## Report of the directors for the year ended 31 December 2007

The directors present their report together with the audited financial statements for the year ended 31 December 2007

### Principal activities

The principal activity of the company is the production and distribution of television news and related programmes. This principal activity is envisaged to continue in the future.

### Business review

The profit and loss account is set out on page 6 and shows the loss for the year.

Revenues increased during the year from £4,380k to £4,381k.

### Key performance indicators

The Company uses two primary key performance indicators (KPI's) to measure and monitor the performance of the business effectively. They are underlying revenue and profitability as measured by EBITDA and EBITDA by employee.

The KPI's for the year ended 31 December 2007, with comparatives for the year ended 31 December 2006, are set out below:

|  | 2007<br>£'000 | 2006<br>£'000 |
|--|---------------|---------------|
| Turnover   | 4,381         | 4,380         |
| EBITDA (pre share option expense <sup>1</sup> )              | (28)          | (268)         |
| EBITDA (pre share option expense <sup>1</sup> ) per employee | (1)           | (6)           |

<sup>1</sup> In 2007 there was an overall credit of £44k to the profit and loss account in respect of share options (2006 - charge of £49k).

### Dividends

The directors do not recommend the payment of a dividend (2006 - £Nil).

### **Financial risk management**

The funding and treasury functions of the Group are managed centrally under guidelines approved by the Board. The treasury function raises all the funding for the Group and focuses on minimising interest rate and foreign exchange rate risk. The treasury positions are managed in a non-speculative manner. The main financial risks faced by the Group are funding and credit risk. The Board continually reviews the funding requirements of the Group and its exposure to liquidity risk. The Board is conducting a review of the Group's credit management policies. The directors believe that these may have to be adjusted to reflect the possibility of an economic downturn in 2008.

### **Directors**

The directors of the company during the year were

S Garvey  
E Kimber  
S Kirk (Resigned 1 August 2007)

### **Going concern**

After making due and careful enquiry, the directors have formed a judgement at the time of approving the financial statements that there is a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future, given the ongoing support of its parent, World Television Group PLC. For this reason, the directors continue to adopt a 'Going Concern' basis in preparing the financial statements.

### **Directors' responsibilities**

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice.

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### Auditors

All of the current directors have taken all the steps that they ought to have taken to make themselves aware of any information needed by the company's auditors for the purposes of their audit and to establish that the auditors are aware of that information. The directors are not aware of any relevant audit information of which the auditors are unaware.

BDO Stoy Hayward LLP have expressed their willingness to continue in office and a resolution to re-appoint them will be proposed at the annual general meeting.

### **To the shareholders of World Television Limited**

We have audited the financial statements of World Television Limited for the year ended 31 December 2007 which comprise the profit and loss account, the balance sheet and the related notes. These financial statements have been prepared under the accounting policies set out therein.

#### *Respective responsibilities of directors and auditors*

The directors' responsibilities for preparing the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the statement of directors' responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and have been properly prepared in accordance with the Companies Act 1985 and whether the information given in the directors' report is consistent with those financial statements. We also report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the directors' report and consider the implications for our report if we become aware of any apparent misstatements within it.

Our report has been prepared pursuant to the requirements of the Companies Act 1985 and for no other purpose. No person is entitled to rely on this report unless such a person is a person entitled to rely upon this report by virtue of and for the purpose of the Companies Act 1985 or has been expressly authorised to do so by our prior written consent. Save as above, we do not accept responsibility for this report to any other person or for any other purpose and we hereby expressly disclaim any and all such liability.

#### *Basis of audit opinion*

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

### *Opinion*

In our opinion

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the company's affairs as at 31 December 2007 and of its loss for the year then ended,
- the financial statements have been properly prepared in accordance with the Companies Act 1985, and
- the information given in the directors' report is consistent with the financial statements

## Notes forming part of the financial statements for the year ended 31 December 2007

---

### 1 Accounting policies

The financial statements have been prepared under the historical cost convention and are in accordance with applicable accounting standards

The following principal accounting policies have been applied

#### *Group financial statements*

The financial statements contain information about World Television Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company has taken advantage of s228(1) of the Companies Act 1985 not to produce consolidated financial statements as the company is a wholly owned subsidiary of World Television Group PLC

#### *Going concern basis*

The company is supported by its parent company, World Television Group PLC. The directors consider that World Television Group PLC has sufficient funds to continue funding the company's business. On this basis the directors believe the going concern basis is appropriate, as they believe that World Television Group PLC will make sufficient funds available to the company.

