for low carbon goods and services is growing and organisations that do not take a responsible approach to carbon management may lose customers and suffer reputational damage. Specsavers' products and services are not energy/carbon intensive to produce, supply, or use; however Specsavers' customers and other stakeholders are increasingly engaging with the business on wider sustainability issues such as disposal, recycling and packaging.

Governance of sustainability issues is delivered through the Specsavers CSR Committee which reviews the carbon management approach and wider sustainability impacts, and the associated risk and opportunity. The CSR committee ensures that all material sustainability issues are managed within the organisation.

The board considers that the risk of significant changes in consumer behaviour for Specsavers' products and services, and the risk to the organisation's reputation regarding climate issues is low in the shorter term and moderate over the longer term. Monitoring of sustainability issues, Specsavers' planned response, and the predicted gradual change in customer expectations over time should limit the impact to a low level.

Opportunities

Resource efficiency

By focussing on waste reduction at source we have been able to identify areas of production where process inputs can be reduced, leading directly to reductions in waste output. Any reductions should lower input material costs and waste disposal costs.

Along with the AMR program our LED lighting roll out is reducing our electricity usage; the most material opportunity to reduce running costs has been from installing LED in our UK support offices.

Energy source

We have taken the opportunity to install photovoltaic generation at one of our manufacturing sites to reduce electricity costs.

Products and services

By decarbonising our business and supply chain and producing product ranges from renewable and recycled materials, we should be able to take advantage of changing consumer demand away from non-renewably sourced and single use plastics.

Emissions and energy consumption

The Companies (Directors' Report) and Limited Liability Partnerships (Energy and Carbon Report) Regulations 2018 implement the UK government's policy on Streamlined Energy and Carbon Reporting (SECR). Large UK private companies with a global presence such as Specsavers Optical Superstores Limited are only required to report their UK emissions. As such, the below disclosures relate only to the group's UK activities.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Methodology

- Greenhouse Gas (GHG) Protocol Corporate Standard applied
- Entities in scope determined by financial control and included at 100% regardless of equity share
- Carbon and kWh conversion factors - DEFRA GHG Conversion Factors for Company Reporting 2021
- Fuel price data - BEIS Energy prices Road Fuels and Other Petroleum Products weekly road fuel price data
- All utility data from supplier billing or estimated on historic supplier billing / portfolio average
- All mileage data and fuel use exported directly from expensed mileage and fuel claim

Summary of scope 1 (direct) greenhouse gas emissions for the year ended 28 February:

| | Total energy use measurement kWh | 2022 CO2te | 2021 CO2te |
|--|---|---------------|---------------|
| Mains gas and expensed fuel in business owned /leased vehicles | 3,670,571 | <u>778</u> | <u>686</u> |

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Summary of scope 2 (indirect) greenhouse gas emissions for the year ended 28 February:

| | Total energy use measurement kWh | 2022 CO2te | 2021 CO2te |
|---|---|---------------|---------------|
| Purchased grid electricity and self-generated electricity | 49,837,152 | <u>10,582</u> | <u>10,324</u> |

Summary of scope 3 (other indirect) greenhouse gas emissions for the year ended 28 February :

| | Total energy use measurement kWh | 2022 CO2te | 2021 CO2te |
|--|---|---------------|---------------|
| Expensed fuel for business travel in non-owned/leased vehicles | 4,710,887 | <u>1,158</u> | <u>589</u> |

Total energy usage has increased by 16% year on year, whereas pleasingly reported emissions have increased by just 8% as we have switched energy types and reduced the carbon intensity of our consumed energy (see below).

Regarding scope 1 emissions, natural gas usage was reduced by 28% across all business functions. The mileage of UK store company vehicles (as measured by expense claims) fell by 30%. However domiciliary mileage rose by 65% as new businesses were established and restrictions were eased. This factor outweighed the others.

As regards scope 2 emissions, overall electricity usage was up 14%. Support office electricity usage was down 10% due to working from home practices continuing. Store electricity usage was up 13%, with an increase of 19% in our manufacturing and distribution sites: this is expected due to comparatively low activity levels in the prior year.

Scope 3 emissions are up 97% from a low base. This relates to emissions from mileage claims from colleagues using their own vehicles (both in domiciliary businesses (up 77%) and support offices (up 152%)). The cause is low usage by support office colleagues during the prior year restrictions, and growth in the domiciliary business.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Intensity ratio

An intensity metric of total emissions from all the UK group activity including stores, support offices and manufacturing and distribution activity against total store floor area has been selected. This metric reflects the full carbon impact of operating, supporting and supplying the retail optical and audiology stores against the current scale of the stores.

2021/22 total carbon intensity metric: 0.0049 (2020/21: 0.0051) CO₂e / sqft retail stores.

