Directors' report

Statement of Directors' responsibilities

The Directors are required by UK company law to prepare accounts which give a true and fair view of the state of affairs of the Company and the Group as at the end of the year and of the result for the year. The Directors have responsibility for ensuring that proper accounting records are kept which disclose with reasonable accuracy the financial position of the Group and enable them to ensure that the financial statements comply with the Companies Act 1985.

The Directors have a general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities. Suitable accounting policies, which follow generally accepted accounting practice and are explained in the section entitled accounting policies, have been applied consistently and applicable accounting standards have been followed. In addition, these financial statements comply with International Financial Reporting Standards as adopted by the European Union and reasonable and prudent judgments and estimates have been used in their preparation.

Going concern

The Directors are satisfied that the Company and the Group have adequate resources to continue to operate for the foreseeable future. For this reason, they continue to adopt the going concern basis for preparing the accounts

Charitable and political donations

No charitable donations were made by the Company in the year to 31 March 2008 (2007 £nil)

In line with Group policy no donations were made to political parties during the year

Policy for paying creditors

It is the policy of the Group to pay suppliers in accordance with the terms and conditions of the relevant markets in which it operates. Expenses are paid on a timely basis in the ordinary course of business.

Directors' report

Audit information

Pursuant to s234ZA (2) of the Companies Act 1985, each of the Directors confirms that (a) so far as they are aware, there is no relevant audit information of which the Company's auditors are unaware, and (b) they have taken all steps they ought to have taken to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of such information

Auditors

In accordance with Section 384 of the Companies Act 1985, a resolution to reappoint Ernst & Young LLP as the Company's auditors will be put to the forthcoming Annual General Meeting

By Order of the Board

Company Secretary

Registered Office 16 Palace Street London SW1E 5JD 6 May 2008

Independent auditors' report to the members of 3i Holdings plc

We have audited the Company financial statements (the "financial statements") of 3i Holdings plc for the year to 31 March 2008 which comprise the income statement, the reconciliation of movements in equity, the balance sheet, the cash flow statements, significant accounting policies A to L and the related notes 1 to 17 These financial statements have been prepared on the basis of the accounting policies set out therein

This report is made solely to the Company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed

Respective responsibilities of Directors and auditors

The Directors are responsible for preparing the financial statements in accordance with applicable United Kingdom law and International Financial Reporting Standards (IFRSs) as adopted by the European Union as set out in the statement of Directors' responsibilities

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland)

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985 and whether the information given in the Directors' report is consistent with the financial statements

We also report to you if, in our opinion, the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding Directors' remuneration and other transactions is not disclosed

We read the Directors' report and consider the implications for our report if we become aware of any apparent misstatements within it

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed

Independent auditors' report to the members of 31 Holdings plc

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion

- the financial statements give a true and fair view, in accordance with IFRSs as adopted by the European Union, of the state of the Company's affairs as at 31 March 2008 and of its profit for the year then ended,
- the financial statements have been properly prepared in accordance with the Companies Act 1985.
- the information given in the Directors' report is consistent with the financial statements

Accounting policies

A Statement of compliance These financial statements have been prepared in accordance with International Financial Reporting Standards, International Accounting Standards and their interpretations issued or adopted by the International Accounting Standards Board as adopted for use in the European Union ("IFRS")

These financial statements have been prepared in accordance with and in compliance with the Companies Act 1985

New standards and interpretations not applied

The IASB has issued the following standards and interpretations to be applied to the financial statements with the periods commencing on or after the following dates

_	Effective 1	for period beginning on or after
IFRS 2	Amendment - Share-based payments Vesting conditions and cancellations	1 January 2009
IFRS 8	Operating Segments	1 January 2009
IAS 1	Presentation of Financial Statements (Revised)	1 January 2009
IAS 23	Borrowing Costs (Revised)	1 January 2009
IAS 27	Amendment - Consolidation and Separate	1 July 2009
	Financial Statements	
IFRIC 12	Service Concession Arrangements	1 January 2008
IFRIC 13	Customer Loyalty Payments	1 July 2008
IFRIC 14	IAS 19 - The Limit on a Defined Benefit Asset,	1 January 2008
	Minimum Funding Requirements and their Interaction	

The directors do not anticipate that the adoption of these standards and interpretations will have a material impact on the financial statements in the period of initial application and have therefore decided not to early adopt

B Basis of preparation The financial statements are presented in Sterling, the functional currency of the Company, and all values are rounded to the nearest million pounds (£m) except where otherwise indicated

In the year ended 31 March 2007 the Company prepared accounts on a consolidated basis due to its holding in listed debt. The Company redeemed its listed debt in July 2007 and as such has prepared accounts for the year ended 31 March 2008 on a stand alone basis.

