### DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2015

The directors present their report and the financial statements for the year ended 31 December 2015

#### Principal activities and business review

The principal activity of the company during the year was, and will continue to be, to receive interest on inter-company receivables due from fellow group undertakings

The company is a wholly owned subsidiary undertaking of Virgin Media Inc. (Virgin Media) which is itself a wholly owned subsidiary of Liberty Global plc (Liberty Global)

The Virgin Media Inc. consolidated group (the group) operates under the Virgin Media brand in the United Kingdom (UK) and Republic of Ireland (Ireland), following the acquisition of a controlling interest in Virgin Media Ireland Limited from a fellow subsidiary of Liberty Global in February 2015

The group provides digital cable, broadband internet, fixed-line telephony and mobile services in the UK and Ireland to both residential and business-to-business (B2B) customers. The group is one of the largest providers of residential digital cable, broadband internet and fixed-line telephony services in terms of the number of customers in the UK and Ireland. The group believes its advanced, deep-fibre cable access network enables it to offer faster and higher quality broadband services than its digital subscriber line, or DSL, competitors. As a result, it provides its customers with a leading, next-generation broadband service and one of the most advanced interactive TV services available in the UK and Irish markets.

The group provides mobile services to its customers using third-party networks through mobile virtual network operator (MVNO) arrangements

In addition, through the Virgin Media Business brand, the group offers a broad portfolio of B2B voice, data, internet, broadband and managed services solutions to small businesses, medium and large enterprises and public sector organisations in the UK

At 31 December 2015 the group provided services to approximately 5.6 million residential cable customers on its network. The group is also one of the largest MVNOs by number of customers, providing mobile telephony services to 2.3 million contract mobile customers and 0.7 million prepay mobile customers over third party networks. At 31 December 2015, 83% of residential customers on the group's cable network received multiple services and 63% were "triple-play" customers, receiving broadband internet, digital cable and fixed-line telephony services from the group.

Liberty Global is the largest international cable company. As at 31 December 2015, it had operations in 14 countries and its market-leading triple-play services are provided through next-generation networks and innovative technology platforms that connected 27 million customers subscribing to 56 million television, broadband internet and telephony services. In addition at 31 December 2015, Liberty Global served 5 million mobile subscribers and offered WiFi service across six million access points.

#### Future outlook

The directors will continue to review management policies in light of changing trading and market conditions. Further detail of the future outlook of the group is provided in Virgin Media Inc 's financial statements and annual report for 2015, which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP

On 23 June 2016, the UK voted to leave the European Union the implications of which are uncertain as of the date of signing these financial statements. Based on information currently available, we do not expect that this matter will have a material impact on our business. Accordingly, no adjustments have been made to these financial statements.

#### Results and dividends

The profit for the year amounted to £3,090,000 (2014 - £3,093,000)

The directors have not recommended an ordinary dividend (2014 - £nil)

# Directors

The directors who served during the year and thereafter were as follows

R D Dunn M O Hıfzı

The directors of the company have been indemnified against liability in respect of proceedings brought by third parties subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision is in force for directors serving during the financial year and as at the date of approving the Directors' report.

# DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2015

#### Going concern

After making suitable enquiries and obtaining the necessary assurances from Virgin Media Inc., a wholly owned subsidiary of Liberty Global plc and the intermediate holding company which heads the Virgin Media group, that sufficient resources will be made available to meet any liabilities as they fall due should the company's income not be sufficient, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although at the date of approval of these financial statements they have no reason to believe that it will not do so. On this basis the directors believe that it remains appropriate to prepare the financial statements on a going concern basis.

## **Audit exemption**

Virgin Media Finance PLC issued a guarantee against all outstanding liabilities to which the company is subject as at 31 December 2015, until they are satisfied in full. The guarantee is enforceable against Virgin Media Finance PLC by any person to whom the company is liable in respect of those liabilities. Since Virgin Media Finance PLC is the smallest group to which the company's accounts are consolidated, the company has taken advantage of the exemption from audit of its individual accounts for the year ended 31 December 2015 by virtue of section 479A of the Companies Act 2006.

#### Small company provisions

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption

In the transition to FRS 101, the company has applied IFRS 1 whilst ensuring that its assets and liabilities are measured in compliance with FRS 101. An explanation of how the transition to FRS 101 has affected the reported financial position, financial performance and cash flows of the company is provided in note 14.

In applying FRS 101 for the first time the company has applied early the amendment to FRS 101 which permits a first time adopter not to present an opening balance sheet at the beginning of the earliest comparative period presented.

# 2.3 Fundamental accounting concept

After making suitable enquiries and obtaining the necessary assurances from Virgin Media Inc., a wholly owned subsidiary of Liberty Global plc and the intermediate holding company which heads the Virgin Media group, that sufficient resources will be made available to meet any liabilities as they fall due should the company's income not be sufficient, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although at the date of approval of these financial statements they have no reason to believe that it will not do so. On this basis the directors believe that it remains appropriate to prepare the financial statements on a going concern basis.

### 2 Accounting policies (continued)

#### 2.4 Trade and other debtors

Trade and other debtors are stated at their recoverable amount. Provision is made when the amount receivable is not considered recoverable and the amount is fully written off when the probability for recovery of a balance is assessed as being remote.

# 2.5 Interest bearing loans and borrowings

All loans and borrowings are initially recognised at fair value less directly attributable transaction costs

After initial recognition, interest bearing toans and borrowings are subsequently measured at amortised cost using the effective interest method

Gains and losses arising on the repurchase, settlement or otherwise cancellation of liabilities are recognised respectively in finance income and finance costs

Finance costs which are incurred in connection with the issuance of debt are deferred and set off against the borrowings to which they relate. Deferred finance costs are amortised over the term of the related debt using the effective interest method.

# 3 Judgments in applying accounting policies and key sources of estimation uncertainty

In the process of applying the company's accounting policies, management has not made any critical judgements that have a significant effect on the amounts recognised in the financial statements
