i) Accounting Convention -

The accounts of the company are prepared under the historical cost convention and incorporate the results of the principal activity which is described in the directors' report and which is continuing.

iv) Work in Progress -

Work in progress is valued at the lower of cost and net realisable value after making due allowance for any obsolete or slow moving items. In the case of work in progress, cost comprises direct materials, direct labour and an appropriate proportion of manufacturing fixed and variable overheads, according to the stage of completion reached.

v) Deferred Taxation -