Under the provision of Section 228 of the Companies Act 1985, consolidated accounts have not been prepared as the Company is a wholly owned subsidiary undertaking of 3i Group plc, a company incorporated in Great Britain and registered in England and Wales

Accounting policies

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates

B Basis of preparation (continued)

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The most significant techniques for estimation are described in the accounting policies below

The Company's ultimate parent undertaking and controlling party is 3i Group plc which is incorporated in Great Britain and registered in England and Wales. Copies of its group financial statements, which include the Company, are available from 16 Palace Street, London SW1E 5JD

The accounting policies set out below have been applied consistently to all periods presented in these financial statements

C Foreign currency transactions Transactions in currencies different from the functional currency of the Company are translated at the exchange rate ruling at the date of the transaction Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated to sterling at the exchange rate ruling at that date. Foreign exchange differences arising on translation are recognised in the income statement. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated to sterling using exchange rates ruling at the date the fair value was determined.

D Cash and cash equivalents Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less. For the purposes of the cash flow statement, cash and cash equivalents comprise cash and short-term deposits as defined above and other short-term highly liquid investments that are readily convertible into cash and are subject to insignificant risk of changes in value, net of bank overdrafts

Deposits in the balance sheet comprise longer term deposits with an original maturity of greater than three months

E Share capital Ordinary shares issued by the Company are recognised at the proceeds or fair value received with the excess of the amount received over nominal value being credited to the share premium account. Direct issue costs net of tax are deducted from equity

Accounting policies

F Income taxes Income taxes represent the sum of the tax currently payable, witholding taxes suffered and deferred tax. Tax is charged or credited to the income statement, except where it relates to items charged or created directly to equity, in which case the tax is also dealt with in equity.

The tax currently payable is based on the taxable profit for the year. This may differ from the profit included in the income statement because it excludes items of income and expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The liability for current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the Company's balance sheet date.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit ("temporary differences"), and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised using tax rates and laws that have been enacted or substantively enacted by the balance sheet date

G Financial instruments Financial instruments are made up of investments, accounts receivable, accounts payable, loans and cash and cash equivalents

The Directors consider that the fair value of accounts receivable and accounts payable approximate to their carrying value

H Interests in Subsidiaries Subsidiaries are entities controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefit from its activities. Investments in subsidiaries are held at fair value. The fair value of investment in subsidiaries is reviewed on an annual basis and movements in the fair value are recorded through the profit and loss.

I Other receivables Assets, other than those specifically accounted for under a separate policy, are stated at their cost less impairment losses. They are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated based on expected discounted future cash flows. Any change in the level of impairment is recognised directly in profit or loss. An impairment loss is reversed at subsequent balance sheet dates to the extent that the asset's carrying amount does not exceed its original cost.

J Other payables Liabilities, other than those specifically accounted for under a separate policy, are stated based on the amounts which we consider to be payable in respect of goods or services received up to the balance sheet date

Accounting policies

K Investment portfolio Investments are recognised and derecognised on a date where the purchase or sale of an investment is under contract where terms require the delivery or settlement of the investments. The Company manages its investments with a view to profiting from the receipt of interest and dividends and changes in fair value of equity investments.

Unquoted equity investments are designated at fair value through the income statement and subsequently carried in the balance sheet at fair value. Other investments are classified as loans and receivables and subsequently carried in the balance sheet at amortised cost less impairment. All investments are initially recognised at the fair value of the consideration given and held at this value until it is appropriate to measure fair value on a different basis, applying 3i's valuation policies.