2021/22 total energy intensity metric: 22.62 (2020/21: 22.34) kWh / sqft retail stores.

Scope 2 emissions and related intensity metrics from the prior year have been restated due to additional data availability.

Energy efficiency action

During the Climate Change Agreement (CCA) period calendar year 2021, we continued to improve the energy efficiency for our lens coating operations which are covered by the CCA targets.

Our wider initiatives on energy efficiency were paused due to the pandemic restrictions and lack of resources; the full store AMR roll out is due to recommence in 2022/23.

We continue to purchase electricity on Renewable Energy Guarantees Origin (REGO) renewable tariffs for our stores and support offices.

During 2021/22 we completed LED lighting upgrades at our main support offices in Nottingham, Whiteley and also at our distribution site in Guernsey. We completed 27 store upgrades to our new energy efficient LED lighting standard as part of our store rebrand, expansion and relocation program.

We estimate that the completed installations will reduce annual energy use by 290 mWh across the 3 locations (253 mWh in the UK).

Going concern

There remains significant uncertainty regarding the longer-term global economic outlook, including rising inflation and the ongoing conflict in Ukraine, but the directors are comfortable that the group is well positioned to meet any challenges that lie ahead. The directors have prepared cash flow forecasts which indicate that the group will be able to meet its liabilities as they fall due for a period of at least 12 months from the approval of the financial statements.

Specsavers and its stores have access to significant cash holdings (see note 17) alongside positive cashflows which support the group's liquidity and longer-term viability, and provide the ability to withstand reasonably possible downside scenarios should they arise. In addition, the group has no external borrowings. Therefore, the expectation of the directors is that they will be able to meet liabilities as they fall due over a period of at least 12 months.

Post balance sheet events

There were no significant events after the balance sheet date requiring disclosure in this report and financial statements.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2022 (continued)

Disclosure of information to the auditor

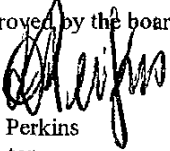

Each director has taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the group's auditors are aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditors are unaware.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006 (amended).

Reappointment of auditors

BDO LLP have expressed their willingness to continue in office.

Approved by the board on 28 October 2022 and signed on its behalf by:

DJD Perkins
Director

Specsavers Optical Superstores Limited

Statement of directors' responsibilities

The directors acknowledge their responsibilities for preparing the strategic report, directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the group and the company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the company, and of the profit or loss of the group and the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- *make judgements and accounting estimates that are reasonable and prudent;*
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and the company's transactions, and disclose with reasonable accuracy at any time the financial position of the group and the company enabling them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and the company, and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited

Opinion on the financial statements

In our opinion:

- the financial statements give a true and fair view of the state of the group's and of the parent company's affairs as at 28 February 2022 and of the group's profit for the year then ended;
- the financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of Specsavers Optical Superstores Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 28 February 2022 which comprise the Consolidated profit and loss account, Consolidated statement of comprehensive income, Consolidated balance sheet, Company balance sheet, Consolidated statement of changes in equity, Company statement of changes in equity, Consolidated statement of cash flows, and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited (continued)

Other information

The directors are responsible for the other information. The other information comprises the information included in the Annual Report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other Companies Act 2006 reporting

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the group and parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Statement of directors' responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited (continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Extent to which the audit was capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, our procedures included the following:

- enquiring of management and the directors, including obtaining and reviewing supporting documentation, concerning the group's policies and procedures relating to:
 - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
 - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; and
 - the internal controls established by the group to mitigate risks related to fraud or non-compliance with laws and regulations.
- discussing among the engagement team including significant component audit teams, how and where fraud might occur in the financial statements and any potential indicators of fraud. As part of this discussion, we identified potential for fraud in the following areas:
 - Management override of controls;
 - Management bias through judgements and estimates; and
 - Improper revenue recognition
- obtaining an understanding of the legal and regulatory frameworks that the group operates in, focusing on those laws and regulations that had a direct effect on the financial statements or that had a fundamental effect on the operations of the group. The key laws and regulations we considered in this context included the UK Companies Act, UK Generally Accepted Accounting Principles, and relevant tax and employment legislation.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited (continued)

In addition to the above, our procedures to respond to risks identified included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with relevant laws and regulations noted above;
- enquiring of management, the directors and legal counsel concerning actual and potential litigation and claims;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- reading minutes of meetings of those charged with governance, reviewing correspondence with tax authorities; and
- addressing the risk of fraud through management override of controls by, testing the appropriateness of journal entries including journal entries posted to revenue and other adjustments; assessing whether the judgements made about assumptions reflected in accounting estimates are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business;
- addressing the risk of fraud through management bias in key estimates and judgements in the financial statements by either assessing management's own estimates, benchmarking estimates and judgements or establishing a point estimate to compare with, thereby identifying any anomalous output;
- addressing the risk of fraud in revenue recognition by performing detailed audit procedures around adjustments to transactional processing to recognise work in progress, deferred and accrued income balances.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited (continued)

Use of our report

This report is made solely to the Parent Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Parent Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Parent Company and the Parent Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022

1 General information

The company is a private limited company limited by share capital, incorporated in England and Wales.