#### *Cash flow*

Under the provisions of Financial Reporting Standard No 1 (Revised) 'Cash Flow Statements', the company has not prepared a cash flow statement because its ultimate parent undertaking, World Television Group PLC, which is registered in England and Wales, has prepared consolidated accounts for the year. These accounts contain a consolidated cash flow statement and are publicly available.

#### *Turnover*

Turnover represents amounts receivable for goods and services provided in the normal course of business, net of trade discounts, VAT and other sales related taxes originating principally from the UK.

Profit is recognised on long term contracts, if the final outcome can be assessed with reasonable certainty, by including in the profit and loss account turnover and related costs as contract activity progresses.

#### *Tangible fixed assets*

Tangible fixed assets are stated at cost net of depreciation and any provision for impairment.

Depreciation is charged so as to allocate the cost of each asset less its estimated residual value to the periods expected to benefit from its use at the following rates:

|                               |   |                   |
|-------------------------------|---|-------------------|
| Leasehold improvements        | - | 20% straight line |
| Computer and office equipment | - | 33% straight line |
| Specialist equipment          | - | 20% straight line |

#### *Investments*

Investments are stated at cost less provision for any impairment.

# World Television Limited

## Notes forming part of the financial statements for the year ended 31 December 2007 (Continued)

### 1 Accounting policies (Continued)

#### *Stocks*

Stocks are stated at the lower of cost and net realisable value. Provision is made for obsolete, slow moving or defective items where appropriate.

#### *Long term contracts and work in progress*

Amounts recoverable on long term contracts, which are included in debtors, are stated at the net sales value of the work done less amounts received as progress payments on account. Excess progress payments are included in creditors as payments on account. Cumulative costs incurred net of amounts transferred to cost of sales, less provision for contingencies and anticipated future losses on contracts, are included as work in progress balances in stock.

#### *Deferred taxation*

Deferred tax is recognised in respect of timing differences that have originated but not reversed by the balance sheet date subject to the deferred tax assets being recognised to the extent that they are regarded as recoverable. Assets are regarded as recoverable when it is regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax balances are not discounted.

#### *Leased assets*

Where assets are financed by leasing agreements that give rights approximating to ownership ('finance leases'), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable during the lease term. The corresponding leasing commitments are shown as payable to the lessor. Depreciation on the relevant assets is charged to the profit and loss account.

Lease payments are analysed between capital and interest components so that the interest element of the payment is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding. The capital part reduces the amounts payable to the lessor.

All other leases are treated as operating leases. Their annual rentals are charged to the profit and loss account on a straight-line basis over the term of the lease.

#### *Pensions*

Contributions made by the company to money purchase pension schemes are charged to the profit and loss account in the period to which they relate. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

#### *Foreign currency*

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date. All exchange differences are included in the profit and loss account.

## Notes forming part of the financial statements for the year ended 31 December 2007 (Continued)

### 1 Accounting policies (Continued)

#### Share-based payments

Where share options are awarded by World Television Group PLC to employees, the fair value of the options at the date of grant is charged to the profit and loss account over the vesting period. Non-market vesting conditions are taken into account by adjusting the total number of equity instruments expected to vest at each balance sheet date so that, ultimately, the cumulative amount recognised over the vesting period is based on the number of options that will eventually vest.

When shares and share options are granted by World Television Group PLC to employees of subsidiary companies, the fair value of the awards is recharged to the profit and loss account of that subsidiary. This has resulted in a credit of £44k (2006 - charge of £49k) being included in the profit and loss account of the company. The information relevant and assumptions used to determine the fair value of the options granted under the equity – settled based remuneration schemes are disclosed in the accounts of the ultimate parent.

### 2 Turnover

Turnover is wholly attributable to the principal activity of the company, and arises solely within the United Kingdom.
