DIRECTORS' REPORT

The directors present their annual report and the audited financial statements for the year ended 31 December 1994.

ACTIVITIES

The company owns and operates the Thrifty Rent-A-Car franchise for the UK. The principal activities of the company are that of selling car and van rental franchises, and the provision of products and services to the franchise/licensee network. These services include the supply of cars and vans, finance, an in house insurance programme, direct sales and marketing support, and reservations.

REVIEW OF DEVELOPMENTS

The Board are pleased to report net profits before tax of £1,981,308, which represents a substantial increase over 1993 net profits.

The company now operates with 52 locations, owned by 40 licensees, and is looking forward to a further 8 - 10 new licensee locations within the next 10 months. Licensees profits have continued to improve, enabling certain licensees to either expand their existing operations or take on a second location. The company ultimately aims to operate with 100 locations, owned by 60 licensees.

No changes to the structure of the business have been made, nor has there been a change of strategy since we acquired the franchise in August 1991.

The company continues to operate with good positive cash flow. The balance sheet shows a high level of hire purchase/lease purchase funding. Of the £13.8 million creditors falling due within one year, approximately £11.4 million relates to vehicle hire purchase contracts which is the factor responsible for the net current liabilities position.

The Thrifty US loan (31 December 1993: £277,941) was fully repaid in November 1994, giving rise to both a discount for early settlement, and an exchange rate profit.

The company has also created a hire purchase programme for the licensee network and has hire purchase debtors of £3.1 million at 31 December 1994.

The directors would like to thank the licensee network, all manufacturers who provided vehicles, funders, and the staff of Flightform Limited for their tremendous support. The Thrifty Car Rental network has now become a substantial competitor within the rental market in the UK, and there is still significant growth attainable for both individual licensees, and the company as a whole.

DIVIDENDS AND TRANSFERS TO RESERVES

The directors recommend the payment of a final dividend for the year of 20p per share which, together with the interim dividend of 15p per share, will make a total for the year of 35p per share (1993: 10p). A dividend of 8p per 10% cumulative preference share was paid during the year (1993: 1.6p). Retained profits of £1,438,110 have been transferred to reserves (1993: £346,735).

FUTURE PROSPECTS

The directors do not anticipate changing materially from the current activities - that of selling car and van rental franchises within the UK and the supply of vehicles thereto.

FIXED ASSETS

Information relating to changes in tangible and intangible fixed assets is given in notes 9 and 10 to the financial statements.

DIRECTORS' REPORT

DIRECTORS AND THEIR INTERESTS

The directors who have served during the period are as follows:

D C A Bramall

R J Burton

A Burton

The directors' interests in the share capital of the company are set out below:

	31 December 1994				31 Decem	iber 1993	
	Ordinary shares of £1 each		Ordinary Preference shares of £1 each		Ordinary shares of £1 each		Preference shares of £1 each
	'A'	'B'		'A'	'B'

D C A Bramall	-	47,189	175,000	_	47,189	175,000	

The Companies Act 1985 requires the disclosure of the above interests of D C A Bramall. The 47,189 Ordinary Shares and 175,000 Preference Shares are held by Sanderson Bramall Motor Group plc, a company in which D C A Bramall has an interest.

AUDITORS

Touche Ross & Co. have expressed their willingness to continue in office as auditors and a resolution to reappoint them will be proposed at the forthcoming Annual General Meeting.

Approved by the Board of Directors and signed on behalf of the Board

R J Burton

Director

21 April 1995

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Board of Directors and signed on behalf of the Board

AUDITORS' REPORT TO THE MEMBERS

We have audited the financial statements on pages 6 to 19 which have been prepared under the accounting policies set out on page 9.

Respective responsibilities of directors and auditors

As described on page 4 the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 1994 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE ACCOUNTS 31 December 1994

1. ACCOUNTING POLICIES

The financial statements are prepared in accordance with applicable accounting standards. The particular accounting policies adopted are described below.

Accounting convention

The financial statements are prepared under the historical cost convention.

Intangible fixed assets

The Franchise Fee is being amortised in equal amounts over a ten year period.

Tangible fixed assets

Depreciation is provided on cost in equal annual instalments over the estimated useful lives of the assets. The rates of depreciation are as follows:

Office equipment

33% per annum

Fixtures, fittings

20% per annum

Motor vehicles are written down to a directors valuation over the period of the lease, or to their residual value where known.

Deferred taxation

Deferred taxation is provided on timing differences, arising from the different treatment of items for accounts and taxation purposes, which are expected to reverse in the future, calculated at rates at which it is estimated that tax will arise.

Pension costs

The company operates a defined contribution scheme for certain directors and employees. The company's contributions to the scheme are charged against profits in the period in which the contributions are payable.

Leases

Assets obtained under finance leases and hire purchase contracts are capitalised at their fair value on acquisition and depreciated over their estimated useful lives. The finance charges are allocated over the period of the lease in proportion to the capital element outstanding.

Finance lease income on assets sold under finance leases is recognised in proportion to the period of the lease. Finance lease income represents the amount by which the total of the receipts expected exceeds the cost of the leased asset.

Operating lease rentals are charged to income in equal annual amounts over the lease term.

Foreign exchange

Transactions denominated in foreign currencies are translated into sterling at the rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currency at the balance sheet date are translated at the rates ruling at that date. The translation differences are dealt with in the profit and loss account.

NOTES TO THE ACCOUNTS 31 December 1994

2. TURNOVER

Turnover represents the value of sales to third parties inclusive of fees and commissions but exclusive of value added tax. All turnover arises in the United Kingdom.

Rights attached to each class of share

i) Rights to dividends

The profits of the company available for distribution shall be applied to:

- First, the holders of the preference shares for a dividend of 8% per annum on cost.
- Next, the holders of the ordinary shares for any further profits which the company determines to distribute. For this purpose the 'A' and 'B' ordinary shares count together as a single class of shares.

ii) Redemption of shares

10% cumulative redeemable preference shares may be redeemed by the company in tranches of not less than 10,000 shares, with notice of 28 days clear by the company to the members. The company is obliged to redeem all preference shares in issue on 30 June 1998 at par.

iii) Voting rights attached to shares

The 'A' and 'B' ordinary shares carry equal voting rights.

The holders of preference shares are not entitled to vote except where the meeting concerns the alteration of the rights of preference shareholders.

NOTES TO THE ACCOUNTS

31 December 1994

16. CALLED UP SHARE CAPITAL (continued)

iv) Return of capital

On a return of capital the surplus assets shall be applied to repay:

- First, preference shareholders for paid up capital and dividend arrears.
- Next, ordinary shareholders for paid up capital (including any premium).
- Next, any balance will be distributed amongst the holders of the ordinary shares. For this purpose the 'A' and 'B' ordinary shares shall rank together as a single class of shares.