The address of its registered office is:

Forum 6, Parkway
Solent Business Park
Whiteley
Fareham
PO15 7PA
United Kingdom

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements are prepared in accordance with United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' ("FRS 102") and the UK Companies Act 2006 (as amended).

Basis of preparation

The financial statements are prepared in sterling which is the functional currency of the company and are rounded to the nearest £000.

Going concern

There remains significant uncertainty regarding the longer-term global economic outlook, including rising inflation and the ongoing conflict in the Ukraine, and consequently the group is taking a diligent approach to cost management.

As noted in the Strategic Report, the SIHL and group boards are optimistic that we will continue to see a return to pre-pandemic normalised operating performance in the coming year in our core markets. Specsavers is continuing to invest in the brand, store customer experience, partner support and supply chain. Even in the event of a global recession, the boards are confident that the business would continue to be cash generative. Based on previous experience, the boards consider that only a forced closure of the stores will cause this not to be the case.

Specsavers and its stores have access to significant cash holdings (see note 17) alongside positive cashflows which support the group's liquidity and longer-term viability, and provide the ability to withstand reasonably possible downside scenarios should they arise. In addition, the group has no external borrowings. The directors are therefore comfortable that the group is well-positioned to meet any challenges that lie ahead. They have prepared cash flow forecasts which indicate that the group will be able to meet its liabilities as they fall due, for a period of at least 12 months from the approval of the financial statements.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

2 Accounting policies (continued)

Summary of disclosure exemptions

As the parent company, Specsavers Optical Superstores Limited has provided a guarantee under the provision of the Companies Act 2006, s479C, for an audit exemption for its subsidiary companies. The results of these companies and the parent company are included in these consolidated financial statements. With the exception of retail stores in ROI, Norway, Sweden and Finland; Specsavers International B.V., Ireland Specsavers Limited and Ireland Specsavers Hearcare Limited, the subsidiaries listed in note 14 have taken advantage of the exemption from having their accounts audited under the provisions of the Companies Act 2006, s479A.

No profit and loss account or statement of comprehensive income has been presented for the company, as permitted by section 408 of the Companies Act 2006, and no cash flow statement has been presented, as permitted by FRS 102.

Basis of consolidation

The group financial statements consolidate the financial statements of the company and its subsidiary undertakings drawn up to 28 February 2022.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated profit and loss account from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by the group.

The purchase method of accounting is used to account for business combinations that result in the acquisition of subsidiaries by the group. The cost of a business combination is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the business combination. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Any excess of the cost of the business combination over the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised is recorded as goodwill.

Where a business combination falls within the definition of a group reconstruction, merger accounting is used. In this instance the carrying values of the assets and liabilities of the parties to the combination are not required to be adjusted to fair value, although appropriate adjustments are made to achieve uniformity of accounting policies in the combining entities. The results and cash flows of all the combining entities are brought into the financial statements of the combined entity from the beginning of the financial year in which the combination occurred, adjusted so as to achieve uniformity of accounting policies. The comparative information is restated by including the total comprehensive income for all the combining entities for the previous reporting period and their balance sheets for the previous reporting date, adjusted as necessary to achieve uniformity of accounting policies.

Inter-company transactions, balances and unrealised gains on transactions between the company and its subsidiaries, which are related parties, are eliminated in full.

Intra-group losses are also eliminated but may indicate an impairment that requires recognition in the consolidated financial statements.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

2 Accounting policies (continued)

Judgments

The following are the critical judgments made by management, apart from those involving estimations (see 'Key sources of estimation uncertainty' below), that have a significant effect on the amounts reported in the financial statements:

Operating lease commitments

The group enters into multiple commercial property leases, where as a lessee it obtains the use of property. The classification of each lease as either an operating or finance lease requires the group to determine, based on evaluation of the terms and conditions of the arrangements, whether it retains or acquires the significant risks and rewards of ownership of these assets, and accordingly whether the lease requires an asset and liability to be recognised in the balance sheet. The key factor considered is the length of the lease term, compared to the expected useful life of the underlying asset. Where the asset life is considerably longer than the lease term, the significant risks and rewards are not deemed to be transferred to the group, and the lease is consequently accounted for as an operating lease.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and the other key sources of estimation uncertainty at the end of the reporting period that have a risk of causing material adjustments to the carrying amounts of assets and liabilities within the next financial year:

Goodwill and intangibles

The group establishes a reliable estimate of the useful life of goodwill and intangible assets arising on business combinations. This estimate is based on a variety of factors such as the expected use of the acquired asset, the expected usual life of the cash generating units to which the goodwill is attributed, any legal, regulatory or contractual provisions that can limit useful life and assumptions that market participants would consider in respect of similar businesses. (See note 12 for relevant numbers.)