L Revenue recognition Revenue comprises fee income, dividends and interest and is recognised on an accruals basis. Dividends from equity investments are recognised in the income statement when the shareholders' rights to receive payment have been established except to the extent that dividends, paid out of pre-acquisition reserves, adjust the fair value of the equity instrument

Notes to the accounts

3 Unrealised movements on the fair value of subsidiaries

Fair value adjustments were recorded against the following investments in subsidiaries

	2008	2007
	£m	£m
3i International Holdings	(29)	(41)
Other subsidiaries	35	1_
	6	(40)

4 Net Portfolio Return

The auditor's remuneration for the year was £20,000 (2007 £100,000)

5 Directors' emoluments

None of the Directors received any emoluments in respect of their services to the Company for the year to 31 March 2008 (2007 £nil) The Directors' services to the Company do not occupy a significant amount of their time

The Company's contribution to pension schemes on behalf of Directors was £nil (2007 £nil) All pension contributions for the year were borne by 3i plc, a subsidiary of the Company

The Directors are granted options in shares of 3i Group plc. The fair value for the services provided to the Company by the Directors cannot be reliably estimated and as such no share-based payment charge has been allocated to the Company.

3_i Holdings plc

Notes to the accounts

6 Income taxes

	2008 £m	2007 £m
Current tax		_
UK Corporation tax		

Reconciliation of income taxes in the income statement

The tax charge for the period is different to the standard rate of corporation tax in the UK, currently 30% (2007–30%), and the differences are explained below

	2008	2007
	£m	£m
Profit/(Loss) before tax	52	(4)
Profit/(Loss) before tax multiplied by rate of corporation tax in the UK of 30% (2007 30%)	16	(1)
Effects of	(6)	(4)
Permanent differences	(8)	(1)
Non-taxable profits relating to UK dividend income	(9)	-
UK tax losses carried forward	1	2
Total income taxes in the income statement	<u> </u>	

At 31 March 2008 the Company had unutilised tax losses and deductible temporary differences of £179m (2007 £178m) It is considered too uncertain that the Group will generate sufficient taxable profits in the future against which the associated deferred tax assets can be offset and therefore the assets have not been recognised. These assets are available to carry forward indefinitely

2007

11 Financial risk management

The company is a subsidiary of 3i Group plc. The Group sets objectives, policies and processes for managing and monitoring risk as set out in the Directors' report in the 3i Group plc annual report.

The capital structure of the Company consists of equity and intercompany loans which are due on demand. The Company is free to transfer capital to the parent company subject to maintaining sufficient reserves to meet statutory obligations. No significant constraints have been identified in the past and the Company has been able to distribute profits in a tax-efficient manner.

Credit risk

The Company's principal credit risk arises on an inter-company balance payable by 3i plc, the Board of which includes nine of the Company's Directors

Liquidity risk

Liquidity risk is managed at the Group level as discussed in the Directors' report in the 3i Group plc annual report. The Company's current liabilities are principally intercompany loans due on demand.

Market risk

The Company is exposed to interest rate risk on a £200m draw down against its multi currency facility and its £84m SEK denominated loan. An increase in 100 basis points in the rate of interest would lead to an approximate exposure of +/£3m. In addition the Company has currency exposure to Euros, Swedish Kronor and US Dollars. A +/- 5% movement on the Euro against Sterling would lead to a +/-£2m change to income, a +/-5% movement on Swedish Kronor would lead to a +/- £2m change to income and a +/- 5% movement on the US Dollar would lead to a +/- £2m change to income.

£2,000m note issuance programme. In July 2007 the Company repaid the £200m public issue note. At the same time the Company drew down £200m on a £486m revolving multi-currency credit facility. This facility is available until November 2010 and the rate of interest is determined at the time of each draw-down against the facility. At present the terms of the revolving credit facility are LIBOR + 0.210%. The margin on this facility increases to 0.235% if the drawn amount is between 33% and 66% and to 0.26% if the drawn amount is greater than 66% of the facility. The undrawn commitment fee on the £486m committed multi-currency facility is 0.08%.

The undrawn commitment fee on the £150m committed multi-currency facility is 0.05%. The margin on this facility increases to 0.20% if the drawn amount is greater than 50% of the facility.

The drawings under the committed multi-currency facilities are repayable within one year but have been classified as repayable at the maturity date as immediate replacement funding is available until those maturity dates. All of the Company's borrowings are repayable in one installment on the respective maturity dates. None of the Company's interest-bearing loans and borrowings are secured on the assets of the Company.
