

BLUEWATER OUTER AREA LIMITED

FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

BLUEWATER OUTER AREA LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2022

The directors of Bluewater Outer Area Limited (the 'Company') present their report and the audited financial statements for the year ended 31 March 2022.

Directors' responsibilities statement

The directors are responsible for preparing the Directors' Report and the audited financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare audited financial statements for each financial year. Under that law the directors have elected to prepare the audited financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the directors must not approve the audited financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these audited financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the audited financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the audited financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Principal activity, review of the business and future developments

The Company has continued its business of property investment in the United Kingdom. No changes in the Company's principal activity are anticipated in the foreseeable future.

Going concern

The directors have determined that preparing the financial statements on the going concern basis is appropriate due to the continued financial support of the ultimate parent company, Land Securities Group PLC (together with its subsidiaries referred to as the 'Group'). The directors' going concern assessment covers the period to 31 December 2023 and confirmation has been received that Land Securities Group PLC will support the Company until this date so long as the Company remains a subsidiary of Land Securities Group PLC. If the Company was sold within the next 12 months from 31 December 2022, confirmation has been received that Land Securities Group PLC would ensure the Company remains in a position to continue as a going concern at the point of sale. The Company's ability to meet its future liabilities is therefore dependent on the financial performance, position and liquidity of the Group as a whole. At the Group level, considerations included potential risks and uncertainties in the business, credit, market, property valuation and liquidity risks, including the availability and repayment profile of bank facilities, as well as forecast covenant compliance. Stress testing has been carried out to ensure the Group has sufficient cash resources to continue in operation for the period to 31 December 2023. This stress testing modelled a scenario with materially reduced levels of cash receipts over the next 12 months. Based on these considerations, together with available market information and the directors' knowledge and experience of the Company, the directors continue to adopt the going concern basis in preparing the financial statements for the year ended 31 March 2022.

Results for the year and dividend

The results are set out in the Statement of Comprehensive Income on page 6.

The directors do not recommend the payment of a dividend for the year ended 31 March 2022 (2021: £Nil).

Directors

The directors who held office during the year and up to the date of this report unless otherwise stated were:

Land Securities Management Services Limited
LS Director Limited
R C Futter (resigned 5 August 2022)
J Chapman (appointed 5 August 2022)

Indemnity

The Company has made qualifying third-party indemnity provisions for the benefit of the respective directors which were in place throughout the year and which remain in place at the date of this report.

Small companies exemption

The Directors' Report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

BLUEWATER OUTER AREA LIMITED

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2022**

Strategic report

The Company has taken advantage of the exemption under s414B of the Companies Act 2006 not to prepare a Strategic Report.

Statement of disclosure of information to auditor

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BLUEWATER OUTER AREA LIMITED

Opinion

We have audited the financial statements of Bluewater Outer Area Limited (the 'Company') for the year ended 31 March 2022 which comprise the Statement of Comprehensive Income, the Balance Sheet, the Statement of Changes in Equity and the related notes 1 to 14, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2022 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period to 31 December 2023.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' Report has been prepared in accordance with applicable legal requirements.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BLUEWATER OUTER AREA LIMITED (CONTINUED)

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies' regime and take advantage of the small companies' exemptions in preparing the Directors' Report and from the requirement to prepare a Strategic Report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 1, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the Company and determined that the most significant which are directly relevant to specific assertions in the financial statements are those that relate to the reporting framework (FRS 101 and the Companies Act 2006) and the relevant tax regulations in the United Kingdom, including the UK REIT regulations.
- We understood how the Company is complying with those frameworks through enquiry with the Company and by identifying the Company's policies and procedures regarding compliance with laws and regulations. We also identified those members of the Company who have the primary responsibility for ensuring compliance with laws and regulations, and for reporting any known instances of non-compliance to those charged with governance.
- We assessed the susceptibility of the Company's financial statements to material misstatement, including how fraud might occur by reviewing the Land Securities Group risk register and through enquiry with the Company's Management during the planning and execution phases of the audit. Where the risk was considered to be higher we performed audit procedures to address each identified fraud risk, specifically the risk over valuation of investment properties and revenue recognition, including the timing of the revenue recognition and treatment of lease incentives.
- Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved:
 - Enquiry of Management, and when appropriate, those charged with governance of the Company, regarding their knowledge of any non-compliance or potential non-compliance with laws and regulations that could affect the financial statements;
 - Reading minutes of the meetings of those charged with governance;
 - Obtaining and reading correspondence from legal and regulatory bodies, including HMRC; and
 - Journal entry testing, with a focus on manual journals and journals indicating large or unusual transactions based on our understanding the business.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BLUEWATER OUTER AREA LIMITED (CONTINUED)