Deferred revenue

Deferred revenue arises when cash is received in advance of revenue being earned, either in the form of deposits received for spectacles and hearing aids which have not been collected, or direct debit payments received for contact lenses in advance of delivery of the lenses to the customer. Deferred revenue is a liability on the balance sheet until it is earned. Customer data is used to estimate the value of uncollected spectacle sales which should be deferred at the year-end. Deferred revenue for contact lens sales purchased by direct debit is estimated using system reports which allow a calculation of where each customer is in their payment cycle, and therefore how much has been paid in advance of delivery of goods. Deferred revenue in respect of bundled sales of hearing aids and four years' batteries is calculated using the underlying cost prices of the elements in the bundle; management deem this to be the best estimation of the fair value split. (See note 19 deferred income for the relevant numbers.)

Long service provision

The calculation of long service leave in Australia requires management to make actuarial assumptions about demographic variables, probabilities, financial variables (such as inflation) and then discount to NPV using Reserve Bank of Australia (RBA) rates. (See note 22 for relevant numbers.)

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

2 Accounting policies (continued)

Taxation

The group establishes provisions based on reasonable estimates, for possible consequences of audits by the tax authorities. The amount of such provisions is based upon various factors, such as experience with previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Management estimation is required to determine the amount of deferred tax assets that can be recognised, based upon likely timing and level of future taxable profits together with an assessment of the effect of future tax planning strategies. (See note 11 for relevant numbers.)

Revenue recognition

Revenue is recognised to the extent that the group obtains the right to consideration in exchange for its performance. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales taxes or duty. The following criteria must also be met before revenue is recognised:

Revenue from the sale of goods and services is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on despatch of the goods, or when services are provided and the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the group and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Goods revenue consists primarily of the sale of frames, lenses, hearing aids and contact lenses. Service revenue relates to services provided to the parent company, as well as rent, utilities and other services provided to companies within the Specsavers organisation.

Deferred revenue on the company balance sheet arises from rents prepaid by Specsavers retail companies to the company and is released as the usage of store premises is provided.

Government grants

Grants are accounted for under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to the profit and loss account at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised within the profit and loss in the same period as the related expenditure.

Rent concessions relating to COVID 19

During the prior year the group had received rent concessions on a number of the leased properties. In accordance with the amendment to FRS 102 the group had recognised the change in lease payments over the period that the change is intended to compensate where the following conditions are met:

- the change in lease payments resulted in revised consideration for the lease that is less than the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before 30 June 2021; and
- there was no significant change to other terms and conditions of the lease.

Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded in the group's functional currency by applying the spot exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

2 Accounting policies (continued)

Tax

Current tax is provided at amounts expected to be paid (or recovered) using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences which are differences between taxable profits and total comprehensive income that arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements, except that unrelieved tax losses and other deferred tax assets are recognised only to the extent that the directors consider that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Goodwill

Positive goodwill acquired is capitalised, classified as an asset on the balance sheet and amortised on a straight-line basis over its useful life. Goodwill acquired is, from the acquisition date, allocated to each cash generating unit that is expected to benefit from the synergies of the acquisition. If a business is subsequently sold or discontinued, any goodwill arising on acquisition that has not been amortised through the consolidated profit and loss account is taken into account in the profit or loss recognised on sale or discontinuance.

Amortisation

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their useful life as follows:

| Asset class | Amortisation rate |
|-------------|------------------------|
| Goodwill | 10 years straight line |

Tangible fixed assets

Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation. Information technology costs are only capitalised if the costs are externally generated and related to a specific project with quantifiable benefits. These costs are then included in equipment and depreciated over their estimated useful life.

Depreciation

Depreciation is provided on a straight line basis at the following rates in order to write off the cost less estimated residual value of each asset over its estimated useful life (or if held under a finance lease, over the lease term, whichever is the shorter):

| Asset class | Depreciation rate |
|-----------------------|-------------------|
| Equipment | 7%-50% |
| Plant and machinery | 7%-50% |
| Fixtures and fittings | 7%-25% |
| Land | Not depreciated |
| Buildings | 2% |

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

2 Accounting policies (continued)

Assets under construction

Assets under construction represent payments on machinery being constructed which are not depreciated until the asset is ready for use.

