**ACCOUNTING POLICIES**

for the year ended 31 August 2008

**CONVENTION**

The financial statements have been prepared in accordance with applicable accounting standards and in accordance with the historical cost convention, no adjustment having been made for the effect of inflation.

**DEFERRED TAXATION**

Deferred taxation is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and laws. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

**PENSION SCHEMES**

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. The pension charge represents contributions payable by the company to the scheme.