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

BLUEWATER OUTER AREA LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

1. Accounting policies

1.1 Basis of preparation

The financial statements have been prepared on a going concern basis and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' ('FRS 101') and the Companies Act 2006. The financial statements are prepared under the historical cost convention modified to include the revaluation of investment properties.

Bluewater Outer Area Limited (the 'Company') is a private company limited by shares and is incorporated, domiciled and registered in England and Wales (Registered number: 02587649). The nature of the Company's operations is set out in the Directors' Report on page 1. The results of the Company are included in the consolidated financial statements of Land Securities Group PLC which are available from the Company's registered office at 100 Victoria Street, London, SW1E 5JL.

The accounting policies which follow set out those policies which apply in preparing the financial statements for the year ended 31 March 2022. The financial statements are prepared in Pounds Sterling (£) and are rounded to the nearest thousand pounds (£000) unless otherwise stated.

1.2 Financial reporting standard 101 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of IFRS 7 Financial Instruments: Disclosures
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of:
 - paragraph 79(a)(iv) of IAS 1;
 - paragraph 73(e) of IAS 16 Property, Plant and Equipment;
 - paragraph 118(e) of IAS 38 Intangible Assets;
 - paragraphs 76 and 79(d) of IAS 40 Investment Property; and
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.

The equivalent disclosures relating to IFRS 7, IFRS 13 & IAS 36 are included in the consolidated financial statements of Land Securities Group PLC, in which the entity is consolidated.

1.3 Investment properties

Investment properties are properties, either owned or leased by the Company, that are held either to earn rental income or for capital appreciation, or both. Investment properties are measured initially at cost including related transaction costs, and subsequently at fair value. Fair value is based on market value, as determined by a professional external valuer at each reporting date. The difference between the fair value of an investment property at the reporting date and its carrying amount prior to re-measurement is included in the Statement of Comprehensive Income as a valuation surplus or deficit. Investment properties are presented on the Balance Sheet within non-current assets.

Properties are treated as acquired when the Company assumes control of the property. Capital expenditure on properties consists of costs of a capital nature, including costs associated with developments and refurbishments. Where a property is being developed or undergoing major refurbishment, interest costs associated with direct expenditure on the property are capitalised. The interest capitalised is calculated using the Company's weighted average cost of borrowings. Interest is capitalised from the commencement of the development work until the date of practical completion. Certain internal staff and associated costs directly attributable to the management of major schemes are also capitalised. The total staff and associated costs are capitalised based on the proportion of time spent on the relevant scheme. Internal staff costs are capitalised from the date it is determined to be probable that the development will progress until the date of practical completion.

When the Company begins to redevelop an existing investment property for continued future use as an investment property, the property continues to be held as an investment property. When the Company begins to redevelop an existing investment property with a view to sell, the property is transferred to trading properties and held as a current asset. The property is re-measured to fair value as at the date of the transfer with any gain or loss being taken to the Statement of Comprehensive Income. The re-measured amount becomes the deemed cost at which the property is then carried in trading properties.

Properties are treated as disposed when control of the property is transferred to the buyer. Typically, this will either occur on unconditional exchange or on completion. Where completion is expected to occur significantly after exchange, or where the Company continues to have significant outstanding obligations after exchange, the control will not usually transfer to the buyer until completion.

The profit on disposal is determined as the difference between the sales proceeds and the carrying amount of the asset at the beginning of the accounting period plus capital expenditure to the date of disposal. The profit on disposal of investment properties is presented separately on the face of the Statement of Comprehensive Income.

BLUEWATER OUTER AREA LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

1. Accounting policies (continued)

1.4 Trade and other receivables

Trade and other receivables are recognised initially at fair value, subsequently at amortised cost and, where relevant, adjusted for the time value of money. The Company assesses on a forward-looking basis, the expected credit losses associated with its trade receivables. A provision for impairment is made for the lifetime expected credit losses on initial recognition of the receivable. If collection is expected in more than one year, the balance is presented within non-current assets.