Impairment of non-financial fixed assets

The group assesses at each reporting date whether an asset may be impaired. If any such indication exists the group estimates the recoverable amount of the asset. If it is not possible to estimate the recoverable amount of the individual asset, the group estimates the recoverable amount of the cash generating unit to which the asset belongs. The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. If the recoverable amount is less than its carrying amount, the carrying amount of the asset is impaired and it is reduced to its recoverable amount through an impairment in profit and loss unless the asset is carried at a revalued amount where the impairment loss of a revalued asset is a revaluation decrease.

For all assets an impairment loss recognised is reversed in a subsequent period if and only if the reasons for the impairment loss have ceased to apply, with the exception of goodwill where impairment is never reversible.

Investments

Investments in fellow Specsavers organisation companies are measured at cost less impairment.

Stock

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the weighted average method.

The cost of finished goods and work in progress comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition. At each reporting date, stocks are assessed for impairment. If stocks are impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in profit or loss.

Short term debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the consolidated profit and loss account in administrative expenses.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. The directors have included the balances owed to and from Specsavers Finance (Guernsey) Limited, the Group Treasury Company within cash equivalents.

Provisions

A provision is recognised when the group has a legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

2 Accounting policies (continued)

Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease. Lease incentives are recognised over the lease term on a straight-line basis.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

Assets held under finance leases and hire purchase contracts are capitalised in the balance sheet and are depreciated over the shorter of the useful life of the asset and the lease term. A corresponding liability is recognised for the lower of the fair value of the leased asset and the present value of the minimum lease payments in the balance sheet. Lease payments are apportioned between the reduction of the lease liability and finance charges in the profit and loss account so as to achieve a constant rate of interest on the remaining balance of the liability.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred, the initial measurement is on a present value basis.

Foreign currency translation reserve

The variance arising from translation of the equity value of subsidiaries, using the opening foreign exchange rate compared to the closing foreign exchange rate, are taken to 'other comprehensive income' and subsequently held in the foreign currency translation reserve.

Other reserves

Other reserves relates to equity contributions from other subsidiaries of the ultimate parent.

Retained earnings reserve

The retained earnings reserve represents cumulative profits and losses, net of dividends paid, as well as transactions which result in changes in the ownership of A shares in subsidiary undertakings without a change in control.

Non-controlling interests reserve

The non-controlling interests reserve is the share of the group's reserves not owned by the company. Non-controlling interests are valued at the proportionate share of third parties in the net value of the assets and liabilities of subsidiary undertakings, determined in accordance with the company's measurement principles.

Dividends

Final dividends are recognised as an appropriation of equity when approved by the company's shareholders. Interim dividends are recognised when paid.

Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a pension fund and the group has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all colleagues the benefits relating to colleague service in the current and prior periods.

Contributions to defined contribution plans are recognised as colleague benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

3 Turnover

The analysis of the group's turnover for the year by activity is as follows:

| | 2022 £ 000 | 2021 £ 000 |
|-----------------------|------------------|------------------|
| Sale of goods | 3,132,554 | 2,457,330 |
| Rendering of services | 222,266 | 280,897 |
| | <u>3,354,820</u> | <u>2,738,227</u> |

The analysis of the group's turnover for the year by market is as follows:

| | 2022 £ 000 | 2021 £ 000 |
|----------------|------------------|------------------|
| UK | 1,962,195 | 1,552,150 |
| Rest of Europe | 666,350 | 551,799 |
| Rest of World | 726,275 | 634,278 |
| | <u>3,354,820</u> | <u>2,738,227</u> |

4 Other operating income

In the prior year, Specsavers accessed government support programmes that were designed to safeguard employment in the U.K., Republic of Ireland, Netherlands, Denmark, Sweden, Australia, New Zealand, Norway, Finland and Hong Kong.

These programmes provided essential financial support at a time when customer volumes were drastically reduced, due to the imposition of government restrictions. The accessing of these programmes enabled the business to protect thousands of jobs across the globe and to provide continuity of healthcare to millions of customers. The SIHL board have been monitoring overall performance throughout the pandemic and ceased accessing these support programmes at the point where it was considered that they were no longer required to protect jobs to ensure the retail businesses could survive. In the current year, only Australia and New Zealand have required employment-related government support due to ongoing severe lockdowns.

