Executive summary

- This report has been prepared for the purposes of Rule 2.47 of the Insolvency Rules 1986.
- This progress report covers the period from 14 October 2008 to 13 April 2009 and follows the Administrators' first six monthly report to creditors which was dated 10 November 2008.
- The Administrators' Statement of Proposals was deemed approved on by creditors 19 July 2008.
- Since the last report to creditors dated 10 November 2008 the Administrators have continued to progress the administrations to achieve the statutory purpose to realise assets for the secured creditors in line with the Proposals. This has included progressing the realisation of the remaining assets which are principally trade receivables.
- Given the significant level of potential realisations still to be completed, the Administrators concluded that it was appropriate to extend each of these administrations.
- A Court Order was obtained on 3 April 2009 to extend the initial period of the administrations (which were to end on 13 April 2009). The administrations of the Parent company and Operating entities were extended until 13 October 2010, and the administrations of the dormant companies were extended until 13 April 2010.
- The Administrators are in the process of making a distribution in full to preferential creditors in the relevant Operating entities (see page 12).
- We have updated our estimates of the extent of the Prescribed Parts which may result from forecast floating charge realisations and these are detailed on page 13. The Court has granted permission to distribute the Prescribed Part to the unsecured creditors in the Administrations of the Operating entities.
- Statutory information on each of the companies is provided as Appendix 1.

Progress of the administrations to date

The administrations continue to be progressed to achieve their statutory purpose and in accordance with the proposals as deemed approved by creditors on 19 July 2008.

Key trading divisions

Summary of progress by division since appointment

Building Consultancy Division

- Following the sale of most of these businesses, we are continuing to collect the outstanding trade receivables and certain deferred consideration.

Professional Services and Commercial Management Divisions

- Following the sale of seven business we are continuing to pursue outstanding trade receivables and to deal with trust monies retained within these entities.

EG Plc and head office function

- The disposals to Caley and certain other business sales required that the Administrators maintained a head office function for a period under a transitional services agreement. The central services maintained include IT facilities, human resources, payroll, accounting and other services. The costs of these transitional services, which are shown in the Receipts and Payments Accounts contained in Appendix 2, are being borne by the relevant counterparty. These arrangements were concluded in October 2008 as the transfer of services was complete. The final recharges due to EG plc have been agreed and paid.

EMS

- Following the transfer of certain contracts and 300 employees from EMS to the Repairs Division, we are continuing to pursue outstanding trade receivables.

Dormant companies

- The administrators concluded the administrations of 29 of the dormant subsidiaries in April 2009 and these companies have proceeded to be dissolved.
- The administrators have requested tax clearance in respect of a further 18 dormant companies. Shortly after receipt of this clearance these administrations will also be closed.
- Further investigations are continuing into the affairs of the remaining 18 dormant companies which are delaying the conclusion of these administrations.

Asset realisations

The majority of receivable balances have been realised although there are still a few active workstreams which represent opportunities to profitably increase floating charge realisations.

Trade Receivables

- To date, £9.2 million has been recovered from trade receivables.
- Our specialist receivables realisation team has continued to pursue debtor amounts and has exceeded our previous estimate of target realisations (£9.1m). This result has been achieved through the sale of several rump ledgers and the settlement of several legal claims since the last report.
- Forecast realisations are expected to be low from this point onwards as the receivables realisations team has been exiting workstreams which do not represent profitable opportunities leaving only a small number of active workstreams.

Client account receivables

- [Client account receivables total £2.2 million across four entities and eight separate ledgers. Identifying this client account debt and the managing agents has been a very time consuming process.
- To date, £902,000 has been recovered from this source.
- Client accounts held by a managing agent acting on behalf of the Group were transferred to new managing agents. These accounts included receivables balances of £267,000. Prior to the new managing agents considering payment of this debt, they require the transfer of client account funds from the previous managing agents. In addition, virtually all of this debt is disputed and due to lack of supporting records these issues will be difficult to resolve. This process is anticipated to take a number of months.]
- The Administrators have continued to operate the procedure of contacting clients with the proposal of taking the clients funds held by the Administrators off their hands. The proposal asks for permission to offset any outstanding debts against the client funds. To date, this procedure has result in the collection of £120,000 of debts.

Intercompany receivables

- Intercompany balances of approximately £1.5 million have now been recovered by the relevant Admincos.

Asset realisations (cont.)

There are numerous property related matters still to be concluded and property interests to be realised.

Leasehold and freehold property

- The sale of business agreements included the interest in 78 of the Group's 154 premises. Of these, 11 are still occupied under licence whilst assignments are being sought.
- 65 leases were not included in sale of business agreements and we have agreed surrenders on 15 of these properties. Acceptance of surrender is awaited from the remaining 50 landlords. These properties remain vacant. Landlords are not under any obligation to accept surrender of the leases. Therefore, some ongoing management and maintenance of public liability cover of the properties may be required until the lease liabilities are discharged.
- Agents were unable to secure premiums for any of the leases. Therefore, we are no longer marketing these interests.
- The sale of the Croydon property reported previously completed in May 2009 realising £249,000 in HLR Holdings. The joint administrators continue to seek a purchaser for the long leasehold interest in the Tewkesbury property held by EG plc.

Asset realisations (cont.)

Investments have been realised. Deferred consideration from the sale of an Irish building consultancy business remains to be realised.

Deferred consideration

- As reported previously an additional 230,000 was received for the sale of an Irish building consultancy subsidiary and a further £50,000 has been received in monthly instalments.

Liabilities

The Administrators forecast that there will be a return to Preferential Creditors of the Operating entities.

Secured creditors

- Distributions to secured creditors total £134 million, against a debt at appointment of £230 million.

