Daejan (Durham) Limited

Directors' Report

Year ended 31 March 2020

The directors present their report and the financial statements of the Company for the year ended 31 March 2020.

Principal activities and business review

The principal activity of the Company is property investment in commercial, industrial and residential properties in the UK. From time to time the Company undertakes new developments and also the redevelopment of existing properties. The Company's business model is generally to hold its properties for the long term in order to generate rental income and capital appreciation. However, each of the Company's investment properties is considered to be potentially for sale in the right circumstances. There has been no significant change in the nature of the Company's business activities during the year under review, nor is any envisaged in the immediate future.

Directors

The directors who served the Company during the year were as follows:

D Davis
B S E Freshwater

The Articles of Association of the Company do not require the directors to retire by rotation.

The directors do not have service contracts.

The majority of the day-to-day management of the Company's properties and its operations are carried out by Highdorn Co. Limited. Mr B S E Freshwater is a director of, but has no beneficial interest in the share capital of, Highdorn Co. Limited.

Results and dividends

The results for the year are set out in the attached profit and loss account and explanatory notes. The financial position of the company at the end of the year is set out in the attached balance sheet and explanatory notes.

The Company did not pay a dividend in the year (2019: £nil). The directors do not propose a final dividend for the year (2019: £nil).

Going concern

The Directors have also considered the impact of the Covid-19 global pandemic, which has resulted in unprecedented risks and significant levels of volatility on the macro economy and the particular market that the company and the Daejan Holdings Limited group operates in. The directors have considered the impact on the group, as explained in note 3.

Daejan (Durham) Limited

Directors' Report *(continued)*

Year ended 31 March 2020

Directors' responsibilities statement

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with UK Accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Daejan (Durham) Limited

Directors' Report *(continued)*

Year ended 31 March 2020

Auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as they are aware, there is no relevant audit information of which the Company's auditor is unaware; and
- they have taken all steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

This report was approved by the board of directors on 18 March 2021 and signed on behalf of the board by:

J S Southgate
Company Secretary

Daejan (Durham) Limited

Independent Auditor's Report to the Members of Daejan (Durham) Limited

Year ended 31 March 2020

Opinion

We have audited the financial statements of Daejan (Durham) Limited ("the Company") for the year ended 31 March 2020 which comprise the Profit and Loss Account and Other Comprehensive Income, Balance Sheet, Statement of Changes in Equity and the related notes, including the accounting policies in note 3.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2020 and of its loss for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate bases for our opinion.

Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or to cease its operations, and as they have concluded that the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the directors' conclusions, we considered the inherent risks to the company's business model and analysed how those risks might affect the company's financial resources or ability to continue operations over the going concern period.

Our conclusions based on this work:

- we consider that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified, and concur with the directors' assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the company will continue in operation.

Daejan (Durham) Limited

Independent Auditor's Report to the Members of Daejan (Durham) Limited *(continued)*

Year ended 31 March 2020

Emphasis of matter - uncertain valuation of UK investment property

We draw attention to note 10 to the financial statements which states that the independent external valuations of the UK investment properties at the reporting date are reported on the basis of 'material valuation uncertainty' due to the potential economic effect of the coronavirus pandemic. Consequently, more subjectivity is associated with the valuation of UK investment property than would normally be the case. Our opinion is not modified in respect of this matter.

Directors' report

The Directors are responsible for the Directors' report. Our opinion on the financial statements does not cover that report and we do not express an audit opinion thereon.

Our responsibility is to read the Directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the Directors' report;
- in our opinion the information given in that report for the financial year is consistent with the financial statements; and
- in our opinion that report has been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and the returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 2, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Daejan (Durham) Limited

Independent Auditor's Report to the Members of Daejan (Durham) Limited *(continued)*

Year ended 31 March 2020

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with chapter 3 of part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Daejan (Durham) Limited

Notes to the Financial Statements

Year ended 31 March 2020

1. General information

The Company is a company limited by shares, registered in England and Wales. The address of the registered office is Freshwater House, 158-162 Shaftesbury Avenue, London, WC2H 8HR.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, The Financial Reporting Standard applicable in the UK and the Republic of Ireland.

