Centrica SHB Limited

Directors' report for the year ended 31 December 2010

The directors present their report and the audited financial statements of Centrica SHB Limited ("the Company") for the year ended 31 December 2010

Principal activities

The Company's principal activity during the year was the operation of a combined cycle gas turbine power station at Stallingborough, North Lincolnshire ("South Humber Bank Power Station")

Business review

During the year the Company continued the operation of the South Humber Bank Power Station. The Company operates under a capacity tolling arrangement with British Gas Trading Limited, which is responsible for energy procurement for the Centrica plc group ("the Group")

The Company has taken advantage of the provisions of the Companies Act 2006 (the 'Act') to abolish the requirement to have an authorised share capital. A Special Resolution was passed by the Company's sole member on 20 April 2010 to delete all provisions of the Company's Memorandum of Association which, by virtue of section 28 of the Act, were treated as provisions of the Company's Articles of Association and then by adopting new Articles of Association.

Future developments

There are no plans to change the nature of activities in the foreseeable future.

Principal risks and uncertainties and financial risk management

The principal risks and uncertainties are integrated with the principal risks of the Group and are not managed separately. The principal risks of the Group are set out on pages 30-36 of the 2010 annual report and accounts of the Group which does not form part of this report.

Key performance indicators

The directors of the Group use a number of key performance indicators to monitor progress against the Group's strategy. The development and performance of the Group, which includes the Company, are discussed on pages 8-9 of the 2010 annual report and accounts of the Group which does not form part of this report.

Results and dividends

The results of the Company are set out on page 6.

During the year the Company made a profit on ordinary activities of £44,731,000 (2009 loss of £34,227,000).

No dividends were paid or declared on the ordinary shares for the year ended 31 December 2010 (2009 £nil). The directors do not recommend the payment of a final dividend (2009 £nil).

Financial position

The financial position of the Company is presented in the balance sheet on page 7. The shareholders' funds at 31 December 2010 were £34,243,000 (2009 deficit of £10,488,000).

Centrica SHB Limited

Directors' report for the year ended 31 December 2010 (continued)

Directors

The following served as directors during the year and up to the date of signing this report

Graeme Collinson

Sarwjit Sambhi

John Watts

Thomas Hinton (appointed 30 June 2010)

James Spence (resigned 30 June 2010)

There were no contracts of significance during or at the end of the financial year to which the Company or any subsidiary and associated undertakings is a party and in which any director is or was materially interested

Creditor payment policy

It is the Company's policy to pay all of its creditors in accordance with the policies set out below. Special contractual terms apply for gas and electricity supplies. For all other trade creditors, it is the Company's policy to

- i) agree the terms of payment in advance with the supplier,
- ii) ensure that suppliers are aware of the terms of payment, and
- iii) pay in accordance with contractual and other legal obligations

Directors' and officers' liability

Directors' and officers' liability insurance has been purchased by the ultimate parent company, Centrica plc, and was in place throughout the year under review. The insurance does not provide cover in the event that the director is proved to have acted fraudulently.

Centrica SHB Limited

Directors' report for the year ended 31 December 2010 (continued)

Statement of directors' responsibilities

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Centrica SHB Limited

Directors' report for the year ended 31 December 2010 (continued)

Disclosure of information to auditors

Each of the directors who held office at the date of approval of this directors' report confirm that so far as they are aware, there is no relevant audit information of which the Company's auditors are unaware and they have taken all the steps that they ought to have taken as directors to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information

Auditors

Pursuant to Section 487 of the Companies Act 2006, the auditors will be deemed to be reappointed and PricewaterhouseCoopers LLP will therefore continue in office

This report was approved by the Board on 20 June 2011

Centrica SHB Limited

Independent auditors' report to the members of Centrica SHB Limited

We have audited the financial statements of Centrica SHB Limited for the year ended 31 December 2010 which comprise the Profit and Loss Account, the Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out on page 3 the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the Company's affairs as at 31 December 2010 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit.

Centrica SHB Limited

Notes to the financial statements for the year ended 31 December 2010

1 Statement of accounting policies

These financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and the applicable accounting standards in the United Kingdom. The principal accounting policies are set out below.

Turnover

Turnover is recognised on an accruals basis and principally relates to the sale of power generation capacity to a fellow Group undertaking during the year in accordance with the capacity tolling arrangement.

Tangible assets

Tangible assets are stated at historic cost less accumulated depreciation. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Depreciation is charged on all fixed assets, other than freehold land and gas turbine components in the course of a major overhaul and assets in the course of construction. Depreciation is provided at rates calculated to write off the cost of each asset on a straight-line basis over its expected useful life as follows for these asset classes:

- Power station assets and decommissioning asset 30 years
- Turbine components, other plant and machinery 3-6 years

For gas turbine components depreciation is provided to write off the cost of the assets over their operating lives on an equivalent operating hours basis.

Overhaul costs

Contract work involved in replacing gas turbine components is capitalised and depreciated over their expected economic life, typically over the period to the next overhaul. Repairs and other costs that are not of a capital nature are charged directly to the profit and loss account as incurred.

Stocks

Stocks are stated at the lower of cost incurred in bringing each item to its present location and condition and net realisable value. Provision is made where necessary for obsolete, slow-moving and defective stocks. Cost is determined on an average cost basis.