Preferential creditors

- Preferential creditor claims are forecast to total £487,000. Please refer to the table below for the division between companies:

Preferential creditors						
£000	EG Plc	Building consultancy	ECPS	EMS	ECS	Total
Redundancy payments office ('RPO')	18	93	37	103	20	271
Employees	25	101	49	16	20	216
Total	43	194	86	119	40	487

Source: Administrators' and company records.

- Unfortunately, the Administrators still do not anticipate any return to the preferential creditors of EG Plc.
- In April notices of the intention to pay a preferential dividend were circulated to all creditors which the Administrators considered had a preferential debt, namely former employees and the RPO, against Building Consultancy, ECPS and ECS. In August the same notice was circulated to the preferential creditors of EMS.
- The purpose of circulating this notice was to commence the agreement of preferential claims. However, in the cases of ECPS and ECS the Administrators continue to assess the ability of these entities to pay a preferential dividend and due to this uncertainty are not yet in a position to confirm whether a preferential distribution will be made.
- In the case of Building Consultancy all preferential claims have now been agreed and a distribution in full will be made in November 2009.
- The Administrators are currently in the process of agreeing the preferential claims with a view to making a distribution in full before the year end.

Liabilities (cont.)

The Administrators

anticipate that the only return to unsecured creditors will be from the Prescribed Part.

Prescribed Part

- The Prescribed Part across the Group is estimated to total £1,327 million based on forecast realisations. Please refer to the table below for the division between companies:
- The Prescribed Part is a fund set aside for the unsecured creditors of the Group from floating charge funds of approximately 20% of net assets, up to a maximum of £600,000 in each estate.

Prescribed part		EG Plc	Building Consultancy	ECPS	EMS	ECS	HLR/ISGO Other	Total
£000								
Estimated floating charge assets, net of costs of administration		-	3,800	910	1,514	240	846	7,617
Estimate of Preferential Creditors claims	(43)	(86)	(199)	(40)	(119)		-	(444)
Net property	Nil	1,134	3,600	200	1,395	200	846	7,173
50% of first £10,000	-	5	5	5	5	5	5	25
20% of net property in excess of £10,000 up to max prescribed part of £600,000	-	225	595	38	277	167		1,702
Prescribed part	Nil	230	600	43	282	172		1,327

Source: Administrators' estimates.

- These estimates of the Prescribed Part are based on the current view of the estimated outcome in each administration. The Administrators continue to review the outcome for each entity and as realisations increase the actual amount of the Prescribed Part payable, subject to the maximum of £600,000, may well change.

Unsecured creditors

- On 3 April 2009 the Court granted the Joint Administrators permission to pay a dividend to the unsecured creditors from the Prescribed Parts. Accordingly, the Joint Administrators are in the process of agreeing claims in order to declare a dividend to the unsecured creditors of each relevant entity in due course.
- As advised in the Statement of Administrators' proposals under Paragraph 49, the Administrators do not anticipate there will be any return to unsecured creditors other than via the Prescribed Part.
- As in the case of the preferential distribution it remains uncertain whether there will be sufficient floating charge property to facilitate a return to the unsecured creditors by virtue of a Prescribed Part in the case of ECPS and ECS.
- The administrators are currently in the process of agreeing the unsecured claims of Building Consultancy with a view to distributing the maximum Prescribed Part of £600,000 as soon as possible. Until the total value of claims agreed is known it is not possible to specify the quantum of this dividend.
- In the case of EMS the process of agreeing unsecured claims is in progress. However, as the Prescribed Part has not yet been quantified it is not possible to give an indication as to the likely quantum or timing of this dividend payment at present.

Other matters

The Administrators continue to reconcile the client account funds and return monies based on proposals circulated to beneficial owners as they are identified.

However, they are now considering alternative methods of returning the remaining funds to clients once and for all.

In total £2.4 million of client funds is still held by the Administrators.

Client money

- Since the last report the Joint Administrators and their staff have performed additional reconciliation work on the client accounts which has enabled us to allocate funds to specific clients.
- £4.6 million of client funds were held in HBoS and RBS bank accounts across over 350 client accounts. Of this over £2.0 million has been returned to clients to date relating to 185 active accounts.

Costs of administrations

Costs of administrations

- The costs of the administrations paid to date are set out in the attached Receipts and Payments Accounts (see Appendix 2).
- The Administrators' time costs for the period from 20 September 2008 to 21 April 2009 are attached to this report (see Appendix 3).
- The basis for the Administrators' remuneration has been approved by the Banks and has been drawn for the period to 19 September 2008 in accordance with Rule 2.106(5b).
- Also in accordance with Rule 2.106 (5b) of the Insolvency Rules 1986, where there is a dividend to preferential creditors in a particular entity, a simple majority of these creditors voting is also required to approve the basis of the Administrators' remuneration drawn from that estate. This approval has been obtained.
- Administrators' remuneration of £5,425,944 has been drawn for the period to 19 September 2008 and further remuneration will be drawn as approved.

Note: All staff who have worked on this assignment, including support staff, have charged time directly to the assignment and are included in the above analysis of time spent. The cost of staff employed in central administration functions is not charged directly to the assignment but is reflected in the general level of charge out rates.
The administration covered 73 companies, including one head office function. Each administration was staffed by either a senior manager or manager and an appropriate number of administrators. A central team was established which dealt with sale of businesses, debtor collection, tax, pensions and statutory issues.
Freshfields LLP, Ashursts LLP and Lawrence Graham LLP solicitors, all reputable firms experienced in insolvency matters, were appointed to deal with all legal matters arising in the administration. Detailed breakdowns were received in respect of fees paid to them.