3. Accounting policies

Basis of preparation

The financial statements have been prepared under the historical cost convention except that investment property is measured at fair value.

The financial statements have been prepared under the going concern basis which the directors consider to be appropriate for the following reasons:

At the balance sheet date, the Company is in a net liability position. The ultimate parent company, Daejan Holdings Limited (formerly Daejan Holdings PLC) has indicated their willingness to make available financing to enable the Company to meet its working capital requirements for at least twelve months from the date of approval of the financial statements. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

The outbreak of the Covid-19 pandemic in the first six months of 2020 and the associated lockdown has had a negative impact on the macro economy and the particular market that the Company and the Daejan Holdings Limited group ("the Group") operates in. The directors have placed a particular focus on the Group's going concern assessment and have considered the principal risks to the Group.

The directors have prepared the cash flow forecasts of the Group for at least twelve months from the date of approval of the financial statements. In this forecast, the directors have taken account of the implications of Covid-19 which would impact the cash inflows and outflows. The directors have modelled a severe but plausible downside scenario in respect of the Group's cash flows and considered the likelihood of the Group's loan covenants being breached in the coming 12 months and remedy packages in the event that these covenants are breached. The result of this forecast indicates that in this scenario the Group cash needs are still within the available financial resources.

In preparing this forecast, the directors have taken into account the following key business risks and uncertainties:

- Market risks on demand and supply;
- Yield shift movements;
- Possible failure of tenants on account of Covid-19 and reductions in net rental income; and
- Increased capital expenditure required to maintain the assets.

Daejan (Durham) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 March 2020

3. Accounting policies *(continued)*

The directors have considered the ability and intent of the parent company to provide continuous financial support and concluded that the parent company has the ability and intention to provide the necessary financial support for a period of at least twelve months from the date of approval of the financial statements should it be required. Based on the above, and having taken into account the risks and uncertainties, including the impact of Covid-19 that exist within the business, the directors have concluded that the Company has adequate financial resources to continue in operational existence for the foreseeable future. Accordingly, the directors have concluded that it is appropriate to continue to adopt the going concern basis in preparing these financial statements and that there is no material uncertainty to this position, as the directors have a reasonable expectation that the Group has adequate resources under all plausible circumstance to continue in operational existence for the foreseeable future by meeting its liabilities and commitments as they fall due.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Judgements made by the directors, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 21.

Disclosure exemptions

The Company's ultimate parent undertaking, Daejan Holdings Limited, includes the Company in its consolidated financial statements. The consolidated financial statements of Daejan Holdings Limited are prepared in accordance with International Financial Reporting Standards as adopted by the EU and are available to the public and may be obtained from Freshwater House, 158-162 Shaftesbury Avenue, London WC2H 8HR. In these financial statements, the company is considered to be a qualifying entity (for the purposes of FRS 102) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Reconciliation of the number of shares outstanding from the beginning to end of the period;
- Cash Flow Statement and related notes;
- Key Management Personnel compensation; and
- Basic and other financial instruments.

Daejan (Durham) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 March 2020

3. Accounting policies *(continued)*

Turnover

Turnover comprises rents and service charges receivable. Rental income from investment property leased out under operating leases is recognised in the profit and loss account on a straight line basis over the period to first break clause. Lease incentives granted to tenants are recognised on a straight line basis over the period to the first break clause. Service charge income is recognised as the services are provided.

Property outgoings

The costs of repairs are recognised in the profit and loss account in the year in which they are incurred.

Lease payments under operating leases are recognised in the profit and loss account on a straight line basis over the term of the lease.

Interest receivable and Interest payable

Interest payable and similar expenses include interest payable, finance expenses on shares classified as liabilities and finance leases recognised in profit or loss using the effective interest method and the unwinding of the discount on provisions. Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial time to be prepared for use are expensed as incurred.

Other interest receivable and similar income include interest receivable on funds invested and net foreign exchange gains.

