NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2018

1. **STATUTORY INFORMATION**

ADL Leased Homes Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. **ACCOUNTING POLICIES**

Basis of preparing the financial statements

These financial statements have been prepared in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' ('FRS 102'), and with the Companies Act 2006. The financial statements have been prepared on the historical cost basis.

All transactions and balances are stated in Sterling.

Going concern

The company is expected to continue to generate positive cash flows for the foreseeable future and for not less than 12 months from the date of this report. On the basis of their assessment of the company's financial position, the directors have a reasonable expectation that the company will be able to continue in operational existence for the foreseeable future which is not less than 12 months from the date of approving these financial statements. Financial resources include the support provided by the parent entity, ADL plc. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Related party exemption

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

Significant judgements and estimates

In preparing these financial statements, the company has made judgements, estimates and assumptions that effect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to estimates are recognised prospectively.

Turnover

Turnover represents the fair value of consideration receivable in the ordinary course of business for goods and services provided.

Revenue from residents of the care homes is recognised as earned, through the provision contracted services.

Turnover wholly arises within the United Kingdom.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Short leasehold	- in accordance with the property
Fixtures and fittings	- 25% on cost

Tangible fixed assets, are initially measured at historic cost and subsequently carried at cost less accumulated depreciation and any accumulated impairment losses. All costs incurred to bring an asset into its intended working condition are included in the measurement of cost. The cost of properties is their purchase price together with the cost of improvement works.

Impairment of assets

At each reporting date fixed assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

If an impairment loss subsequently reverses, the carry amount of the asset is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2. ACCOUNTING POLICIES - continued

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Profit & Loss Account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

9. **CONTINGENT LIABILITIES**

The group's bank loans, as held by ADL plc, are secured by legal mortgages, and fixed and floating charges over the group's assets, being the group's properties, book debts, plant and machinery and other assets and the business undertakings. The company has guaranteed these borrowings. The extent of the group's liability at 31 March 2018 was £8,586,044 (2017: £9,207,401). The directors consider it to be highly unlikely that any liability will crystallise for the company as a result of this guarantee.

10. **RELATED PARTY DISCLOSURES**

The company has a partnership agreement with North Lincolnshire Council (Council) to run the care homes of The Willows, Warley House and Cherry Tree. During the year, the company earned the Council a total of £139,135 (2017: £230,783). At the reporting date, the company owed the Council £97,647 (2017: £191,375).

11. **ULTIMATE CONTROLLING PARTY**

The company is a wholly owned subsidiary company of ADL plc (a company incorporated in England and Wales). ADL plc prepares consolidated financial statements and can be obtained from ADL plc's registered office. The directors consider these accounts to be both the smallest and largest group of undertakings for which group accounts are prepared.

At the reporting date, in the directors' opinion, Mr W J Davies was the ultimate controlling party. There has been no change between the reporting date and date of approval of the financial statements.
