Directors' report for the year ended 31 March 2016

The directors present their annual report on the affairs of the company, together with the unaudited financial statements, for the year ended 31 March 2016.

Business Review

The Company has been dormant as defined in section 1169 of the Companies Act 2006 throughout the year and preceding financial period. It is anticipated that the Company will remain dormant for the foreseeable future. Key performance indicators are not considered necessary for an understanding of the development, performance or position of the business of the Company. There are no risks or uncertainties facing the Company including those within the context of the use of financial instruments.

The Company has chosen to present the financial statements in accordance with FRS 102 *'The Financial Reporting Standard Applicable in the UK and Republic of Ireland'*, which entitles the Company to adopt the exemption in paragraph 35.10 of FRS 102 allowing the Company to retain its previous accounting policies, (prepared under UK GAAP), until there is any change to balances or the company undertakes new transactions.

On 29 March 2016, following a recommendation from Tata Steel Limited ('TSL'), the Company's ultimate parent, the Directors of Tata Steel Europe Limited ('TSE') resolved to consider all possible restructuring options including the potential divestment of Tata Steel UK Limited ('TSUK'). This process has started and remains ongoing but, pending its conclusion, the outcome of the restructuring or sale remain uncertain. The Board of the Company has assessed the potential impact of a restructuring or sale of TSUK on the Company including the recoverability of the intercompany loan receivable with TSUK which at 31 March 2016 was £2.5m.

Based on the mandate of the ultimate parent of the Company, TSL, on 29 March 2016, the Board of TSE is evaluating all options for TSUK. Currently, the process of evaluation of a potential divestment by TSE is underway and representatives of TSE are engaged in discussions with the UK and Welsh Government to facilitate the restructuring options. In the absence of a conclusive outcome of the restructuring or sale there exists an uncertainty over the recoverability of the intercompany loan of £2.5m. However, the Directors continue to adopt the going concern basis in preparing the financial statements. The financial statements do not include the adjustments that would result if the loan was not recoverable.