Interest income and interest payable are recognised in profit and loss as they accrue, using the effective interest method. Dividend income is recognised in the profit and loss account on the date the company's right to receive payments is established. Foreign currency gains and losses are reported on a net basis.

Daejan (Durham) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 March 2020

3. Accounting policies *(continued)*

Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in the equity or comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is expected tax payable or receivable on the taxable income or loss for the year, using rates enacted or substantively enacted at the balance sheet date, and any adjustments to tax payable in respect of previous years.

Provision is made for consideration payable to or receivable from other group undertakings for the surrender of losses under group relief provisions.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met. Deferred tax is not recognised on permanent differences arising because certain types of income or expenses are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is provided in respect of the additional tax that will be paid or avoided on differences between the amount at which an asset (other than goodwill) or liability is recognised in a business combination and the corresponding amount that can be deducted or assessed for tax.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. For investment property that is measured at fair value, deferred tax is provided at the rate and allowances applicable to the sale of the property.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Investment property

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Investment properties are recognised initially at cost.

Subsequent to initial recognition:

a) Investment properties whose fair value can be measured reliably without undue cost or effort are held at fair value. Any gains or losses arising from changes in the fair value are recognised in the profit and loss account in the period that they arise; and

b) No depreciation is provided in respect of investment properties applying the fair value model.

Investment property fair value is based on a valuation by an external independent valuer, having an appropriate recognised professional qualification and recent experience in the location and class of property being valued.

Daejan (Durham) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 March 2020

Sale of investment properties

The Company generally holds its properties for the long term in order to generate rental income and capital appreciation although in the right circumstances any property could be available for sale. When an outright sale does occur the resulting surplus based on the excess of sales proceeds over valuation is included within the Company's profit and taxation applicable thereto is shown as part of the taxation charge. Disposals are recognised on the date the significant risks and rewards of ownership have been transferred. In addition the company also 'sells' leasehold extensions when requested by leaseholders. The proceeds of these leasehold extension sales, less directly applicable costs, are also included in profit on disposal of investment properties.

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all its financial liabilities.

Basic financial instruments

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits.

Trade and other debtors

Trade and other debtors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate for a similar debt instrument.

Trade and other creditors

Trade and other creditors are recognised initially at transaction price less attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate for a similar debt instrument.

Related party transactions

The Company has taken advantage of the exemptions in FRS 102 in order to dispense with the requirements to disclose transactions with other companies in the Daejan Holdings Limited group.

Daejan (Durham) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 March 2020

4. Turnover

Turnover arises from:

	2020	2019
	£	£
Rents receivable	1,241,929	1,256,609
Service charges receivable	474,968	234,477
	<u>1,716,897</u>	<u>1,491,086</u>

The whole of the turnover is attributable to the principal activity of the Company wholly undertaken in the United Kingdom.

5. Operating profit

Operating profit or loss is stated after charging/crediting:

	2020	2019
	£	£
Fees payable for the audit of the financial statements	16,500	18,500
Bad debt write offs	8,219	—
Movement in provision for bad debts	<u>(14,939)</u>	<u>18,277</u>

Amounts receivable by the Company's auditor in respect of services to the Company, other than for the audit of the Company's financial statements, have not been disclosed as the information is required instead to be disclosed on a consolidated basis in the consolidated financial statements of the Company's ultimate parent undertaking, Daejan Holdings Limited.

6. Other interest receivable and similar income

	2020	2019
	£	£
Interest on cash and cash equivalents	<u>1,327</u>	<u>1,146</u>

7. Interest payable and similar expenses

	2020	2019
	£	£
Interest due to group undertakings	<u>696,000</u>	<u>694,000</u>

8. Particulars of employees

None of the directors received remuneration in respect of their services to the Company (2019: £nil).

The staff provided by the property and administrative management company, Highdorn Co. Limited, are engaged under joint employment contracts with a fellow subsidiary of the Company and their costs subsequently recharged to the Company at a level appropriate to the activity of the Company. No recharges were made during the year (2019: £nil).