Finance leases

Assets held under the finance lease arrangements have been capitalised and are included in fixed assets at their fair value at the inception of the lease. The obligations relating to finance leases, net of finance charges in respect of future years, are included as appropriate under creditors due within or after more than one year. The interest element of the lease rental is allocated to accounting years during the lease on an accruals basis. The interest charge is based on the outstanding finance lease creditor.

Centrica SHB Limited

Notes to the financial statements for the year ended 31 December 2010 (continued)

1 Statement of accounting policies (continued)

Deferred taxation

Current tax, including UK corporation tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Company's taxable profits and its results as stated in the financial statements

Deferred tax is measured at the tax rates that are expected to apply in the years in which the timing differences are expected to reverse, based on the tax rates and laws that have been enacted or substantively enacted at the balance sheet date. Deferred tax is measured on a non-discounted basis

Deferred tax assets relating to the carry-forward of unused tax losses are recognised to the extent that it can be regarded as more likely than not that future taxable profits will be available against which the unused tax losses can be utilised

Decommissioning provision

Provision is made for the net present value of the estimated cost of decommissioning the power station at the end of its useful life, based on price levels and technology at the balance sheet date

Changes in these estimates and changes to the discount rates are dealt with prospectively. When this provision gives access to future economic benefits, a decommissioning asset is recognised and amortised on a straight-line basis over the useful life of the facility. The unwinding of the discount on the provision is included in the profit and loss account within interest expense

Financial instruments

The Company has entered into forward contracts to economically hedge its foreign exchange exposure on milestone payments made to foreign suppliers. Changes in the derivatives' fair value are not recognised, but they are disclosed in note 18

Impairment

At each balance sheet date, the Company reviews the carrying amounts of its fixed assets to determine whether there is any indication that those assets have suffered an impairment. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of any impairment. Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately

Centrica SHB Limited

Notes to the financial statements for the year ended 31 December 2010 (continued)

1 Statement of accounting policies (continued)

EU Emissions Trading Scheme

Granted CO₂ emissions allowances received in a period are initially recognised at nominal value (nil value). A liability is recognised when the level of emissions exceeds the level of allowances granted. As part of the tolling arrangement, the tollee must provide the company with sufficient allowances to meet any shortfall on the settlement date. The liability is measured at the cost of allowances purchased by the tollee, up to the level of purchased allowances physically held, and then at the market price of allowances ruling at the balance sheet date. A matching receivable from the tollee is recognised at the same time.

Community Energy Savings Programme

The Community Energy Savings Programme (CESP) requires certain licensed electricity generators to meet a carbon reduction obligation. As part of the tolling agreement, the tollee must perform qualifying carbon reduction actions in order to discharge the CESP obligation. Where a liability exists at balance sheet date (because the qualifying actions have not fully discharged the obligation), the liability is measured at the estimated future cost of discharging the obligation. A matching receivable from the tollee is recognised at the same time.

2 Cash flow statements and related party disclosures

The Company is a wholly-owned subsidiary of GB Gas Holdings Limited and is included in the consolidated financial statements of Centrica plc, which are publicly available. Consequently, the Company has taken advantage of the exemption from preparing a cash flow statement under the terms of Financial Reporting Standard 1 (revised 1996) "Cash Flow Statements". The Company is also exempt under the terms of financial reporting standard 8 "Related Party Disclosures" from disclosure of transactions with other companies that are part of the Centrica plc Group.

3 Turnover

All turnover relates to the principal activity of the business and occurs wholly in the United Kingdom.

Current tax charge for the period	-	-

A number of changes to the UK corporation tax system were announced in the March 2011 Budget Statement. The main rate of corporation tax reduced from 28% to 26% from 1 April 2011 and was substantively enacted on 29 March 2011. An initial reduction of 1% to 27% effective from April 2011 was enacted by Finance (No 2) Act 2010 and is therefore taken into account in these financial statements. Further reductions to the main rate are proposed to reduce the rate by 1% per annum to 23% by 1 April 2014, and the reduction to 25% from 1 April 2012 is expected to be enacted by Finance Act 2011. Beyond the reduction to 27%, the changes had not been substantively enacted at the balance sheet date and therefore are not included in these financial statements. The impact of these changes on the deferred tax balances is not expected to be material.

25 Composite debenture

On 26 March 2009, the Company and its subsidiary company, Humberland Limited, entered into a composite debenture, whereby they each created security in favour of three Centrica pension schemes over all of their assets and undertakings. The composite debenture creates a fixed and floating charge over all of the assets of the Company and Humberland Limited (effectively the Humber Power Station), whereby the trustees of the pension funds can, in the event of a defined event of default by Centrica plc and certain other Centrica group companies, enforce their security, ultimately through taking over the operation of the Humber Power Station and selling it as a going concern. The composite debenture charges the real property which constitutes the Humber Power Station and all its fixtures and fittings, the benefit of certain contractual interests held by the Company and Humberland Limited (such as insurance policies, intra-group company loans and key operational and commercial contracts) and the shares which GB Gas Holdings Limited holds in the Company, and the shares which the Company holds in Humberland Limited.
