Strategic Report

Year ended 31 December 2014

Principal activities and business review

The principal activity of the company during the year was, and will continue to be, the provision of digital cable, fixed-line telephony, broadband internet and other telecommunication services as well as running some of the telecommunication services over which they are provided

The company is a wholly owned subsidiary undertaking of Virgin Media Inc (Virgin Media) which is itself a wholly owned subsidiary of Liberty Global plc (Liberty Global)

The Virgin Media Inc consolidated group (the group) operates under the Virgin Media brand in the United Kingdom (U K)

The group provides digital cable, broadband internet, fixed-line telephony and mobile services in the U K to both residential and business-to-business (B2B) customers The group is one of the U K 's largest providers of residential digital cable, broadband internet and fixed-line telephony services in terms of the number of customers The group believes its advanced, deep-fibre cable access network enables us to offer faster and higher quality broadband services than our digital subscriber line, or DSL, competitors As a result, it provides our customers with a leading, next-generation broadband service and one of the most advanced interactive TV services available in the U K market

The group provides mobile services to our customers using a third-party network through an MVNO arrangement

In addition, through the Virgin Media Business brand, the group offers a broad portfolio of B2B voice, data, internet, broadband and managed services solutions to small businesses, medium and large enterprises and public sector organisations in the U K

At 31 December 2014, the group provided services to approximately 5 0 million residential cable customers on its network The group is also one of the largest mobile virtual network operators by number of customers, providing mobile telephony services to 2 1 million contract mobile customers and 1 0 million prepay mobile customers over third party networks At 31 December 2014, 84% of residential customers on the group's cable network received multiple services and 66% were "triple-play" customers, receiving broadband internet, digital cable and fixed-line telephony services from the group

Liberty Global is the largest international cable company with operations in 14 countries At 31 December 2014, Liberty Global's market-leading triple-play services are provided through next-generation networks and innovative technology platforms that connected 27 million customers subscribing to 56 million television, broadband internet and telephony services In addition, Liberty Global served 5 million mobile subscribers across nine countries at 31 December 2014

Strategic Report (continued)

Year ended 31 December 2014

Key performance indicators (KPI's)

The company's key financial and other performance indicators for the year are considered below

	2014	2013	Comments
Turnover (£000)	22,694	22,230	Turnover has increased by 2.1%, primarily due to an increase in the number of telephony and broadband internet subscribers, and selective price increases, offset by a decrease in the number of digital cable subscribers
Operating profit before exceptional items (£000)	5,338	4,218	Operating profit before exceptional items has increased by 26.6%, primarily due to a decrease in administrative expenses, driven by a decrease in management recharges from fellow group undertakings, and an increase in turnover

Selected statistics for residential cable customers served by the company at 31 December 2014 and 31 December 2013 are shown in the table below

	2014	2013
Products		
Digital cable	29,300	29,700
Fixed-line telephone	33,400	33,300
Broadband internet	36,000	35,300
Total	98,700	98,300
Total customers	39,500	39,200
Products per customer	2.50	2.51

Each digital cable, fixed-line telephone and broadband internet subscriber directly connected to the company's network counts as one product. Accordingly, a subscriber who receives both fixed-line telephone and digital cable services counts as two products. Products may include subscribers receiving some services for free or at a reduced rate in connection with promotional offers.

The company reported a decrease in both net current liabilities and net liabilities for the year ended 31 December 2014 as a result of normal operations. During the year, no new external finance was arranged and there was no movement in the called up equity share capital of the company. Operations were financed through the company's inter-company balances with fellow group undertakings.

Strategic Report *(continued)*

Year ended 31 December 2014

Future outlook

The directors will continue to review management policies in light of changing trading and market conditions. Further detail of the future outlook of the group is provided in Virgin Media Inc's financial statements and annual report for 2014, which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

Principal risks and uncertainties

Financial and operational risk management is undertaken as part of the group operations as a whole. The company's operations expose it to a variety of operational and financial risks. These are considered in more detail in the financial statements of Virgin Media Inc, which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

Directors' Report

Year ended 31 December 2014

The directors present their report and the unaudited financial statements of the company for the year ended 31 December 2014

Results and dividends

The profit for the financial year, after tax, amounted to £216,000 (2013 - loss of £1,973,000) The directors have not recommended an ordinary dividend (2013 - £nil)

Directors

The directors who served the company during the year and thereafter were as follows

R D Dunn

M O Hifzi (Appointed 31 March 2014)

C B E Withers (Resigned 31 March 2014)