In determining the expected credit losses, the Company takes into account any recent payment behaviours and future expectations of likely default events (i.e. not making payment on the due date) based on individual customer credit ratings, actual or expected insolvency filings or company voluntary arrangements and market expectations and trends in the wider macro-economic environment in which our customers operate. Where a concession is agreed with a customer after the due date for the rent, this amount is recognised as an impairment of the related trade receivable.

Trade and other receivables are written off once all avenues to recover the balances are exhausted and the lease has ended. Receivables written off are no longer subject to any enforcement activity.

1.5 Share capital

Ordinary shares are classified as equity.

1.6 Provisions

A provision is recognised in the Balance Sheet when the Company has a constructive or legal obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation. Where relevant, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

1.7 Going concern

The directors have determined that preparing the financial statements on the going concern basis is appropriate due to the continued financial support of the ultimate parent company, Land Securities Group PLC (together with its subsidiaries referred to as the 'Group'). The directors' going concern assessment covers the period to 31 December 2023 and confirmation has been received that Land Securities Group PLC will support the Company until this date so long as the Company remains a subsidiary of Land Securities Group PLC. If the Company was sold within the next 12 months from 31 December 2022, confirmation has been received that Land Securities Group PLC would ensure the Company remains in a position to continue as a going concern at the point of sale. The Company's ability to meet its future liabilities is therefore dependent on the financial performance, position and liquidity of the Group as a whole. At the Group level, considerations included potential risks and uncertainties in the business, credit, market, property valuation and liquidity risks, including the availability and repayment profile of bank facilities, as well as forecast covenant compliance. Stress testing has been carried out to ensure the Group has sufficient cash resources to continue in operation for the period to 31 December 2023. This stress testing modelled a scenario with materially reduced levels of cash receipts over the next 12 months. Based on these considerations, together with available market information and the directors' knowledge and experience of the Company, the directors continue to adopt the going concern basis in preparing the financial statements for the year ended 31 March 2022.

1.8 Revenue

Rental income, including fixed rental uplifts, is recognised in the Statement of Comprehensive Income on a straight-line basis over the term of the lease. Lease incentives being offered to occupiers to enter into a lease, such as an initial rent-free period or a cash contribution to fit out or similar costs, are an integral part of the net consideration for the use of the property and are therefore recognised on the same straight-line basis. Where the total consideration due under a lease is modified, for example, where a concession is granted to a tenant prior to the date the conceded rent falls due, the revised total amount due under the lease is recognised on a straight-line basis over the remaining term of the lease.

Contingent rents, being lease payments that are not fixed at the inception of a lease, for example turnover rents, are variable consideration and are recorded as income in the year in which they are earned. Where a single payment is received from a tenant to cover both rent and service charge, the service charge component is separated and reported as service charge income.

1.9 Expenses

Property and contract expenditure is expensed as incurred.

BLUEWATER OUTER AREA LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

1. Accounting policies (continued)

1.10 Income taxation

Income tax on the profit or loss for the year comprises current and deferred tax. Current tax is the tax payable on the taxable income for the year and any adjustment in respect of previous years. Deferred tax is provided in full using the Balance Sheet liability method on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is determined using tax rates that have been enacted or substantively enacted by the reporting date and are expected to apply when the asset is realised, or the liability is settled.

No provision is made for temporary differences (i) arising on the initial recognition of assets or liabilities, other than on a business combination, that affect neither accounting nor taxable profit and (ii) relating to investments in subsidiaries to the extent that they will not reverse in the foreseeable future.

1.11 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception date. The arrangement is assessed for whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company is lessor

Operating lease – properties leased out to tenants under operating leases are included in investment properties in the Balance Sheet.

Lease income is recognised over the period of the lease, reflecting a constant rate of return. Where only the buildings element of a property lease is classified as a finance lease, the land element is shown within operating leases.

1.12 Amounts owed to Group undertakings

Amounts owed to Group undertakings

Amounts owed to Group undertakings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, amounts owed to Group undertakings are stated at amortised cost with any difference between the amount initially recognised and redemption value being recognised in the Statement of Comprehensive Income over the period of the loan, using the effective interest method.

