#### DIRECTORS' STATEMENT OF RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

select suitable accounting policies and then apply them consistently;

make judgements and estimates that are reasonable and prudent;

prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### **SMALL COMPANY RULES**

Advantage has been taken in the preparation of this report of the special exemptions applicable to small companies.

# REPORT OF THE AUDITORS TO THE SHAREHOLDERS OF CURRENT BIOLOGY LIMITED

We have audited the financial statements on pages 4 to 10 which have been prepared under the historical cost convention and the accounting policies set out on page 6.

## Responsibilities of directors and auditors.

As described on page 2 the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

## **Basis of opinion**

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

### **Opinion**

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 1996 and of its loss for the year then ended and have been properly prepared in accordance with the provisions of the Companies Act 1985 applicable to small companies.

R. CHARKIN (Director)

The notes on pages 6 to 10 form part of the financial statements.

#### NOTES TO THE FINANCIAL STATEMENTS Year ended 31 December 1996

#### 1. ACCOUNTING POLICIES

The financial statements are prepared under the historical cost convention, and are in accordance with the applicable accounting standards. The following principle accounting policies have been applied:

#### Depreciation

Depreciation on fixed assets is provided at rates estimated to write off the cost, less estimated residual value, of each asset over its expected useful life as follows:

Computer equipment

33% straight line

Furniture

20% straight line

#### Work in progress

Work in progress is stated at the lower of cost and net realisable value. Cost includes all direct costs incurred in bringing work in progress to its present location and condition, including where appropriate, a proportion of production overheads.

### Subscriptions received in advanced

Where subscription income covers a period which spans the balance sheet date, income in respect of journals to be published in future periods is deferred and carried forward in the balance sheet so as to recognise the income at the date of publication and to match it with its associated costs.

#### Turnover

Turnover represents the invoiced value of goods sold net of value added tax.

#### Foreign currencies

Transactions denominated in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities in foreign currencies are translated into sterling at the rate of exchange ruling at the end of the financial year. All exchange differences are dealt with in the profit and loss account.

#### Cash flow statement

The company has taken advantage of the special exemption applicable to small companies as stated in FRS1 in not preparing a cash flow statement.

#### Going concern

The financial statements have been prepared on the going concern basis which assumes its ability to continue in operation for the foreseeable future. The directors are of the opinion that this is the case despite the net liabilities shown at the balance sheet date because they have received assurance of continued financial support.

#### 2. TURNOVER

The company derived in excess of 97% of its turnover from supplying geographical markets outside the United Kingdom (1995: 97%).