The directors of the company have been indemnified against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006 Such qualifying third party indemnity provision is in force for directors serving during the financial year and as at the date of approving the Directors' Report

Going concern

After making suitable enquiries and obtaining the necessary assurances from Virgin Media Inc , a wholly owned subsidiary of Liberty Global plc and the intermediate holding company which heads the Virgin Media group, that sufficient resources will be made available to meet any liabilities as they fall due should the company's income not be sufficient, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although at the date of approval of these financial statements they have no reason to believe that it will not do so On this basis the directors believe that it remains appropriate to prepare the financial statements on a going concern basis

Audit exemption

Virgin Media Finance PLC issued a guarantee against all outstanding liabilities to which the company is subject at 31 December 2014, until they are satisfied in full The guarantee is enforceable against Virgin Media Finance PLC by any person to whom the company is liable in respect of those liabilities Since Virgin Media Finance PLC is the smallest group to which the company's accounts are consolidated, the company has taken advantage of the exemption from audit of its individual accounts for the year ended 31 December 2014 by virtue of Section 479A of the Companies Act 2006

Directors' Responsibilities Statement

Year ended 31 December 2014

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year.

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Notes to the Financial Statements

Year ended 31 December 2014

1. Accounting policies

A summary of the principal accounting policies is set out below. All accounting policies have been applied consistently, unless noted below.

Basis of accounting

The financial statements have been prepared under the historical cost convention in accordance with the Companies Act 2006, and applicable UK accounting standards.

Fundamental accounting concept

After making suitable enquiries and obtaining the necessary assurances from Virgin Media Inc, a wholly owned subsidiary of Liberty Global plc and the intermediate holding company which heads the Virgin Media group, that sufficient resources will be made available to meet any liabilities as they fall due should the company's income not be sufficient, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although at the date of approval of these financial statements they have no reason to believe that it will not do so. On this basis the directors believe that it remains appropriate to prepare the financial statements on a going concern basis.

Group accounts

The company has taken advantage of the exemption from preparing group accounts afforded by Section 400 of the Companies Act 2006 because it is a wholly owned subsidiary of another company incorporated in the United Kingdom which prepares group accounts (see note 18). These financial statements therefore present information about the company as an individual undertaking and not about its group.

Investments

Investments are recorded at cost, less provision for impairment as appropriate. The company assesses at each reporting date whether there is an indication that an investment may be impaired. If any such indication exists, the company makes an estimate of the investment's recoverable amount. Where the carrying amount of an investment exceeds its recoverable amount, the investment is considered impaired and is written down to its recoverable amount. A previously recognised impairment loss is reversed only if there was an event not foreseen in the original impairment calculations, such as a change in use of the investment or a change in economic conditions. The reversal of impairment loss would be to the extent of the lower of the recoverable amount and the carrying amount that would have been determined had no impairment loss been recognised for the investment in prior years.

Cash flow statement

The company is exempt from publishing a cash flow statement as permitted by FRS 1 "Cash flow statements (revised 1996)", as it is a wholly owned subsidiary of its ultimate parent company.

Turnover

Turnover represents the value of services provided, stated net of value added tax and discounts, and is attributable to continuing activities, being the provision of digital cable, fixed-line telephony, broadband internet and other telecommunication services and to run certain of the telecommunication systems over which they are provided. Turnover is all derived from operations in the United Kingdom and is recognised as the services are provided to customers. The directors consider this to be a single class of business.

Notes to the Financial Statements

Year ended 31 December 2014

1. Accounting policies (*continued*)

Tangible fixed assets

Depreciation is provided on all tangible fixed assets, other than land, so as to write off the cost of a tangible fixed asset on a straight line basis over the expected useful economic life of that asset as follows

Network assets	3 - 30 years
Other fixed assets	
- Freehold property	30 years
- Leasehold property	period of lease
- Other	3 - 12 years

No depreciation is provided on freehold land

The carrying values of tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable

Capitalised labour

Labour relating to the design, construction and development of the network, capital projects, and related services have been capitalised. Depreciation of capitalised labour is provided on a straight-line basis over 15 years or the life of the relevant assets

Deferred tax

Deferred tax is recognised, as appropriate, in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions

- provision is made for deferred tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold, and

- deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

Trade and other debtors

Trade and other debtors are stated at their recoverable amount. Provision is made when the amount receivable is not considered recoverable and the amount is fully written off when the probability for recovery of a balance is assessed as being remote

ntl Wirral Telephone and Cable TV Company

Notes to the Financial Statements

Year ended 31 December 2014

1. Accounting policies *(continued)*

Finance leases

Where the company enters into a lease under which it takes substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease

The assets are recorded in the balance sheet as a tangible fixed asset and are depreciated over their useful economic lives. Finance lease debtors are recorded in the balance sheet, and future instalments payable under finance leases are included within creditors, net of finance charges. Rentals receivable and payable under these finance lease arrangements are apportioned, the finance elements are recorded in the profit and loss account on a reducing balance basis and the capital elements reduce the outstanding liability or asset in accordance with the terms of the contract.

