DIRECTORS' REPORT

The directors present their report and the audited financial statements of the company for the year ended 31 December 2008.

Principal activity

The company has interests in a number of onshore US production leases.

The operational performance of the company during the year was satisfactory and management anticipates that this will continue to be the status in the coming year.

Results for the year

The results for the year are set out on page 6 of the financial statements. A profit after tax for the year ended 31 December 2008 of £301,000 was transferred to reserves (2007 profit after tax - £51,000 was transferred to reserves).

Dividends

The directors do not recommend the payment of a dividend (2007 - £nil).

Principal risks and uncertainties

The management of the business and the execution of the company's strategy are subject to a number of risks.

The directors manage these risks at a group level in conjunction with the ultimate UK parent company, Eni UK Limited. For this reason, the directors believe that a discussion of the company's risks would not be appropriate for an understanding of the development, performance or position of its business. The principal risks and uncertainties of the ultimate parent company and its subsidiaries, including those of the company, are discussed in the directors' report of Eni S.p.A.

Key performance indicators

Key Performance Indicators are established each year in a business plan which covers a number of strategic, operational, HSE and finance objectives for the operations of the Eni Group in the United Kingdom. The business plan is approved at Eni Group level, and Key Performance Indicators of the Eni Group are disclosed in the Group annual report, which is publicly available.

Supplier payment policy

It is the policy of the company to make payment to suppliers within thirty days of receipt of invoice and to:

- agree the terms of payment at the start of business with that supplier
- ensure that suppliers are aware of the terms of payment
- and pay in accordance with its contractual and other legal obligations

In the view of the directors, payments during the year have been made in accordance with this policy

Directors

The present directors of the company are listed on page 1 and have held office throughout the year.

DIRECTORS' REPORT

Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing those financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State that the financial statements comply with IFRSs as adopted by the European Union;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business, in which case there should be supporting assumptions or qualifications as necessary.

The directors confirm that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Each director, as at the date of this report, has confirmed that insofar as they are aware there is no relevant audit information (that is, information needed by the company's auditors in connection with preparing their report) of which the company's auditors are unaware, and they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Elective Regime

An elective resolution to dispense with the obligation to appoint auditors on an annual basis pursuant to Section 386 of the Companies Act 1985 (as amended) was passed on 28 October 2003 and as this election was in force before 1 October 2007, under the Companies Act 2006 PricewaterhouseCoopers LLP is deemed reappointed as the company's auditors for the next financial year.

In addition, the company dispensed with the requirement to hold Annual General Meetings or to lay accounts before the company in General Meeting pursuant to Sections 366A and 252 of the Companies Act 1985 (as amended) respectively. Although these sections were repealed under the Companies Act 2006 from 1 October 2007, the provisions of the company prior to this date are not affected.