Daejan (Durham) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 March 2020

9. Tax on loss

Major components of tax expense/(income)

	2020 £	2019 £
Current tax:		
UK current tax expense/(income)	10,171	(61,885)
Adjustments in respect of prior periods	(2,853)	(941)
Total current tax	<u>7,318</u>	<u>(62,826)</u>
Deferred tax:		
Origination and reversal of timing differences	4,726	5,414
Impact of change in tax rate	21,701	–
Adjustments in respect of prior periods	212	–
Total deferred tax	<u>26,639</u>	<u>5,414</u>
Tax on loss	<u>33,957</u>	<u>(57,412)</u>

Reconciliation of tax expense/(income)

The tax assessed on the loss on ordinary activities for the year is higher than (2019: higher than) the standard rate of corporation tax in the UK of 19% (2019: 19%).

	2020 £	2019 £
Loss on ordinary activities before taxation	<u>(1,713,813)</u>	<u>(2,975,708)</u>
Loss on ordinary activities by rate of tax	(325,624)	(565,385)
Adjustment to tax charge in respect of prior periods	(2,641)	(941)
Effect of expenses not deductible for tax purposes	4,940	514,965
Effect of capital allowances and depreciation	(10,070)	(6,051)
Impact of change in tax rate	21,701	–
Other timing differences on unrealised gains	<u>345,651</u>	<u>–</u>
Tax on loss	<u>33,957</u>	<u>(57,412)</u>

Factors that may affect future tax expense

It was announced in the March 2020 Budget that the planned reduction in the UK corporation tax rate to 17%, which was to be effective from 1 April 2020, would not be implemented. This change was substantively enacted on 17 March 2020. The deferred tax liability at 31 March 2020 has been calculated based on the rate of 19% (2019: 17%).

Daejan (Durham) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 March 2020

10. Investment property

	Freehold property £
Cost or valuation	
At 1 April 2019	9,500,000
Revaluations	(1,794,345)
At 31 March 2020	7,705,655
Carrying amount	
At 31 March 2020	7,705,655
At 31 March 2019	9,500,000

Investment property held at valuation

An independent professional revaluation of all of the Company's freehold and leasehold property was carried out on 31 March 2020 by Colliers International Property Advisers UK LLP, RICS Registered Valuers. The revaluation figures are based on open market value assessed in accordance with the RICS Valuation - Professional Standards (2017).

The valuer's report for the year ended 31 March 2020 contained a 'material uncertainty' clause due to the disruption to the market at that date caused by Covid-19. The inclusion of this clause indicates that there is substantially more uncertainty than normal and therefore a higher likelihood that the assumptions upon which the external valuer has based its valuations prove to be inaccurate.

Valuation techniques and key inputs

The company's residential houses and apartments (£0.002 million (2019: £0.002 million)) were valued using a sales valuation approach, derived from recent comparable transactions in the market, adjusted by applying discounts to reflect status of occupation and condition. The largest discounts were applied to those properties subject to registered tenancies, reflecting the relative difference in security of tenure, whilst the smallest discounts were applied to those properties subject to assured shorthold tenancies. The base discount for conditions has remained unchanged at 10% (2018: 10%) reflecting the current estimates of cost being incurred. Sales value assumptions were based on £116 (2019: £116) per square foot.

The company's commercial units (£7.7 million (2019: £9.5 million)) were valued using the income capitalisation method, requiring the application of an appropriate market based yield to net operating income. Adjustments are made to allow for voids when less than five years are left under the current tenancy and to reflect market rent at the point of lease expiry or rent review. Equivalent yields averaged 12.40% (2019: 12.50%) with an average estimated rental value of £6.60 per square foot (2019: £6.10 per square foot).

Historical cost model

The historical cost of investment properties included in the above valuation is £15,620,324 (2019: £15,620,324).

Daejan (Durham) Limited

Year ended 31 March 2020

11. Debtors

	2020	2019
	£	£
Trade debtors	183,401	130,086
Group relief receivable	–	196,767
Other debtors	760,156	964,404
	<u>943,557</u>	<u>1,291,257</u>

All debtors are payable within one year or are payable on demand. All intra-group loans are sterling loans with interest paid at the rate of 3.59% (2019: 3.65%).