Future accounting pronouncements

From 1 January 2015 the company will be required to adopt FRS 101 or FRS 102

2. Operating profit

Operating profit is stated after charging/(crediting)

	2014	2013
	£000	£000
Depreciation of owned tangible fixed assets	1,416	937
Depreciation of tangible fixed assets held under finance lease agreements	1,901	2,279
Release of provision against amounts owed by group undertakings	—	(79)

The group's inter-company funding arrangements are managed centrally. Recoverability of inter-company receivables is assessed annually. The provision for non-recoverability may increase or decrease as a result of that review. Based on the impairment review of inter-company indebtedness as at 31 December 2014, the directors concluded that no change in the provision against amounts due from group undertakings was required (2013 - release of £79,000).

The directors received no remuneration for qualifying services as directors of this company. All directors' remuneration is paid by and disclosed in the financial statements of Virgin Media Limited.

Certain expenses are specifically attributable to the company. Where costs are incurred by other group companies on behalf of the company, expenses are allocated to the company on a basis that, in the opinion of the directors, is reasonable.

3. Staff costs

The company does not have any directly employed staff but is charged an allocation of staff costs by the group. Details of staff numbers and staff costs of the group are disclosed in the group accounts of Virgin Media Finance PLC.

Factors affecting current and future tax charges

Reductions in the UK corporation tax rate from 24% to 23% (effective from 1 April 2013) and to 21% (effective 1 April 2014) were substantively enacted on 3 July 2012 and 2 July 2013 respectively. A further reduction to 20% (effective from 1 April 2015) was substantively enacted on 2 July 2013. This will reduce the company's future current tax charge accordingly. The deferred tax assets have been calculated using the enacted rate of 20% (2013 - 20%).

Commitments under finance lease agreements relate to a lease and leaseback transaction. The transaction took place on 23 March 2012 with ntl Wirral Telephone and Cable TV Company Leasing Limited, the company's subsidiary, whereby a 10 year headlease was granted over certain of the network fixed assets of the company. The headlease has an implicit interest rate of 4.35%.

On the same date, ntl Wirral Telephone and Cable TV Company Leasing Limited entered into a 5 year sublease agreement over the same assets with the company in return for the company contributing capital to partially fund ntl Wirral Telephone and Cable TV Company Leasing Limited's headlease obligations. The intercompany lease debtor is stated at an amount equal to the net investment in the lease, which equates to the present value of the lease payments, discounted at 6.35%, which is the rate of interest implicit in the lease.

14. Contingent liabilities

The company, along with fellow group undertakings, is party to a senior secured credit facility with a syndicate of banks. As at 31 December 2014 this comprised term facilities that amounted to £3,083 million (2013 - £2,638 million) and a revolving facility of £660 million (2013 - £660 million). Borrowings under the facilities are secured against the assets of certain members of the group including those of this company.

In addition, a fellow group undertaking has issued senior secured notes which, subject to certain exceptions, share the same guarantees and security which have been granted in favour of the senior secured credit facility. The amount outstanding under the senior secured notes at 31 December 2014 amounted to £3,760 million (2013 - £4,081 million). Borrowings under the notes are secured against the assets of certain members of the group including those of this company.

On 28 January 2015, a fellow group undertaking issued senior secured notes with an aggregate principal amount of £300 million. The new senior secured notes rank pari passu with the group's existing senior secured notes and senior secured credit facility, and subject to certain exceptions, share in the same guarantees and security granted in favour of its existing senior secured notes.

On 30 March 2015, a fellow group undertaking issued senior secured notes with an aggregate principal amount of £862 million. There was a further issue of these senior secured notes on 30 April 2015 of £326 million. The new senior secured notes rank pari passu with the group's existing senior secured notes and senior secured credit facility, and subject to certain exceptions, share in the same guarantees and security granted in favour of its existing senior secured notes. The net proceeds were used to repay existing debt obligations within the group.