The analysis of the group's other operating income for the year is as follows:

| | 2022 £ 000 | 2021 £ 000 |
|---|---------------|----------------|
| Support received under national schemes | 5,491 | 146,084 |
| Other operating income | 9,373 | 9,252 |
| | <u>14,864</u> | <u>155,336</u> |

8 Colleague costs (including directors)

The aggregate payroll costs (including directors' remuneration) were as follows:

| | 2022 £ 000 | 2021 £ 000 |
|--|------------------|------------------|
| Wages and salaries | 1,020,845 | 923,069 |
| Social security costs | 62,985 | 53,382 |
| Pension costs, defined contribution scheme | 45,161 | 41,306 |
| | <u>1,128,991</u> | <u>1,017,757</u> |

Included in the above payroll costs are wages and salaries £82,771k (2021: £81,989k), social security costs £8,656k (2021: £7,949k) and pension costs £7,132k (2021: £6,809k) which relate to the company.

The average number of colleagues during the year:

| | 2022 No. | 2021 No. |
|-------------------------|---------------|---------------|
| Retail operations | 32,475 | 31,114 |
| Retail support services | 2,446 | 2,102 |
| Manufacturing | 606 | 711 |
| Distribution | 216 | 215 |
| | <u>35,743</u> | <u>34,142</u> |

Included in the above average number of colleagues are retail support services colleagues numbering 1,241 (2021: 1,326) who are employed by the company.

There were pension contributions of £5,056k outstanding at the year end (2021: £3,717k).

9 Directors' remuneration

During the year the directors received remuneration from Specsavers Optical Group Limited, the parent company, receiving no remuneration from Specsavers Optical Superstores Limited. The directors act in a similar capacity for multiple group companies and it is not possible to apportion their remuneration accurately between these group companies.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

10 Auditors' remuneration

| | 2022 £ 000 | 2021 £ 000 |
|-------------------------------------|---------------|---------------|
| Audit of these financial statements | 745 | 348 |
| Audit of subsidiaries | <u>1,126</u> | <u>1,394</u> |
| | <u>1,871</u> | <u>1,742</u> |
| Other fees to auditors | | |
| All other tax advisory services | 15 | 15 |
| All other non-audit services | <u>86</u> | <u>39</u> |
| | <u>101</u> | <u>54</u> |

11 Taxation

Analysis of charge in the year:

| | 2022 £ 000 | 2021 £ 000 |
|--|----------------|----------------|
| Current taxation | | |
| UK corporation tax based on profit for the year | 54,982 | 53,555 |
| Adjustment in respect of prior years | <u>1,284</u> | <u>(364)</u> |
| Total current taxation | 56,266 | 53,191 |
| Foreign corporation tax based on profit for the year | <u>43,919</u> | <u>53,245</u> |
| Total current income tax | <u>100,185</u> | <u>106,436</u> |
| Deferred taxation | | |
| Origination and reversal of timing differences | (1,505) | (6,658) |
| Restatement at new tax rate | (2,700) | (779) |
| Adjustment in respect of prior years | <u>411</u> | <u>2,754</u> |
| Total deferred taxation | <u>(3,794)</u> | <u>(4,683)</u> |
| Tax expenses in consolidated profit and loss account | <u>96,391</u> | <u>101,753</u> |

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

11 Taxation (continued)

The tax assessed for the year is higher than the standard rate of corporation tax in the UK of 19% (2021: 19%).

The differences are explained below:

| | 2022 £ 000 | 2021 £ 000 |
|--|----------------|----------------|
| Profit before tax | <u>445,957</u> | <u>441,528</u> |
| Corporation tax at standard rate | 84,731 | 83,890 |
| Expenses not deductible for tax purposes/income not taxable | 1,368 | 2,507 |
| Higher overseas tax rates | 11,899 | 15,759 |
| Timing differences where no deferred tax has been recognised | (602) | (2,014) |
| Prior year deferred tax adjustments | 411 | 2,754 |
| Prior year current tax adjustments | 1,284 | (364) |
| Restatement at new tax rate | <u>(2,700)</u> | <u>(779)</u> |
| Total tax charge | <u>96,391</u> | <u>101,753</u> |

The group tax charge is higher than the standard rate UK due to tax on overseas earnings being calculated at the rates applicable in each relevant jurisdiction.

Factors that may affect future tax charges:

Increases in the UK corporate tax rate were substantively enacted on 24 May 2021. The main rate of corporation tax was increased from 19% to 25% with effect from 1 April 2023. Deferred tax on temporary differences at the balance sheet date is calculated at the fully enacted rates at which the temporary differences are expected to reverse.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

