Notes to the Financial Statements
for the Year Ended 31 May 2020

1. STATUTORY INFORMATION

Europreneur Consultants Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. There were no material departures from that standard.

3. ACCOUNTING POLICIES

General information and basis of preparation

The financial statements have been prepared under the historical cost convention.

The principal accounting policies adopted in the preparation of the financial statements are set out below and have remained unchanged from the previous year and have been consistently applied within these financial statements.

Turnover and income recognition

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Income from services rendered during the year is recognised on completion of the service. At the balance sheet date it is recognised at the stage of completion at that date.

Income from the reimbursement of expenses is recognised according to the date the expenses are invoiced to the customer and the date the expenses are originally incurred.

Interest receivable is recognised according to the date the interest relates to.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 25% on reducing balance and Straight line over 4 years

Tangible fixed assets are stated at cost less accumulated depreciation.

Financial assets

The investment in a private limited company, made in mid May 2020, has been initially recognised, and also valued at the year end, at transaction price adjusted for transaction costs.

Taxation

Taxation for the year comprises current and deferred tax. Current tax represents the amount of tax payable or receivable in respect of the taxable profit (or loss) for the current or past reporting periods.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Notes to the Financial Statements - continued
for the Year Ended 31 May 2020

3. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Provisions for liabilities

Provisions are recognised when the company has an obligation at the balance sheet date as a result of a past event. It is probable that an outflow of economic benefits will be required in settlement and the amount can be reasonably estimated.

Debtors and creditors receivable/payable within one year

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the profit and loss account in other administrative expenses.

Cash and cash equivalents

Cash and cash equivalents comprise current balances with banks and similar institutions, which are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

4. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 2 (2019 - 2) .