1.13 Trade and other payables

Trade and other payables with no stated interest rate and payable within one year are recorded at transaction price. Trade and other payables after one year are discounted based on the amortised cost method using the effective interest rate.

1.14 Dividends

Final dividend distributions to the Company's shareholders are recognised as a liability in the Company's financial statements in the period in which the dividends are approved by the Company's shareholders. Interim dividends are recognised when paid.

2. Changes in accounting policies and standards

The accounting policies used in these financial statements are consistent with those applied in the last annual financial statements, as amended where relevant to reflect the adoption of new standards, amendments and interpretations which became effective in the year. There have been no new accounting standards, amendments or interpretations during the year that have a material impact on the financial statements of the Company.

Amendments to accounting standards

A number of new standards, amendments to standards and interpretations have been issued but are not yet effective for the Company none of which are expected to have a material impact on the financial statements of the Company.

BLUEWATER OUTER AREA LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

3. Significant accounting judgements and estimates

The Company's significant accounting policies are stated in note 1 above. Not all of these significant accounting policies require management to make difficult, subjective or complex judgements or estimates. The following is intended to provide an understanding of the policies that management consider critical because of the level of complexity, judgement or estimation involved in their application and their impact on the financial statements. These estimates involve assumptions or judgements in respect of future events. Actual results may differ from these estimates.

Estimates

Investment property valuation

The Company uses the valuation performed by its external valuer, CBRE Limited, as the fair value of its investment properties.

The valuation of investment properties is inherently subjective due to, among other factors, the individual nature of each property, its location and the expected future rental revenues from that particular property. As a result, the valuations the Company places on its property portfolio are subject to a degree of uncertainty and are made on the basis of assumptions which may not prove to be accurate, particularly in periods of volatility or low transaction flow in the property market. The assumptions upon which CBRE Limited has based its valuation of the Company's properties as at 31 March 2022 include, but are not limited to, matters such as the tenure and tenancy details for the properties, ground conditions at the properties, the structural condition of the properties, prevailing market yields and comparable market transactions. These assumptions are market standard and accord with the Royal Institution of Chartered Surveyors (RICS) Valuation – Professional Standards UK. However, if any assumptions made by the external valuer prove to be inaccurate, this may mean that the value of the Company's properties differs from their valuation, which could have a material effect on the Company's financial condition.

4. Revenue and costs

	2022 £000	2021 £000
Rental income	49	14
Rental income	49	14
Costs		
Direct property or contract expenditure	(43)	(13)
Gross profit	6	1

5. Property management and administrative expenses

Property management and administrative expenses consist of all costs of managing the property, together with the costs of rent reviews and renewals, re-lettings of the property and management services as explained in note (a) below. No staff costs or overheads are capitalised.

(a) Management services

The Company had no employees during the year (2021: None). Management services were provided to the Company throughout the year by Land Securities Properties Limited, a fellow group undertaking, charges for which amount to £Nil (2021: £Nil).

(b) Directors' remuneration

The Group's directors' emoluments are borne by Land Securities Properties Limited. The directors of the Company received no emoluments from Land Securities Properties Limited for their services to the Company (2021: £Nil).

(c) Auditor remuneration

The Group auditor's remuneration is borne by Land Securities Properties Limited. The proportion of the remuneration which relates to the Company amounts to £2,630 (2021: £2,630). No non-audit services were provided to the Company during the year (2021: None).

Land Securities Group PLC is a Real Estate Investment Trust (REIT). As a result the Company does not pay UK corporation tax on the profits and gains from qualifying rental business in the UK provided it meets certain conditions. Non-qualifying profits and gains of the Company continue to be subject to corporation tax as normal.

8. Investment properties

	2022	2021
	£000	£000
Net book value at the beginning of the year	5,000	5,000
	<hr/>	<hr/>
Net book value at 31 March	5,000	5,000
	<hr/>	<hr/>

The historical cost of the investment properties is **£1,800,000** (2021: £1,800,000). The difference between the carrying amount and historical cost is a surplus of **£3,200,000** (2021: £3,200,000). The valuations are prepared by CBRE Limited, external valuers, in accordance with RICS valuation standards.

The above investment properties act as security against listed debt issued by a fellow Land Securities Group PLC subsidiary.