12. Creditors: amounts falling due within one year

	2020	2019
	£	£
Rents and service charges charged and paid in advance	381,938	661,738
Amounts owed to group undertakings	19,239,802	19,375,648
Corporation tax	10,171	31,885
Social security and other taxes	76,800	20,393
Other creditors	80,733	120,694
	<u>19,789,444</u>	<u>20,210,358</u>

All intra-group loans are sterling loans repayable on demand with interest paid at the rate of 3.59% (2019: 3.65%).

13. Provisions for liabilities and charges

	Deferred tax (note 14)
	£
At 1 April 2019	184,456
Increase in provision	4,726
Effect of change in tax rate	21,701
Adjustments in respect of prior periods	212
At 31 March 2020	<u>211,095</u>

Daejan (Durham) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 March 2020

14. Deferred tax

The deferred tax included in the balance sheet is as follows:

	2020	2019
	£	£
Included in provisions for liabilities and charges (note 13)	<u>211,095</u>	<u>184,456</u>

The deferred tax account consists of the tax effect of timing differences in respect of:

	2020	2019
	£	£
Accelerated capital allowances	<u>211,095</u>	<u>184,456</u>

15. Called up share capital

Issued, called up and fully paid

	2020		2019	
	No.	£	No.	£
Ordinary shares of £1 each	<u>1,000</u>	<u>1,000</u>	<u>1,000</u>	<u>1,000</u>

16. Reserves

The profit and loss account reserve records retained earnings and accumulated losses.

17. Operating leases

As lessor

The total future minimum lease payments receivable under non-cancellable operating leases are as follows:

	2020	2019
	£	£
Not later than 1 year	940,555	918,365
Later than 1 year and not later than 5 years	2,535,270	2,717,756
Later than 5 years	1,696,964	2,091,692
	<u>5,172,789</u>	<u>5,727,813</u>

18. Charges on assets

The Company's investment properties with a market value of £7,705,655 (2019: £9,500,000) at 31 March 2020 have been charged as part security for loans to group undertakings, which the Company has also guaranteed.

Year ended 31 March 2020

19. Related party transactions

The majority of the day-to-day management of the Company's properties and its operations are carried out by Highdom Co. Limited ("Highdom"). Mr BSE Freshwater is a director of, but has no beneficial interest in the share capital of, Highdom.

In their capacity as property managing agents, Highdom collect rents and incur direct property expenses on behalf of the Company. During the year £49,674 (2019: £51,255) was charged by Highdom for the provision of a full range of management services, which were charged for at normal commercial rates. The credit balance outstanding in respect of these services at 31 March 2020 is £16,882 (2019: £49,038), which is included within other creditors.

20. Controlling party

The Company is controlled by its immediate parent company, Daejan Investments Limited, whose registered office is Freshwater House, 158-162 Shaftesbury Avenue, London WC2H 8HR.

The Company's ultimate controlling party is its ultimate parent company, Daejan Holdings Limited (formerly Daejan Holdings PLC), which is incorporated in Great Britain and registered in England and Wales.

The largest and smallest group in which the results of the Company are consolidated is that headed by Daejan Holdings Limited. The consolidated financial statements of Daejan Holdings Limited are available to the public and may be obtained from the Daejan Holdings Limited website (www.daejanholdings.com) or Freshwater House, 158-162 Shaftesbury Avenue, London WC2H 8HR. No other group financial statements include the results of the Company.

21. Accounting estimates and judgements

i. Property valuations

The valuation of the company's property portfolio is inherently subjective, depending on many factors, including the individual nature of each property, its location and expected future net rental values, market yields and comparable market transactions (as set out in Note 10). Therefore, the valuations are subject to a degree of uncertainty and are made on the basis of assumptions which may not prove to be accurate, particularly in periods of difficult market or economic conditions. As noted in Note 10 above, all the Company's properties are valued by external valuers with appropriate qualifications and experience.

ii. Trade debtors

Management uses details of the age of trade debtors and the status of any disputes together with external evidence of the credit status of the counterparty in making judgements concerning any need to impair the carrying values.
