In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the director on 21 March 2018 and were signed by:

Mr M A Boyle - Director

NOTES TO THE FINANCIAL STATEMENTS for the Year Ended 30 SEPTEMBER 2017

1. STATUTORY INFORMATION

Activity World Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

Preparation of consolidated financial statements

The financial statements contain information about Activity World Ltd as an individual company and do not contain consolidated financial information as the parent of a group. The company has taken the option under Section 398 of the Companies Act 2006 not to prepare consolidated financial statements.

Turnover

Turnover represents the fair value of consideration received or receivable after any trade discounts and prompt settlement discounts, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property - Nil
Plant and machinery - 10% on reducing balance
Fixtures and fittings - 10% on reducing balance

The freehold property is being depreciated to its estimated residual value over its deemed useful economic life. The director believes the residual value to be at least the current carrying value in these accounts and therefore any depreciation would be negligible. The maintenance costs are charged to profit and loss account in the year incurred. The director reviews the estimated residual value at the end of each accounting period.

Investments in subsidiaries

Investments in subsidiary undertakings are recognised at cost.

Stocks

Stocks are valued at the lower of cost and estimated selling price less costs to complete and sell.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

2. ACCOUNTING POLICIES - continued

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Debtors

Short term debtors are measured at transaction price, less any impairment.

Creditors

Short term creditors are measured at transaction price.

Other financial liabilities are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 15 (2016 - 15).