11 Taxation (continued)

Deferred tax

Group

Deferred tax balances relate to UK and foreign taxes. The net deferred tax asset is comprised of the following:

| | Note | 2022 £ 000 | 2021 £ 000 |
|--|------|---------------|---------------|
| Short term timing differences | | 23,483 | 19,205 |
| Tax losses carried forward / utilised | | 1,671 | 1,882 |
| Fixed asset timing differences | | <u>8,343</u> | <u>9,496</u> |
| | 17 | <u>33,497</u> | <u>30,583</u> |
| | | | |
| | | 2022 £ 000 | 2021 £ 000 |
| Opening balance | | 30,583 | 24,289 |
| Origination and reversal of timing differences | | 1,505 | 6,654 |
| Adjustment in respect of prior year | | (411) | (2,754) |
| On subsidiaries purchased | | 6 | 2 |
| Foreign exchange rate differences | | (886) | 1,613 |
| Restatement of prior year at new tax rate | | <u>2,700</u> | <u>779</u> |
| 28 February | | <u>33,497</u> | <u>30,583</u> |

A deferred tax asset is regarded as recoverable, and therefore recognised, only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. The estimated value of the deferred tax asset not recognised, measured at standard rates for the countries concerned is £964k (2021: £908k) in respect of store operations.

The amount of the net reversal of deferred tax assets and deferred tax liabilities expected to occur during the year beginning after the reporting period is £20,110k (2021: £16,133k). This relates to the reversal of existing timing differences between qualifying depreciation and capital allowance claims and short term timing differences.

Specsavers Optical Superstores Limited

The above additions consist of various Canadian companies as part of Specsavers' entry into the Canadian market, as discussed in the Strategic Report.

Details of investments in which the parent company has control, either through legal ownership or dominant influence of the results and operations of those entities are listed below.

Where A and B ordinary shares exist, the parent company or in country support office holds 100% of the B ordinary shares which grant control, and various percentage holdings in the A ordinary shares. In accordance with the Articles of Association of the subsidiary entities, the right to participate in the profits of the company is exclusive to A ordinary shares and no dividend is payable on the B ordinary shares.

Where alternative capital structures exist, the parent company or in country support office may have some or none of the participating interest, but does exercise dominant control through the arrangements in place with those holding the participating interest.

All entities are indirectly held with the exception of those marked *.

Unless noted in the table below, all subsidiaries' registered address is Forum 6, Parkway, Solent Business Park, Whiteley, Fareham, PO15 7PA, England, these subsidiaries are registered in England and Wales and their function is an optical retailer.

All subsidiaries share the same accounting year as the parent company.

22 Provisions

Group

| | Deferred tax £ 000 | Other provisions £ 000 | Total £ 000 |
|--|-----------------------|------------------------------|----------------|
| At 1 March 2021 | 202 | 32,970 | 33,172 |
| Increase (decrease) in existing provisions | 69 | 1,685 | 1,754 |
| At 28 February 2022 | <u>271</u> | <u>34,655</u> | <u>34,926</u> |

Within other provisions is an amount of £28,389k (2021: £26,523k) relating to holiday pay in Australia.

Nature

The majority of the provisions balance relates to Australian colleagues' pay, which is a combination of accrued holiday pay and long service leave.

Long service leave is a legal entitlement in Australia, whereby an unconditional legal right to payment occurs after a qualifying period of service (usually seven to ten years). In certain circumstances (for example, death, retrenchment or early retirement under some Awards), a legal entitlement to pro rata payment in lieu of long service leave arises, which is an conditional entitlement.

Amount

Long service leave/LSL in 2022 was:

Stores Current (7 years plus) £7,674k

Support Office Current (7 years plus) £2,189k

Stores Non-current (< 7 years) £3,135k

Support Office Non-current (<7 years) £858k

Annual Leave Stores Current (7 years plus) £8,216k

Annual Leave Support Office Current (7 years plus) £2,012k

Timing

This will be paid over several years.

Uncertainties

For annual leave, the liability is recorded to the extent of any accrued unused entitlement that may be carried forward. Specsavers' Australian policy also allows for colleagues with >20 days to request a payout of their balance.

For those colleagues with large balances, the group discounts the portion assumed to be taken after 12 months to NPV using Milliman G100 rates.

The calculation of long service leave requires management to make actuarial assumptions about demographic variables, probabilities, financial variables (such as inflation) and then discount to NPV using Reserve Bank of Australia (RBA) rates.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

22 Provisions (continued)

Company

| | Other provisions £ 000 | Total £ 000 |
|---------------------------------|------------------------------|----------------|
| At 1 March 2021 | 391 | 391 |
| Increase in existing provisions | 7,719 | 7,719 |
| At 28 February 2022 | <u>8,110</u> | <u>8,110</u> |

During the year a supply chain business division began to be operated out of the company. The increase in provision relates entirely to this supply chain activity, the majority being a provision for obsolescence which relates to buy-back agreements for stock held in other territories.

23 Share capital

Allotted, called up and fully paid shares

| | 2022 | | 2021 |
|----------------------------|----------|----------|----------|
| | No. | £ | No. |
| Ordinary shares of £1 each | <u>2</u> | <u>2</u> | <u>2</u> |

Rights, preferences and restrictions

Ordinary shares have the following rights, preferences and restrictions:

To receive notice of and to attend and vote at general meetings and on proposed written resolutions of the company; to participate in the profits of the company, each being entitled pari passu to dividend payments; and on a winding up to participate pari passu in the surplus assets of the company.

24 Non-controlling interests

The non-controlling interests held by Specsavers partners in respect of their holding of ordinary shares is 871 (2021: 853) retail ophthalmic and/or optician practices in the United Kingdom, in ROI 58 (2021: 58), in Sweden 59 (2021: 55), in Denmark 78 (2021: 75), in Norway 19 (2021: 18), in Finland 28 (2021: 26), in Australia 323 (2021: 303), in New Zealand 51 (2021: 49), Canada 1 (2021: 0) and in The Netherlands 136 (2021: 137). In addition, 236 (2021: 220) retail audiology companies registered in the United Kingdom, 17 (2021: 17) retail audiology companies registered in ROI, 120 (2021: 109) retail audiology companies registered in the Netherlands, 124 (2021: 94) retail audiology companies registered in Australia, and 17 (2021: 11) retail audiology companies registered in New Zealand. Non-controlling interest also comprises 50 (2021: 50) UK domiciliary companies.

In most cases, certificates of deposit and profit-sharing arrangements are in place with third parties. The net profits and/or losses and net assets funded by third parties are shown in these financial statements to the extent that they are funded by the minority interests. Any additional losses and net liabilities are included in shareholders' funds.

25 Obligations under leases and hire purchase contracts

Group

Finance leases

The total of future minimum lease payments is as follows:

| | 2022 £ 000 | 2021 £ 000 |
|---|---------------|---------------|
| Not later than one year | 1,044 | 1,324 |
| Later than one year and not later than five years | 1,272 | 603 |
| | <u>2,316</u> | <u>1,927</u> |

The most common finance lease term is 3 years.

Operating leases

The total of future minimum lease payments is as follows:

| | 2022 £ 000 | 2021 £ 000 |
|---|----------------|----------------|
| Not later than one year | 114,214 | 100,173 |
| Later than one year and not later than five years | 294,438 | 252,786 |
| Later than five years | 61,076 | 72,248 |
| | <u>469,728</u> | <u>425,207</u> |

The amount of non-cancellable operating lease payments recognised as an expense during the year was £111,894,691 (2021: £102,101,771). The most common lease term is ten years with a rent review after five years.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

25 Obligations under leases and hire purchase contracts (continued)

Company

Operating leases

The total of future minimum lease payments is as follows:

| | 2022 £ 000 | 2021 £ 000 |
|---|----------------|----------------|
| Not later than one year | 39,504 | 37,167 |
| Later than one year and not later than five years | 110,612 | 113,912 |
| Later than five years | 36,740 | 49,328 |
| | <u>186,856</u> | <u>200,407</u> |

Of the above commitments £183,285k (2021: £186,009k) is matched by a commitment from fellow subsidiaries who have subleased their premises from the company.

26 Pension and other schemes

Defined contribution pension scheme

The group operates a defined contribution pension scheme. The pension cost charge for the year represents contributions payable by the group to the scheme and amounted to £45,161k (2021: £41,306k).

27 Commitments

Group

Pension commitments

The group operates a defined contribution pension scheme. The assets of the scheme are held separately from the group in an independently administered fund. Commitments provided for in the financial statements amounted to £5,056k (2021: £3,717k).

Company

Pension commitments

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. Commitments provided for in the financial statements amounted to £565k (2021: £565k).

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2022 (continued)

28 Contingent liabilities

Group

Specsavers PTY Ltd have a contingent liability at balance sheet date that relates to security deposits that are effectively held in trust by the Commonwealth Bank of Australia in case of the event of Specsavers defaulting on any of its lease agreements for the individual stores and head office. The total contingent liability is £5,042k (2021: £5,323k) as at the balance sheet date.

Specsavers International B.V. has entered into an unlimited composite guarantee with four fellow Specsavers companies, in favour of The Royal Bank of Scotland International Limited in connection with any overdrafts relating to those companies. At 28 February 2022 these overdrafts amounted to £1,736k (2021: £34,018k).

Company

The company has entered into an unlimited composite cross guarantee dated 22 December 2000 relating to facilities provided to the following Specsavers organisation companies: Specsavers International Healthcare Limited, Specsavers Optical Superstores Limited, Specsavers Finance (Guernsey) Limited, Specsavers Optical Group Limited and Specsavers International B.V. The level of exposure to the company under the guarantee is determined by the supported companies' level of debt in relation to the rest of the organisation. In general this is any overdraft balances with Specsavers Finance (Guernsey) Limited or intergroup loans.
